REGULAR BOARD MEETING
February 24, 1992
7:00 p.m.
S.D.S.C. Conference Room

A Regular Board Meeting of Independent School District #564 was held on Monday, February 24, 1992 at 7:00 p.m. in Conference Room A of the School District Service Center.

The following Board members were present: Maryel Anderson, Larry Belmont, Carl Clark, Henk Hallstrom, Dennis Kiesow, Harry Sjulson and Darla Twomey. Also present was Dr. Robert Duncan, Superintendent.

Chair Larry Belmont called the meeting to order and Clerk Darla Twomey established that a quorum was present.

A motion was made by C. Clark and seconded by H. Sjulson to approve the agenda as presented. Motion carried unanimously.

The Board was reminded of the School Board Member Day at the Capitol scheduled for Monday, March 2, and information was distributed calling for nominations to the Minnesota Rural Education Association (MREA) Board of Directors. Notice to negotiate with the Principals and Directors Association was received and the Board was informed the Staff Appreciation Banquet has been scheduled for Friday, April 3, at the Best Western.

The following were recognized for their achievements and donations: Spelling Bee Participants: Grade 5 - John Wilkinson and Robert Bakken from Washington, Eric Bjornstad and Bethany Nelson from Northrop, Hayden Ooethe and Marie Sorenson from Knox; Grade 6 - Brad Dekkers, Paul Dehnert, Dustin Pede, Meli Bitzegaio, Nathen Keller and David Voecks; Grade 7 - Reid Froland, Megan Browning, Rick Donarski, Jeremy Jensen, Joshua Clark and Stefan Ronchetti, and Grade 8 - Tam Koehmstedt, Lisa Hovet, Myndy Olson, Angela Klinker, Tina Krogstad and Ann Alger. Spelling Bee Coordinator is Diane Marshall. District Spelling Bee Winners are Reid Froland, First Place, and Brad Dekkers, Runner-up. Reid and Brad will advance to the Regional Competition in March. Citizens Bee Winners at Lincoln were Joel Johnson, First Place, John Wallberg, Second Place, and Brande Lutovsky, Third Place. Their coordinator is Charlie Cornell. Also recognized were Lincoln students Joel Davis and Linnea Dimich for their nomination for the Academic, Arts and Athletics (Triple A) Award sponsored by the MSHSL and Lincoln student Linnea Dimich for her being selected as representative for the Robert C. Byrd Scholarship Program. Lincoln student Ingrid Morken was recognized for her scoring 91% on a national German exam which qualifies her to compete for an all-expense paid study-trip to Germany this coming summer and Lincoln student Jodi Kruta for her qualifying for the All-Star Girls Basketball Team in the State.

The Board also honored Franklin Instructor Ron Novak for his receiving the Excellence in Education Award from the TRF Chamber of Commerce and TC President Orley Gunderson for his being recognized by the TRF Jobs, Inc. for his vision and leadership in forging a partnership between economic development and education in Thief River Falls. Also recognized were the American Legion for their donation of $100 for the Citizens Bee competition and the Eagles Club for their donations of $1,250 for the weight room and $2,700 for the German Club trip.

Lincoln Communications teacher Pat Johnson indicated to the Board that Lincoln High School now has a local active chapter of the National Honor Society.

Lincoln Counselor Whitey Olson reported on the North Central Accreditation visitation and final report.

Reports were given by Dennis Kiesow concerning the Center School Governing Board, by Harry Sjulson concerning the Region I-ESV Executive Board and Northwest ECSU Board of Directors and by Darla Twomey concerning the TC Faculty Senate.

NOTICE TO CONTRACTORS

Notice is hereby given that sealed bids will be received at the office of the Middle River-Snake River Watershed District [illegible] Main Street, Warren, Minnesota 56762 until 4:00 o'clock PM on May 6, 1992 for the rental of fully operated excavation equipment. Proposals are being requested for dozers, blades and crawler mounted draglines or backhoes. The draglines and backhoes may range from 3/4 cubic yards and larger and must be equipped with a bottom bucket and counter weights appropriately matched for the type of machine. All equipment must be equipped with a service recorder.

The work to be done consist of but is not limited to the clearing and disposal of trees and brush and the removal of sediment from drainage channels, disposal of rocks and the leveling of spoilbanks. The work required and the locations of the work will be designated by the engineer of the district.

The equipment must be modern and in good operating condition and furnished with capable and experienced operators. Deficient operations or maintenance which results in reduced production or poor workmanship will be cause for contract cancellation.

All equipment proposed will be considered and evaluated based on many factors including but not limited to the following: price, horsepower, machine rating, machine weight, track length, track width, track gauge, buckets available, boom lengths available and counter weights available.

Work will be paid by the hour and payment will be based on the time recorded on the Servis Recorder discs which must be turned over to the Engineer. Payments will be made on a monthly basis. The minimum hours per week will be 40 unless delayed by weather or equipment operating problems.

In addition to the payment for hourly work, the contractor will be eligible for a demobilization payment. The amount will be equivalent to 5 hours rental rate for each type of equipment authorized for use by the Engineer.

Demobilization payment will be included in the last payment for hourly work satisfactorily completed.

The District may cancel the contract at any time without cause by paying the demobilization payment.

The contractor may cancel the contract at any time without cause but forfeits the demobilization payment.

The type of equipment best suited for this project is dependent on the weather and other unknown job conditions. The district intends to rent equipment which in its opinion, will perform the required work at the least cost. The evaluation factors will depend on conditions expected and encountered which will likely change along the course of the work. The District will release and rent different equipment from time to time as it deems necessary to economically perform the required work.

The contractor, in making this proposal, promises to furnish the equipment listed for the prices shown subject to its availability. He does not promise to make or keep the equipment available to the district. He understands, however, the equipment availability may be a factor in the district's evaluation of equipment.

The contractor will be required to furnish certificates showing that he has workmans compensation insurance and liability insurance.

The Middle River-Snake River Watershed District reserves the right to reject any and all bids and to award contracts to other than the apparent low bidder.

Dated at Warren, Minnesota this 3rd day of April, 1992.

Computer donation program conducted by Northland Foods in Thief River Falls came to a close late last week when the final computer was donated to the Thief River Falls public schools. Northland Foods made the donation on the basis of one computer ($1,500 equivalent value) for each $100,000 in cash register tapes from the store deposited at the store. The latest check was for $7,500 to cover five computers for the Thief River Falls public schools. One check for $1,500 had been presented to the public schools earlier and St. Bernard's school and Our Saviour's Christian Academy also earned one computer each. Shown with students at Northrop elementary school are (left to right), Marv Knapper, manager of Northland Foods; Ev Ault, owner of Northland Foods; Ken Garceau, manager of Ken's Hartz; Peter Tri, teacher at Northrop elementary school; and Larry Belmont, chairman of the School District 564 board of education.

History of Total Construction Costs for Building Permits in TRF

Source: City of Thief River Falls Summary of Building Permits, Bob Bregier, city building inspector

Remodeling permits increase

Number of building permits issued in 1991 were up compared to a year ago, according to the Thief River Falls Building Inspector's annual report.

A total of 186 building permits were issued in 1991 compared to 157 in 1990. Building Inspector Bob Bregier announced that the total construction cost of these permits was $7,236,333. Total construction costs were almost $3 million more than the previous year, according to records of total construction costs. Since 1982, only one year remains higher in total construction costs. In 1989, total construction costs exceeded $10 million primarily because of some large projects.

Permits issued for remodeling projects were noticeably higher last year. During 1991, 131 permits for residential remodeling and additions were issued, which compares to 107 from the previous year. The total construction cost of those permits was $601,848, compared to $587,756. During 1991, 49 permits were also issued for non-residential remodeling and additions, compared to 33 of the previous year. Total construction costs for non-residential remodeling and additions in 1991 was $5,013,635, compared to $2,226,509 in 1990.

Relatively few permits were issued for new single family dwellings and new non-residential buildings. In 1991, three permits were issued for new single family dwellings at a total construction cost of $178,850. In 1990, eight permits were issued for new single family dwellings for a total of $363,334. A total of four permits were issued in 1991 for new non-residential buildings. Total construction costs for those projects was $1,442,000. During the previous year, four permits were issued. Total construction costs for those projects were $893,356.

Several other permits were also issued during 1991 including the following: 39 for mobile home permits, 30 plumbing permits, two moving permits, eight demolition permits, four permits to remove abandoned tanks, 15 sign permits, and 25 temporary sign permits.

At the end of the year the budget was $39,992.22. Total revenue collected from permits and the inspector's work for the city of Warren totaled $38,058. Bregier concluded that it cost $1,934.22 to run the building inspector's department in 1991.

Statistics for the nation lag behind by one year, but indicate the same sort of trend noticed in Thief River Falls. According to a report from the Commerce Department's Census Bureau, an estimated $93 billion was spent for improvements and repairs of most of the nation's non-residential buildings in 1989, which is nearly 20 per cent above the estimated $78 billion spent in 1986.

During 1989, more than $72 billion was spent on privately owned buildings including offices, retail businesses, hospitals, and religious buildings. Another $21 billion was spent on state and locally owned buildings including schools, hospitals, civic centers, courthouses, and prisons.

Some $58 billion was spent on improvements — capital investments that added to the value and useful life of a property. Repairs accounted for some $35 billion, representing costs for maintenance and repairs that kept a property in ordinary working condition.

Total expenditures for non-residential improvements and repairs were almost $26 billion in the South, the largest for any region.

The data came from a nationwide survey of most non-residential buildings conducted as a supplement to the Department of Energy's triennial Commercial Buildings Energy Consumption Survey.

Local story is winner for public radio reporter

A story by reporter Scott Karnik on a proposed gambling casino for Thief River Falls was a winner in the general news category at the Northwest Broadcast News association's annual awards program. Karnik is a reporter for KFJM public radio and the competition covered the six-state area of North Dakota, South Dakota, Minnesota, Wisconsin, Iowa and Nebraska.

Tornado Awareness week set for April 5-11

Pennington County Sheriff Bob Wolff is encouraging residents in the county to participate in a statewide tornado drill on April 9 by making preparations in the event a tornado strikes in Pennington county.

Gov. Arne Carlson has proclaimed the week of April 5-11 as "Tornado Awareness Week" in Minnesota. With this proclamation, the Minnesota department of public safety, division of emergency management, the National Weather Service, the American Red Cross and WCCO radio will be continuing their efforts to better inform the public on the danger of tornadoes and severe thunderstorms. Residents are encouraged to familiarize themselves with safety rules associated with tornadoes and severe thunderstorms.

If a tornado has been sighted or detected on radar and sirens are turned on, tune in a radio and take it with you to safety. If at home, a safe place to go is a storm cellar or basement. Stairwells also offer good protection. Avoid areas with heavy furniture or appliances overhead. Stay away from windows. Cover your head.

If you are in your car during a tornado warning, drive away from the path of a tornado at a right angle. If there is not time to escape, do not stay in the car. Instead, lie flat in the nearest dry, flat ditch or depression.

If in school during a tornado warning, follow advance plans to an interior hallway on the lowest floor. Stay out of auditoriums, gymnasiums and large open rooms that are poorly supported.

If in a mobile home during a tornado warning, go to a storm shelter. If there is no shelter nearby, leave the mobile home park and take cover on low, protected ground.

If in a shopping center during a tornado watch go to the designated shelter area, not to a parked car.

If in an office building during a tornado warning, go to an interior hallway or to the designated shelter area. Stay indoors.

On April 9 the 12th annual statewide drill will be held. The purpose of this event is to give those that have developed or updated their emergency procedures, a chance to "test" their plans.

No one knows when or where severe weather will strike. Although for the past few years severe weather has been minimal, we know that severe weather can and has effected every area of Minnesota. The department of public safety hopes this campaign will give residents an opportunity to improve their capability to effectively respond to severe weather events.

City Alderman Don Berron served as a meal server and busboy during the city's annual appreciation dinner for volunteers serving on boards and commissions. The appreciation dinner, which recognizes the contributions of the many volunteers, was held at the Heritage Community Center in Thief River Falls on Tuesday night. During the dinner, Mayor Robert Reeve expressed his appreciation to the volunteers. Eleven different groups serve the city on various boards, commissions, and committees. City Clerk Jerry Wigness provided updates on several city projects including the Highway 32 project, student housing project, airport runway overlay project, sidewalk project, Greenwood street project, and progress on the sales tax.

THE ANIMALS PORTRAY THE MIRACLE OF GOD'S CREATION

With spring just around the corner and the world coming alive again, it's time to reflect upon the incredible intelligence that God has bestowed on the animal kingdom. The birds are returning from their flight south for the winter, with no maps to point out the directions. Hibernating animals will be waking up from their long naps without any alarm clocks. It is arranged, without a calendar, that many animals are born in the spring, when there is ideal weather and an abundance of food. And so on. God gave man the ability to understand these achievements, and He asks only that we respect them. At your House of Worship, learn that all of this illustrates the wonder of God's creation, and that along with the animals, we are a vital part of it.

Praise to thee,
my Lord, for all
thy creatures.

The Times' Editorial Opinion

Editorial opinion published on this page, whether locally written or reprinted from other sources, is intended to stimulate thinking and discussion among our readers. Opinions expressed by the editor are his own and not necessarily those of other staff members. Opinions expressed in items from other publications may be contradictory to the editor's own views but are offered for their general interest.

Two Views On Health Care Issue

Minnesota legislators are giving careful consideration to the HealthRight health care bill and are receiving plenty of help in their deliberations from any and all quarters where there is a special interest in the outcome.

We have been trying to absorb to as much of the commentary as we can, attempting to find time to read opinions on the plan that come in the mail or appear in newspapers, listening to anyone who has a particular viewpoint on what he or she believes needs to be done. For the legislature to step into the health care provider field is a huge step to take and necessitates judicious study of what cause and effect can be expected.

In today's issue of the Times are two opinion pieces on the HealthRight plan. Northwest Medical Center board president Dick Spyhalski has a public opinion letter and Minnesota Nurses Association president Sara McCumber has an opinion piece published under the "YOUR Times" column heading.

We would encourage you to read both of these items carefully to become familiar with the positions represented. And we continue to invite area people with views on the proposed legislation to express them through signed letters to our public opinion column. Keep those viewpoints coming.

Looking At The Flat Tax Proposal

Democratic Presidential candidate Jerry Brown has adopted Stanford University economist Robert Hall's flat tax proposal, a plan which is touted as being able to tax every dollar of income only once, subsidize saving, favor the poor and be simple to handle.

An editorial by Michael M. Weinstein in The New York Times is rapturous over the virtues of the 13 per cent flat tax plan extolled by Brown.

"Mr. Brown is able to set such a low rate because he would eliminate nearly every deduction and exemption," Weinstein says. "Families would be allowed to deduct only mortgage interest, rent and charitable contributions.....Because Congress would be taken out of the business of dishing out tax breaks, the political choke hold wielded by most powerful special interests would be broken. And because the marginal tax rates would be low, investment should spurt, bringing rapid rises in productivity and wages."

Weinstein points out that the existing tax code is riddled with wasteful contradictions. While the nation needs higher rates of savings and investment, existing code singles out investment for double taxation, first at the corporate level and again at the individual level when profit is distributed to shareholders as dividends.

Congress builds in "progressive" tax rates so the rich will pay more than the poor, then builds layers of complexity and loopholes so that the progressive rates are effectively undone.

Under economist Hall's plan, individuals would pay *tax on all labor income*—wages, salaries and pension distributions. Corporations would pay tax on all capital income—interest and dividends—paid to creditors and shareholders and all fringe benefits provided to workers. Thus every dollar of income would be taxed once, but only once.

"(The) plan would cleverly exempt saving," Weinstein adds. "How so? To economists saving and investment are mirror images of the same activity; investment funds come from savings. By fully deducting investment, Mr. Hall and Mr. Brown thereby exempt savings.

"....To make sure the poor come out ahead, all Mr. Brown would need to do is build generous tax credits and exemptions into the personal income tax. He'd no longer have a perfectly flat tax, but it would nonetheless work beautifully."

Simplification of the tax program to the extent suggested could result in eliminating untold numbers and pages of tax forms.

Simple and effective as the plan seems to be, it has at least one inherent failing: Something so simple begs to be tampered with. No session of Congress could resist the temptation to deviate from the simple 13 per cent flat rate—Mr. Weinstein's suggestion of tax credits and exemptions being only one example. The 13 per cent rate could be expected to accelerate as more and more exceptions and exemptions would be enacted. Simplicity and fairness have always been stumbling blocks for politicians.

And Weinstein himself notes that the plan "does, alas, embrace one flaw, almost certainly fatal. If passed, it would create a small but devastating form of unemployment: among the 56 members of the House and Senate tax-writing committees. Hall-Brown is dead even before arrival.

Your Times

Allows readers to speak out on a variety of issues

by Sara McCumber, RN, C
President
Minnesota Nurses Ass'n.

Many of us have heard from hospital administrators and physician members of the MMA who are saying that HealthRight is wrong for Minnesotans. Many hospital administrators and medical clinics have been saying that this legislation will make hospitals go broke in the attempt to provide health care for all Minnesotans. They have been saying that doctors will move out of the area and that we will not be able to keep our rural hospitals open.

I recall hearing about a similar situation which occurred a number of years ago. Hospitals said that if the legislation was to pass, they would not be able to continue operating, and that nurses would all be out of work. The legislation they were opposing passed and hospitals did not go broke. The legislation - minimum wage laws.

We believe that the current attempt by hospitals and others who profit from health care to stop the HealthRight bill is another example of crying wolf. We believe that there is much about HealthRight that is right for rural Minnesota.

What we don't hear much about is that there will be a 20 per cent increase in Medicaid rates paid for inpatient care, and a 25 per cent rate increase for outpatient physician care connected with HealthRight. Also it is rarely mentioned that the tax on revenues does not include revenues from Medicare or Medicaid. One particular rural hospital reported that its Medicare/Medicaid revenues represent about 75 per cent of total revenues. This would mean that for this hospital, revenues for the majority of the care provided will increase while the tax will only apply to a small remaining portion of the revenues. The net effect for this rural hospital will be a positive one under HealthRight.

What the bill provides for Minnesotans is health care cost containment by including consumers in decisions about purchasing expensive health care technology, and by cutting excessive paperwork in health care. The bill provides health care plans for small employers so they can offer health insurance for their employees, and a subsidized health care plan for any uninsured Minnesotan to purchase from the state. Needed reforms are made in the health insurance industry including the elimination of the insurance companies' ability to charge rural consumers up to 60 per cent higher rates than their urban counterparts. The bill will allow for only a five per cent variation in rates.

The legislation also provides a number of gains for rural hospitals in the form of loan forgiveness for physicians practicing in a rural area, grants to rural hospitals and assistance with health care planning for rural communities.

The MMA contends that the bill will make it more difficult to recruit physicians into a rural community because they would not be able to make as much money in a rural practice after paying the tax. The Minnesota Nurses Association has worked for many years with the MMA and the Hospital Association to assure that health care is available in rural areas. If money alone was the reason physicians are unwilling to work in rural areas, our small towns would be able to recruit doctors. Many small communities offer salary guarantees for physicians but they are still unable to attract physicians because they are attracted to the lifestyle available only in a big city, or because they do not like the idea of a solitary practice and would like to be a part of a large medical group.

HealthRight does not make a rural practice less attractive, in fact the bill provides assistance to rural communities in their physician recruitment activities, and encouragement for the medical schools to offer rural experiences for physicians.

The Minnesota Nurses Association has been studying and advocating health care reform for many years, and we believe that the positives of HealthRight far outweigh any negatives. We pledge to work to refine and improve the legislation in future years, however, we believe that the time to begin health care reform is NOW.

LETTERS

To the Editor:

The effort and intentions of the bipartisan group that developed the HealthRight legislation are commendable. Everyone should have access to quality and affordable health care.

However, the HealthRight bill could actually jeopardize access to health care in rural areas. It also would mean that people in our area will have very little say about the type of health care that is offered here, and threaten our ability to recruit physicians.

As proposed, HealthRight would be funded by a two per cent tax on hospital and physician services; in other words, a tax on the sick and injured. This is an unacceptable way to fund HealthRight. Tax cancer or kidney dialysis patients? Tax heart attack victims? Tax new parents for their baby? Providing access to the uninsured should be everyone's responsibility - not just the sick and injured. HealthRight should be funded through a broad-based source, like the sales or income tax.

A few legislators in St. Paul mistakenly believe that hospitals can just absorb this tax. They obviously don't appreciate the problems of rural health care. Last year, Minnesota suffered a record number of hospital closures, all but one of which were rural. Another 27 small and rural hospitals lost money. Half of these losses were in excess of $100,000 each! This two per cent tax could very well be the death knell for more rural hospitals. How can access be improved if more hospitals close?

The same HealthRight bill would also seriously hamper our ability to offer life-saving new technology or medical procedures. Under the HealthRight bill, a State Health Commission in St. Paul would decide which communities get new technology and which don't. That's what Canada does, and it means that Canadians often must wait months, or travel long distances, to receive the health care they need.

Northwest Medical Center is governed by a volunteer board representing our community. Our community is certainly in a better position to decide what we need than some commission in St. Paul.

As you may know, rural Minnesota is in need of more than 200 physicians. HealthRight could harm physician recruitment in rural Minnesota because it would force doctors to accept Medicare payment as payment-in-full–Minnesota would be the only state to limit doctors this way. There are rural physician shortages in many other states.

Why would physicians choose to practice in Minnesota with these limits on their earning ability? Last year, three rural Minnesota hospitals had to close because they couldn't find a doctor. I'm concerned that more will be forced to close for the very same reason.

The HealthRight bill is very important. It's too important to start doing the right thing, but the wrong way. In order to assure health care access for everyone, we need rural hospitals and rural doctors.

Sincerely yours,
Richard A. Spyhalski, CEO
Northwest Medical Center

LETTERS

To The Editor:

With the cost of medical insurance being so high it is understandable that the public is begging for change, but the health care bill as proposed—with its hidden taxes—seems more like retaliation than relief for working people.

This bill is especially onerous for health care providers and hospitals on our state borders. Patients can also avoid the extra cost by going out of state.

Mayo Clinic, University of Minnesota Hospitals, etc., would be exempted from hidden taxes and also restrictions on technology. The aim is apparently to reduce costs by restricting access and slowing scientific advancement. So Grand Forks and Fargo medical facilities will continue to enlarge while Thief River Falls goes down hill.

This will adversely affect our tax base, real estate values, schools, jobs and medical care.

Many groups are in favor of the present bill, but without amendments it will certainly hurt this area.

Sincerely,
Ernest Thorsgard, MD

THIEF RIVER FALLS TIMES

Thief River Falls, Pennington County, Minnesota — April 9, 1942

From The Times Files of Fifty Years Ago

No Road Constuction in County in 1942

"Taking action similar to that of a majority of other counties in Minnesota during the war emergency, the Pennington county board, at its April meeting indicated that it would undertake no road construction projects in the county during the current year. A modest graveling program is contemplated, details of which will be worked out at a later meeting."

Dog Licenses Due Before May 1

"Owners of canine pets in the city were reminded today by City Clerk P. G. Pederson that dog licenses are due and payable at his office before May 1. The fee is $2 for males and $6 for females. Only three licenses had been issued up to the first of this week."

Institutions Here Sell $106,325 Defense Bonds

"That the Thief River Falls community is contributing substantially to the financing of the nation's war effort is revealed by the fact that during the three-months period from January 1 to April 1 local agencies have disposed of a total of $106,325, maturity value, of U.S. defense bonds. Included in the total are sales at the post office here of $42,100; Union State bank, $38,900; Northern State bank, $16,000; and First Federal Savings and Loan association, $9,325. In addition, the post office has disposed of defense savings stamps with an aggregate value of $5,872.90."

Former Teachers Being Registered

"Miss Judith Lockrem, county superintendent of schools, announced today that a statewide survey of former teachers is not under way to ascertain which of them may be available to meet an anticipated acute shortage of teachers during the coming years. The most acute shortage is expected in rural teachers, as well as for teachers in the smaller high schools."

Directors of Women's Civilian Defense To Meet

"Directors of women's services in civilain defense councils of six northwest counties, together with six captains from each county, have been invited to attend an institute and school of instruction next Thursday afternoon. The meeting will open with a luncheon in the Terrace room of the Rex cafe, following which instructions for carrying on the work will be given by Miss Mary Keeley, state director of women's services."

New Class in First Aid For Men to Open

"A new Red Cross first aid class for men will be held each Monday and Tuesday evening, starting next week, in the Civic and Commerce association room. The instructor will be David R. Kezar, who served this winter in the same capacity at CCC Camp 710 at Middle River. Air raid wardens and all other interested persons are invited to take the course."

St. Hilaire, Polk County, Minnesota — April 13, 1892

From Newspaper Files of One Hundred Years Ago

Newspaper News

"Paul S. Ware, foreman of the Crookston Times, was in town to-day on his way back from Thief River Falls. He informs us that he has purchased a one half interest in the Thief River Falls Press. He has also purchased the plant formerly used by the Crookston Chronicle and it will be moved. The new firm of Mussey and Ware will commence operation in a few days and they expect to make things hum. Mr. Ware is a newspaper man of considerable ability and should succeed."

Will the Bridge Go?

"The water in the river has been raising rapidly the past few days and fears are entertained that the county bridge will be washed away. The water this morning was within about four feet of the bottom of the bridge and if the ice jams above it hit the bridge it would probably go."

Leining is featured in Hormel News

Lyndon Leining, former resident of Plummer and son of Charlotte and the late Art Leining, was pictured on the cover of the *Hormel News* published by the packing company and recognized in the feature story entitled "Top Secret." His mother and sister, Carole Wright, live in Plummer.

"The most prolific inventor at Hormel is Lyndon Leining, a supervising staff engineer assigned to the corporate offices in Austin," the feature article states. "To date, 16 of his ideas have been issued patents."

Some of his patents include a control device for use with a dispensing machine and such industry items as a hand-held skinning device, carcass splitting apparatus, shoulder skinning device and many others. He credits his father and the encouragement he received in his boyhood for his creative nature.

Leining graduated from Pershing high school in Plummer and Bemidji State university.

The article in *Hormel News* states: "A list of American inventors, most of whom have received patents for their ideas, is impressive. Others include Benjamin Franklin, Eli Whitney, George Washington Carver, John Deere, Robert Fulton and Henry Ford. This listing could include a few additional individuals. They are Jean Burton, C. D. Macy, L. W. Murphy, Frank Brown, O. H. Lindstrom and Lyndon Leining. Two other highly recognizable names on this list are George A. Hormel and Jay C. Hormel."

Lyndon Leining of Austin, formerly of Plummer, was featured on the cover of the February issue of *Hormel News*, published by the Hormel company. He is credited with being issued 16 patents while a supervising staff engineer at the company.

April Fool's Day is coming up this week so you better keep the salt shaker handy as all you may hear or even read may be a bit off. We read that the clocks were to be put ahead last Saturday, but try as I might, Roy would not change our three clocks until he had more proof that it was so. When all the news was done by 12 o'clock Saturday night, he decided someone wanted folks to be to Sunday school early. I wonder if he planned to change them at all this year. April Fool. He will.

Shirley Lefrooth, Vance and Adrienne Lefrooth, Dean and JoAnne Holmstrom, Donny and Marlys Lefrooth and Elsie Lefrooth joined a large group of friends of Elaine Grovum for a birthday surprise party for Elaine at the residence of Allen Aaseby in Thief River Falls. Happy 40th birthday to Elaine.

Ellen Stromberg, Elmer Holmstrom and Gloria Ronstrom visited at Frank and Judy Kleinwachter's on Monday morning.

On Sunday Jennifer Anderson visited with Eva Bernard and later was a dinner guest at Morris and Hazel Anderson's, along with Paul, Kristopher and Kenrick Anderson. In the late afternoon Morris, Paul, Kristopher and Kenrick took Jennifer to Grand Forks, to return to Hamline University in St. Paul. They all enjoyed supper with Channa Chaffee there.

Duane and Louise Ellingson from Aurora, visited Saturday with Earl and Ebba Sihlberg, and enjoyed eating fresh baked lefse. Ebba can really turn out some good ones, so I am certain they were enjoyed. Anyhow there were none left today, so Ebba was baking for more guests who are expected this week. Viola Fredricks and Helen Jacobson also visited there this week. Kelly Donarski and son Donny, were there on Sunday. Stacy Kleinvachter rode her bike over on Sunday, and showed some of her arobic talents.

Cory, Lori and Kyle Wikstrom of Mankato, visited Elphie Adils on Wednesday while Cory was on a break from college.

Richard and Carol Thompson and Anna Holmstrom visited at Isaac and Betsy Thompson's on Sunday afternoon. Helen LaDoux was a dinner guest of Isaac and Betsy.

Sunday evening Mr. and Mrs. Elmer Holmstrom and Mr. and Mrs. Tim Storeby from Stephen, visited Ellen Stromberg and Frank Grochowski.

Ambulance received by Pennington county

Pennington county took possession of a new ambulance Tuesday morning.

Road Rescue Inc. of St. Paul delivered the county's new state-of-the-art ambulance Monday. Road Rescue Inc. is the only Minnesota manufacturer of ambulances. It delivered to Thief River Falls the most technically advanced ambulance the company makes. The body is made of light weight aluminum for quick response and performance. It is also well-insulated and built to respond to the needs of ambulance personnel. It is capable of carrying four patients and more equipment than standard van ambulances. The life of this type of ambulance is estimated to be twice as long as that of other ambulances.

The county purchased the ambulance earlier this year and will allow the ambulance system in Thief River Falls — Midwest Ambulance Systems — to use the ambulance.

Dave Schneider of Midwest Ambulance Systems issued the following news release Tuesday:

"Midwest Ambulance Systems of Thief River Falls on April 2, 1992, received from the State of Minnesota authorization to operate as a Basic Life Support (BLS) service. What this means to the residents of our primary service area is that we at Midwest Ambulance will now be able to lower some of our rates, yet with additional variance from the State of Minnesota, maintain the high quality of service needed in our area. We now have full-time Emergency Medical Technicians (EMTs) at our base of operation 24 hours a day. We feel we are now able to respond with our first crew and second crew to any emergency in less time than other area ambulance services offering volunteer help.

"Along with area law enforcement, fire department, Northwest Medical Center, city and county officials, Midwest Ambulance will continue to seek ways to improve our service, keep your costs down and assure you that Thief River Falls will be second to none in protecting your health."

Plea agreements recorded in court

Plea agreements were reached in several cases Monday in a Ninth district court in Pennington county.

Following a plea agreement, Warren Lee Brenna, 32, Thief River Falls, pled guilty to one count of second degree criminal sexual conduct. Brenna was arrested on February 12 and charged with criminal sexual conduct involving two juvenile girls. The charges stem from incidents that happened early in February. In one case he faced charges of first and second degree criminal sexual conduct. In another case he faced one count of criminal sexual conduct. According to the plea agreement, Brenna would enter a guilty plea to one count of second degree criminal sexual conduct. Charges of first degree and a second count of second degree criminal sexual conduct would be dropped. Brenna was not sentenced Monday but it was recommended that he serve 44 months in prison.

Brenna was taken into custody by the sheriff's department until a pre-sentence investigation is completed and the sentencing hearing is held.

Derek Lydell Thomas, 21, Thief River Falls, entered a guilty plea to a charge of third degree criminal sexual conduct. Thomas was charged following an incident that involved a juvenile female and took place on February 1. A pre-sentence investigation was ordered and Thomas was remanded into the custody of the sheriff's department.

An omnibus hearing was waived by the defense attorney for Russell Zielke. Zielke, 25, Thief River Falls, faces charges of two counts of criminal sexual conduct in the second degree following incidents that allegedly involved a juvenile female. The case was placed on the jury trial calendar. No date for the trial has been set.

Following a plea agreement, Randy Lee Berg, 31, Thief River Falls, pled guilty to second degree assault Monday. Berg had been charged with attempted murder in the second degree and assault in the second degree following an incident on March 1. On that date the police received a 911 emergency call from a residence in Northwest Trailer court. Berg was then arrested for allegedly slashing a young male in the neck and face with a seven-inch buck knife outside the residence.

Although a sentence hasn't been handed down in the case, it was recommended that Berg be sentenced to 86 months in prison. Judge James Wilson, who presided in court on Monday, called for a pre-sentence investigation.

Dance lyceum Thursday at Lincoln High

Approximately 50 students from Minneapolis North high school will present three programs on dance Thursday, April 16, at the Lincoln high school auditorium in Thief River Falls.

The programs are being presented to assist in promotion of the Magnet arts program which will begin at Lincoln high school this fall.

At 8:30 a.m. the dance program will be open to the public with all persons interested encouraged to attend. There will be no admission charge.

Lincoln high school students will attend the 10:30 a.m. lyceum and elementary students will attend the program at 1 p.m.

The dancers are under the direction of Colleen Callahan, one of 36 honorees nationally in the "Walt Disney American Teacher Award" and one of only three selected from the performing arts area.

Callahan and the other honorees were participants in the 25th anniversary parade at Disney World last summer. In November she and her dance students were invited with expenses paid to Hollywood for a taping to salute the American Teacher awards. The performance was televised on the Disney channel.

DOT to spend $15.3 million in NW Minn.

Minnesota Department of Transportation will be spending $15,385,000 on 17 road and bridge improvement projects on state highways in northwest Minnesota this summer, according to Steve Baker, district engineer.

In addition, two projects costing $6,165,000 were started last summer and will be completed this year. Baker said the projects will result in improved safety and will strengthen roads and bridges in several locations.

The projects include 29 miles of resurfacing at three locations, 17 miles of reconditioning or reconstruction at four locations, three bridge replacement projects and four bridge repair projects.

Safety improvements such as signals, signing and turn lanes will be made in Greenbush, Roseau, Park Rapids, Crookston and Thief River Falls. Safety at railroad crossings will be improved with signs and pavement messages at crossings along the Canadian National Railroad between Warroad and Baudette and on the Burlington Northern Railroad between East Grand Forks and Duluth.

Baker said that this is an average year for highway construction in northwest Minnesota but he is concerned about the rate of improvements on area roads. The resurfacing projects this year involve only 1.6 per cent of the total mileage in the region.

"At this rate, roads in this area will be paved only once every 60 years," Baker said. "Roads and bridges will be replaced only once every 111 years."

Roads that are built today are expected to last about 35 years before they need to be rebuilt and they will need to be resurfaced twice during that time. Bridges are built to last about 50 years.

Baker said that Mn/DOT is working with the construction industry and highway users to find innovative ways to build roads and

Medical Laboratory Week observed here

Northwest Medical Center Laboratory provides services in several departments to analyze material to assist doctors and patients

Darlene Kelley, lab supervisor at the Northwest Medical Center laboratory, prepares to take a blood sample for analysis. The lab has a number of departments for blood and other fluid analysis. Kelley has certification as a Medical Technologist (MT) and Clinical Laboratory Scientist (CLS). National Medical Laboratory Week is being observed this week.

by Marvin Lundin
Times Editor

If the word "laboratory" gives you a mental picture of bubbling flasks and beakers and dramatic mood music, you might not recognize the laboratory at Northwest Medical center. This is not a place for experimentation, but a facility to provide information of service to patients and their physicians.

Medical Laboratory week is being observed this week with the theme "Our Mission: Your Good Health."

"The theme illustrates the medical laboratory professionals' commitment to patient care and to medical research," notes Darlene Kelley, lab supervisor. "Many people have had lab tests, yet they are unaware of the trained professionals who perform those tests. The laboratory professional plays a key role in detecting, diagnosing and treating illness."

Kelley points out that many health problems begin slowly, without visible symptoms. Changes in blood, urine or body cells, detected by laboratory tests, can help locate problems in time to take preventive action. "For example, a blood cholesterol level over 250 is an indication that weight loss and a change in diet may be needed to prevent heart problems.

At Northwest Medical Center the laboratory is divided into a number of departments, each of which has a specific task or purpose. The main ones include the following:

- Hematology—The study of blood cells;
- Chemistry—Measuring of a multitude of chemicals to determine how well a specific body organ is functioning;
- Blood Banking—Type determination and crossmatching of blood for patients who require a blood transfusion; and
- Microbiology—Growing of bacteria for testing against antibiotics.

Other departments include coagulation, urinalysis, immunology and parasitology. The laboratory at Northwest Medical Center does testing in each of these departments and is fully accredited by the Joint Commission on Accreditation of Healthcare Organizations.

Professionals working in the laboratory have received certification in one or more areas of laboratory expertise. This certification allows them to use those titles behind their names and indicates what responsibilities they may perform. Among the titles are Medical Technologist (MT), Medical Laboratory Technician, (MLT); Clinical Laboratory Scientist (CLS); and Clinical Laboratory Technician (CLT).

Staff at the Northwest Medical Center laboratory includes Claudia Howard, lab secretary; Darlene Kelley, MT, CLS, lab supervisor; Kristie Huseth, CLT; Dave Mugaas, MT; Linda Welk, MLT, CLS; Denise Olson, MT, CLS; Cheryl Winkler-Miller, MT; Elaine Jensen, CLT; Angie Steinhauer, MT; and Carol Chervestad, MT.

A routine day starts at 7 a.m. when technologists go to patients' rooms to draw blood samples for

The laboratory is equipped and staff is skilled to perform a number of different procedures and provide information on condition of patients.

Impressions . . .

by
Beth Johnson

My family and I just returned from a trip to the Twin Cities. The reason our family traveled to the Twin Cities was because our son, Joel, was a recipient of a Lettering for Excellence award. It was truly an honor for Joel, and for us, his family.

What, you might wonder, is a Lettering for Excellence award? In Minnesota there is a group, the Minnesota Academic Excellence Foundation, which is chartered by our Legislature, to promote public-private partnerships to promote academic excellence. One of the ways this foundation promotes academic excellence is to honor those who have achieved academic excellence.

This foundation is not only public, but it has private sponsorships, thus being a public-private partnership promoting academic excellence. The private sponsor for this particular Lettering for Excellence award is Varitronic Systems, Inc. of Minneapolis.

The students chosen for this Lettering for Excellence award were seniors in Minnesota's high schools, public and private. In one of the brochures we were given, statistics for last year's recipients stated that 180 schools participated, nominating 5,000 students, and 100 of these students were chosen to attend the special awards banquet held in their honor.

This year there also were 100 students being honored at a banquet. We parents proudly transported our children to Minneapolis so that they and we could attend this special event. Favorite teachers were also honored guests. Distance seemed to limit the teachers in attendance to be from the Twin Cities area. For those of us who lived more than 100 miles from the Twin Cities, Varitronics provided for us a room at the hotel where the event was being held. How nice it was to feel that even we "out-staters" were deemed necessary to the sponsors of this event. Providing a room for us gave this event a truly state-wide appeal.

To Letter in Excellence, the student had to be nominated by his school. An application was filled out by the student as well as the school. Judges then had to decide which of these students would receive the award for this year. What a job that must be as I am sure that all who were nominated were worthy of receiving the honor.

This award was special because it had two categories. Fifty students were given the Lettering in Excellence award because they had been Consistent Achievers. Another 50 students were honored as Recent Achievers. At the table where we sat there were three students and their families. Joel was being honored as a Consistent Achiever, the other two students were being honored for being Recent Achievers. Each of the recent achievers had a story to tell. One had overcome a difficult home environment. The other had overcome problems with addiction. All were being honored for their accomplishments.

The speakers for the evening were two students who demonstrated that obstacles can be overcome. One speaker spoke of his family's escape from Laos, their years in a refugee camp, and their eventual coming to America. I couldn't help but be amazed by this young man and the events that led to this evening when he was addressing this honored group of students.

The second student speaker spoke from a wheelchair about how important a positive attitude is in life. Neither of these students wanted us to feel sorry for their fates in life. Both spoke of the excellence they expected of themselves.

As I listened to the student speakers, and I heard the stories of some of the other students there, I realized that we truly have good people to be the future leaders of our country. Each of these students in his or her own ways had goals. Each had had obstacles of varying degrees to overcome. Each was worthy of excellence.

How proud we were to be a part of this time of honor. How pleased we are to realize that in Minnesota, academics, as well as athletics, does have a place of honor.

Zehlians organization held April 1 meeting

The Zehlians met April 1 at the home of Cathy Belmont with 20 members present. President Jean Heinrichs called the meeting to order. Deb Zak, guest, informed the club about the health fair April 4 sponsored by the Pennington County Health Promotion Network. At this event, the Zehlians helped with health screenings is several areas.

For the CIP report, Gretchen Beito stated that the Kiwanis had contacted her about showing the slide presentation on "Follow the River" at their April 7 meeting at 6:30 p.m. She also said that Gene Klinke of Northland community college had announced Native American Awareness Week in April. During this time, the Zehlians will meet April 15 at 11 a.m. in Room D61-62 at the college to hear Lee Cook, assistant vice president of Augsburg college speak on Cultural Sensitivity. A luncheon will follow and a photography exhibit on "The Chippewa" will also be viewed. On April 28 a class and demonstration on basket weaving will be held. There are 15 openings.

On April 14 the trails by Northland community college were scheduled to be cleaned with the help of volunteers. An outdoor dedication service of the trails will be held April 20.

Gretchen also reported on the Midwest Living Magazine award of $1000 that the Zehlians won. The club was one of the top 20 entries out of 513 to win the Home Town Pride award. The Riverwalk project will be featured in the October issue of Midwest Living and the magazine will hold a special award ceremony.

The 1/2-cent sales tax increase was discussed with an explanation by Darla Twoomy, who had represented the school board at a meeting with legislators in St. Paul. The city has included the Riverwalk project as one of the beneficiaries if the tax goes through.

Angie Goulet will be the delegate to the Hugh O'Brien conference in June. The scrapbook, put together by Marge Lavalier and Ardy Tunberg, was displayed. This will be brought to the district convention in Euston. Delegates are Jean Heinrichs, Margaret Saetre, Joan Strong and Kathy Winjum.

A nominating committee was appointed to present a slate of officers at the next meeting. Following the business meeting, When You Look Like Your Passport Its Time To Go Home by Erma Bombeck was reviewed.

Legion auxiliary held April 7 meeting

The regular meeting of the American Legion auxiliary was held April 7. Membership chairman Annabelle Cuppett reported that the goal of 614 members has been reached. Girls State chairman Ann Joppru reported that the delegates and alternates from Girls State have been chosen. Junior Activities chairman Sharon Odegaard reported on plans for the district junior convention. Community Service chairman Marilyn Winters reported that she had served at Friendship club. Lyla Quam asked for workers for games at the Oakland Park Nursing Home. Veterans Affairs chairman Vi Olson reported that the local unit will visit the Veterans hospital in Fargo on June 24.

Legislative chairman Jo Ann Reeve reported on a video tape available on healthy teenage relationships and growth. District Convention chairman Annabelle Cuppett reported on plans for the convention. A meatball supper will be held April 27. The sum of $50 will be sent to help finances for the district band. A call to the district convention was read and 14 delegates and 14 alternates were chosen.

Nominating committee reported on the slate of officers for the 1992-93 year. They were Annabelle Cuppett, president; Ann Joppru, first vice president; Eileen Horejsh, second vice president; Gloria Lee, treasurer; Patti Smeby and Sharon Odegaard, sgt. at arms; and Donna Poole and Loraine Steiger, executive board.

In May Gold Star Mothers will be honored and the special guest will be department president Sharon Jeffers. Lunch was served by Octavia Jorgenson, Fern Kranz and Annabelle Cuppett.

Rev. Jerry Holmaas to speak in Newfolden

Rev. Jerry Holmaas, a Newfolden native and son of Stan and Ruby Holmaas, will be the speaker at a series of evangelistic meetings to be held at Westaker Free Lutheran church in Newfolden. These services will be held April 26-29 at 7:30 p.m. each evening. His focus will be "Challenge and Encouragement from Elijah."

Rev. Holmaas grew up in Newfolden and graduated from Marshall County Central high school. He graduated from the Association Free Lutheran Bible school in Minneapolis and Northland community college in Thief River falls. He has a BA in History from Moorhead state university, an MA in Old Testament Studies from Wheaton college and a Master of Divinity from Lutheran Brethren seminary. After teaching New Testament Greek for a year, Rev. Holmaas has served congregations in Minnesota, South Dakota, Illinois and is currently at Chassell, MI. Rev. Holmaas and his wife, Ruth, a Strandquist native, have one son, Luke.

There will be special music each evening. Everyone is welcome.

Dear Readers,

On Sunday, thousands of voices around the world will join in song to welcome Easter morning. After the sorrow of Good Friday, there is joy in the message of new life and hope. May the Easter sunrise bring happiness to you and those you love...and may the peace that Easter brings stay with you always.

Sincerely,

Belmont Funeral Home

Larry Belmont

analysis. When they return to the lab, each piece of equipment must be properly calibrated and quality controls run to assure that each machine is operating correctly so the results will be accurate. After this step is completed the samples from patients can be tested.

Throughout the day other orders for lab work may be received for patients in the hospital, for those coming in on an outpatient basis or persons being seen in the emergency room. The lab has personnel on duty until 10 p.m. on weekdays and 8 p.m. on weekends, with a technologist on call after those times for any emergency lab work.

"In this time of new and frightening diseases such as the many strains of hepatitis and the HIV virus, the laboratory technologist is in a high risk profession," Kelley said. "This risk is causing many to change their minds about entering the field of medical technology and others to contemplate their decision to remain in the profession.

"Extra precautions are being implemented to protect those in the field," she added, "such as the mandatory requirement to wear gloves during exposure to all body fluids and the use of universal precautions—meaning that all patients are treated as though they are capable of transmitting disease."

There are approximately 250,000 certified laboratory personnel at work in more than 12,000 medical laboratories in the United States.

"Your local laboratory professionals want you to know that you can count on them to help you get the best health care," Kelley said.

Oldtime fiddle championship in Fargo May 9

Midwest Oldtime Fiddling Championship will be held May 9 and 10 at the Fargo Civic Auditorium. The championship is a promotion for Farm Safety. This year, the proceeds will be going to John Thompson.

A second championship fiddling contest is already being planned. Next year, the proceeds will go to a farmer or member of his family injured in a farm accident.

The organization is also seeking to create a record of farm accidents, since no records exist. The group is encouraging people to notify Lloyd Eisert, P.O. Box 196, Crookston, MN 56716, if they want to record a farm accident. Names will not be used on the accident list. The names and addresses, however, are needed so that the proceeds of the contest can be given to them.

The annual benefit promoting farm safety is being promoted by Lloyd Eisert and Joyce Presley, agent with Farmers Union Insurance.

Real Estate workshop at Lon's May 4-5

"Blitz 10", a 15-hour real estate workshop, will be held at Lon's Restaurant on May 4 and 5 from 8:30 a.m. to 5 p.m. each day. This course has been approved by the Minnesota department of Commerce and meets the needed fair housing requirements.

The course will review new laws regarding environmental concerns, storage tanks, water wells, shoreline zoning, and wetland regulations. A study of current real estate laws, sub-divided land laws and related applicable regulations will also be studied regarding permit requirements for various areas of concern.

Photography from Red Lake shown at NCC

"Portrait of the Chippewa: Photographs by Charles Brill," will be on exhibit April 1-30 at the Northland Community college art gallery in Thief River Falls.

The traveling exhibit of 100 photographs, taken between 1964 and 1969 when Brill worked and lived at Ponemah on the Red Lake Indian reservation, portrays Indian life at Red Lake.

Now an assistant professor at Kent State University, selected the photos in cooperation with the Red Lake Tribal Council from among the 5,000 photographs he took at Red Lake. His project was supported by an NEH grant.

"From the beginning," Brill writes, "I felt an urgency to record what still remains of the old ways. I also wanted to capture on film the daily activities of a people living as they want to live."

He said freedom is the essence portrayed through most of the photographs, along with a second theme of contrast—"evidence of the dramatic transition from old to new underway within the boundaries of Red Lake."

The gallery at Northland is open from 8 a.m. to 9 p.m. Monday through Friday. For more information about the exhibit contact Mike Trudeau, art instructor at Northland, phone 681-2181.

School districts to proceed with building projects

Minnesota Governor Arne Carlson has taken action to allow 10 Minnesota school districts to proceed with new construction projects under the maximum effort school loan program. The New London-Spicer, Sartell, Cass Lake, Dover-Eyota, Roseau, Cromwell, Farmington, Pine Island, Red Lake and Rush City school districts will receive $57 million through the sale of Minnesota general obligation bonds.

The release of these projects came after Gov. Carlson removed five higher education projects from the official hold list. Those projects, which will receive $5.49 million in funds from the sale of state bonds are: Worthington Community College classrooms and labs; East Grand Forks classsrooms and labs; Southwestern Technical College facilities; Crookston AURI labs; and MDE science and math school.

INSURANCE Update

by Dee Schmidtgell

When a homeowner has personal property appraised for insurance purposes, several benefits can be expected from the process. By appraising a piece for its insurance value: (1) you receive a professional description of the piece, (2) its value is established at a given time, (3) and you establish proof of ownership. Once the appraisal value is known, you can contact your insurance representative to determine if current coverage is adequate, or if special coverage should be added to your policy.

NORTHERN STATE AGENCY is ready to assist you in making your insurance decisions. We offer quality service as well as personal attention. Our office is conveniently located in the Northern State Bank building. Office hours are from 8:30-5 Mon-Fri, and 8:30-6 Thurs.

The Easter Chickens

[illegible] will the Easter [illegible] be able to make it [illegible] Easter Sunday? That [illegible]

[illegible] water and [illegible]

Easter is supposed to mean spring [illegible] grass beginning to grow, the leaves budding on trees, bright flowers peeking from the earth. I think that it happens in other parts of the country, but it just doesn't work that way up here.

I saw that the cherry trees are in bloom in Washington. Wouldn't it be wonderful to live where flowers bloomed on trees on Easter Sunday? I have a feeling we'll be lucky if our trees are blooming by June.

Anyway, back to the Easter bunny. Not only does he have these cold northern temperatures to contend with, but he doesn't even have any form of transportation.

Now Santa Claus has a sleigh and reindeer. It seems to me that the poor little bunny could use something like that instead of having to hop around on his feet like he does, no matter that they are rather big. The size of his feet is irrelevant.

If the bunny didn't use a sleigh, perhaps he could get around on a 4-wheel drive vehicle, or a motorcycle. Even a wagon would be better than hopping around like he does now. Yes, he could ride in a wagon pulled by some of those lazy chickens. That's what would be appropriate, after all!

(You know which chickens I mean, don't you? I mean the ones that lay the fancy Easter eggs.)

When you think of it, isn't it a shame that a poor little bunny is being forced to deliver Easter eggs, after all! I'm sure he has enough to do just delivering all of those chocolate Easter bunnies. Why can't the chickens deliver their own Easter eggs? They lay them; they can just deliver them, too.

I think the chickens who lay Easter eggs should all be forced to help the bunny. They could go along with him and deliver their own eggs. Then the bunny could deliver chocolate rabbits, pure, solid milk chocolate Easter rabbits, to the children.

Yes, that is a good idea. The bunny would have a lot less stuff to tote around, he would have some company on his Easter rounds (albeit chicken company), and his life would be much easier each spring.

Then, if the chickens pulled him around in a wagon, he could really ride in style and relax, and maybe, if he were very relaxed and in a very good mood, he would leave every child on his list an extra chocolate Easter bunny. After all, most children like the chocolate Easter bunnies better than the Easter eggs anyway.

Yes, it is time to liberate the Easter bunny and get those lazy chickens to do their share of the work this year, so the bunny can have a Happy Easter. And I hope you do, too!

LHS senior math team 6th in meet

Lincoln high school senior math team comprised of John Wallberg, Allen Mehrkens and Joel Johnson placed sixth in the 12th grade division of the 25th annual St. Cloud State University math contest Saturday in St. Cloud.

Wallberg tied for fourth place among the more than 100 individuals competing at the grade 12 level. Mehrkens and Johnson were both in the upper 25 per cent of the individual competition.

Tartan high school won the event with 85 points, followed by Roseville Area high school with 78 and Edina, Irondale and Spring Lake Park in three-way tie for third with 77 points. Thief River Falls had 76 points for sixth place. Twenty-nine schools competed in the senior division.

This was the final meet for the Lincoln math team this season, according to coach John Wallberg, mathematics instructor at Franklin middle school. He said the St. Cloud tournament attracted the top math students from schools in the area, including the Twin Cities, with strong math programs.

"We have had quite a successful season," he said, "and I have been pleased with the way the students have performed. We will start work soon in preparation for next year's competition."

MN livestock producers

Minnesota livestock producers and processors who sell directly to consumers are invited to participate in the 1992 Specialty Meat Product director.

The publication, produced by the Marketing Division of the Minnesota department of agriculture, is a guide to direct marketers of meat and poultry products. Examples include livestock farmers who sell live animals to individual consumers for custom slaughter and local meat processors who make their own specialty sausages on-site. The director will also include a limited number of non-edible specialty livestock products such as wool.

The directories are scheduled for distribution at the traditional start of Minnesota's outdoor grilling season in late May. Marketers pay no fee for their listing, but contributions are accepted to help defray printing costs.

Farmers and processors interested in being listed should write Paul Hugunin, Marketing Division, Minnesota Department of Agriculture, 90 West Plato Blvd., St. Paul, MN 55107, or call (612) 297-5510. The deadline for response is April 27, 1992.

Vendors of a number of products at the Hartz Foods spring food show last Monday and Tuesday in Thief River Falls took orders from customers for later delivery. Hartz Foods warehouse operation handles receipt of the orders and distribution of the items to the stores according to their initial orders. Hartz Foods officials said the show was well attended and orders were good and the general mood of store owners was upbeat and positive.

Kading named to dean's list

Melanie and Brian Kading, children of Mr. and Mrs. Marvin Kading of St. Hilaire, have been named to the winter quarter dean's *list at Concordia college in St. Paul.*

Students named to the list are recognized for superior academic performance with a grade point average of 3.5 or higher.

Global Studies student visits FMS

Ka Yan "Raymond" Chan, an 18-year-old student from Hong Kong will speak about his country in Walter Redinger's classes at Franklin Middle School in Thief River Falls on Wednesday, April 15.

Chan says "Hong Kong is very populated — about six million people live there." Although the city itself encompasses more than 413 square miles, only 10 per cent of that is populated. Chan says there are a "few mountains, some of them are beautiful." Chan and his friends enjoy video games, table tennis, basketball, and soccer.

Chan is a first year student at the Northwestern Minnesota Global Studies Institute, and will graduate this spring from Lafayette high school in Red Lake Falls. Chan will return to Hong Kong this summer, but hopes to attend college in the United States next fall.

Chan is the seventh student from the Global Studies Institute to speak at Franklin Middle school since January 1.

Area students on BSU resident hall councils

Jana Blackberg of Thief River Falls, and Judy Smeby of Grygla are *members of the resident hall student* council at Bemidji State University.

Blackberg, a junior criminal justice major, is one of 10 board members on the Pine Hall student council. Smeby, a junior majoring in elementary education, is student council secretary/treasurer of Birch hall.

Hall council members have the opportunity to represent the interest of fellow residents in the governance of the BSU dormitories. In addition to resolving complaints that may arise, the students volunteering in this program work together to provide funding for desired activities and events that take place throughout the academic year.

Over 1,200 students live in the five residence hall complexes on the BSU campus.

Activities Day Thursday at Franklin MS

To give Franklin middle school students an opportunity to explore interests not contained in the regular school curriculum, an Activities Day will be conducted Thursday, April 16. There will be no classes that day but supervised study will be provided for non participants.

According to Carol Ihle, volunteer coordinator for School District 564, and Walter Redinger, Franklin faculty member who are co-chairs of the activity, the courses offered were suggested by students, faculty and parents and will be taught by Franklin faculty or other qualified people from the community.

In some cases the groups participating will have activities out of town or at non-school sites within the community.

Activities scheduled include aerobics, trapping, sign language, karate, origami, relief sculpture, woodworking, softball hitting clinic, Indian art, cake decorating, modeling, tie dyeing, scuba diving, racquetball, dance, woodburning, sweatshirt and T shirt painting, volleyball, group guitar, theater arts and pop bottle rocketry.

Also dog training, gun safety, photography, model trains, weight lifting, card games, archery, babysitting clinic, horsemanship, golf, personal perfection, Karaoke, bike trip (to Itasca State park), fishing, bowling, Hjemkomst Center (trip to Moorhead), bird and wildlife sanctuary (trip to Warren area), Science of Man Museum (trip to Winnipeg) and aviation tour at the Thief River Falls regional airport.

Also Agassiz National Wildlife Refuge tour; Lincoln high school tour, Northwest Medical Center tour, Arctco tour, KKAQ radio station tour, KTRF radio tour and Digi-Key tour.

Students were permitted to register their first four choices of activities, noting that some of them are for all day, some for a half-day and some for a quarter-day. Registration was held on Monday, April 13, at the school. Fees for courses with fees were payable at registration.

Goodridge . . . . .

Saturday Mrs. Larry Kotrba, Mindi and Amie visited at the Neil Liedberg home. Gena and Deenna Kotrba returned home with them after spending Friday night with Sheri at her home.

Friday evening Mr. and Mrs. Dale Hansen, Ben, Clifton, Andy, Brittany and Tiffany attended the benefit for Mable Paulson at the Goodridge Community Center.

WE WOULD LIKE TO THANK KKAQ, Nich-99, Bergan Travel, Rusty Nail, and Royal Limo for the fantastic trip I won at their *SUITCASE PARTY*. We had a super time and everyone involved was just excellent—THANK YOU.

Easter baskets made by children from some of the licensed day care providers in the Thief River Falls community were distributed recently to residents of Valley Home. Children joining in the distribution were (left to right) Anny Ehranstrom, daughter of Kent and Janet Ehranstrom; Adrianne Erickson, daughter of Tim and Veronica Erickson; Calli Adamson, daughter of Don and Paul Adamson; and Thomas Johnson, son of Dan and Lori Johnson. Residents of the home receiving the baskets were (left to right) Signa Hiatt, Inga Swanson (seated) and Oscar Qualey.

Klobuchar speaks at annual book and author dinner

Jim Klobuchar, a columnist for the Minneapolis Star and Tribune, will be the featured speaker for the 4th Annual Book and Author Dinner at the Crossroads II in Hallock, on Friday, April 24.

Klobuchar's columns run the gamut from football to human interest, adventure to humor. He has written from the floor of a tent in the middle of Alaska, from helicopters, the edge of a sand trap and from the summit ridge of the Eiger in the Alps.

He calls himself a minstrel, which means he is a journalist-adventurer, a teller of stories, a witness to his world. The main requisite for that role, he has decided "is good peripheral vision and skill at escape."

This event is sponsored jointly by the Hallock Public Library, District 2359 Community Education, and with a grant from the Arts Council of the NWRDC.

For more information or for tickets call the Hallock Public Library 843-2401. Meet the author begins at 5:30 p.m., dinner at 6:30 p.m. Tickets are $10 in advance and $12 at the door.

The Strandquist senior citizens will not resume their meetings until after Easter. It is quite wet still from all the work that was done on the street near the center last year, but when the frost leaves, it will dry up quickly. On Thursday Elphia Adlie, Eunice Lofstrom, Toni Kasprowicz, and Irene Larson went to Thief River Falls on the tri-county bus, to spend the afternoon and a few other things. They reported a good time, but few bargains.

Elmer, Ernest and Alvin Holmstrom and Ellen Stromberg, Jean Gehris, June, Ben and Brian Kaspewicz, and Bud and Marie Steffen visited at Frank and Judy Kleinvachter's Sunday afternoon.

Morris and Hazel Andersan attended the craft show at Kennedy on Sunday afternoon. Hazel said there was some outstanding handiwork displayed which made me sorry to have missed it.

On Sunday Ruby Stromgren visited at Tom Conway's of Argyle.

Adeline Stennes, Gladys Johnsen and Ellen Flaten were afternoon guests of LoVel Thun on April 1, to help her celebrate her birthday. Evening visitors to help her celebrate were Don and Vangie Carlsen and Ron, Arnold and Vernice Larson, Leonard Torkelson, Ed and Janice Carlsen and George and Eva Monroe.

Isaac and Betsy Thompson brought supper and visited with Peter and Pearl Thompson on Thursday evening.

Paul, Kristopher and Kenrick Anderson, Brandon Andersen, Dean and Daryl Bristlin all attended the gun show in Newfolden on Sunday afternoon.

Mr. and Mrs. Orville Harstad were Thursday evening visitors at LoVel Thun's home.

Carl Simonson of International Falls, visited Elsie Lefrooth Saturday forenoon and Melanie Lefrooth visited her Grandma Elsie Saturday evening. Pearl Thompson and Michelle Johnson visited Elsie on Sunday.

Mary and Donna Renstrom and Donnie Larson enjoyed Sunday dinner at the Lois and Chris Garrioo home on Sunday.

Ted and Lori Johnson and family of Hallock visited at Morris and Marcelyn Lindstrom's home Sunday evening. Lori called me this afternoon and said I had won the Sphyg and stethescope, that the county nursing group gave at the health fair, at the tri-county school on Saturday. Thanks a lot.

On Sunday Jennifer Anderson was among nine college students who were guests for dinner at Rev. Virgil and Ruth Rasmussen's home in the Cities. Other guests were Rev. Ken and Pat Brown, former pastor of the Karlstad Gospel Tabernacle, and our own George Rasmussen, who has been a house guest there while his son Glen has had some medical care in Fargo. Jenny had a great time visiting with George.

Frank and Judy Kleinvachter stopped in with June Kasprowicz on Monday afternoon to see Vance and Kelly Lefrooth before they returned to their home in Cedar.

Ebba Sihlberg enjoyed a couple of hours taking care of three year old Danielle and six year old Donnie Donarski while Donovan and Kelly Donarski went to town.

Glenn and Audrey Rasmussen of Walker visited Peter and Pearl Thompson on Friday on their way home from Hallock where they had visited Audrey's brother and father.

Tuesday afternoon Frank and Judy Kleinvachter brought birthday cake and best wishes to Marie Steffen of Argyle.

June Kasprowicz stopped by in the evening.

Mr. and Mrs. George Monroe and LoVel Thun visited Ella Thun in Karlstad on Sunday afternoon.

Visitors at Peter and Pearl Thompson's home on Saturday were LaVanne and Brian Johnson and Becky and Michelle Johnson.

Marian Pederson and Anne Gunderson visited Frank Kleinvachter's on Friday evening.

Pearl Thompson, Elsie Lefrooth and Palmer Hallberg accompanied Roy and Myrtle Vagle to a Sunday afternoon house-warming party for Mark and Sally Wagner.

A father tells of his three year old son to whom he had been teaching proper manners. He had burped after dinner so he was told to say "excuse me." A few days later he came running into the house all excited and said, "Daddy, what should I say? I just burped in my pants." Perhaps he should have asked congress. They must have all the answers by this time.

Dimich, the 8th grade daughter of Judy and Dr. Tom Dimich of Thief River Falls, received first place in Level 4 (ages 13-14). Olson and Dimich are piano students of Marcia Knuttila.

Two piano students place in competition

Two piano students of Marcia M. Knuttila received first and third place in Scott's Music Store's 6th Annual Piano Competition held Friday, April 10, and Saturday, April 11, at the community room located in Columbia Mall, Grand Forks, ND.

Ellen Olson, 12th grade daughter of Gina and Ron Olson of Thief River Falls, received third place in level six (17-18 years old). Kendra Dimich, 8th grade daughter of Judy and Dr. Tom Dimich of Thief River Falls, received first place in level 4 (ages 13-14). Ellen and Kendra received monetary awards of $35 each.

This piano competition was sponsored by Scott's Music Store at Columbia Mall. All piano teachers in Minnesota and North Dakota could enter only two piano students in this select piano competition. Each contestant memorized two piano selections with contrasting sytles representing two different periods in music history.

Forty-one piano teachers entered 76 students to participate in this piano competition. There are six categories set up according to age: Level 1 (8 and under), Level 2 (9 and 10), Level 3 (11 and 12), Level 4 (13 and 14), Level 5 (15 and 16), Level 6 (17 and 18).

Ellen performed "Sonata Op. 57, Appassionata, Allegro Assai" by Ludwig von Beethoven and "Suite Bergamasque, Prelude" by Calude Debussy. Kendra performed "Sonata Op. 13, First Movement" by Ludwig von Beethoven and "Nocturne in Eb Major, Op. 9, No. 2" by Frederic Chopin.

Dr. James Fry, piano instructor at the University of North Dakota, was the adjudicator for this piano competition. The top three award-winning piano students for each level performed in the Honor Recital on Saturday, April 11 at 2 p.m. in the Community room at the mall.

Frank Gibbs created his famous beef stew as the first guest cook for the St. Hilaire Lutheran Social Services senior dining program Monday evening. NW Technical college holds EGF meeting

Special to the Times
by Warren Strandell
Publisher of "The Exponent"
East Grand Forks

The task of preparing the new Northwest Technical College for operation on July 1 continued in East Grand Forks last Thursday when the six-member joint powers board met for the third time.

The first meeting had been held February 13 at Wadena and the second on March 12 at Thief River Falls. The next session in the revolving series of organizational sessions will be May 12 in Detroit Lakes.

The "new" college is being formed as a result of a six-way merger of the technical colleges in East Grand Forks, Thief River Falls, Bemidji, Moorhead, Detroit Lakes and Wadena. In the merger, each of the six campuses will be separated from its sponsoring K-12 school district and will operate under a central administrative unit.

While last week's session in East Grand Forks dealt with a multitude of policy and operational matters, the process and timetable involving the employment of administrative staff may have emerged as one of the most important topics.

On that matter, the board gave its finance committee the authority to seek and employ a "temporary" business manager or accounting firm to handle the finances of the new college until such time as a permanent "chief financial officer" can be named.

The timetable for bringing that new financial manager on staff calls for advertising of the position to begin almost immediately, screening of applicants in early June and selection later that month.

The final selection, the board determined, should not occur until the college's "chief executive officer" has been named. The process of choosing the CEO is also scheduled to conclude in early June. The interview process is planned for June 9-10 and selection likely as a part of the June 11 board meeting.

Also about that time, the board's strategic planning committee wants to hold a two-day meeting—probably at Moorhead on June 15-16—to "identify assumptions and develop goals and strategies" for the new college. Involved would be the new CEO (who would hopefully be available even though probably not yet on staff), the new chief financial officer, six regional board members, the six campus presidents, about 36 deans and faculty supervisors, area state legislators and some student senate members.

From that meeting would come a "draft plan" that could be finalized in July or August. It would be evaluated a year later and final plan developed then.

In other matters, the board:

•Authorized the executive committee to pay for legal services to review all of the contracts and property titles that have been developed over the years at the six campus sites. The board would like provisions made in signing over facilities to the state that would protect the investments and interests of the host K-12 districts. Included would be the right to be given ownership of the campus sites and facilities in the event that any or all of the campuses were no longer used for technical education. The ownership option would be just that—an option—giving the right to the host district to either acquire, or not acquire the buildings at its discretion.

• Appointed the Minneapolis law firm of Alexander & Alexander to negotiate and develop a single liability coverage insurance plan to be effective July 1.

• Discussed its obligation to provide uninterrupted health insurance coverages of no lesser amounts than the current benefits packages at the six sites and how a new single health plan might be negotiated.

• Learned that in the past week 16 persons had applied for the CEO position. Those applications came from New Jersey to California, with just one from Minnesota (Badger). Three are women.

• Was advised not to discuss professional associations or union memberships with faculty in advance of the May election to be conducted by the Bureau of Mediation Services.

Snow produces changes in TRF sports schedule

Spring snow that fell Friday prompted several changes in the Thief River Falls sports schedule.

Lincoln High School girls lost out on a track meet at Bemidji Friday afternoon and a season opening invitational softball tournament at Alexandria Saturday. The weather also prompted officials to call off today's (Tuesday) softball double header at Bemidji.

Weekend baseball erased because of the weather included Northland Community College home double headers against Fergus Falls Saturday and Hibbing Sunday, along with a seven team high school scrimmage Saturday at Irv Wilson Field featuring Thief River Falls, Red Lake Falls, Middle River-Marshall County Central, Crookston, Roseau and Ada-Borup. The Prowlers were also forced to call off today's scheduled season-opener at Ada-Borup.

Changes in the Northland baseball schedule will move the Fergus Falls games to Thursday, April 23, and the Hibbing games to Monday, April 27. They will be both 1:30 p.m. doubleheaders in Thief River Falls.

Lincoln softball at Bemidji was rescheduled for Monday, April 20. Lincoln baseball at Ada-Borup was reset for Monday, May 4, and the girls track meet at Bemidji will be put back on the schedule Thursday, May 16.

Northland baseball team, 1-1, will try to begin Minnesota Community College Conference play with home doubleheaders against Itasca at 1 p.m. Wednesday and vs. University of Minnesota-Crookston at 12-noon Saturday.

The Northland softball opener is scheduled Wednesday at Brainerd, followed by the Pioneers' opener homer Friday vs. Fergus Falls. They are both 3 p.m. doubleheaders.

Weather-permitting, the Lincoln baseball season-opener will now be Thursday's 4:30 p.m. North Sub-Section 8AA match-up against Detroit Lakes at Irv Wilson Field.

Twice-delayed opener for the Lincoln softball team is now planned Thursday at 4:30 p.m. at Detroit Lakes.

Goodridge senior Donavon Quam finished his high school basketball career this winter with 1,051 points. The 6-4 guard/forward averaged 17.5 points over a three-year, 60-game varsity career under head coach John Rahn (right).

Fourth Goodridge player joins 1,000-Point Club...

Quam added to scoring list

Addition of Donavon Quam this year has increased the membership in the Goodridge High School basketball 1,000-Point Club to five members – three boys and two girls.

Quam finished with 1,051 points and a 17.5 scoring average over a 60-game varsity career. Previous Goodridge 1,000-point scorers include Lon Szymanski, Class of '65, with 1,400 points; Jennie Boutain, Class of '86, with 1,377; Georgine Troska, Class of '77, with 1,277; and Rick Easthouse, Class of '77, with 1,045.

A part-time starter as a 5-10 sophomore when he netted 143 points and carried a 10.2 average in 14 games, Quam grew to be 6-3 as a junior when he scored 402 points and had a 16.7 average for 24 games. As a 6-4 senior his figures shot up to 506 points and a 23.1 average for 22 games.

Consistency has been a Quam trademark. He finished with 38 consecutive double-figure scoring performances, hitting double-digits 48 times overall. He scored 20 or more points 24 times and scored 30 or more points on six occasions, with a career-high 33-point effort against Grygla-Gatzke this winter.

Scoring produced most of the attention, but Quam is hardly a one-dimensional player. He also averaged 10.1 rebounds per game. The 609 career boards included 151 as a sophomore, 245 as a junior and 213 as a senior.

Boys takes part in Pirate Relays

Snow and cold weather altered most of the area weekend sports schedule, but did not stop the Thief River Falls boys from competing in the Pirate Relays Indoor Friday at the Red River Valley Winter Shows Building in Crookston.

Stephen won the 12-team event with 92 points, followed by Crookston with 87, Thief River Falls 69, Tri-County 53, East Grand Forks 36, Fisher 30, Red Lake County Central 19, Climax-Norman County West 16, Marshall County Central-Middle River 10, Lake of the Woods 8, Red Lake Falls 2, Hallock-Kennedy 2.

Thief River Falls wound up with four first place finishes – a pair of individual wins and two relay victories.

Senior Joel Davis ran a 2:12.08 to win the 800 meters and junior Kevin Johnson went 25.7 to take the 200.

First place Thief River Falls relay teams included juniors Marc Haugen, Wade Evenson, Jason Svir and Johnson with a 1:27.47 in the 4x1 lap event; Haugen, Svir, Johnson and Davis with a 3:22.42 in the sprint medley.

"We're pleased with what we did," said Thief River Falls coach Tim Olson. "We made some slight improvements. We're not at all disappointed in our performances. We had some good efforts."

Thief River Falls was without senior John Wallberg, a top shot putter, who is sidelined by minor knee surgery.

Thief River Falls boys will be idle until the Tuesday, April 21, Park Rapids Invitational – the Prowlers first outdoor outing of the spring.

Glenn Chiodo-coached Thief River Falls girls will also be idle until the Park Rapids meet. They were weathered out of the Bemidji Jaycees Invitational Saturday.

Key holes are left in Rebels' line-up

Number-wise, graduation losses were minimal, but in the terms of talent, the Middle River-Marshall County Central cooperative high school baseball team has some big holes to fill for the 1992 season.

The Rebels won a Region 8A title last spring with just three seniors, but it was a talented trio – Mike Rokke, Jeremy Underdahl and Wade Walton.

They also lost coach Alan Hanson, which elevated Jerald Hagen from assistant to head coach. He worked under Hanson the past three years, and has also served as a coach in the Thief River Falls summer American Legion baseball program.

Returning from an 18-7 team that lost a bottom-of-the-seven inning 2-1 state tournament quarterfinal decision to Madelia-Truman are seniors Jamie Lorenson, Troy Myhrer, Chad Bjorgaard and Jarrett Walton; juniors Richard Wappula, David Blazek, Jeremy Tallum, Jason Simmons and John Sparby; along with sophomore Jason Black.

Seniors Brian Maurstad and John Lee are also on hand, and junior Shane Borg, who did not play last year, could be a valuable asset this spring.

Others currently involved in the varsity/junior varsity program include sophomores Ryan Black, Germaine Carriere, Scott Yonke, Aaron Skadsem and Shawn Leach, plus freshmen Kent Rokke and Sheldon Ruud.

A number of the 1992 Rebels have three-four years of high school varsity experience and summer baseball under their belts, pointed out Hagen, who figures his team should be strong offensively and could be solid defensively. But he has to come up with some pitching to replace Rokke and Underdahl, who handled most of the mound duties in 1991.

"That's the key," admitted Hagen. "We may have to pitch by committee."

Walton, Myhrer, Blazek and Tallum have pitching experience, and Borg, Sparby and Wappula could also work their way into the rotation.

Revamped area high school baseball line-up has the Rebels grouped in Section 8A Sub-Section 3, along with Ada-Borup, Red Lake Falls, Hallock-Kennedy, Crookston, Tri-County and Fertile-Beltrami.

"It looks like we'll be chasing Crookston and Red Lake Falls," offered Hagen. "And if the Rebels' pitching comes through, it might be an interesting race.

Goodridge reached the 17-win plateau for the second straight year during the 1991-92 boys high school basketball season, but the Huskies were nevertheless left with a feeling of emptiness when the 17-5 campaign ended.

"We had a lot of un-basketball related problems to deal with," acknowledged sixth year Goodridge head coach John Rahn. "I don't feel we ever really did reach our full potential."

The Huskies got a late start when the Grygla/Goodridge football cooperative extended its season into the Nine-Man state football playoff finals. But the delay hardly seemed to matter as Goodridge started the basketball season 6-0.

"Because of the late start, we tried to be patient until things fell into place," explained Rahn.

With Goodridge standout Donavon Quam hobbled by an ankle injury, the Huskies lost three straight in early January before putting together an 11-game winning streak that ended in a 102-81 shoot-out against eventual Section 8A champion Clearbrook-Gonvick in the final game of the regular season.

Goodridge played some good basketball at times, said Rahn. The best, he said, was a 68-41 win over Grygla-Gatzke in late-January. It was one of three Goodridge wins over the rival Eagles this winter – one of highlights of the 1991-92 season for the Huskies.

Post-season play was brief – a disheartening last-second 36-34 Section 8A Sub-Section 3 quarterfinal loss to Climax.

"The loss to Climax was hard to take," said Rahn. "We were all kind of stunned. But there's nothing to can do about it when a shot goes in at the end like that."

Quam, who averaged 23 points and finished his high school basketball career with 1,051 points, headed a group of six seniors who led the Huskies this winter. Brandon Blaine (11.1) was the only other Goodridge scorer with a double figure average, but Willie Vettleson contributed 8.4 points per game, Shane Wilkins led the team in assists and Peter Grosz turned in solid, if not specular, play.

"Donovan had an outstanding year," pointed out Rahn, who gave special recognition to Quam's accomplishments, while also making sure his teammates, especially Wilkens, received equal billing. "Shane come through in all areas of the game for us," he said. "He had great leadership and a real desire to succeed. He got his share of points, he came up with the steals and he got his assists. He had a great year for us."

There were also opportunities during the season for sophomores like Eldon Quam and Travis Kotrba to pick up playing time. "They came in a did a good job," mentioned Rahn.

Donavon Quam was named the Huskies most valuable player during a Monday awards banquet. He was also selected the best defensive player and received the Take a Charge Award for leading the team in that category. Grosz was named most improved, Wilkens was selected Mr. Hustle, Kotrba was voted most dedicated and Shane Vettleson earned the Coaches Award.

Graduation losses will definitely be felt by the Huskies in 1992-93, but Rahn isn't tossing in the towel. "We'll be down a little, of course, but we'll still be okay," he said. "We've got some good kids coming back. Hopefully we'll have 8-10 kids who can play. A lot depends on what the kids do in the off-season."

Kruta plays well

Thief River Falls' Jodi Kruta performed well, according to Lincoln High School girls head basketball coach Sally Wiltse, as a member of the Outstate team during the 1992 Minnesota Metro/Outstate All-Star basketball series played over the weekend.

Kruta scored four points in the Friday night game at the Target Center in Minneapolis and had a 9-point, 7-assist effort in the Saturday evening contest at Hallenbeck Hall on the St. Cloud State University campus.

Sharing playing time and scoring with a team full of basketball talent doesn't always result in headline-producing point totals, explained Wiltse, but Kruta proved herself with her play both nights.

"Jodi fit right in," said Wiltse, who attended both sessions. "Of the 24 kids on the two teams, I'd say she was in the top five as far as basketball skills and court sense. She handled the ball extremely well and did a real nice job passing."

Jenny Loeck of East Grand Forks and Kim Hansoa of Fergus Falls were other Section 8A/Section 8AA players on the Outstate team.

Boys portion of the weekend basketball doubleheaders also had Section 8A/Section 8AA ties on the Outstate squad, including coach Eldon Sparby of Middle River, along with players Jeff Brunsborg of Clearbrook-Gonvick, Aaron Molacek of Warren and Kevin Pearson of Fergus Falls.

Applications now available for 1992 black bear season

Applications are now available for the 1992 Minnesota black bear hunting season, which will run from Sept. 1 to Oct. 18.

Each hunter who entered the 1991 lottery has been sent a preprinted application for this year's drawing, according to Department of Natural Resources (DNR) officials. Hunters are encouraged to use the preprinted applications to help reduce errors and processing costs.

Application forms are also available from license agents throughout the state. Applications for the computerized drawing are due May 1.

There are 7,920 permits available in 10 quota areas, an increase of 780 permits from 1991. Bear licenses cost $35 for residents and $166 for nonresidents. Hunters should not send money with their applications, according to the DNR. Successful applicants will be notified by May 22 to submit the appropriate fees to receive a license.

Bear permit drawing is based on a preference system similar to the system used for antlerless deer permits and turkey permits. Hunters receive preference for each year that they apply but are not issued a permit. Permits are drawn first for those applicants who have the highest preference.

Tax donations aid nongame wildlife

With the end of the 1991 tax season near, many taxpayers are scrambling to make the April 15 deadline. Wildlife species are also facing a struggle – some a struggle for survival, according to Carrol Henderson, supervisor of the DNR Nongame Wildlife Program.

"This may not seem like a common link, but on line 10 of the Minnesota individual tax form there is an opportunity to donate to the Nongame Wildlife Fund," Henderson said. "Nongame refers to all the animals that are not hunted, fished or trapped. Game animals receive management money from license sales, but most money for nongame wildlife is received as checkoff donations, not from taxes or from the Environmental Trust Fund."

Last year approximately 150,000 families gave $973,600 to the Nongame Wildlife Fund, according to Henderson. Minnesota is ranked second behind New York in total donations. Minnesota was one of the first states to have a nongame checkoff. Now 36 states have similar programs. Minnesota's program started with $523,000 donated in 1980 and peaked in 1982 with donations totaling $1,012,500.

Originally the checkoff was called the chickadee checkoff, with $1 donations encouraged. Now people are asked to give what they can, and donations average $6.20.

"The need for the Nongame Wildlife Program has grown tremendously," Henderson said. "While we have been excited to help the return of flagship species like the bald eagle, trumpeter swan and peregrine falcon, many lesser known species such as forest songbirds, burrowing owls, boreal owls and even mussels in our rivers play key roles in the ecosystem. They need help now to prevent future declines."

Reports indicate that donations are down 2 1/2 percent so far this tax season. Donations are down about 12 percent since 1989, mainly because fewer people now get refunds, according to Henderson. "Most checkoff donors contribute from their refund," he said. "Unless there is a reversal in that downward trend, programs and species will suffer."

Minnesotans have traditionally been supportive of wildlife programs, with 7.5 percent of the public donating to the Nongame Wildlife Fund. Henderson said the donation rate for persons who go to taxpreparers is only half that for people who prepare their own forms, however, because many tax preparers skip the checkoff line.

"Minnesota is legendary for the beauty of its woods and waters," Henderson said. "Ensuring this natural heritage cannot be left to chance."

Minnesotans can check off for wildlife on the individual tax form and end property tax form. Corporations can donate by the eagle on their tax form.

Quam joins top scorers

(Continued from Page 14)

Quam include 137 blocks shots and 37 charges that he took over the past two years. As a senior he blocked 111 shots, shot 51 percent from the field overall (188-for-366), shot 43 percent from three-point range (46-for-106), shot 83 percent at the free throw line (72-for-86) and came up with 98 steals – all team-leading figures.

Donavon is the most complete player I've ever had – offensively, defensively, rebounding, blocked shots, three-point shooting and ball handling," said Goodridge coach John Rahn. "He is a complete package, a coaches' dream."

Quam was a two-year all-conference pick in both Polar and North Tri-County play; was named to holiday all-tournament teams as a junior in the Goodridge Invitational and as a senior in the Northland Community College Invitational, where he was also selected as the tournament MVP; and was among the players listed on this year's Grand Forks Herald Minnesota All-Area team.

In helping lead Goodridge to the 1990-91 North Tri-County Conference and 1991-92 Polar Conference titles, Quam has twice been selected as the Huskies top defensive player; picked up back-to-back Take a Charge Awards for leading the team in that statistical category; and was named MVP this winter.

"He just got better and better," noted Rahn. "He's been real consistent, even though he's been a marked man. Although he's on the thin side, Donavon is strong, and he's quick – his first step is outstanding. He can handle the ball, he can rebound and his shooting range is outstanding – he can hit that 24-footer, easy."

Making a long shot is a magic moment, acknowledged Quam. "I really like hitting the three-pointer," he said. "It really gets the crowd pumped up."

It's been a memorable senior year for Quam, who was an offensive end/defensive back on the Nine-Man state runner-up Grygla-Goodridge football squad this fall, before beginning his 1,000-point quest.

"Actually, I didn't even know I had 1,000 points," said Quam. "I knew I was getting close, but I wasn't really paying that much attention to it."

A bigger highlight, according to Quam, was a three-game sweep over Grygla-Gatzke this winter, including a 55-42 decision in the finals of the Northland Invitational about a month after the football cooperative had completed its Metrodome march. The Huskies also beat the Eagles 68-41 in Goodridge in late-January and added a 62-58 victory in a rematch at Grygla a month later.

"Beating Grygla three times was a real highlight," said Quam. "We're friends and teammates in football, but that just makes you want to play that much harder against each other in basketball."

His talent would fit right in at a larger-school program, but Quam enjoyed playing small-town basketball, and doesn't think his skills suffered for lack of Class AA-type competition. "Being at a smaller school, I got more playing time, and everybody knows you," he said. "I had a lot of fun playing here."

Rahn played a key role in his basketball development, said Quam. "He challenges you to be better," he explained. "He gets on you when you don't do so well."

Quam isn't sure where, but he plans to play college basketball next year – starting at the community college/junior college level. He may end up staying in northwestern Minnesota, or he might wind up accepting an invitation from Southeastern Iowa, located in Burlington. "I'm going to a two-year school someplace to see if I can play at that level, then transfer to a four-year program," Quam explained.

Bear season

(Continued from Page 15)

All applicants who have reached their 18th birthday by May 1 must provide a driver's license number, Minnesota public safety ID number, or a 12-digit firearms safety certificate number to apply for the drawing. Those applicants under age 18 who do not supply one of these numbers will have a number assigned and will automatically entered into the drawing.

Portions of the bear range in east-central and northwest Minnesota will also be open to an unlimited number of hunters. Licenses for this no-quota area will be available after July 1 at the DNR license bureau, county auditor's offices, and at license vendors in Pine, Kanabeck, Roseau and Marshall counties.

Hunters may purchase only one bear license per year.

Allows readers to speak out on a variety of issues

by Linda Welk, CLS
Northwest Medical Center

There was a time when I was a teenager that I came down with an illness that just would not go away. My mother became worried and took me to our family physician who, after examining me, decided to have some lab tests done. His words to me were, "I think we'll let the detectives work on this one."

Those words intrigued me... What did he mean by detectives? All I could think of was people in long coats and hats carrying magnifying glasses.

When we reached the laboratory, a young woman in a white coat had me sit in a chair and explained that she was going to take a blood sample from my arm. Although I was terrified, I was also curious. I asked her why the doctor called her a detective when it was obvious to me she was a laboratory technician. She smiled and told me Dr. Bush called them detectives because they were always searching for the cause of an illness.

In my mind there were only two blood tests, a blood count and a blood sugar. If the blood count was high you had an infection, and if the blood sugar was high you were a diabetic. The lab technician told me there were hundreds of different tests and the blood count was in itself many different tests. There are red blood cells, platelets, and white blood cells of which there are many different kinds.

In fact, she told me, your white blood cells can be normal or low in numbers and you can still have an infection. She explained more, and it was at that time that I decided I wanted to be one of "them."

Now I am the woman in the white coat. I work in the laboratory at the hospital in Thief River Falls and in celebration of National Laboratory Week (April 12 - 18) I would like to say a few words about our profession and the fine people who work in it.

To be a laboratorian you must either have a Bachelor of Science degree in medical technology, or an Associate of Science degree from an approved school of laboratory medicine. Upon graduation, each person must pass a national board of registry examination. This test contains approximately 200 questions in six different categories and must be completed within four hours time.

Needless to say, those of us who have passed these examinations are very proud of our certifications. We are available 24 hours a day, seven days of the week, 365 days of the year, but the only time you may see us is if you are having blood drawn. Our job at that point is only just beginning. We perform hundreds of tests in the areas of hematology, chemistry, microbiology and blood banking just to name a few. We are also under very strict governmental guidelines that require us to follow certain standards that assure you of accurate results.

We are part of your local health care team and, as always, our mission is your good health. Happy lab week!

Doni Loesila, Miss Thief River Falls, performed at the *Arctic Lites Spring Show* Saturday in Thief River Falls. The spring show was well attended and included performances from youth belonging to the Arctic Lites Gymnastics club.

Judy and Dr. Tom Dimich were recently honored by the Alpha Phi chapter. The Dimichs were presented the Tau State Outstanding Service award which recognizes a Minnesota volunteer for the accomplishments which enrich the lives of children, for the achievements which make communities a better place for children to live, and for the indefatigable energy that is exerted on behalf of children. Both are involved in the Youth Steering committee, Senior High Youth Group Advisors, King's Kids Youth Group at their church, and in the Lincoln high school parent advisory, Friends of the Orchestra, Band Boosters, and Academic Boosters. Judy is also involved in several other activities such as, Sunday School teacher, Vacation Bible School, Youth Choir director, and at Lincoln high school as the president of the Friends of the Orchestra, board member of Band Boosters, Parent Advisory board at Franklin and many other groups. Tom is the Evangelism committee chairman at his church and member of church council. He is also a member of the Northland Community College Foundation and Lions Club member. Pictured at the award presentation are: (from left) Donna Poole, Alpha Phi, Dr. Tom Dimich, Judy Dimich, and Glenna Wefeld, Alpha Phi.

Smoke was observed coming from this residence at 920 East First street at about 7:30 p.m. Sunday, April 12. Thief River Falls Fire department officials are pictured following the fire. The fire was confined to the kitchen area. Fire Chief Dave Bjorkman said there was no structural damage, but there was extensive heat and smoke damage. No cause has been determined. Bjorkman said nobody was home at the time and the fire was reported by someone passing by.

Conference on ADA planned

Over 7,000 architects, business owners, managers, and code officials have attended the first two video conferences in the series called "Opening All Doors: Understanding the Americans With Disabilities Act" at 235 locations nationwide. The third program in the series on April 21, at 12 noon to 3 p.m. continues to examine ADA implications, especially in regards to enforcement of the law. This national conference is sponsored locally by the Thief River Falls Technical College Small Business Development Center.

This video conference can be seen at the Technical College in Thief River Falls. The live, interactive program allows participants to find out about the ADA Act and gives them a chance to ask questions to the nation's pre-eminent experts.

The series offers the most comprehensive information available on ADA requirements, many of which took effect on January 26. The third and last program in the series "Enforcing the ADA at State and Local Levels," looks at the legislation through the eyes of the persons, communities, and states at whom the ADA is aimed. The program will: identify the people affected by the ADA; explore the impact the ADA has upon their individual roles in the design and use of the built environment, model effective relationships which promote community adaptation to universal design; help participants learn to recognize the large and small challenges triggered by the ADA; and visually demonstrate that accessibility is a matter of civil rights in America.

Registration fee is $95 per person if pre-registered and walk-in fee is $125. To register contact the national sponsors, the American Institute of Architects at 1-800-365-2724. For further information about the teleconference contact the Thief River Falls SBDC at (218) 681-5424 or 800-222-2884.

PLANNING COMMISSION
CITY OF THIEF RIVER FALLS

Notice is hereby given, pursuant to Chapter 11 of the Thief River Falls City Code, that Diane Krepp, doing business as "Diane's Past & Present," 131 Oak Avenue North, Thief River Falls, MN 56701; Occupational Development Center Inc., 1520 Highway 32 South, Thief River Falls, MN 56701; and, Tri-State Land Company (Soo Line R.R.), 615 Soo Line Building, Minneapolis, MN 55402, having an interest in or being the owners of properties located at 419 Third Street East, have requested a zoning Amendment for properties at this location. They have requested that the Zoning for the following described properties be amended from I-2 General Industrial District to C-3 Central Business District.

Beginning at a point which is the intersection of the Main Line of the Soo Line Railroad with the center line of Third Street East (Minnesota Highway 59); thence easterly along said center line of Third Street East to its intersection with the center line of Davis Avenue, thence northerly along said center line of Davis Avenue to its intersection with the north line extended of Block 11 in Meehan's Addition, thence westerly along said north line of Block 11 extended and along the north line of Block 10 of Meehan's Addition extended to its intersection with said center line of the Main Line of the Soo Line Railroad, thence southerly along said center line of the Main Line of the Soo Line Railroad to the point of beginning which includes all of that portion of Block 10 in Meehan's Addition lying east of the center line of the Main Line of the Soo Line Railroad, and parts of Station Lots 7, 9, and 11, as described in a leasehold agreement between the Soo Line Railroad Company and the Occupational Development Center, Inc.

Diane Krepp proposes to purchase the existing building owned by the Occupational Development Center, Inc. and lease certain of the above described properties from the Soo Line Railroad Company. Approval of the Zoning Amendment request would allow Diane Krepp to operate a business to be known as "Diane's Past & Present" which would retail antiques and handmade art. Portions of the building would also be leased for commercial office space.

Notice is further given that the Planning Commission will hold a Hearing on the Zoning Amendment Request at 7:00 P.M. (CDST) on Monday, April 27, 1992, in the City Council Chambers, City Auditorium. All persons wishing to comment on the Zoning Amendment Request will have the option to be heard at this time. Persons who wish to submit written comments prior to the Hearing or who have questions should address them to the Office of the Community Development Director, City Auditorium, P.O. Box 528, Thief River Falls, MN 56701 or telephone 218-681-2500.

Dated this 9th day of April, 1992

THANK YOU

Thanks to the doctors and nurses at Northwest Medical Center for the good care Carl Peterson received recently as a patient there. Thanks to the many friends and family for cards, flowers, phone calls, and visits during Carl's illness. County Health for their help and Northwest Ambulance Service.

Thanks to all who sent flowers, food and words of comfort during this time of sorrow. Everyone's thoughtfulness is greatly appreciated.

Helen and Roger Peterson and family

PUBLIC NOTICE

The City Of Thief River Falls Water Department announces that the State maximum limit for turbidity in drinking water of one turbidity unit was exceeded during the month of February 1992. The monthly average for turbidity was 1.05.

Turbidity is caused by the presence of finely suspended particles such as clay, sand, or organic matter in water. Turbidity can be a problem if it interferes with the Chloramine used for disinfection. However, the turbidity level did not create a health hazard because the Water Department is able to maintain effective levels of disinfection.

The Thief River Falls Water Purification Plant is currently in the construction stage of a 6.7 million dollar expansion and remodeling project. This project will enable compliance with the water quality requirements of the 1986 Amendments to the Safe Drinking Water Act.

Please be assured that the water is safe to drink. Any citizen seeking additional information should contact Allen J. Lamm, at the Water Purification Plant phone number 681-3609.

CARD OF THANKS

Thank you to everyone for your love and concern during my two week stay at St. Luke's Hospital in Fargo. Thanks for all the plants, flowers, cards, visits, and telephone calls, but mostly thanks for your prayers. Thanks to Pastors Raymond, Johnson, and Moyer of Zion Lutheran Church for your visits. May God bless each of you for your kindness.

Wilbur Hallstrom

THANK YOU

We would like to express our sincere thanks for all the love and concern shown us during the illness and death of our dear husband, father, grandfather and great-grandfather, Raymond Rausch. Special thanks to Northwest Hospice program, especially to Laurie and Linda and the volunteers. Thanks to Dr. Heinrichs, nurses and staff at Northwest Medical Center for the care and concern. Thanks also to Father's Joe and John for the prayers and time spent with us. We appreciate all the food brought to our homes, cards, prayers, and memorials.

Notice is hereby given that sealed bids will be received at the office of the Middle River-Snake River Watershed District at 453 North McKinley Street, Warren, Minnesota 56762 until 4:00 o'clock PM on May 4, 1992 for the rental of fully operated excavation equipment. Proposals are being requested for dozers, blades and crawler mounted draglines or backhoes. The draglines and backhoes may range from 3/4 cubic yards and larger and must be equipped with a boom, bucket and counter weights appropriately matched for the type of machine. All equipment must be equipped with a servis recorder.

The works to be done consist of but is not limited to the clearing and disposal of trees and brush and the removal of sediment from drainage channels, disposal of rocks and the leveling of spoilbanks. The work required and the locations of the work will be designated by the engineer of the district.

The equipment must be modern and in good operating condition and furnished with capable and experienced operators. Deficient operations or maintenance which results in reduced production or poor workmanship will be cause for consecutive cancellation.

All equipment proposed will be considered and evaluated based on many factors including but not limited to the following: price, horsepower, machine rating, machine weight, track length, track width, track gauge, buckets available, boom lengths available and counter weights available.

Work will be paid by the hour and payment will be based on the time recorded on the Servis Recorder discs which must be turned over to the Engineer. Payments will be made on a monthly basis. The minimum hours per week will be 40 unless delayed by weather or equipment operating problems.

In addition to the payment for hourly work, the contractor will be eligible for a demobilization payment. The amount will be equivalent to 5 hours rental rate for each type of equipment authorized for use by the Engineer.

Demobilization payment will be included in the last payment for hourly work satisfactorily completed.

The District may cancel the contract at any time without cause by paying the demobilization payment.

The contractor may cancel the contract at any time without cause but forfeits the demobilization payment.

The type of equipment best suited for this project is dependent on the weather and other unknown job conditions. The district intends to rent equipment which in its opinion, will perform the required work at the least cost. Its evaluation factors will depend on conditions expected and encountered which will likely change along the course of the work. The District will release and rent different equipment from time to time as it deems necessary to economically perform the required work.

The contractor, in making this proposal, promises to furnish the equipment listed for the prices shown subject to its availability. He does not promise to make or keep the equipment available to the district. He understands, however, the equipment availability may be a factor in the district's evaluation of equipment.

The contractor will be required to furnish certificates showing that he has workmans compensation insurance and liability insurance.

The Middle River-Snake River Watershed District reserves the right to reject any and all bids and to award contracts to other than the apparent low bidder.

Dated at Warren, Minnesota this 3rd day of April, 1992.

In Re: Estate of W. D. Frye, Deceased

ORDER AND NOTICE OF HEARING ON PETITION FOR PROBATE OF WILL AND APPOINTMENT OF PERSONAL REPRESENTATIVE IN SUPERVISED ADMINISTRATION AND NOTICE TO CREDITORS

TO ALL INTERESTED PERSONS AND CREDITORS:

It is Ordered and Notice is hereby given that on the 4th day of May, 1992, at 10:30 o'clock A.M., a hearing will be held in the above named Court at Thief River Falls, Minnesota, for the formal probate of an instrument purporting to be the will of the above named decedent, dated March 22, 1991 and September 6, 1991, and for appointment of Edith Frye whose address is Rt. 1, Havana, IL 62644, and Jay Frye whose address is Rt. 1, Box 43, Easton, IL 62633, as the co personal representatives of the estate of the above named decedent in supervised administration, and that any objections thereto must be filed with the Court. That, if proper, and no objections are filed, said personal representatives will be appointed to administer the estate, to collect all assets, pay all legal debts, claims, taxes and expenses, and sell real and personal property, and do all necessary acts for the estate. Upon completion of the administration, the representatives shall file a final account for the allowance and shall distribute the estate to the persons thereunto entitled as ordered by the Court, and close the estate.

Notice is further given that ALL CREDITORS having claims against said estate are required to present the same to said personal representatives or to the Court Administrator within four months after the date of this notice or said claims will be barred.

Dated: April 3, 1992

PUBLIC NOTICE
The City Of Thief River Falls Water Department announces that the State maximum limit for turbidity in drinking water of one turbidity unit was exceeded during the month of February 1992. The monthly average for turbidity was 1.05.
Turbidity is caused by the presence of finely suspended particles such as clay, sand, or organic matter in water. Turbidity can be a problem if it interferes with the Chloramine used for disinfection. However, the turbidity level did not create a health hazard because the Water Department is able to maintain effective levels of disinfection.
The Thief River Falls Water Purification Plant is currently in the construction stage of a 6.7 million dollar expansion and remodeling project. This project will enable compliance with the water quality requirements of the 1986 Amendments to the Safe Drinking Water Act.
Please be assured that the water is safe to drink. Any citizen seeking additional information should contact Allen J. Lamm, at the Water Purification Plant phone number 681-3609.

CARD OF THANKS
Thank you to everyone for your love and concern during my two week stay at St. Luke's Hospital in Fargo. Thanks for all the plants, flowers, cards, visits, and telephone calls, but mostly thanks for your prayers. Thanks to Pastors Raymond, Johnson, and Moyer of Zion Lutheran Church for your visits. May God bless each of you for your kindness.

NOTICE TO CONTRACTORS
Notice is hereby given that sealed bids will be received at the office of the Middle River-Snake River Watershed District at 453 North McKinley Street, Warren, Minnesota 56762 until 4:00 o'clock PM on May 4, 1992 for the rental of fully operated excavation equipment. Proposals are being requested for dozers, blades and crawler mounted draglines or backhoes. The draglines and backhoes may range from 3/4 cubic yards and larger and must be equipped with a boom bucket and counter weights appropriately matched for the type of machine. All equipment must be equipped with a servis recorder.
The works to be done consist of but is not limited to the clearing and disposal of trees and brush and the removal of sediment from drainage channels, disposal of rocks and the leveling of spoilbanks. The work required and the locations of the work will be designated by the engineer of the district.
The equipment must be modern and in good operating condition and furnished with capable and experienced operators. Deficient operations or maintenance which results in reduced production or poor workmanship will be cause for contract cancellation.
All equipment proposed will be considered and evaluated based on many factors including but not limited to the following: price, horsepower, machine rating, machine weight, track length, track width, track gauge, buckets available, boom lengths available and counter weights available.
Work will be paid by the hour and payment will be based on the time recorded on the Servis Recorder discs which must be turned over to the Engineer. Payments will be made on a monthly basis. The minimum hours per week will be 40 unless delayed by weather or equipment operating problems.
In addition to the payment for hourly work, the contractor will be eligible for a demobilization payment. The amount will be equivalent to 5 hours rental rate for each type of equipment authorized for use by the Engineer.
Demobilization payment will be included in the last payment for hourly work satisfactorily completed.
The District may cancel the contract at any time without cause by paying the demobilization payment.
The contractor may cancel the contract at any time without cause but forfeits the demobilization payment.
The type of equipment best suited for this project is dependent on the weather and other unknown job conditions. The district intends to rent equipment which in its opinion, will perform the required work at the least cost. Its evaluation factors will depend on conditions expected and encountered which will likely change along the course of the work. The District will release and rent different equipment from time to time as it deems necessary to economically perform the required work.
The contractor, in making this proposal, promises to furnish the equipment listed for the prices shown subject to its availability. He does not promise to make or keep the equipment available to the district. He understands, however, the equipment availability may be a factor in the district's evaluation of equipment.
The contractor will be required to furnish certificates showing that he has workmans compensation insurance and liability insurance.
The Middle River-Snake River Watershed District reserves the right to reject any and all bids and to award contracts to other than the apparent low bidder.
Dated at Warren, Minnesota this 3rd day of April, 1992.

NOTICE OF HEARING
PLANNING COMMISSION
CITY OF THIEF RIVER FALLS
Notice is hereby given pursuant to Chapter 11 of the Thief River Falls City Code that Family Bowl, Inc., Tom Greeks, President, 806 Highway 32 South, Thief River Falls, MN 56701 has applied for a Conditional Use Permit. The site is located on Highway 32 South at Greenwood Street West and is an unplatted tract of land which is part of Government Lot 3 in Sec. 4, T153N, R. 43W.
Family Bowl Inc. proposes to construct a 44' X 100' mini storage facility near the easterly line of the above described property. Storage facilities are a Conditional Use in the C-2 General Business District and must conform to the requirements of Sec. 11.70, Subd. 6, which provides for certain requirements and conditions which must be met by the property owner erecting such a facility.
Family Bowl, Inc. has previously received Conditional Use Permits to erect a 44' X 100' free standing mini-storage facility and a 12' X 100' addition onto the bowling alley building which is also used for storage.
Notice is further given that the Planning Commission will conduct a Hearing on the Conditional Use Permit Request at 7:15 PM (CDST) on Monday, April 27, 1992, in the City Council Chambers, City Auditorium. All persons wishing to comment on the Conditional Use Permit Request will have the option to be heard at this time. Persons who wish to submit written comments prior to the Hearing or who have questions should address them to the Office of the Community Development Director, City Auditorium, PO Box 528, Thief River Falls, MN 56701 or telephone 218-681-2500.

Three residents of Red Lake Co. face charges

Three Red Lake county residents were arrested Monday, April 13, on charges of burglary, theft and possession of stolen property.

According to a spokesperson for the Red Lake County sheriff's department the arrests were the result of an investigation by Red Lake County sheriff's department into several burglaries in Red Lake County. Acting on search warrants, sheriff's deputies recovered items taken in burglaries at the Harvey Riendeau residence in rural Brooks, and the Randy Kroeplin farm and shop in rural Red Lake Falls. The items were recovered at two locations in Red Lake County and one in Crookston. The Crookston police department assisted in executing the search warrants in Crookston.

Three individuals were arrested and face charges of burglary, theft, and possession of stolen property: Kim Robert Knaack, 19, Todd Adam Knaack, 18, and Dana Rae Holland, 19 all of Red Lake Falls. All three are being held at Northwest Corrections Facility in Crookston.

Dick Spyhalski on state hospital board

Richard Spyhalski, chief executive officer of Northwest Medical Center in Thief River Falls, has been elected to the Minnesota Hospital Association (MHA) Board of Trustees, according to a newsletter from Northwest Medical Center and the Falls Clinic. According to the newsletter, Spyhalski will represent hospitals in northwestern Minnesota on the board.

As an MHA board trustee, Spyhalski said he will try to take a "global perspective on health issues. We all need to look at the big picture, in terms of what's good for Minnesota hospitals," he said.

The Minnesota Hospital Association is a non-profit association representing Minnesota's public and private non-profit hospitals. The association services its members through education, information dissemination and representation for the purpose of advancing and promoting quality health care.

Prior to becoming the chief executive of Northwest Medical Center in 1982, Spyhalski served as the chief executive of Long Prairie Memorial Hospital and Home in Long Prairie, MN, for five years, from 1977 to 1982. He also served for two years as associate administrator of Howard Young Medical Center in Woodruff, WI, and for five years from 1970 to 1975 as the administrator at Sleepy Eye Municipal Hospital.

Spyhalski served as the 1991 chair of MHA's Reimbursement Subcommittee, and a member of the Government Relations Committee. He also is a long-time representative to Blue Cross and Blue Shield of Minnesota's Advisory board. Spyhalski also is a nominee to the American College of Healthcare Executives, the professional society for hospital leaders, and a member of its nursing home counterpart, the American College of Health Care Administrators.

Lancaster man dies from wound

Monday, a 69-year-old Lancaster man died of a self-inflicted gunshot wound.

Marshall County Sheriff's department received a report of a shooting incident at about 12:01 on Monday, April 13. The sheriff's department was directed to a site two and one-half miles north of Strandquist on Highway 59 where they found Elby Jackson Engstrom, 69, Lancaster.

The sheriff's department believes Engstrom died shortly before they received the report of the shooting incident. Engstrom apparantly died of self-inflicted gun-shot. A .22 calibre pistol was used in the incident and there was no note, according to the spokesperson for the sheriff's department.

Snowmobile racing machines drew the attention of youngsters at the Eagles father and son banquet held April 3 at the Eagles hall in Thief River Falls. Program for the evening involved video highlights of Kitty Cat racing by Chris Swenson, son of the Lyle Swensons of rural Thief River Falls, and Formula 1 racing by Dave Wehl. Both drivers commented about their machines and racing experiences.

Blandin Foundation plans leadership retreat

Eight Thief River Falls residents can participate

Blandin Foundation of Grand Rapids, Minnesota, and the Northwest Minnesota Initiative Fund is making the Blandin Community Leadership Program available to people from Thief River Falls. A team of eight people will be selected to represent Thief River Falls at a six-day leadership retreat scheduled for October 4-9. Other communities represented at this retreat will be Crookston and East Grand Forks.

A community meeting will be held Monday, April 27, at 7:30 p.m. at Northland Community College, room D-60 to explain the Blandin Community Leadership program and to start the process of selecting delegates to represent the Thief River Falls area. All those who are interested in the future of the community and the area are invited to attend.

The Blandin Community Leadership Program started in 1985 and over 1,000 people from 120 Minnesota communities have participated in the program.

"The purpose of this program is to strengthen rural communities by helping them help themselves. We believe that a community's greatest resource is its people," said Paul Olson, president of the Foundation. The program, however, is intended not only to develop individual leadership skills, but also to develop networks and team of local leaders.

Jim Krile, director of the program, commented that, "Effective community development requires effective leadership throughout the community. The basic philosophy of this program is to encourage shared leadership within communities and to foster cooperation between communities." The program forcuses on basic leadership skills as they apply to community issues.

Participants for the October 4-9 retreat will be chosen by a local selection committee. Krile explained, "It is very important that communities select their own participants and that they get as many people involved in the selection process as possible." Due to the financial support of the Blandin Foundation, participants will receive $2,500 scholarships which cover food, lodging and tuition. In addition, the Northwest Minnesota Initiative Fund provides funds to cover transportation, child care and substitute wages if necessary.

Additional information about the community meeting or the leadership program can be obtained by contacting Don Stewart at 681-2500.

Area students on Deans list at Crookston

Area students named to the 1992 winter quarter Dean's list at the University of Minnesota at Crookston (UMC) were announced by the office of records and registration recently.

To qualify for a place on the Dean's list, students must complete 12 or more hours of college credit earning a grade point average between 3.5 and 3.99.

Students named to the Dean's list include: David L. Strandquist of Thief River Falls, agriculture.

Survey reveals alcohol use among teenagers

Alcohol use among Minnesota youth increases dramatically between the sixth and eighth grades. A Lutheran Brotherhood survey showed that 22 per cent of sixth-graders report using alcohol at least once in the past 12 months. Of the eighth-graders surveyed, 51 per cent report using alcohol once within the past year. An alarming 80 per cent of 11th-graders report use within the past year.

Officials at the Minnesota Department of Human Services (DHS) believe parents can take a more active role in preventing alcohol and other drug abuse. DHS is sponsoring a statewide initiative called the Parents, Alcohol and Pre-Teens campaign which uses media and community-based activity to help equip parents with information and skills to teach and model healthy alcohol use guidelines to their children.

A 1989 Minnesota student survey report determined that the number one reason kids gave for not getting involved with alcohol and other drug use was the perceived concern, objection and actual guidelines communicated by their parents. The campaign will bring that message to parents, according to DHS Commissioner Natalie Haas Steffen.

"Parents need information and tools to empower them as role models for their own children regarding chemical health issues," Steffen said.

The Parents, Alcohol and Pre-Teens campaign began in December and will continue through May. It involves a wide range of community organizations including city and county public agencies, clinics/hospitals, child care centers, early childhood family education programs, food shelves, 4-H extension programs, local businesses, private and public schools, religious organizations and task forces. Project components include electronic and print media, educational brochures for schools, religious organizations and communities, and skills training on setting, communicating and modeling responsible alcohol use/non-use guidelines.

A 1991 survey conducted by Search Institute shows that almost 97 per cent of parents agree with the statement that they should begin to talk with their fifth grader about alcohol and other drugs. Approximately 33 per cent of the parents either had not, or had only once discussed alcohol and other drug use issues with their fifth-graders. Additionally, 48.5 per cent had not even thought about establishing guidelines with their fifth graders within the previous three months.

The Minnesota Institute of Public Health, on contract with the Chemical Dependency Division of DHS, is coordinating and implementing the Parents, Alcohol and Pre-Teen Campaign. For more information contact them at 1-800-246-1303.

GOD'S LOVE APPEARS IN THE LOVELY PASTELS OF SPRING

When winter snows have joined the past,
With skies no longer overcast,
The sun will shine and soon, at last,
A new day it will bring;
Announced by every balmy breeze,
While barren branches by degrees
Will turn to green upon the trees,
Where birds begin to sing.
The butterflies are everywhere,
And flowers' perfume fills the air;
Their pastel beauty meant to share
With every living thing.
Your faith will help you understand
The love of God, when He has planned
That everything upon the land
Will come to life in spring.

NORWEST BANKS
INVESTMENTS • INSURANCE • BANKING

Norwest Bank is at home in Thief River Falls. We're your neighbors and your friends. But we don't take your loyalty for granted. In 1991 we provided friendly, full-service banking and were active in our community. We're proud to provide local service and look forward to continuing that tradition.

In touch with our community.
For us, knowing the banking business is vital. But, understanding our community and the needs of our customers is equally important. We keep in touch with our community by participating actively in a broad range of service and educational organizations.

In 1991 our employees put in more than 3,400 hours of community service, providing leadership and hands-on involvement. They helped deserving organizations such as Jobs Incorporated, the Northwest Regional Development Commission, Northwest Medical Center, and Big Brothers and Big Sisters, to name a few. Several employees took part in the Adopt-A-Highway Program, in which we collected garbage along a two-mile stretch of Highway 59 North.

We're proud too of the generosity of our employees, all of whom contributed to the United Way. And at Christmas time, instead of exchanging gifts with one another, they donated cash toward food baskets for families in need.

Now it is April

Idella Rewertz, Paula and Sheila Wilkens spent the weekend of March 22 in Fridley visiting at the Darrell Skallet home.

Howard and Myrtle LaFayette returned here on the 23rd after spending some time in Washington and Oregon. They had flown to Seattle first and visited his sister Gladys and Dan Whitaker, who then drove them to Albany, OR to visit another sister Joyce and Jim Cukendall. They also drove on to Paso Robles, CA where Myrtle's daughter Charlotte Spong lives, and had an enjoyable time there.

Hillcrest Visit

Fern Eskell, Jean Carpenter, Avis Froiland, Judy Carlson and Effie Vigstol, members of the Martha circle of Immanuel, along with Pastor Johnson, presented a devotional program at Hillcrest nursing home on Thursday afternoon. It was a pleasure to see their recently acquired aviary and to enjoy lunch and visit with the residents.

Birthday for Lorna

Friends who helped Lorna Huotari celebrate her birthday on Thursday evening, and who brought potluck lunch were Art and Alma Hanson, Eddy Eskell and Danna Kvasager, Rick and Lorraine Lorenson and boys, Milton and Janice Peterson and sons, Tom and Wilma Huotari, Arlan and Gerda Koskela, Jim and Deb DuChamp.

Birthday for Amber

Amber Westlake, daughter of Roy and Mary Beth Westlake, celebrated her sixth birthday on Friday with John and Joyce Burns, Karlene, Kristina and Chandler, and Edna Hyde as supper guests. Then Monday her school friends came for a supper at Hardee's. They were Lacey Gustafson, Katie Bushelle, Ashley Konickson, Tiffany Malwitz, Shaundra Duray, Heidi Wright and Kristen Vanek. Lots of fun, I'm sure.

Mr. and Mrs. Orvis Sletten of Thief River Falls visited her sister, Hazel Nabben, on Saturday and Hazel returned with them to spend the weekend.

Plummer Creamery association held their annual meeting at the Plummer hall on Saturday afternoon. A large crowd attended to hear the reports as well as entertainment by Janice Sorenson of Fisher, who sang several numbers and is an accomplished yodeler. Many door prizes were given. I'm sorry I don't have a complete listing. Another year. The Presbyterian Ladies Aid served a lunch after the meeting.

Margaret Greenwald visited on Sunday at the John Mattila Home in Brooks with Olivine Juneau of Cannon Falls, who is a guest of her sister, Robie Mattila.

Tom Huotari visited Russell Norberg, who lives at the Senior Homes in Oklee.

John Greenwold of Moundsview spent the weekend here and in Thief River Falls with friends. He spent part of the time with his parents Howard and Margaret Greenwald.

Mr. and Mrs. John Kulper of Red Lake Falls were Sunday afternoon and evening visitors at the Ernie Pederson home.

Amanda Howard of Bejou was a visitor at her grandparents home, Dwight and Stella Howard, from Thursday until Monday morning.

Sunday visitors at the home of Idella Rewertz were the Terry and Barry Rewertz families, Mr. and Mrs. Oscar Brown of Thief River Falls, Gladys Roston and Gary Hofius.

Steve, Penny, Whitney and Logan Retzer of Fargo visited on Sunday with their aunt Idella Peterson.

Doris Malwitz recently attended the "Fantasy on Ice" show in Thief River Falls in which her granddaughter, Jackie Christianson participated. After the performance, coffee guests at the home of her mom, Connie Christianson, were Doris and Brian Peterson, Mr. and Mrs. Harold Peterson, Mr. and Mrs. Scott Peterson and daughters. Scott's daughter Diane was also in the show.

School Honor Student

Doris Malwitz received word from her daughter, Arleen Slick, that her granddaughter, Karen Slick, was named the Minnesota High School League AAA Sub-Section 8A-4 winner. This award is made to students best combining academics, arts and athletics during their school career. Each school nominates a candidate. Top students are then selected on the sub district, sectional and state level. Karen is a senior at Lake of the Woods school. She is also one of 1000 finalists in the Justens Foundation Leadership Scholarship program for 1992. She is one of the 35,000 students through-out the USA who applied for the $1000 scholarship. Selection is based on outstanding achievements in school and community activities, leadership and academic excellence. Her parents are Arleen and Bob Slick of Warroad. Arleen's daughter Keri, has been picked to be on the Junior Olympic Volleyball team. Her team will be participating in tournaments in Fargo, Duluth and Minneapolis this summer. Congratulations to both girls!

George and Hazel Ollis attended the funeral of her aunt, Edythe Petors, which was held in Bemidji last Thursday.

WELCA Meets

The Women of Immanuel held their monthly meeting on Thursday afternoon at the church. Clara Hesse conducted the meeting and the Martha circle was in charge of the program which included a video intitled "Where Jesus Walked." Hostesses were Rosemary Eskell, Darlene Freyholtz and Helen LaFayette.

Birthday

Lloyd and Wavell Sorenson attended the celebration of their five-year-old grandson, John Sorenson's birthday, also son, Russell's recent birthday, which was held at the home of Karl and Rita Sorenson of Wannaska. Others attending were Tony, Sheila, Mallory and Brett Gerardy, Tom, Becky, Todd and Tricia Willett, great-grandparents, Eugene and Willia Prestegaard, and Edith Lancaster, Gerald and Clorice Lancaster, Kassandra and Jeffrey Sorenson. Wavell had made a special cake for her grandson.

Weekend visitors at the home of Jerry and Carol Gerardy were Mike and Barbie Konickson, David Gerardy and friend Corrie, all of Minnetonka, and Charles Gerardy of Fargo. They were joined on Sunday by Mr. and Mrs. Kevin Gerardy and boys, Janelle Konickson, Vicki and Hailey, all of Thief River Falls, Tony, Sheila, Mallory and Brett Gerardy.

Sunday guests of Roy and Mary Beth Westlake were Louie and Diane Westlake of Moorhead, Connie and Jessica Willett and Edna Hyde. The Westlakes had come for the weekend to help her mother, Nora Delage celebrate her 80th birthday.

Charlotte Leining was a Sunday dinner guest of Effie Vigstol.

Jackie Christianson of Thief River Falls, was a weekend guest of her grandmother, Doris Malwitz. Sunday afternoon visitors were Wayne, Vicki, Jay and Mackenzie Malwitz, Connie Christianson and Brian Peterson of Thief River Falls.

Birthday

Sunday afternoon the birthday of Benji Marquis was celebrated at the home of his parents, Monte and Avis Marquis of Goodridge. Guests in attendance were Lloyd and Wavell Sorenson, Virginia and Jon Berns, grandmother, Marie Sorenson, and Uncle Marlan, Melissa Asselin all of Oklee, Earl and Angie Marquis, Earl II and Penny Marquis, Brian, Lane and Jared Solberg, Gary, Julie and Trevor Kissow all of Goodridge, Alec, LeMay and Andrea Moe of rural Thief River Falls, Vicki Halse, David and Sarah of Thief River Falls, Monica Roesch, Meade Marquis and Jared Sunsdahl of Goodridge.

Verne and Nell McGrand of Mound were Sunday visitors at the Ollie home.

Mr. and Mrs. Harold Aker of Thief River Falls, visited late Sunday afternoon with Effie Vigstol and treated her to Sunday supper at Moran's in Winger.

Mr. and Mrs. Art Hemsted of Park Rapids, were houseguests of Art and Avis Froiland when they came for the funeral of Lucille Meyer.

Agnes Long of St. Paul, arrived on Monday to visit her sister, Teckla Willett and visited until Wednesday.

Clara Hesse and Effie Vigstol attended the spring cluster meeting of Cluster 2 held at Middle River First Lutheran church on Tuesday. It was very well attended with excellent speakers and music. In the afternoon they visited with Shirley Vigstol at her home near Thief River Falls.

Hazel Ollie attended the meeting of Red Lake County Board of Aging, held in Brooks on Tuesday. The search for the county's Outstanding Senior Citizen is now on and nominations are welcome.

Peggy and Mel Hesse visited with Idella Rewertz on Tuesday.

Hollyhocks Meet!

Edna Hyde, Gert Morty, Bertha Hughes and Jean Carpenter attended the Hollyhock Homemaker's club meeting on Tuesday evening at the home of LaDonna Steinkopf of Brooks. The project of the evening was making fabric Easter baskets.

Sandy Hesse entertained a group of ladies on Tuesday evening at her home. Guests were Darlene Freyholtz, Mickey Duden, Rosie Hanson and Bridget, Shirley Hanson, Sheila Gerardy, Marlene Haugen, Gloria Ouelley, Debbie Rewertz and Kelsey, Nancy Gustafson and Tammie Houske.

Snowbirds

Mr. and Mrs. Ellsworth Mulligan returned on Tuesday after spending the winter in Texas and Florida with their daughters. Art Johnson also returned last week, having spent the winter at Mission, TX.

The Martha circle met on Wednesday afternoon at the home of Alma Hanson. Fern Eskell led the Bible study and business meeting. Lunch was served by hostess Alma.

Presbyterian Ladies Meet

Beef Cattle and Recycling

According to Minnesota CattleWomen president Robin Wiese of Pequot Lakes, cattlemen are the custodians of a unique natural recycling process that produces healthful food for the world—cows.

Cows are natural recyclers, Wiese points out. They have a different kind of stomach that enables them to feed on grass and other materials that people can't eat. At least 85 per cent of the nutrients consumed by cows come from grass, roughage, food processing by-products and other foodstuffs not edible by humans.

Cattle production is also solar-powered, in that the sun provides the energy to grow the forages that cows eat.

Cattle production expands the amount of land available to agriculture. Nearly 60 per cent of America's 1.2 billion acres of agricultural land is strictly grazing land, not suitable for cultivation. It is too wet, too dry, too rough, too steep or too cold for raising food crops.

According to the U.S. Department of Agriculture, "Soil productivity, as well as water and air quality, is better maintained under the permanent vegetative cover of well-managed grazing lands than virtually any other land use system."

Cows turn land that is unusable for the production of food crops into a valuable economic commodity. Cattle operations in all 50 states generate $39.75 billion per year in income and a million workers are directly involved in beef production.

Cattle farms and ranches are in the hands of people who respect the land," the Minnesota Beef Council claims. "Forty-two per cent of U.S. cattle operations have been in the same family for more than 50 years. Some 21 per cent have been in the same family for 75 years or more,"Wiese adds.

"The beef industry protects and recycles America's most valuable resources. It makes many important contributions to our environment. This Earth Day we should be careful not to overlook America's quiet conservationists, our cattlemen and cattlewomen."

Wrong Bush On The Ballot

Judging by what we read in a recent issue of the Minneapolis Star Tribune, it looks like the wrong Bush is on the U.S. Presidential ballot. It shouldn't be George, the incumbent, it should be Randy, the pinch hitter. The latter has a concept of reality that seems to be totally lacking among today's Presidential candidates.

Randy Bush has been a member of the Minnesota Twins for a decade, scarcely considered a star player but very handy to have around when the need arises. He not only accepts that role without being bitter about it, he recognizes that it is what has allowed him to stay in the big leagues—that ready-to-perform-when-called-on attitude and the reality that average players can't be paid top salaries.

While those around him on major league rosters are averaging a million dollars a year in salary, Bush contentedly settled for $400,000. It isn't exactly a hardship figure, but many players with no greater ability have been "insulted" by that kind of an offer and been trouble for management. Probably because of his realism, Bush has remained in the Twins' plans while scores of other players have come and gone. There should be a lesson there, but most of his peers in professional sports don't seem interested in learning it.

Neither do the politicians who can't seem to grasp the realities of economics—that government has no money it doesn't take from the people and that value should be given for payment received. We have already decided we won't vote for George Bush. Randy? Why not?

Campaign Reform Needed

Bob Shaw, former manager of the Minnesota Newspaper association, is one of many who believes it is past time for meaningful campaign reform—specifically getting a handle on the huge donations made by political action committees (PACs) to Congressmen.

He points out that over the 10-year period ending Dec. 31, 1990, the National Association of Realtors contributed $8,129,128, including $39,250 to Rep. Vin Weber of Minnesota. During the same period, Rep. Gerry Sikorski accepted $32,000 from the Association of Trial Lawyers of America, $718,546 from labor PACs, $24,750 from the American Medical association PAC and $24,500 from the National Education association PAC.

"There is no clients' PAC, no patients' PAC, no parents' PAC," he says. "Surely this is corruption on a massive scale. So here we are, we Minnesota citizens and taxpayers, watching as our elected officials, their incumbency quite secure with their PAC money and their 30-second spots, as they destroy the integrity of one of our democratic institutions, namely Congress, the primary seat of power in our political system. And here we go again, careening into a phony political campaign in which the great problems plaguing our dear country (including campaign reform) once again are carefully avoided.

"Here at home we're expected to live within our means," Shaw continues. "If we don't pay our bills we get into trouble. If we lie to the IRS about our income, we go to court or to jail. If we are elected as local officials, we're expected to reveal (yes, I have seen this happen) conflicts of interest. We may well have honest people in Congress, but *they have all gone along* with a corrupt system of funding campaigns and for years they have dragged their feet on campaign reform."

He points out that two campaign reform bills, passed last year, are now in conference committee and Congress is expected to vote on them soon.

"If Congress finally takes steps to clean its own Augean stables, I will gladly revise my partial and prejudiced picture of things," Shaw writes.

"But if they water down these bills, *reserving the right to accept PAC bribe-money*, I will look around for, and hope to join, a political movement which takes campaign reform as its single purpose. I will be out there on the street carrying a sign. If they again stall this reform legislation, I will lend my voice and energy, such as it is, to any effort which will, with profound contempt, totally recall the individuals who to date have called themselves U.S. Congressmen."

Esther Rindahl, Doris Rindahl, and Luverne Fore drove to the cities on Thursday, March 19, and spent the night with a sister, Verna Gore. The next day all four sisters set off for a trip to the Ozark region. The first day they drove to Kansas City, Missouri, where they spent the night. The next day they drove on to Eureka Springs, Arkansas, a beautiful area near the Missouri-Arkansas border. They also visited the Bull Shoals, Heber Springs, Hot Springs and Little Rock areas. The northwest part of Arkansas is a very scenic region. It has many huge, beautiful lakes and an abundance of fantastic lodges. The landscape varies from rugged mountains to deep river gorges to rolling hills. It is definitely a tourist area with most all the city streets lined with souvenir shops and motels. This area had an early spring with beautiful weather in February, although March had a cool spell. The warmest day during their stay was about 68 degrees, but it was often in the forties and low fifties. The dogwood trees and many flowers were in bloom. It was too early for the magnolia trees to blossom. Most of their time during this trip was spent just exploring all these beautiful areas. They arrived home March 29 very impressed with the beauty of this part of Arkansas.

Legion Favors Admitting Veterans of Current War

"At a meeting of the Elmer J. Ecklund post of the American Legion Monday, a referendum was taken on the question of admitting to Legion membership the veterans of current wars. It was revealed that sentiment was unanimously in favor of the proposal, subject to action by the national American Legion organization and to the wishes of the veterans concerned."

Two-Hour Parking in Effect Again

"The ordinance limiting parking on most streets in the downtown district to two hours will go into effect Friday, April 17, following a relaxation of the rules during the winter months, Police Chief L. W. Knadle stated today, adding that violators of the ordinance will be brought into municipal court and fined $1. The two-hour rule is in effect each day from 8 o'clock in the morning until 6 at night, except Saturday evenings, when the regulation continues until 9 o'clock. Chief Knadle further reminded the public that double parking is not permitted on the streets unless the driver remains at the wheel."

Mercury Hits 80 Here Tuesday

"With balmy weather early this week, and with the mercury reaching the remarkably high reading of 80 degrees here Tuesday, rapid progress has been made in the drying of fields in this locality, and seeding operations were reported as being under way Monday on high ground in the western part of the county."

Chief Knadle Warns Bicycle Riders

"Local bicycle riders were reminded today by Police Chief L. W. Knadle that it is necessary to have licenses on their bikes and that if they have not already got them, they should get in touch with W. K. Knight in the basement of the auditorium. Chief Knadle also warned bicyclists of the necessity of having their vehicles equipped with lights when riding after dark, and said all regulations will be strictly enforced."

Parlor Games Out For Duration

"War is bound to bring out a sour note now and then. The latest affects you bridge players and those of you men who insist on a new deck when your poker hands just don't stand up. The War Production board, in a general invasion of America's playtime activities, ordered a stop on production of playing cards, poker chips, dice, Mahjong and even Ouija boards after June 30. The order has many other effects, including scores of children's games, dolls, toys, juvenile science sets, tricks, puzzles, Christmas decorations and electric lights, sleds, model building sets, home playground and gymnasium equipment and numerous other items. Most of them require one critical material or another: steel, chemicals, coloring materials, silk, plastics, copper and tin; all of which are on the government's critical list for war products."

Rural School Pupils Buy More War Stamps

"Miss Judith Lockrem, county superintendent of schools, stated today that additional reports received during the past week bring to $267.70 the amount of war savings bonds and stamps purchased in March by rural school pupils and teachers. Of the total $139.10 worth was bought by pupils and $128.60 by teachers."

Trip to California and Nevada

On March 17, Thea Anderson and Alice Johanson went by plane to San Francisco, where they were met by Thea's daughters, Glenda Gobelman and Mary Wischer. While there, they saw Fisherman's Wharf, rode the Cable cars to Chinatown, and took the Ferry to Alcatraz Island, and also saw the Golden Gate Bridge. They traveled by car from San Francisco to Reno, NV, where Glenda and her husband, Gary Gobelman live. Alice went on to Las Vegas where she visited with Mike and Carol Johansan for the weekend. Mike and Carol took Alice to see the famous Royal Lippizaner Stallions, and to the show at the Exalibur Hotel in Las Vegas. They also saw the Royal White Tigers which have gold and black markings, these tigers have black stripes on their white coats. There are only a few dozen of these in the United States. The Siegfried and Roy White Tigers are part of the world's foremost collection of exotic animals. They live and play with their animals, both on and off-stage. The show, presented on stage is spectacular and beautiful. Thea and Alice returned by plane on March 24, to Thief River Falls. They report a very enjoyable and pleasant trip.

Senior Citizens Meeting

The Grygla Senior Citizens met on Wednesday, April 1, for their monthly meeting. After the various reports were read and approved, President Hilda Rue told of the 'Thank You' notes received for cards sent and also a card from the Winter Shows acknowledging our donation to be used for prizes at the Senior Citizens Day in Crookston. Because of the stormy weather our club was unable to be there as planned. There was a discussion of a need for a water softener and how to best try and obtain one. Also, a motion was made that senior meals donate toward getting some new large kettles that are needed. The motion passed. Juel reported that the garbage dumpster order had been held up, but it should be here soon. Gladys had arranged for a school bus for the annual REA meeting. They were to leave the Farmers Union at 8:30 a.m. on April 4. A correction must be made to the previous report. The Fourtown-Grygla Sportsmen club gave a very generous donation to have a 'dinner out.' The credit was given to the wrong club. The date for the dinner was set for April 7, at the Steak Knife at noon. We were also reminded of the Senior Olympics in the near future. The meeting was adjourned.

Last Monday the following gathered at Terry Blaine's to give her a belated birthday party, Fran Mosher, Alice Johanson, Ray and Pat Sorenson and Harley and Jeanette Bucholz of Grand Forks.

Pastor Percy and Ada Smerek attended TEC (Teen's Encounter Christ) sessions in Crookston on Sunday afternoon and evening.

Work less, eat more.

The Red Wing raspberry has revolutionized the old berry patch. It bears from the last week in August through the first hard frost. Its plump berries are gathered in easy-to-reach clusters at the end of each branch. At the end of each season, just mow the patch over. Next year's crop will bear on new growth. No trimming. Easy picking. No wonder some old-timers think the Red Wing hurts our work ethic.

OUR SAVIOUR'S CHRISTIAN ACADEMY

QUALITY EDUCATION WITH CHRISTIAN EMPHASIS

Our Saviour's Christian Academy offers a full range of academic and extra curricular activities. The school is centered around the tried and tested Accelerated Christian Education Curriculum of grades Pre-school - 12. The A.C.E. Curriculum not only teaches the academic material, but trains the student to be self motivated and have the Christian character which is essential to life. Therefore each student learns not only about life but also how to live. It is Christian education for Christian families.

Along with quality academics, Our Saviour's also offers music, speech, art, and computer classes. In the area of sports, Our Saviour's competes in basketball, soccer and volleyball.

FOR FURTHER INFORMATION ABOUT OUR SCHOOL OR TO ENROLL PLEASE CALL 681-7753.

Community leadership program rare opportunity

Local participants in 1990 praise Blandin Foundation program

by Marvin Lundin
Times Editor

"I'd go again in a heartbeat if I had the chance," says Bill Stock, counselor at Lincoln high school and one of six Thief River Falls residents to complete the Blandin Community Leadership program in 1990.

At least partly through the efforts of those local participants, an opportunity is being offered for eight more Thief River Falls area people to attend the six-day program October 4-9 at Ruttger's Bay Lodge near Brainerd.

Approximately 500 letters have been sent to persons and organizations which may have an interest in participation. Further information will be presented at a community meeting to be held Monday, April 27, at 7:30 p.m. in Room D-60 at Northland Community college in Thief River Falls. All persons interested in the program are encouraged to attend.

According to the sponsoring Blandin Foundation, which provides scholarships valued at $2,500 each for the eight participants selected, the program is designed for existing, new, returning and emerging community leaders who meet the following criteria:

- Represent the diversity of the community in terms of age, gender occupation and such sectors as education, local government, human services and business (including agriculture, tourism, forestry, mining, etc.);
- Will make a full-time commitment to the program's three sessions, i.e., the six-day retreat and the two two-day seminars. Where necessary, individuals are to arrange time away from work with their employers before application is made;
- Care about the community and are willing to be involved;
- Have no immediate plans to leave the community.

The number of applications from the community must equal at least twice the number of delegates and alternates allotted, meaning that Thief River Falls must have at least 16 applicants for the eight positions available. In addition to the Blandin scholarships, the Northwest Minnesota Initiative Fund will provide funds to cover transportation, child care and substitute wages if necessary.

Application forms for the program will be available at the meeting Monday evening and at a number of community locations until May 15. Selections will be made by the local selection committee and announced later in May.

Selection committee will include all or some of the steering committee which includes the five local people who completed the 1990 course and eight other local people. Completing the 1990 program were Bill Stock, Charlotte Bjorgaard, Jean Heinrichs, Don Stewart, Les Torgerson and Sue Lillevold (who has since taken employment in

Rope making and lashing will be one of the demonstrations given when the 27th annual Boy Scout Exposition is conducted Sunday from 2 to 5 p.m. at the Huck Olson Memorial Center on the Pennington county fairgrounds in Thief River Falls. Art Heinza, general show chairman, is shown working with members of Boy Scout Troop 199.

Attorney pleads guilty to three counts of theft

Friday, a Thief River Falls attorney pled guilty to felony theft charges in a Ninth District court in Bemidji.

Robert Dale Stroble, 47, Thief River Falls, entered guilty pleas to three of six charges placed against him following a criminal investigation, which was conducted by the Minnesota Bureau of Criminal Apprehension into alleged misappropriation of trust funds. The criminal investigation began after the state began disciplinary proceedings against the attorney.

Final outcome on the disciplinary hearings has not been reached, according to the state clerk of court's office.

Bill Wernz of the Lawyers Professional Responsibility Board, said Stroble's license to practice law had been suspended some time ago. Arguments on whether he should be permanently disbarred, however, will be held on May 12 before the Minnesota Supreme Court.

On Friday, April 17, Stroble pled guilty to counts two, four and six, all of which were charges of felony theft, temporary taking of over $2,500. Count two involved the alleged theft of $43,992.70 from a trust fund for Geneva Overum. Count four involved the alleged theft of $12,000 from a trust fund for Anna Breznay. Count six involved the alleged theft of $22,900 from the Julienne Breznay trust fund. Each count carries a maximum penalty of 10 years in prison, and/or a $20,000 fine.

District Judge Frederick Weddel in Bemidji called for a pre-sentencing investigation. A sentencing date has not been set.

First place in the Pennington county 4-H share the fun contest April 10 at the Lincoln high school auditorium in Thief River Falls was won by the Silverton 4-H club with its entry "We Are the Champions." Participating were Stephanie and Andrea Vigan, Jolene Gonsorowski, Shelley, Serah and Nethen Kolend, Jesse Nelson, Ryan Skibicki, Heather Shefland, Kim Rupprecht, Miranda Nelson, Kim Kirkeide, Darren Nelson, Rob and Bridgette Stock, Toni LeMoine, Jennifar Swenson, Jeasica Olaon and Leuran Lavelier. Coaches were parents, adult leaders and junior leaders. Approximately 300 people attended the competition as seven clubs had entries in the event.

27th Scout Exposition Sunday in T.R. Falls

"A Bridge to the Future" is the theme for the 27th annual Voyageur Trails District Boy Scout exposition to be conducted Sunday, April 26, from 2 to 5 p.m. in the Huck Olson Memorial Center on the fairgrounds in Thief River Falls. There is no admission charge but children must be accompanied by an adult.

Nearly all of the Cub Scout packs and Boy Scout troops in the district will participate in this year's exposition, according to Art Heinze of Thief River Falls, general chairman. Units will be attending from Ada, Crookston, Erskine, Fertile, Greenbush, Hallock, Halstad, Mahnomen, McIntosh, Newfolden, Plummer, Red Lake Falls, Roseau, Thief River Falls, Twin Valley, Warroad, Warren and Winnipeg, Man., Canada.

This year will also mark the 27th anniversary of the Canadian scout exchange program between the Voyageur Trails district and the Seven Oaks district in Winnipeg. Canadian cubs and scouts will be staying with host families while in town for the exposition weekend.

Billeting of the visiting scouts from Canada will take place Friday, April 24, around 9 to 9:30 p.m. at St. John Lutheran church basement. An international scout banquet will take place Saturday, April 25, at 6 p.m. at the Eagles hall. All local scout leaders, cub leaders and special friends of the Canadian scout exchange are invited to attend. For ticket reservations call Tony Brennan at 681-6447.

Thief River Falls Kiwanis club is serving as sponsor for the exposition and has agreed to provide the manpower for physical arrangement of the displays.

Chairman Heinze said the theme "A Bridge to the Future" is appropriate since scouting in the Voyageur Trails district "is in every sense of the word looking to the future."

The exposition is designed to give Cub Scouts, Boy Scouts and Explorer Scouts an opportunity to demonstrate to the public some of the scout skills that they have learned. With nearly 25 booths of different Cub and Boy Scout activity, the exposition also gives the public an opportunity to see scouting in action on a number of subjects, all under one roof. There will be three units from the Seven Oaks district in Canada participating this year.

Cubs and Boy Scouts are encouraged to bring their present or old pinewood derby cars or rocket derby rockets to the exposition and race them on the tracks that will be provided. Anyone with a remote controlled car is invited to race it in the obstacle course being set up for that purpose.

Thief River Falls Archery club will again be supervising the very popular archery booth at the exposition.

Scouts have been selling candy bars to help defray exposition expenses as well as raise funds for the council and their own units.

Voyageur Trails district is made up of communities using the scouting program in Kittson, Roseau, Marshall, Pennington, Red Lake, Polk, Norman and Mahnomen counties. Scouting is supported by donations from United Ways, Community Chests, Friends of Scouting, parents and sustaining memberships. The district is part of the Northern Lights Council, Boy Scouts of America, with Bill Adams serving as district scout executive.

Registered units, their community, leader and exposition theme include the following:

Super Asthma Saturday set for April 25th

Northwest Medical Center in Thief River Falls is sponsoring a "Super Asthma Saturday" for April 25 with activities for children with asthma and their parents from 8:30 a.m. to about 1 p.m.

Emphasis will be on how to take an active role in co-management of asthma, according to a medical center spokesperson. Adults will find practical, useful information and children will learn how to cope with their episodes and have fun, too.

The program will also be geared toward those who work with asthmatic children, such as daycare operators, school and public health nurses, teachers and coaches. Anyone who is interested in learning more about asthma is welcome.

Participants in the program will be the following:

- Paul Kubic, M.D., pediatric pulmonologist at St. Paul Children's Hospital and on staff at the University of Minnesota Hospital;
- Penny Langland, M.D., family practice physician with the Falls Clinic division of Dakota Clinic Ltd. in Thief River Falls;
- Rick Contos, R. Ph., director of pharmacy at Northwest Medical Center in Thief River Falls;
- Gary Flynn, karate instructor in Thief River Falls.

Schedule of events for adults and teenagers includes the following:

8:30-9 a.m.—Registration and exhibits;
9-10:30—"Asthma in Today's Society," Dr. Paul Kubic;
10:30-10:45—Break
10:45-11:30—"Prescriptions for Better Breathing," Rick Contos, pharmacist;
11:30-12:15—"When to Go to the Emergency Room and What to Do When You Get There," Dr. Penny Langland;
12:30-1 p.m.—Questions and closing.

Program for children ages five to 12 includes learning activities designed to enhance the children's understanding of asthma and use of self care skills. Children will be divided into groups according to age for rotating through the sessions which include inhaler techniques, karate, pharmacist, asthma video, breathing exercises and ambulance tour.

Free t-shirts will be given to all children attending. Because space is limited, advance registration by Friday, April 17, was necessary. Each child must be accompanied by at least one parent. Those who have registered but will be unable to attend should call and cancel so others may attend.

For more information contact Debra Breuer at Northwest Medical Center (phone 681-4240, extension 486) or Linda Hemmesch at 1-800-642-5864.

Winners of business awards

Thief River Falls Small Business Selection committee recently announced that KTRF/KSNR radio station, Joel Swanson, general manager, is the 1992 recipient of the Thief River Falls Business of the Year award. In addition, the 1992 Entrepreneur of the Year award was awarded to Glen Follett of Hi Performance Engineering Inc.

Small Business Week 1992 will be celebrated in Thief River Falls with a breakfast at the American Legion on Tuesday, May 12, at 8 a.m. The public is invited to attend. The cost of the breakfast is $6 and reservations can be made with the Chamber of Commerce by calling 681-3720. Reservations should be made by May 6.

The purpose of the breakfast is to honor all businesses. Special recognition will be given to the Thief River Falls Business of the Year and Entrepreneur of the Year.

May is also Business and Industry month in Thief River Falls.

Among many sessions offered to students at Franklin middle school during the activities day April 16 was a program on trapping presented by Bob Philion of Red Lake Falls (pictured), assisted by Joe Cyr. They showed various traps and their uses and the furs of a number of different animals.

Tech college open house this Sunday

Annual spring open house of the Thief River Falls Technical college will be conducted Sunday, April 26 from 11 a.m. to 4 p.m. at both the highway 1 east and Thief River Falls regional airport facilities.

Staff and instructors will be available to answer questions about their program areas. Many students will also provide demonstrations in their career areas.

Members of the student Professional Aviation Maintenance association (PAMA) will serve a pancake brunch at the main campus cafeteria from 11 a.m. until 1 p.m. Pancakes, sausages and beverage will be served at a cost of $2 for adults and $1 for children.

Throughout the college there will be registration for free door prizes during the open house. Prizes include round trip tickets on Northwest Airlink, Minnesota Twins tickets and hotel reservations, gift certificates from local motels, college clothing and many other items.

"We encourage all members of the interested public to tour our facilities, participate in the pancake brunch, view the demonstrations and become more familiar with what the technical college has to offer," stated Dr. Orley Gunderson, president of the college.

Individual Artist grant deadlines announced

The Arts council of the Northwest Regional development commission is accepting applications for grants of up to $500 for individual artists. Supported with funding from the McKnight Foundation, this program provides deserving artists with small but critical grants for specific projects which contribute directly to their growth and development as professionals. Application deadline is May 20.

Artists may apply for assistance in areas such as training, supplies and production and presentation costs. Applications are encouraged from individuals in all arts disciplines.

Upcoming deadline for Small Arts Grants applications is also May 20. Organizations may apply for up to $500 in matching funds for the production or sponsorship of arts events which do not exceed $1,000 in total costs.

June 1 is the next deadline for organizations to apply for Production Assistance and Sponsorship grants. Matching grants of up to $3,500 are available for organizations creating, performing or exhibiting arts; or to host arts activities by contracting for the services of another organization.

Martha Bergland, 86

Thief River Falls — Martha Bergland, 86, died April 15 at Northwest Medical center in Thief River Falls.

Funeral services were held April 18 at 1 p.m. at the Trinity Lutheran church in Thief River Falls with Rev. D. Josh Nelson officiating. Special music was provided by Glenda Olson, soloist, and Jodi Holen, organist. Caskelbearers were Randy Jorde, Scott Bergland, Todd Bergland, Greg Harder, Loren Holen, Tim Bergland and Murray Jorde. The Green Funeral Home was in charge of arrangements.

Martha Dorothy Viola Swenson was born Dec. 4, 1905 in River Falls township, rural St. Hilaire, the daughter of August and Christina (Peterson) Swenson. She attended rural elementary schools and graduated from St. Hilaire high school in 1922. She worked for some time at a restaurant in St. Hilaire. She was united in marriage to Ole Bergland on Dec. 26, 1929 in Thief River Falls. Her husband worked for a bridge construction company for several years and they lived in Montana, North Dakota and Minnesota. In 1945 they moved to a farm near Thief River Falls where they farmed for several years, retiring in 1972 and moving into Thief River Falls. She went to Oakland Park Nursing Home in 1991. She was a member of the Trinity Lutheran church and ladies aid.

She is survived by her husband; one daughter, Mrs. Glenn (Donna) Jorde of Thief River Falls; one son, Richard Bergland of Thief River Falls; nine grandchildren; and 11 great-grandchildren.

She was preceded in death by an infant son, her parents, four brothers: Elmo, Ferdie, Alvin and Clarence; and two sisters: Mable Sand and Mildred Johnson.

Lillian Hunt, 85

Funeral services will be held April 23 at 11:30 a.m. at the Hillside chapel in Minneapolis with Rev. John Miskowiec officiating. Special music will be provided by Pat Burtness, soloist, and Jane Nienaber, organist. The Green Funeral Home is in charge of arrangements.

Visitation will be held Tuesday from 1 to 9 p.m. at the Green Funeral Home in Thief River Falls with a 7:30 p.m. prayer service with Rev. D. Josh Nelson officiating and on Thursday at the chapel for one hour before the service.

Lillian Bertha Johanna Sadlaske was born Aug. 12, 1906 in Chaska, the daughter of Charles and Meta (Tiedeman) Sadlaske. She attended school in Chaska. She later moved to Minneapolis where she married John Hunt on Oct. 6, 1928. They lived in Moundsview for 38 years. Her husband died in April 1979. She moved to Valley Home in Thief River Falls in April 1987.

She is survived by one daughter, Mrs. Wallace (Elaine) Krueger of Thief River Falls; one son, Duane of Lakewood, CO; five grandchildren; six great-grandchildren; three sisters: Helen Martin, Betty Peterson and Mildred Sadlaske, all of Minneapolis; and one brother, John of Minneapolis.

She was preceded in death by her husband; one doughter, Lois; a grandson; her parents; two sisters: Edna and Marion; and two brothers: Raymond and Carl.

Dear Readers,
Some families now develop a Life History Review as more complete than the Obituary and yields information more personal in nature. A Life History Review captures the personality of the person who has died and fills in the outline of more statistics with the warmth of personal reflection.

Sincerely,

Belmont Funeral Home
Larry Belmont

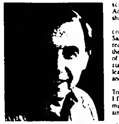
Sandler is artist



Tony Sandler

Final concert of the Thief River Falls Concert association season will be conducted Tuesday, April 28, when baritone Tony Sandler takes the stage in the Lincoln high school auditorium at 7:30 p.m. Admission is by season membership only.

For 25 years he was the suave, continental half of the popular Sandler & Young vocal duo, but in recent years Sandler has enjoyed the artistic creativity and intimacy of a solo performer on the concert stage. He has performed in the leading clubs in the United States and on four continents.

"After singing side by side with Tony Sandler for the past 25 years, I feel I was the first to discover his multifaceted talents," states former singing partner Ralph Young.

"In order to duplicate the versatility he displays in his 'one man show' you would have to hire 10 of the best song stylists from pop to country to Bach. He's admired by his audiences and envied by his peers."

Kindergarten visitation day

Kindergarten visitation day at St. Bernard's Catholic school in Thief River Falls has been set for Friday, April 24, with three sessions available to visitors.

Children who will be of kindergarten age for the 1992-93 school year and their parents are encouraged to visit the school for one and one-half hour sessions beginning at 8:45 a.m., 10:30 a.m. or 12:45 p.m.

Youngsters will be involved with classroom activities with the kindergarten teacher and parents will view slides of the kindergarten program and be given a tour of the school by Charles Walrath, principal.

There will be no regular kindergarten classes on Friday due to the visitation day schedule.

Impressions . . .

by
Beth Johnson

The front cover of the [illegible] MS magazine states that "Rage plus Women = Power." I'm a woman. I am offended by this statement. Many women probably are not offended. Many are, like me, offended.

This statement has left me thinking about the relationship of women to the rest of the world. When I consider the atrocities done to women worldwide, I feel rage. When I consider the discrepancies between the male world and the female world, I am amazed. But I do not feel that rage and women makes for power.

Rage, directed into constructive corrections, is powerful. Rage can be the incentive for action. Rage can be the ingredient which causes change to actually begin.

But, we women have a more powerful tool than rage to correct the atrocities of this world. This tool is love. We women need to show the world how to love.

We have just celebrated Easter. Easter is a time when we celebrate the enormous love that God had for us humans, male and female. What better time to consider the love that we could show to our fellow inhabitants on this planet.

Love is expressed in a myriad of ways. Love is expressed in kindness. Every time we do a small act of mercy to one another, we show love. Love is expressed in laughter. When we care enough about each other to share times of joy and laughter, we show love to one another.

Love is expressed in responsible actions toward one another. We can be enraged by atrocities around us, but rage accomplishes nothing unless it calls us to a responsible, loving response that can help lessen the atrocity.

Love is expressed in education. When we educate ourselves, our children, our spouses, our friends and neighbors, and even strangers, we spread a bit of love into the world. Atrocities can not end unless people are educated about the needless waste caused by them. We spread a bit of love as we educate.

Love is expressed every time we try to ease another's burden. The burden may seem so small to us, yet so large to another person. Easing even the small burdens in this world spreads a bit of love in the world.

Love is expressed each time we treat not only others kindly, but also as we treat the world of nature kindly. Addressing the problems of the environment in ways to better the environment will cause our world to be a good place in which to live.

The problems we can find in this world are enormous. Yet, problems can only be solved a little at a time.

Women have many roles in today's society. We have perhaps the greatest chance we have ever had to help to better our society. A little at a time, as we attempt to make each of our own worlds more palatable we will have bettered our world.

We sometimes think that only large group actions will change our world for the better. Yet, truly, even the times we heal a small child's wounds or share sustenance with the needy or lend a cheerful smile to those around us, we help change an individual's world.

Rage, or love? Rage can cause us to react to terrible situations, but love can show others how to live. Rage perhaps can cause change, but so can love.

As we women try to instill loving thoughts and deeds into the lives of those we touch, we will be eliminating the causes for rage, one person at a time. For, truly rage can exist only where love does not.

Women plus love have the power to eliminate the causes for rage. But, this power is not just for us women. The power of rage-ending love extends to all of us, male and female. If only we would use it, what a happier world we would have...

Jodie Anderson of Windom, Jodi Maddan, daughter of Marion and Duane Madden of Thief River Falls, Jennifer Simpson, daughter of Bill and Dianna Simpson of Thief River Falls, and Mindy Simpson, daughter of Chuck and Jolayne Simpson of Plummer gave a report in the local Seventh-day Adventist church of their recent trip to Santo Domingo where they worked with other volunteers building churches.

Local people help build church in Santo Domingo

by Lois Bray

Many times, Spring break for students means "head for warm weather." That's just what some local people did, but they combined hard work with their vacation. They joined friends from the United States and Canada involved in a "Maranatha" project in the Dominican Republic.

Maranatha Volunteers International (MVI) organizes volunteers to build schools, churches and clinics in areas of the world that are unable to do so on their own. Their biggest project ever is in Santo Domingo, the Capitol of the Dominican Republic. They have completed building nearly 25 churches in 70 days using 1,200 volunteers.

During the second week of March, 20 students from Maplewood Academy in Hutchinson and 11 adults from Minnesota helped lay 6,000 concrete blocks in the construction of the 24th church. For many, this was their first taste of international travel and a new experience in a third-world country. They also had opportunity to visit an orphanage and a local college.

"The Dominican people were warm and friendly. When we walked the narrow crowded dirty streets of the villages, the children would rush to be around us and hold our hands. They were so tickled to receive the toys, "chicle" (gum) and other presents we gave them", one person reported softly, "I will never forget the poverty we saw."

Another related, "Unadvertised Vacation Bible school had 35 to 40 children the first day and 250 the next. When donated toothbrushes and toothpaste were given to them, they nearly stampeded us to be sure they got theirs. Imagine being so excited to get a toothbrush!"

Dr. Bray reported, "The pastor of the church we were building would help haul cement, wearing his white shirt and tie. He seemed to be too busy to change to work clothes because he had 10 churches for which he was responsible."

The cottages that housed the volunteers were nice, but doors and windows did not fit snugly so local "cucaracha" (cockroaches) and lizards made life exciting. The indoor plumbing also left something to be desired. "Because the weather was very warm, the cold showers are nearly forgotten. But, I never thought I would be thankful for being able to flush toilet paper," was a comment expressing everyone's feelings!

The students related that it was hard to tell who benefitted most from the experience, the receivers of the new churches or the ones visiting their beautiful island. Lessons in industry and cooperation while working with and for a third-world country made it an "experience of a life-time." "I will never be the same after this experience," one student remarked. They also expressed thanks to those who helped sponsor them on this missionary experience. The adult chaperons voiced pride in the work the students accomplished and in their deportment.

Health in the Long Run is slated May 9

Ninth annual "Health in the Long Run" event for runners, joggers and walkers will be held Saturday, May 9, beginning at 9:30 a.m. at Northwest Medical Center in Thief River Falls.

This year the event will again feature both a 10 kilometer (6.2 mile) and 2.1 mile course. All finishers of either course will receive an official race t-shirt and free refreshments at the finish line. Sponsors once again are the Falls Clinic Division of Dakota Clinic Ltd. and Northwest Medical Center.

Medals will be awarded to the first place male and female finisher in the several age categories for each distance event. Categories in the 2.1 mile race are age seven and younger, 8-12, 13-19, 20-29, 30-39, 40-49, 50-59, 60-69, 70-79 and 80 and older. The 10K age categories are 19 and younger, 20-29, 30-39, 40-49 and 50 and over.

Special awards will be given for new age group records and course records. Anyone breaking the existing age group records will receive a $10 gift certificate and the person setting a new course record will receive a $25 gift certificate, all from Hugo's supermarket.

Health in the Long Run is held to encourage greater interest in physical fitness and exercise. Regular exercise has many health benefits including lower cholesterol, blood pressure and heart attack risk, the sponsors say. It is important to exercise throughout life to achieve maximum health benefits.

There is a financial incentive for early registration. Entry fee is $5 before April 29, $8 between April 29 and May 8 and $10 on the day of the run. To register contact Gail Holland, public relations coordinator for Northwest Medical Center at 681-4240, extension 210.

Gonsorowski piano recital

Jolene Gonsorowski, daughter of Conrad and Betty Gonsorowski of Thief River Falls and student of Kristi LaSalle, will perform her senior piano recital Sunday, April 26, at 2 p.m. in St. Bernard's Catholic church in Thief River Falls. Public attendance is invited.

Enterprise loan fund available

Financing assistance for new or expanding businesses is available through the Northwest Regional Enterprise Loan fund, according to Donna Christianson of the Northwest Regional Development commission office in Thief River Falls.

Loans are made to fill the gap between the total cost of the project and the amount that is available through owner investment, bank financing and other private sources.

"This loan program can finance, at a reduced interest rate, up to one-third of the total cost and will work closely with the participating local bank," Christianson said. "A major goal of the program is job creation for northwestern Minnesota."

Financing for the program originated through federal funding from the Economic Development administration in the amount of $975,000 and with local matching funds of $242,000.

Those who would like additional information may contact Christianson at the Northwest Regional Development commission offices by calling 681-2637 or 1-800-537-0601.

Union/Lake Sarah ass'n. meets May 6

Union/Lake Sarah Development association will hold its annual meeting May 6 at 7:30 p.m. at the American Legion hall in Crookston.

Business meeting will include speakers, reports and elections. Terms on the board expire for Marlan Johnson, Phil Weiler and Bev Sande. Refreshments will be served following the meeting.

Jennifer Grove top hopper at 5th Hop-N-ing

Jennifer Grove produced 421 hops in a one-minute time span to be recognized as top hopper during the Fifth Annual Hop-N-ing for Easter Seals Tuesday, April 13, at Discovery Place in Thief River Falls.

Children at the child care center secure pledges on the basis of the number of hops they can do in a one-minute time period. In total the children participating accumulated 7,486 hops. Counting the hops were Jean Heinrichs, Bob Bergan, Heidi Hoks, Tim Engelstad, Sally Collins, Vicky Grove and Hardy Hodge.

Other children with high hop totals were Garrett Schmitz with 401, Caleb Bergner with 360, Eric Rahn with 318 and Ben Brown with 308. Top hopper in each age group was Kyle Goethe in the toddler group with 203, Chelsey Osborne in the three and four-year-old group with 233; Jennifer Grove in the preschool group and Garrett Schmitz in the kindergarten group.

Dancers from Minneapolis North high school presented a program with a variety of dances for the Thief River Falls community Thursday with three performances during the day at the Lincoln high school auditorium. With a minimum of instruction from several of the guests, four local students (bottom photo) gave their own performance of "The Twist."

Leadership training is rare opportunity

(Continued from Page 1)

another community).

Others on the steering committee are Tippi Benson, Linda Bentson, Dr. Orley Gunderson, Ted Hellie, Dr. Penny Langland, Joel Swanson, Jerry Wigness and Deb Zak.

At a gathering of the 1990 program participants Monday morning, each recalled his or her opinions on the value of the program on an individual, community and area basis.

"I thought the networking with other communities was a very worthwhile part of the program," stated Jean Heinrichs, now a member of the Thief River Falls city council. In 1990 Red Lake Falls, Crookston and East Grand Forks were also involved with the program at the same time. This fall East Grand Forks and Crookston will participate with Thief River Falls and each community will have eight representatives.

"I also felt the follow-up seminars a while after completing the six-day program were important to helping maintain a focus and be shown a continuing concern by the retreat sponsors."

All who attended the first session were impressed with the quality of the program and the treatment they received.

"The Blandin Foundation is a first rate organization," Stock said. "I have attended many workshops and seminars and the leadership seminar was one of the two best I have ever seen. The foundation did a top notch job in research and program development to deal with principles involving rural Minnesota and each of us was treated as though we were as important as the governor would be."

"Extremely well organized," was the way Charlotte Bjorgaard described the retreat. "And the training was in skills for use in all areas. It wasn't intended for only those who intend to get into local government or who want to be a committee chairman or officer in an organization. We learned as much about ourselves as individuals as we did about handling leadership."

"You might call it self observation," Les Torgerson said. "How we performed was videotaped and we were given critiques for personal introspection. Emphasis was on cooperation and collaboration, building a coalition and working together for a worthwhile goal. We found that everyone has some skill that is important and that various skills are needed to accomplish a task."

"I've also been to a number of other seminars and programs that you pay a fee to attend and you are lucky if you can get one good idea out of them," Don Stewart said. "At the Blandin Foundation retreat, every day was of value. We're not eligible to attend more than once, but I would do it again if I could, and I wouldn't hesitate a minute."

Jean Heinrichs pointed out that the local DARE program for drug and alcohol abuse prevention was an outgrowth of a Blandin-sponsored program.

"The foundation is geared to the improvement of the rural area and especially the northern part of Minnesota," Stewart added. "The community will certainly benefit by sending as many people as we possibly can to participate in the leadership program."

Torgerson stated that the foundation has an interest in having a diverse group of community representatives, from the standpoint of age and gender as well as occupation and interest areas. Anyone who has an interest in doing a better job of serving his or her community is invited to submit an application to be considered for selection to attend the six-day retreat. While attendance at Monday night's meeting would be helpful in receiving information, it is not required in order to apply.

A brochure regarding the leadership program sums up the Blandin Foundation's interest in what it is doing as follows:

"The steady erosion of Minnesota's rural economy threatens to carry away the richest resources of its communities: its leaders. Leadership is needed to help communities deal effectively with the demands brought about by change. The mission of the Blandin Community Leadership program is to nurture and develop local leaders who will help their communities to face the future realistically, plan creatively and work cooperatively to build a better tomorrow."

Weather jumbles Pioneers baseball schedule...

Northland beats UMC 11-1

Weather continues to disrupt the Northland Community College baseball schedule.

The Pioneers beat the University of Minnesota-Crookston 11-1 in the first half of a wet doubleheader Saturday in Thief River Falls but the second game was called off because of the steadily deteriorating conditions.

The weather also erased two [illegible] doubleheaders Monday against the North Dakota State University junior varsity in West Fargo and today (Tuesday) vs. the Jamestown College junior varsity in Thief River Falls.

The second half of the Northland-UMC doubleheader has been rescheduled for 4:30 p.m. Friday – to go along with a previously rescheduled 1:30 p.m. doubleheader Thursday at home against Fergus Falls, a regularly scheduled 1 p.m. twinbill Saturday vs. Vermilion in [illegible] and another 1:30 p.m. make-up doubleheader at home Monday with Hibbing. If you're counting, that's seven games in five days – weather permitting, of course.

A stretch like that will certainly test the depth of the Pioneers pitching staff, although a performance like Dan Bouthee's complete game, two-hit effort Saturday would help get Northland through the compacted schedule.

"Dan did a nice job," noted Northland coach Terry Wereth. "We got on top of them right away, and he got the job done."

Bouthee gave up just two base hits in the six-inning, ten-run rule decision – a first inning single and a fourth inning solo home run by Jamie Hodgson. He struck out seven and walked four. With Bouthee also picking up a batch of assists, the East Grand Forks native wound up with a hand in 16 of the 18 UMC outs.

Two run singles by Tim Spaeth and Kevin Hanson keyed a five-run Northland first inning as the Pioneers improved their record to 2-3 for the year – 1-2 in the Minnesota Community College Conference.

Spaeth and Dennis Carpenter were both 2-for-3 in the eight-hit Northland attack.

Prowlers lose opener

■ high school softball

Thief River Falls girls, weathered out of two earlier starts, made their 1992 debut Thursday with a 10-0 softball loss at Detroit Lakes.

Weather took over again Monday when an already-rescheduled contest at Bemidji was called off, followed by postponement of today's doubleheader at Cass Lake.

Thief River Falls is scheduled to open its home schedule Thursday with a 4:30 p.m. match-up against Blackduck – weather permitting.

Despite the first-game score, Thief River Falls coach Ken Fletcher said he was pleased with the Prowlers' performance.

"I was really satisfied," he offered. "Even though we lost 10-0, I thought it was an excellent performance. I was very happy with the way the kids played."

Sophomore pitcher Odetta Blomker made her first varsity start for the Prowlers against the Lakes, and had a solid outing, according to Fletcher, giving up just four earned runs. The Prowlers were limited to just two hits themselves.

Detroit Lakes out-scored Thief River Falls 33-21 in the junior varsity portion of the match-up.

Thief River Falls qualifiers heading to the 1992 Minnesota Junior Bowling Championships state tournament this weekend at Nokomis Lanes in Bloomington include, front row left to right, Josh Cornellie, Jenny Kimball and Nick Swanson; back row left to right, Kyle Jordet, Chris Anderson, Jeremy Jensen and Nick Stokke. The progressive tournament started at the Family Bowl house level when 29 Thief River Falls bowlers qualified for the district event in Detroit Lakes March 21-22. Competition is offered for grades 2-below, grades 3-5, grades 6-8 and grades 9-12.

Selection of an All-City youth bowling team was announced recently at the Family Bowl. The top boy and girl in each of the three Thief River Falls youth bowling leagues – Bantam, Prep, Junior – made up the 1992 honor list. The group includes, front row left to right, Ashley Helbach, John Sjoberg and Josh Nelson; back row left to right, Kevin Erickson, Brenda Pale and Rachel Greells.

TRFAHA will elect officers Monday night

Monthly general membership meeting for the Thief River Falls Amateur Hockey Association will be held Monday at 7 p.m. in the basement meeting room of the city auditorium.

Election of officers for the 1992-93 season will be held.

Summer Rec registrations are planned

Registration will be held April 27-May 1 for the Thief River Falls Park & Recreation Department-sponsored summer youth baseball, tennis and softball programs.

The registrations will be taken from 7:30 a.m. to 6 p.m. at the Park & Recreation Department office located at 803 South Barzen. All fees will be collected at the time of registration. No money will be collected by the instructors. A $5 late fee will be added after May 4.

Youth baseball fees will be $10 resident and $15 non-resident for 7-8-year-olds; $15 resident and $20 non-resident for 9-10-year-olds; $20 resident and $25 non-resident for 11-12-year-olds.

Tennis lessons fees will be $10 for resident and $15 non-resident.

Fees for the girls softball program will be $10 resident and $14 non-resident.

There will be a $5 non-resident family cap per sport.

Baseball will run from June 8 to August 14. Tennis will start June 15, with participants playing twice per week through August 14. Softball will get underway June 17, with girls playing every Wednesday through August 12.

– Correction –

The list was incomplete when The Times reported recently on the scoring exploits of Goodridge senior Donavon Quam.

According to The Times, Quam was the fifth Goodridge scorer to join the 1,000-Point Club when he finished the 1991-92 season with 1,051 points.

Earlier Huskies breaking the 1,000-point figures, it was reported, were Lon Szymanski, who graduated in 1965 with 1,400 points; Jennie Boutain, a 1986 graduate with 1,377 pints; Georgine Troska, Class of 1977, with 1,148 points; and Rick Easthouse, another '77 grad, with 1,045 points.

But not on the obviously incomplete list, were the names of Shawn Groven and Mary Jo Kiesow. Groven graduated in 1988 with 1,282 points and Kiesow, Class of 1982, had 1,236.

That's seven 1,000-point producers for the Huskies – still a select group, but an impressive number for a school the size of Goodridge.

Certificates were received recently by Northland Community College sophomores Alice Dunning (left) and Rhonda Rothschadl signifying their selection to the 1991-92 National Junior College Athletic Association (NJCAA) All-Region 13 women's basketball team. Announcement that the two Thief River Falls high school graduates had been voted to the All-Region 13 team was made earlier.

Northland softball...

Fergus Falls takes two from Pioneers

The effort was better, reported Northland Community College softball coach Sue Barnd, but the results were unchanged as the Pioneers lost their second doubleheader in as many starts Friday, 18-3 and 13-4 at the hands of Fergus Falls.

It was a chilly 1992 home opener for the Pioneers, who lost a 20-0, 32-2 season-opening twinbill at Brainerd three days earlier.

"It was a much-improved outing," said Barnd after the Fergus Falls games. "Our pitchers – Kelly Magner and Shirley Wilebski – are gaining confidence and ability with every game."

Northland's only outing this week will be a 3 p.m. Friday doubleheader against Itasca in Thief River Falls.

Fergus Falls 18
Northland 3

A shaky start cost Northland six first inning runs as the Pioneers dropped an 18-3 doubleheader opener.

Three straight walks and a double started the game, and Fergus Falls drew two more walks, to go along with five stolen bases, two Northland errors, a wild pitch and a passed ball before the top of the first finally came to an end.

Four of the Spartans' seven hits off Northland pitcher Kelly Magner came in the fourth inning when a 10-1 game was turned into a 17-1 rout.

Magner wound up walking 12. She did not have a strike-out.

Northland scored on an RBI double by Magner in the first inning, then used two walks, a couple of passed balls and an error to score two fifth inning runs.

Northland carried a 4-1 lead into the fourth inning in Game 2 before Fergus Falls sent 17 batters to the plate in a 12-run outburst that produced a 13-4 victory and a doubleheader sweep.

A two-out RBI triple by Jessica Bmyton, followed by a passed ball, gave Northland a 2-1 second inning lead.

It became 4-1 in the third on a two-out, two-run single by Julie Carlson.

But Fergus Falls scored the dozen fourth inning runs on four hits, eight walks, five stolen bases, five passed balls and an error.

Northland pitcher Shirley Wilebski gave up just five hits, but walked 13. She struck out 1.

Rebels open with a 19-4 first-game win

David Blazek had three doubles in four at-bats and drove in four runs Thursday as Middle River-Marshall County Central opened its 1992 high school baseball schedule with a 19-4 five-inning victory over Tri-County.

The make-up contest was moved from its original Middle River playing site to Karlstad.

"We hit the ball hard," reported first-year Middle River-Marshall County Central head coach Jerald Hagen, who watched the defending Region 8A champion Rebels combine 14 base hits with six walks and four Tri-County errors for the ten-run rule decision.

Joining Blazek in the multiple-hit category for the winners were Jeremy Tallum, who was 2-for-4 with three RBI, John Sparby, who was 2-for-3 with two RBI and Troy Myhrer, who went 2-for-4.

The Rebels started strong, scoring nine times in the top of the first inning on five hits and three Tri-County errors.

Tallum went the distance on the mound for the win, giving up two earned runs while scattering five hits, striking out six and walking three.

"He (Jeremy) mixed speeds well," mentioned Hagen.

The Rebels were weathered out of a scheduled home game today (Tuesday) against Fertile-Beltrami. They are scheduled to host Hallock-

Schedule changes

Lincoln High School and Northland Community College spring sports events were wiped off the schedule Monday and today (Tuesday) because of the rain, snow and cold weather.

Monday postponements included Lincoln softball at Bemidji and Northland baseball vs the North Dakota State University junior varsity in West Fargo.

Tuesday's schedule was to have included Northland baseball vs the Jamestown College junior varsity in Thief River Falls and four Lincoln events – girls golf at Moorhead, boys and girls track at Park Rapids, boys tennis at the East Grand Forks Invitational and softball at Cass Lake.

Pioneers rank high

Final 1991-92 statistics from the National Junior College Athletic Association (NJCAA) offices were received by Northland Community College men's basketball coach Chet Engelman this week, and the Minnesota state champion Pioneers were among the leaders in three categories.

Team-wise, the Pioneers' 100.6 points-per-game scoring average ranked second in the nation, trailing only a 103.4 figure compiled by Temple (Texas) Junior College.

Individually, Northland's Larone Greer ranked sixth nationally in steals, averaging 4.5 per game, while St. Cloud State University-bound Travis Brown ranked No. 8 in rebounding with an average of 13.0 per game.

Brown, a 6-6 forward who also averaged 16.2 points per game this winter, received a full athletic grant from St. Cloud coaches who were in Thief River Falls Wednesday to sign the Cleveland Heights, OH on the first official signing date for next year's recruits.

Middle School

East Grand Forks out-pointed Franklin Middle School 13-12 in recent boys tennis action.

An eighth grader and a senior were the top two scorers on the 1991-92 Middle River girls high school basketball team.

Kristi Super, who played part time and scored 31 points as a seventh grader, had a memorable first season as an eighth grade varsity starter with a team leading 448 points and a 17.9 scoring average, while Holly Gram, who finally cracked the starting line-up as a senior this winter, closed out her high school basketball career by averaging 15.2 points and 10.6 rebounds per game.

"Kristi had a great year," said Middle River coach Tom Neihauer. "What can you say about an eighth grader who scores 448 points? And the thing is, she is so unselfish. She's a good passer."

Gram averaged 6.6 points and 5.6 rebounds per game off the bench as a junior, then doubled those figures this winter. "Holly really improved between her junior and senior year," pointed out Neihauer. "Our kids put in more effort in the off season than anybody else. They have to; we're the smallest school in the district (Section 8A Sub Section 4)."

The Skippers were 17-8 a year ago, North Border Conference champions and a third place finisher in District 32A. An entirely new cast of characters this winter wound up 15-10 overall, including a 10-2 second place finish in the North Border Conference, and picked up another third place post-season trophy.

"We graduated everybody last year," noted Neihauer. "We did better than we ever had reason to expect this year. You have to be satisfied with what they accomplished. They had a good season."

Joining Gram and Super in the Middle River starting line-up were senior Denise Johnson, junior Andi Nelson and sophomore Sara Melby, with sophomore Robyn Iverson playing as a part time starter.

Melby, who teamed with Johnson in the Skippers' backcourt, would rival Gram as the team's most improved player this winter, according to Neihauer. Johnson was playing strong basketball before suffering a severe ankle sprain about two-thirds the way through the year, and she had a hard time regaining top form. Nelson shot a team-leading 51 percent from the field.

"It was a fun year, but it was a little frustrating, too," acknowledged Neihauer, who lamented the fact the Skippers were not able to come close to matching their North Border Conference leading defensive play of a year ago. "It's not the best defensive team I've had," he said. "We're not a very good zone team, and it takes time to become a good man to man team. Bringing in all new kids like we did this year made it hard to play the kind of defense we wanted to play."

With Super, Nelson, Melby and Iverson, along with Heather Anderson, who saw some playing time as a freshman this winter, all returning, Neihauer looks for continued success on the court.

Annual Jump Rope for Heart was held April 11 in the Franklin Middle School gym. Myron Peterson, Scott Brakke and Howard Thorson served as coordinators for the fund-raising event featuring participants from Knox, Washington and Northrop elementary schools, who raised over $6,000 in pledges for the American Heart Association. The coordinators gave thanks to all the participants and adult volunteers, and gave special recognition to business establishments and civic groups donating prizes and money for the event, including McDonald's, American Legion, Danny's Pizza, VFW, St. Hilaire Lions, Eagles, Hugo's, Elks, Pizza Hut, Video Vault, Pamida, T-59 Video Rental, Hardee's and Nintendo Queen.

National Wildlife Week observed

National Wildlife Federation is currently sponsoring National Wildlife Week – April 19-25. This year's theme "Endangered Species – We're All In This Together," looks at wildlife and plants which are in immediate danger of becoming extinct, not only in North America, but on the entire planet earth.

Agassiz National Wildlife Refuge activities for National Wildlife Week include sending 135 National Wildlife Week activity packets and posters to 42 schools, as well as Minnesota Department of Natural Resources Wildlife offices, Soil and Water Conservation Districts, and Agricultural Extension Service offices in the six-county refuge management district in northwestern Minnesota. A display will be in the Thief River Falls Public Library through April 27. Several talk presentations by refuge personnel were also planned.

Once extinct – meaning no longer living anywhere – man will never know the value, function or purpose of those plants and wildlife. Scientists estimate that we now lose anywhere from hundreds to thousands of species each year. The current rate of extinction far exceeds any in the last 65 million years. Many of these species have never been identified by man.

The accelerated rate of extinction is directly linked to the high rate of natural resource consumption by the industrialized world and to the exploding human population. Many of the problems people cause are obvious: destroying habitat, generating pollution and selling wildlife products. Other problems we create aren't always so obvious. For example, our political and economic crises make it difficult to solve problems that lead to species extinction.

Why would we want to save endangered species? Saving as many species as possible allows natural diversity within the environment. They are used as indicators of environmental quality, measuring how much of our wild still supports a healthy environment. Some medicines are made from plants and animals which are used to prevent and cure diseases in humans. Medicine made from an endangered species many someday prevent or cure a human disease.

Production of food will need to increase as human population continues to grows. Although only 20 out of an estimated 80,000 species of edible plants produce 90 percent of the world's food, the next major food producing plant may be an endangered plant.

In conjunction with National Wildlife Week, April 22 is the 22nd annual observance of Earth Day. Officials urge everyone to do their part to keep the earth a healthy planet for plants, wildlife and humans, so man does not become an endangered species.

DNR News

Joys and skills of fishing are the focus of Minnesota's annual Take a Kid Fishing weekend, to be held June 6-7 this year. For the seventh consecutive year, the Minnesota Legislature will waive the license requirement that weekend for any resident adult who takes a youngster 16 or under fishing.

The weekend offers a unique opportunity, according to Department of Natural Resources Commissioner Rod Sando. "Take a Kid Fishing weekend is a perfect time to introduce new anglers to fishing or to rekindle an old hobby," he said.

Numerous organizations around Minnesota join with the DNR each year to promote the event by holding clinics or other special activities.

The DNR Fisheries MinnAqua Program, a statewide aquatic education program, is offering a Take a Kid Fishing community planning manual for organizations interested in conducting a special event. This manual includes a variety of materials to help plan special events.

To obtain a free manual, write the DNR Information Center, 500 Lafayette Road, St. Paul, MN 55155-4040, or call toll free in Minnesota, 1-800-766-6000.

Seven state fishing records reported to DNR offices in 1991

Seven state records were broken by Minnesota anglers last year, including the brook trout and tiger muskellunge marks. The state has averaged just over seven new records a year during the past decade. State records are kept for 59 game and rough fish species, ranging from walleye to the northern hogsucker.

William Tulla of Winton broke a record established in 1967 when he caught a 6-pound, 4.48-ounce brook trout from High Lake in St. Louis County Aug. 10. Tulla's fish measured 23.8 inches, with a 15-inch girth. It was caught using a spinner/worm combination. The previous record weighed 6-pounds, 2-ounces and was caught from Pine Mountain Lake in Cook County.

A 33-pound, 8-ounce tiger muskellunge caught by Christopher Sager of Minneapolis from Lake Calhoun in Hennepin County Aug. 14 broke a 12-year-old record. Sager's fish, caught with a sucker minnow, measured 47 inches and had a 25-inch girth. The previous tiger muskie record of 30-pounds, 4-ounces was set in 1979 by a fish taken from Deer Lake in Itasca County.

Robert Koplin of Red Wing broke the bigmouth buffalo record with a 41-pound, 11-ounce fish caught May 7 from the Mississippi River in Goodhue County. The fish was 38.5 inches long with a girth of 29.5 inches.

Stephen Cook of Prior Lake caught a record-breaking river carpsucker from the Mississippi River in Ramsey County March 9. The fish weighed 3-pounds, 15-ounces, was 19.5 inches long and had a girth of 14 inches.

James Loude of St. Paul broke the quillback record with a 6-pound, 14.4-ounce fish caught in the Mississippi River in Ramsey County April 6. It had an 18-inch girth and was 23 inches long.

Matt Bauer of Shakopee set a new record Oct. 12 when he landed a 12-pound, 13-ounce Atlantic salmon from the Baptism River in Lake County. The fish wa 35.5 inches long with a 16.5-inch girth.

Darrell Uptegraft of Burnsville caught a record-breaking shovelnose sturgeon Feb. 2 from the Mississippi River in Goodhue County. The 4-pound, 13-ounce fish had a girth of 11 5/8 inches and was 33.75 inches long.

"State records are broken virtually every year, even long-standing records like the brook trout mark set 24 years ago," noted Tim Schlagenhaft of the DNR Fisheries Section. "These records show the potential for Minnesota anglers to catch trophy-size fish."

Senior piano students to perform at recital

Ellen Olson

Heidi Dyrud

John Wallberg

Piano students of Marcia M. Knutula will participate in student recitals on Thursday, Friday and Sunday. Performances for the 19th annual piano recital are broken up into three separate days. On April 23 and 24, the recital will begin at 7 p.m. at First Baptist church in Thief River Falls. The recital on Sunday, featuring senior piano students Ellen Olson, John Wallberg and Heidi Dyrud, will begin at 2 p.m. at the First Baptist church.

Thursday's recital:

On Thursday, the following piano students will perform: Preschool student Christine Anderson; Kindergarten student Chris Mickelson; Second grade students Brittany Larson, Adam Knott and John Mickelson; Third grade student Heidi Young; Sixth grade students D. Paul Dehnert, Jessica Krankkala, Charity Wicks and Eeva Young; 10th grade students Amy Dahle, Jami Dehnert, Jennifer Duncan, Kari Krankkala and Melissa Lampe; and adult students Dr. Jim Langland, Ron Stordahl and Steve Young.

Piano duets and piano duos performed on Thursday include the following: Christine Anderson and Chris Mickelson; Chris, John, Donna and Dr. Tom Mickelson; Heidi Young and Brittany Larson; John Mickelson and Matthew Dimich; Adam Knott and John Mickelson; Eeva Young and Dr. Paul Dehnert; Jessica Krankkala and Charity Wicks; Jami Dehnert and Amy Dahle; Amy and Ed Dahle; Melissa Lampe and Jennifer Duncan; Kari Krankkala and Jennifer Duncan; Steve Young and Dr. Jim Langland.

Friday's recital:

Piano students performing in Friday's recital include the following students: preschool four-year-old Jane Buzzell and five-year-old Matthew Thiebert; first grade student Kelsey Christensen; second grade student Matthew Dimich; third grade student Karen Christensen; fifth grade students Katie Field and Richelle Fitzloff; seventh grade students Heidi Johnson and Jacob Jacobson; eighth grade student Kendra Dimich; ninth grade students Ingrid Dyrud and Matthew Johnson; 10th grade student Kathryn Engen, 11th grade students Kristie Field and Yonie Eiden; freshman at Northland Community College, Jennifer Jacobson; and adult students Janese Thatcher-Buzzell and Shelly Robb-Aubey.

Piano duets and piano duos will be performed by the following students: Karen and Kelsey Christensen; Matthew, Kendra, Judy and Dr. Tom Dimich; Katie Field and Richelle Fitzloff; Matthew Johnson and Jacob Jacobson; Kathryn Engen and Jessica Krankkala; Kari Krankkala and Kathryn Engen; Kendra Dimich and Heidi Johnson; Kristie Field and Yonie Eiden; Janese Thatcher-Buzzell and Shelly Robb-Aubey.

Sunday's recital:

Sunday's recital will include special performances by Ellen Olson, Heidi Dyrud, and John Wallberg. These students are seniors in high school and have attained a high degree of competence.

Ellen Olson has studied piano for 12 years. She has earned a number of awards. She has been a state winner six times in the Minnesota Music Teachers Association state piano contest. Most recently, she was a winner in the Northwest district MMTA piano contest, received third place in Scott's Music Store Sixth Annual Piano Competition. In May Ellen will be competing in the Ann Lamb Piano Competition at Bemidji State University. She has been awarded a $6,000 Music Performance Scholarship from Concordia College, Moorhead.

Ellen will begin her performance with a piano duo, "All Hail The Power", an arrangement by Nielson and Young. She will be performing this piece with John Wallberg. Her solos include: "Suite Bergamasque, Prelude" by Claude Debussy and "Sonata, Op. 57, Appassionata, Allegro Assai" by Ludwig von Beethoven.

Ellen will close her piano recital with a piano duet and a piano duo. Her piano partner for these pieces is Jennifer Jacobson, a freshman at Northland Community Collge. They will perform "Rossini's William Tell Overture" arranged by Louis M. Gottschalk, edited by Weekley and Arganbright, and "Friends" by Michael and Deborah Smith, arranged by Bruce Greer.

Heidi Dyrud has studied piano for nine years. She has earned a number of awards. She has been a state winner three times in the MMTA state piano contest. This past year Heidi was awarded first place talent winner at the Miss Middle River Pageant. She was also crowned Miss Middle River. Heidi will be attending Association Bible School in Minneapolis this fall.

Heidi will begin her senior piano recital with a piano duo, "How Excellent Is Thy Name", by Smith and Tunney, arranged by Bruce Greer. She will be performing this piece with Kari Krankkala, a sophomore at Lincoln high school. Heidi's solos include: "Sonata Pathetique, Op. 13, First Movement" by Ludwig von Beethoven and "Foxtrot" by Paul Hindemith.

Heidi will close her piano recital with a piano duet. Her partner for this piece will be her mother. Heidi and Avis will perform "Symphony No. 1, Finale" by Wolfgang Amadeus Mozart.

John Wallberg has studied piano for 13 years. He has also earned a number of awards. John has been a state winner nine times in the MMTA state piano contest. Most recently, he received a rating of Superior at the Northwest District MMTA Ensemble Festival, competed in the Ann Lamb Piano Competition, Bemidji State University, and he was awarded the Fine Arts Scholarship at Mr. Minnesota Teen Program, St. Cloud State University. John will be attending Massachusetts Institute of Technology, Cambridge, Massachusetts this fall.

John will begin his senior piano recital with a piano duo, "A Mighty Fortress Is Our God" by Martin Luther, arranged by Nielson and Young. He will perform this piece with his grandmother, Majel Hanson. John's solos include: "Sonata in G Major, Op. 79, First Movement, Presto alle Tedesca" by Ludwig von Beethoven, "Sonata in C# Minor, Op. 27, No. 2, Moonlight, Adagio Sostenuto" by Ludwig von Beethoven, "Etude, Op. 10, No. 12, The Revolutionary", by Frederic Chopin, and "The Lily of the Valley" by Fry and Hays, arranged by Dino Kartsonakis, also "Toccature No.2" by George Antheil.

John will close his piano recital with a piano duo. His partner for this piece will be his mother. John and Marily will perform "How Great Thou Art" by Stuart K. Hine, arranged by Nielson and Young.

The public is invited to attend the recitals and listen to the talented young artists. There is no admission charge. A reception will be held in the church fellowship hall following each recital.

Archery was a popular activity during activities day at Franklin middle school last Thursday, April 16. While a number of students were away from the building for trips and tours, others took part in many sessions arranged for them during the day.

Mayor Robert Reeve of Thief River Falls purchases the first business card with VFW Buddy Poppies from poppy chairman Bill Hawkyard of VFW Post 2793 and Edna McEnally of the auxiliary. Business cards were assembled Monday and are being sold this week in Thief River Falls. Mayor Reeve signed a proclamation urging the public to "Honor the Dead by Helping the Living," purchasing poppies assembled by disabled veterans. Proceeds from the poppy sales are used exclusively for the benefit of disabled and needy veterans and widows and orphans of deceased veterans.

INSURANCE Update
by Dee Schmidgall

An insured driver may question the need to purchase "Uninsured Motorists" coverage when Minnesota law requires at least minimum limits of auto insurance. Unfortunately there are many drivers who are driving without insurance. If you are seriously injured as a result of an accident with a hit and run driver, or an uninsured driver, your own insurance company will pay on your behalf for your injury or permanent disability. Even though the uninsured driver is at fault, your insurance company will settle your claim on behalf of the uninsured driver.

NORTHERN STATE AGENCY is available to discuss your insurance requirements. We will do our best to provide you with the most comprehensive coverage possible. Our office is conveniently located in the Northern State Bank building. To reach us call 681-4042. Office hours are 8:30-5 Mon. - Fri.; 8:30-6 Thurs.

NOTE: Uninsured Motorists coverage pays you for damages you are entitled to, but cannot collect, because the at fault driver does not meet the law's requirement.

Public Notices

PUBLIC NOTICE

The City Of Thief River Falls Water Department announces that the State maximum limit for turbidity in drinking water of one turbidity unit was exceeded during the month of March 1992. The monthly average for turbidity was 1.13.

Turbidity is caused by the presence of finely suspended particles such as clay, sand, or organic matter in water. Turbidity can be a problem if it interferes with the Chloramine used for disinfection. However, the turbidity level did not create a health hazard because the Water Department is able to maintain effective levels of disinfection.

The Thief River Falls Water Purification Plant is currently in the construction stage of a $.7 million dollar expansion and remodeling project. This project will enable compliance with the water quality requirements of the 1986 Amendments to the Safe Drinking Water Act.

Please be assured that the water is safe to drink. Any citizen seeking additional information should contact Allen J. Lemm, at the Water Purification Plant phone number 681-3809.

CARD OF THANKS

I would like to thank everyone while I was a patient at Abbott Northwestern Hospital who sent cards and gifts, phone calls, people who came to see me. Also after my return home thanks to everyone for their support, phone calls and visits. Thanks to Pastor Rank for his kind words and prayers.

THANK YOU

We would like to express our sincere thanks for all the love and concern shown to us during the illness and death of our dear husband, father, grandfather and great grandfather, George Duden.

Special thanks to the doctors and nurses at Northwest Medical Center and CNC 1 staff for the excellent care received. Thanks to Fathers Joe and John for the prayers and comforting words. A special thanks to Sister Caroline for visiting and praying with George. Also to Resurrection Choir, and St. Bernards Guild for the lunch served after the funeral. Thanks to all who sent flowers, food, prayers, memorials and for the visits. Everyone's thoughtfulness is greatly appreciated.

March 31, April 7, 14, 21, 28, May 5, 12, 19, 1992
NOTICE OF MORTGAGE FORECLOSURE SALE

NOTICE is hereby given that default has occurred in the conditions of that certain mortgage dated the 8th day of August, 1988, executed by Warren L. Brenna and Sharon N. Brenna, husband and wife, as mortgagors to First Federal Savings and Loan Association of Thief River Falls, as mortgagee, filed for record in the office of the County Recorder in and for the County of Pennington, and State of Minnesota, on the 8th day of August, 1988, at 11:30 o'clock A.M., and recorded in Book 210 of Records page 152, and that thereafter the said mortgagee duly assigned the same to Northern State Bank of Thief River Falls on the 25th day of February, 1992, and that said assignment was duly filed for record in the office of the County Recorder in and for the County of Pennington and State of Minnesota on the 28th day of February, 1992, and recorded in Book 230 of Records page 196 (or) as Instrument No. 136814.

That no action or proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof; that there has been compliance with all notice provisions as required by law and that the mortgagee or assignee has elected to declare the entire sum secured by the note and mortgage to be immediately due and payable as provided in the note and mortgage;

that the original principal amount secured by said mortgage was Nine Thousand Two Hundred and 00/100 ($9,200.00) Dollars;

that there is due and claimed to be due upon said mortgage, including interest to date hereof, the sum of Seven Thousand Seven Hundred Seventy seven and 80/100 ($7,777.80) DOLLARS, and the amount of tax paid by the mortgagee or his assignee on the lands hereinafter described in the sum of None DOLLARS;

and that pursuant to the power of sale therein contained, said mortgage will be foreclosed and the tract of land lying and being in the County of Pennington, State of Minnesota, described as follows, to wit:

Lots Nineteen (19) and Twenty (20), Block Six (6), Knox's Addition to Red Lake Rapids, now a part of the City of Thief River Falls, Minnesota, according to the Official Plat thereof on record.

Will be sold by the sheriff of said county at public auction on the 16th day of June, 1992 at 10:00 o'clock A.M., at the front lobby of Law Enforcement Center in the City of Thief River Falls, in said county and state, to pay the debt then secured by said mortgage and taxes, if any, on said premises, and the costs and disbursements allowed by law, subject to redemption by the mortgagors, his personal representative or assigns within six (6) months from date of sale.

NOTICE TO CONTRACTORS

Notice is hereby given that sealed bids will be received at the office of the Middle River-Snake River Watershed District at 453 North McKinley Street, Warren, Minnesota 56762 until 4:00 o'clock PM on May 4, 1992 for the rental of fully operated excavation equipment. Proposals are being requested for dozers, blades and crawler mounted draglines or backhoes. The draglines and backhoes may range from 3/4 cubic yards and larger and must be equipped with a boom, bucket and counter weights appropriately matched for the type of machine. All equipment must be equipped with a servis recorder.

The works to be done consist of but is not limited to the clearing and disposal of trees and brush and the removal of sediment from drainage channels, disposal of rocks and the leveling of spoilbanks. The work required and the locations of the work will be designated by the engineer of the district.

The equipment must be modern and in good operating condition and furnished with capable and experienced operators. Deficient operations or maintenance which results in reduced production or poor workmanship will be cause for contract cancellation.

All equipment proposed will be considered and evaluated based on many factors including but not limited to the following: type, horsepower, machine rating, machine weight, track length, track width, track gauge. Buckets available, boom lengths available and counter weights available.

Work will be paid by the hour and payment will be based on the time recorded on the Servis Recorder discs which must be turned over to the Engineer. Payments will be made on a monthly basis. The minimum hours per week will be 40 unless delayed by weather or equipment operating problems.

In addition to the payment for hourly work, the contractor will be eligible for a demobilization payment. The amount will be equivalent to 5 hours rental rate for each type of equipment authorized for use by the Engineer.

Demobilization payment will be included in the last payment for hourly work satisfactorily completed.

The District may cancel the contract at any time without cause by paying the demobilization payment.

The contractor may cancel the contract at any time without cause but forfeits the demobilization payment.

The type of equipment best suited for this project is dependent on the weather and other unknown job conditions. The district intends to rent equipment which in its opinion, will perform the required work at the least cost. Its evaluation factors will depend on conditions expected and encountered which will likely change along the course of the work. The District will release and rent different equipment from time to time as it deems necessary to economically perform the required work.

The contractor, in making this proposal, promises to furnish the equipment listed for the prices shown subject to its availability. He does not promise to make or keep the equipment available to the district. He understands, however, the equipment availability may be a factor in the district's evaluation of equipment.

The contractor will be required to furnish certificates showing that he has workmans compensation insurance and liability insurance.

The Middle River Snake River Watershed District reserves the right to reject any and all bids and to award contracts to other than the apparent low bidder.

Dated at Warren, Minnesota this 3rd day of April, 1992.

COMBINED NOTICE OF FINDING OF NO SIGNIFICANT IMPACT AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

Date: April 21, 1992

City of St. Hilaire
City Clerk's Office
P.O. Box 296
St. Hilaire, MN 56754

TO ALL INTEREST PARTIES, GROUPS AND PERSONS:

The purpose of this notice is to identify two separate but related actions to be taken by the City of St. Hilaire.

On or about May 6, 1992 the City named above will request the Division of Community Development (DCD), Minnesota Department of Trade and Economic Development, to release Federal funds under Title I of the Housing and Community Development Act of 1974, as amended (PL98-181) for the following project:

The St. Hilaire Comprehensive Program

The rehabilitation of 20 owner occupied single family homes, replacement of 35 blocks of watermains and grading and shaping of 15 blocks of streets.

Finding of No significant impact

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and the above-named City has decided not to prepare an environmental impact statement under the National Environmental Policy Act of 1969 (PL91-190).

The reasons not to prepare such statement are as follows:

1. Some increase in noise, dust or other nuisance levels may occur during rehabilitation however, such disturbances will be temporary and will cease on the completion of the activities which cause them.

2. The rehabilitation will not affect or be affected by the 100 year flood plain.

3. No effect is expected on protected or endangered wildlife or vegetation.

An environmental Review Record respecting this project has been made by the City named above that documents the environmental review of the project and fully sets forth the reasons why such statement is not required. This Environmental Review Record is on file at the above address and is available for public examination and copying, upon request, at Northwest Minnesota Multi County HRA, P.O. Box 128, Mentor, MN 56736 between the hours of 8:00 a.m. and 4:30 p.m.

No further environmental review of this project is to be conducted before the request for the release of federal funds.

Public Comments on Finding

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by the City to the City Clerk's Office. Written comments should be received at P.O. Box 296 on or before May 5, 1992. All comments received will be considered and the City will not request the release of federal funds or take any administrative action on this project before the date specified in the preceding sentence.

Release of Funds

The City of St. Hilaire will undertake the project described above with Block Grant funds from the Division of Community Development (DCD) under Title I of the Housing and Community Development Act of 1974. The City is certifying to DCD that the City and Mayor Kruse in his official capacity as Mayor consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision making and action, and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval the City of St. Hilaire may use Block Grant funds and DCD and the U.S. Department of Housing and Urban Development will have satisfied their responsibilities under the National Environmental Policy Act of 1969.

Objections to State Release of Funds

DCD will accept an objection to its approval only if it is on one of the following bases: (a) that the certification was not executed by the certifying officer or other officer of grantee approved by DCD, or (b) that St. Hilaire's environmental review record for the project indicates omission of a required decision, finding or step applicable to the project in the environmental review process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58) and may be addressed to DCD at 940 American Center Building, 150 East Kellogg Boulevard, St. Paul, Minnesota 55101.

Objections to the release of funds for reasons other than those stated above will not be considered by DCD. No objection received after May 26, 1992 will be considered by DCD.

Residential Antidisplacement and Relocation Assistance Plan under Section 104(d) of the Housing and Community Development Act of 1974, as Amended

A. The City of St. Hilaire will replace all occupied and vacant occupiable low/moderate-income dwelling units demolished or converted to a use other than as low/moderate-income housing in connection with an activity assisted with funds provided under the Housing and Community Development Act of 1974, as amended, as described in 24 CFR 570.496a (c) (1).

All replacement housing will be provided within three years after the commencement of the demolition or conversion. Before entering into a contract committing the City to provide funds for an activity that will directly result in such demolition or conversion, the City will make public and submit to the Minnesota Department of Trade and Economic Development the following information in writing:

1. A description of the proposed assisted activity;

2. The location on a map and number of dwelling units by size (number of bedrooms) that will be demolished or converted to a use other than as low/moderate-income dwelling units as a direct result of the assisted activities;

3. A time schedule for the commencement and completion of the demolition or conversions;

4. The location on a map and the number of dwelling units by size (number of bedrooms) that will be provided as replacement dwelling units. If such data are not available at the time of the general submission, the City will identify the general location on an area map and the approximate number of dwelling units by size and provide information identifying the specific location and number of dwelling units by size as soon as it is available;

5. The source of funding and a time schedule for the provision of replacement dwelling units;

6. The basis for concluding that each replacement dwelling unit will remain a low/moderate-income dwelling unit for at least 10 years from the date of initial occupancy.

7. Information demonstrating that any proposed replacement of dwelling units with smaller dwelling units (e.g., a 2-bedroom unit with two 1-bedroom units) is consistent with the housing needs of low and moderate-income households in the jurisdiction.

The City may request the Minnesota Department of Trade and Economic Development to recommend that the U.S. Department of Housing and Urban Development approve an exception to required replacement housing if there is an adequate local supply of vacant low/moderate-income dwelling units in standard condition. Exceptions will be reviewed on a case by case basis as described in 24 CFR 570.496a (c) (1) [illegible].

B. The City of St. Hilaire will provide relocation assistance as described in 570.496a (c) (2) to each low/moderate-income person displaced by the demolition of any dwelling unit or the conversion of a low/moderate income dwelling unit to another use in connection with an assisted activity.

C. Consistent with the goals and objectives of activities assisted under the Act, the City will take the following steps to minimize the displacement of persons from their homes:

1. The City will not demolish any properties with State or Federal Funds.

2. The City will not convert any low to moderate income housing to any other use with State or Federal funds.

D. Definitions for the purposes of this plan are as follows:

A "low/moderate income dwelling unit" is a unit with a market rental, including utility costs, that does not exceed the applicable fair market rent for existing housing and moderate rehabilitation as established under the Section 8 existing housing program.

A "vacant occupiable dwelling unit" is a vacant unit that is in standard condition, or in substandard condition suitable for rehabilitation, or in dilapidated condition and occupied less than a year from the date of the grantee agreement.

A "occupiable dwelling unit" is a unit that is in standard condition or has been raised to a standard condition from a substandard condition suitable for rehabilitation.

A "standard condition dwelling unit" is a well built unit with adequate space for persons living there. There are no major defects in the structure and only minor maintenance is required. Such dwelling will have the following characteristics: reliable roofs, sound walls and foundations, adequate and stable floors, walls and ceilings, surfaces and woodwork that are not seriously damaged nor have paint deterioration, sound windows and doors, adequate heating, plumbing and electrical systems which don't present safety hazards, adequate insulation for local climatic conditions, and is in compliance with local building and housing codes.

A "substandard condition dwelling unit, suitable for rehabilitation" will show a lot of deferred maintenance with permanent damage to structural items. Conditions contributing to substandard dwelling, include but are not limited to sagging, cracked, rotting, or leaking roofs, walls, foundations, ceilings, floors, doors, and windows, deteriorated surfaces and woodwork, unreliable heating, plumbing or electrical systems which present safety hazards or inadequate insulation. The cost of rehabilitating the unit to a standard condition should not exceed the market value of the dwelling.

RESOLUTION OF ADOPTION OF RESIDENTIAL ANTIDISPLACEMENT AND RELOCATION ASSISTANCE PLAN

BE IT RESOLVED THAT THE CITY HEREBY ADOPTS THE RESIDENTIAL ANTIDISPLACEMENT AND RELOCATION ASSISTANCE PLAN FOR THE CITY.

I certify that the above resolution was adopted by the City Council of the City of St. Hilaire on April 13, 1992.

Greg Johnson of G.J's Enercept Building Sales in Thief River Falls recently received a First Dollar award from the Thief River Falls Chamber of Commerce Ambassadors. Johnson sales a new method of home construction. With Enercept, the exterior sheathing, insulation and framing are all put up at once, in a fraction of the time required for construction of a conventionally framed house. Panels are pre-channeled for electrical wiring and include the framed rough openings for doors and windows. More information about the concept can be obtained by contacting Greg Johnson at (218) 681-2776. Signing a proclamation supporting the VFW Buddy Poppy program, Mayor Robert Reeve is shown with a group from Post 2793 and its auxiliary working on business cards Monday in the club rooms. Reeve's proclamation called on residents of the community to support the cause of disabled veterans by purchasing the poppies and to wear the flowers "as mute evidence of our gratitude to the men of this country who have risked their lives in defense of the freedoms which we continue to enjoy as American citizens."

Sparby hails worker's comp bill passage

The state legislature last week passed a major workers' compensation reform package, State Representative Wally Sparby of Thief River Falls said today.

He said the bill was approved in both the House of Representatives (the House voted 129-4) and the Senate earlier this week and awaited only the Governor's signature to become law.

The legislation will be a great help to businesses, he said, by reducing the cost of workers' compensation by an estimated 16 per cent in the state. "That adds up to almost $200 million a year in savings for Minnesota businesses by reducing benefits and increasing efficiencies in the workers' comp system," Rep. Sparby said.

He said another important cost saving for businesses will be a new deductible, similar to auto insurance deductibles, in which the employer could agree to pay for minor claims in exchange for much lower insurance premiums for major claims.

Rep. Sparby, who was chief author of an alternate plan that would have put into law a system similar to Wisconsin's cheaper workers' comp system, said passing some sort of workers' comp reform this year was a very high priority for him and many other rural legislators this session.

"This is an extremely important bill," Rep. Sparby said. "I'm confident the Governor will sign this bill, although last year we passed a slightly different reform package that he vetoed. Since then, I think he's gotten the message that this is an urgent piece of legislation for business owners. This bill is a very strong bill; it contains lasting and meaningful reform, in my opinion."

He said the bill also helps farmers by exempting them from workers' comp requirements if they pay less than $8,000 in wages or if they pay wages between $8,000 and the annual state average (about $22,000) wage and carry liability and medical insurance. "The farmers' portion of this bill was a priority of mine because it was something very much needed," he said.

He said the bill prevents insurance companies from filing for rate increases between April 1, 1992 and April 1, 1993. The 16 per cent reduction in rates will be between Oct. 1, 1992 and March 31, 1993.

At that time the Minnesota Department of Commerce will institute a "flex rating" system of regulation, which requires any insurance company filing for a rate increase of more than eight per cent to justify its actions to the state Commissioner of Commerce.

Rep. Sparby said the flex rating system gives the state control over how insurance companies set their rates. "Before this bill passed, we had no regulatory power over insurance companies in this area," he said.

The bill also includes a provision that gives the state Labor and Industry Commissioner emergency power to adopt administrative rules affecting workers' compensation.

He said the bill also cuts costs by adjusting supplementary and temporary partial benefits, and by reducing the annual cost-of-living adjustment cap from six to four per cent.

The bill also limits attorney fees, sets up a small claims court and expedites judicial decision-making in an attempt to reduce litigation and other expensive legal costs, Rep. Sparby said. It also puts some controls on health care costs that include managed care and a fee schedule.

"Runner Stumbles" at Northland April 23-26

Northland Community College will present its spring play "The Runner Stumbles" by Milan Stitt, April 23-26. A powerful and compelling play, "The Runner Stumbles" functions on two levels: both as a courtroom drama, and a deeply moving tale of repressed passion.

The play will be performed 8 p.m. April 23-25 and at 2 p.m. on April 26. Tickets are $5 for adults, $4 for Senior Citizens and youth under 18, and free for Northland Community College students, faculty, and staff. Special rates are available for groups of 10 or more. Call 681-2181 for more information.

The show is directed and designed by Janet Haak Aarness. Aarness's productions at the college are becoming well-known for the high quality of the performances, and technical achievement. As this play begins, the audience learns that a young nun has died under mysterious circumstances in a remote parish in northern Michigan. Her superior, Father Rivard, has been charged with her murder. The play alternates between courtroom scenes, and flashbacks which detail the relationship between Father Rivard and Sister Rita. Their relationship inevitably ends in tragedy, but it is not until the surprising conclusion of the play that the extent of their sacrifice is made clear, and the identity of the murderer revealed.

Cast members include: Shaun Engelsrud, Patty Saustad, Mark Thornton, Kelly Engelman, and Jim Barry, all of Thief River Falls, Teri Kranz and Angela Walswick-Boutwell, both of Crookston, Cheryl Erickson of Red Lake Falls, and Daniel Killian of Fosston. Students working on scenery, costumes and props include Patty Stephens, Val Amundgaard, Corrie Kuhn, Kurt Kainz, Teresa Selander, and Larone Greer. Lynn Pierce and Patrick Myhrer are coordinating sound and lighting. Poster and program design are by Kari Anderson.

Coast Guard enforces vessel fee

Owners of boats 16 feet in length or more who plan to use them on the United States waters of Lake of the Woods this year are advised to secure the U.S. Coast Guard's recreational vessel decal or face the possibility of being assessed a heavy fine.

The Coast Guard announced the fee schedule last fall and the intent to begin enforcement this season. Annual fee schedule is $25 for boats 16 feet but less than 20 feet, $35 for boats 20 feet but less than 27 feet, $50 for boats 27 feet but less than 40 feet; and $100 for boats 40 feet and larger. Boats under 16 feet, sailboards, windsurfers or boats propelled solely by oars, paddles or poles are exempt.

The Coast Guard is not empowered to enforce its rules in the territorial waters of other nations. The fee schedule will not be enforced by the Coast Guard for those who operate their boats **only** in the Canadian waters of Lake of the Woods. The law will apply, however, to those who trailer boats into Canada, launch there and then travel into U.S. territorial waters.

Persons with credit cards may obtain a set of the decals by calling 1-800-848-2100. Those without credit cards may call the same number and request an application form to order by check or money order. Those from this area who have used the credit card approach have received their decals in about a week, although the Coast Guard representative taking the call says to allow three weeks for delivery.

Coast Guard personnel have said the lake will be patrolled to enforce the fee requirement and the penalty for violation can be a fine up to $5,000. Renewal is to be on an annual basis and is the responsibility of the boat owner; no notification

CLOSE FRIENDS BECOME EVEN CLOSER IN TIMES OF CRISIS

Like any good neighbors, our two adjoining nations of Canada and the United States have always enjoyed a friendly relationship, despite some minor differences. This has been evident from our 3,000-mile unguarded boundary line that spans the continent, and in recent years, by our joint participation in sports. Moreover, another ingredient was added during last year, with all its turmoil and startling developments on the world scene. It is in times of crisis that people and countries show what they are made of, and the similarity of our responses to these events has brought us even closer together. At our House of Worship, let us thank God for this wonderful relationship, and pray that it will continue forever, as an example to the rest of the world.

A living proof to all the world of faith in brotherhood. — Guy W. Gilsland

Newfolden

Mrs. Arnold Larson
874-4331

Thursday Aaron and Blanche Waterworth were among many who attended the funeral of Bertha Holmstrom.

Kameron and Kathy Herstad, together with Lenore and Orville Herstad, motored to California. They left Grand Forks, ND March 11 and returned home on the 22nd. While in Merced, Kam and Kathy stayed with their son and daughter-in-law Kent and Lori, and of course, the most important – their grandson Cody, who was one year old in January. He is walking and trying to talk. He even tried to pucker up and whistle but no sound came. Lenore and Orville stayed with their son and daughter-in-law, Larry and Carole, in Merced where Larry has his own business selling and installing car radios, air conditioners, cellular phones – anything you can hang on a car. Tuesday, March 17, we were invited to a dinner party, together with Myrtle Robinson, David and Marge Bakke and Henry and Francis Haarstad, at the "Golden Corral" in Turlock. The dinner was hosted by Ulrica Anderson of Turlock, a former "Newfolden girl." After the meal we were all invited to Ulrica's home. There she gave us a tour of her gardens full of beautiful flowers and nuts and fruit trees. We all had a wonderful day. Thanks Ulrica. On the way back to Merced we stopped by Myrtle Robinson's ranch. Her almond grove of trees had just finished blooming. We had a grand tour of her orchards and spent the evening visiting Myrtle, her neighbors and friends. Thanks Myrtle. The day was enjoyed by all.

Thursday evening visitors and luncheon guests at the Arnold Larson home were Shirley Lefrooth and Bud Thompson.

Harvey Skyberg was a Monday visitor and luncheon guest at the Roy Stengrim home.

Saturday afternoon visitors at the Mable Hanson home were Muriel Nelson and Ellen Hjelle and Della Elseth.

Roy and Laura Roppe left Saturday for Moorhead, to visit at the Orland Roppe home, they returned home on Sunday evening. On their way home they stopped to visit with Roy's aunt, Clara Nygaard at Halstad.

Sunday afternoon visitors and luncheon guests at the Inga Melo home were Muriel Nelson, Della Elseth and Laura Haaseth.

Dick and Pat Gardon of Grand Forks, visited at the Ernest Hanson home on Sunday afternoon.

Those that helped Wallace Roppe celebrate his birthday on Friday evening were Vernon and Lillie Olson, Jerome and Patty Nelson and Jill, Justin Hjelle, Marvin and Avis Nelson, Gary and Karan Nelson and Kim, Curt and Barbara Farbo and Robby, and Della Elseth.

Milton and Beverly Erickson visited at the Gerald Gillund home on Sunday evening.

Saturday April 4th those that visited at the Hanna Moen home were Ken and Sharon Braaten and Jessica of Bagley, Kameron and Kathy Herstad, Marvin and Betty Moen, Gerald and Diane Nelson and Natalie, Gerald and Elona Moen and Darcene, Dennis Moen, Oweny Hjelle, Richard and Pat Moen.

Sunday afternoon Arnold and Vernice Larson, Karl Larson and Todd Jesme were among the many who attended the surprise birthday party for Carol Ness. It was a potluck with four birthday cakes. Carol received many nice gifts and cards. Birthday blessings, Carol.

Grandma Elaine Thompson called her grandson, Jeremy Wilson, and wished him a happy birthday on Monday the 6th. Then on Tuesday evening Lisa Wilson and family came to grandpa and grandma, Curt and Elaine Thompson to celebrate his birthday with ice cream, rolls and goodies. Jeremy will have a belated birthday party on Saturday with his friends, and then they will also celebrate with his grandpa and grandma, uncles, aunts and cousins on Easter Sunday. Birthday blessings, Jeremy.

Tuesday Ellen Hjelle visited with Josephine Bjorgaard.

Thursday forenoon Frank and Harriet Kujava visited at the Roy Roppe home.

Monday Ralph and DeVonna Hanson of Mountain Iron visited with Ernest and Eunice Hanson.

Harvey Skyberg was a visitor over coffee at the Paul Flaten home on Tuesday afternoon the 7th.

Sunday Vernon and Lillie Olson were among the many to attend the birthday party in honor of Vi Moen's birthday at the New Hope church.

Monday evening visitors at the Milton Erickson home were Dean Anderson, and Jill and Brian Gillund.

Wednesday April 1st, Ellen Hjelle visited with Hanna Moen.

Slow Drains?

You'll never have a slow running or clogged drain again!

The secret? Clean drains don't run slow. The "slows", or periodic clogs, are signals that a thick layer of "gook" is choking your pipes. This gook coats the entire length of your pipe from sink to sewer, or septic.

Conventional drain openers cannot remove this build up. Even a small tunnel through the waste lets them flow through the pipe, leaving the gook behind!

Now, with just a few minutes each month, you can easily clean out your pipes like new... and KEEP them clean with Plumb Clean®. It clings, and penetrates deep into the gook. No other product has the Plumb Clean® formula. That is what allows it to liquefy even years of build up. Plumb Clean® will clean the entire length of your pipes. It will make your drains run like new, when used as directed. This penetrating action is so revolutionary, Plumb Clean® is money back guaranteed! Don't be confused. Plumb Clean® is the brand with the guarantee right on the label.

Save Money. A 1 lb jar of Plumb Clean® holds up to 41 drain treatments. It costs only about 35¢ per treatment.

Independent laboratory studies show Plumb Clean® more effectively breaks down organic waste than all other products tested. So, if your drains have the "slows", get safe, guaranteed Plumb Clean® today! Available only at:

Strandquist

The Strandquist Junior Citizens have been very active this past week and I hope all the readers of the news enjoy it as much as I do. It won't be long until Easter when they will be enjoying a vacation.

April birthdays were celebrated this week and those celebrating were Ellen Stromberg, Lane McHam, Tracy Johnson, Tracy Sollund and Travis Rector. Lonnie Kujava made an Easter bunny cake for them and they were seated at the special birthday table decorated in Easter colors. Mr. Westberg made special place cards and they received M & M's and peanuts for an extra treat.

The winners of the swimming pool essay contest at the Strandquist school were announced on Monday. The first grade winners were: 1st place - Steven Hougard, 2nd - Shayna Hagen, and 3rd - Sara Kleinwachter. The winners in the second grade were 1st - Abigail Larson, 2 - Brianna Wojciechowski, 3 - Allison Lefrooth. The winners in the Third grade were 1 - Alicia Stechmann, 2 - Elizabeth Englund, 3 - Dera Benson. The first place winner received a trophy and the second and third place winners received a ribbon. All the winners received a 2-liter bottle of pop. Thanks to all the students that participated.

Mrs. Berggren's class is having a Trivial Pursuit competition in math. Grades one, two, and three are competing against each other and winners will be announced at the end of the competition. It makes learning a lot of fun.

Mrs. Schindele's class is writing Bare Books. These are books with bare pages that the students write and illustrate on their own. Some of the stories that they have written are all about animals, dinosaurs, or themselves. I'm sure the parents will enjoy reading them and they will make a nice keepsake.

This week before Easter, we are hoping the Easter bunny will visit us here at the school. I think he plans to hide Easter eggs on the playground for an Easter egg hunt. We'll have to see. Let's hope the snow stays away and we have some nice warm days coming up.

Douglas and Karleen Holmstrom of West St. Paul, spent a long weekend with Doug's folks, Dean and JoAnne Holmstrom. Doug brought along his rug laying equipment and laid carpets for his folks on Friday. On Saturday before attending the Bothum wedding, Doug, Karleen and Kodee spent some time visiting Grandma Elsie Lefrooth.

Morrie and Marcelyn Lindstrom and grandchildren, Dionne, Cassie and Tyler Lindstrom, Ted and Lori Johnson, Jaimee, Andy and Alissa of Hallock, Jeff, Peggy and Jarad Lindstrom of Akeley, were all over to Bemidji on Sunday, to help Bradley Hoff celebrate his 4th birthday.

Frank and Judy Kleinvachter brought birthday wishes to Wayne Larson's on Sunday to celebrate Kathy's birthday.

Mr. and Mrs. George Monroe visited LaVol Thun Thursday afternoon. On Friday afternoon Mrs. Jerley Hendrickson visited LaVol.

Paul Anderson, Kristopher and Kenrick were among the many Royal Rangers from the Karlstad Gospel Tabernacle that enjoyed bowling in Thief River Falls on Saturday afternoon.

Morrie and Marcelyn Lindstrom and Marcy Nelson spent the weekend in Fargo-Moorhead visiting their children, Xan Carlson, Scott Thun, and Debbie and Mike Bruggeman and family.

Judy Kleinvachter, Toni Kleinvachter, Mary and Donna Renstrom, Adeline Stennes, Gladys Johnson, Elphie Adlis and Elsie Kimbrough went over to help Toni KasProwicz celebrate her birthday.

Lori and Nikki Stromgren visited at Elder Engen's in Newfolden on Sunday.

Boyd and Virginia Sihlberg from St. Paul, and Tracy and Kimmy Tunheim and sons, Cory and Jared also from St. Paul, visited this weekend at Earl and Ebba Sihlberg's. They were here for the Bothum wedding. After the ceremony and before the reception Saturday afternoon they returned to Sihlberg's, and were joined by Dean and JoAnne Holmstrom, Doug and Karleen Holmstrom, John and Denise Grandstrand, Donna Donarski, Donavan and Kelly Donarski, to help Earl Sihlberg celebrate his birthday. Granddaughter, Brenda baked a beautiful cake for Earl, which was enjoyed by them. On Saturday Gene Kleinvachter visited them.

Morris and Hazel Anderson enjoyed a potato dumpling dinner with Peter and Pearl Thompson on Tuesday evening.

Frank and Judy Kleinvachter, Elmer and Anna Holmstrom were to Ellen Stromberg's to celebrate Frank Grochowski's birthday.

Larry Adlis returned from Saudi Arabia to renew his visa, and came to visit his mother, Elphie Adlis on Thursday. He works in communications for the Saudi Arabian Navy, and has to renew his visa every three months. He returned to New York on Monday, where his wife and daughter live, and then to go to Boston for a week of schooling before going back East.

On Friday George Jr. and Joyce Wikstrom, and Mike and Betty Johnson of Warroad, came home to Elphie's to see their brother, who had not been here for four years. First graders write letters to tooth fairy

During the past month, Washington Elementary School first graders from Mrs. Carol Schmitz's classroom studies and participated in dental health activities. Much of their reading and discussing centered around the non fictional or real aspects of dental care. But other segments of the dental theme dealt with the fictional or fantasy topics of teeth.

One of the culminating projects for this first grade was to write letters to the tooth fairy. The letters were written, collected and edited by the students for the "publishing" of a classroom "Big Book." The following letters are from the first grade book "Dear Tooth Fairy, 1992." All began "Dear Tooth Fairy" and closed with "Love" and the student's name. Greeting and closing have been eliminated to conserve space.

Do I have 6 year molars? I don't lose any teeth. I do not eat candy. —Brandon Nelson (son of Roxanne Nelson and Tim Nelson)

Where do you put my teeth? And how do you get the money under my pillow without waking me up? —Micah Johnson (son of Bruce and Janet Johnson)

I love you. I brush my teeth. I wish I had a lot of money. I think you are nice. You are beautiful. —Maren Hammer (daughter of John and Delaine Hammer)

I like you. I like you, dear Tooth Fairy. What do you do to my teeth? —Nathan Hesse (son of Scott and Kristina Hesse)

My teeth are nice and shiny. I keep my teeth nice and clean almost all of the time. Tooth Fairy, are you really real? —Preston Johnson (son of Wayne and Sheila Johnson)

I want to lose a tooth. I will be happy if you let me. I want to know what you look like. My teeth are very clean. I will put my teeth in a glass. Well, I have to go. Good-bye. I want to go to the dentist. —Lisa Basher (daughter of Danny and Karen Basher)

I love you, Tooth Fairy. Thanks for the money. I lost a tooth. Hi, Tooth Fairy! —Melissa Skjerven (daughter of Corey and Julie Skjerven)

So, you leave money under people's pillows? I lost one tooth and I put it under my pillow. I lost my tooth in February. Thank you for the money and I put the money in my bank! Love to the Tooth Fairy. —Tracey Fanfulik (son of Kim Fanfulik and Donald Fanfulik)

I like when you give me money. You are nice. Where do you live, Tooth Fairy? I love you, Tooth Fairy. —Allyson Torstveit (daughter of Herb and Darlette Torstveit)

I lost a tooth. I put my tooth under my pillow, Tooth Fairy. What are you going to do with my tooth? —Christopher Reierson (son of Ron and Jodi Reierson)

I hope you have a fun time. I like when you give me money. I like you when I go to sleep. —Jeremy Anderson (son of Gary and Linda Anderson)

Is it fun to have the job? Is it fun? —Chlow Roadfeldt (daughter of Gretchen Gilbert)

Why don't you have any teeth? I have lost 7 teeth. I have one loose tooth. —Michael Langevin (son of Dale and Jenny Langevin)

I am sad that I lost my tooth. Thank you for believing me and giving me the money. Thank you for the money, Tooth Fairy. Will you write back to me sometime? My dad pulled some of them and my mom pulled some of them. What do you do with my teeth? —Alicia Peterson (daughter of Stuart and Margaret Peterson)

Are my teeth clean? Or are my teeth dirty? Are your teeth clean? Are you real? I have a loose tooth. I lost two teeth. I use dental floss and I brush my teeth. —Allison Page (daughter of Gary and Sherry Page)

I love you. You are fun. Where are you, Tooth Fairy? Where do you live, Tooth Fairy? I want to know where you live. What did you do with my *tooth*? —*Joshua Brekke* (son of Roxanne Brekke and Brian Brekke)

I brush my teeth with my toothbrush and I floss my teeth. What do you do with my teeth? I LOVE TEETH! —Sarah Petersen (daughter of Richard and Cheryl Petersen)

Hi! I have my six year molars. I am 7 years old. How old are you? What do you do with the teeth? —Lara Haymond (daughter of Jack and Carol Haymond)

Do you have a lot of teeth? Yes, I do have a lot of teeth. I think I am going to lose a tooth. I like to lose teeth. Do you like me? Yes, I do like you. I love you. I like you. I think I have a loose tooth. —Laura Anderson (daughter of Jim and Mary Jo Anderson)

Did you get my tooth? Where did you put my tooth? —Amanda Burton (daughter of Shawn Burton)

I do not have my permanent teeth. I have not lost any more teeth. I wish I could keep my teeth. —Scott Woodruff (son of Rick and Nancy Woodruff)

Do you have any teeth? Is your job hard? Where do you live? Where do you put my teeth? —Ryan Broden (son of Michael and Joyce Broden)

What do you do with the teeth? My tooth is loose. Will you come to get my tooth when it is loose? —Derek Molstad (son of Clayton and Jeanne Molstad)

When sharks lose teeth, do their permanent teeth grow in? What do you do with the teeth? Are my teeth clean? —Michael Carpenter (son of Randy and Jean Carpenter)

I have silver replacements. I have had a fluoride treatment. I have permanent teeth now. —Lance Pearson (son of Julie Pearson)

I love when you take my teeth and leave me money. I pull my teeth myself. I put my teeth in the water glass. —Ryan Swanson (son of Rick and Charlene Swanson)

Another Chance To See Young Folks In Action

Annual scout exposition scheduled this Sunday, April 26, from 2 to 5 p.m. at the Huck Olson Memorial Center will give area young people a chance to show their stuff and other area residents an opportunity to see some of their young people involved in worthwhile activity.

We have long appreciated the patience and effort of adults involved in the various youth programs of the community as they give selflessly of their time and talent to work with youth development. The exposition will show one more facet of that commitment as Cub Scouts, Boy Scouts and their leaders give a sample of their skill activities and ability to work cooperatively for a common goal.

A plus for a number of years has been the participation of a number of Canadian Cubs, Scouts and Venturers who each year show a great deal of enthusiasm and creativity in their exposition displays. Their participation has the added flavor of international learning as the visiting scouts stay in the homes of local scouts Friday and Saturday nights prior to the exposition.

We encourage anyone interested in youth activity to get out to the arena on the Pennington county fairgrounds on Sunday afternoon and spend an hour or two or three viewing what kids under dedicated leadership can do. We are impressed each year and we think you will be, too. Our collective hats off to the scouts and adult scouters and best wishes for another good show.

Making Safety Standards Work For All Minnesotans

GUEST EDITORIAL

by Commissioner John B. Lennes
Minnesota Department of
Labor and Industry
(Written prior to close of the 1992 Legislature)

For years, Minnesota has been edging toward a system of double standards—one set of rules for the private sector, another for government. What's said to be good, tough public policy for private sector employers is seen by many in government as unfair and onerous when applied to the government itself.

Take the case of the Park Rapids school district. In response to a school employee's request, the state Occupational Safety and Health Administration (OSHA) recently inspected Park Rapids district property and buildings for safety violations. Using the same standards applied to all other workplaces—both public and private—OSHA found a large number of serious violations—way more than any other school district inspected last year. The result was a $36,000 fine, the same as would be applied to any other employer under Minnesota's workplace safety rules. "Foul!" cried school administrators.

State Legislators, who only last year voted overwhelmingly to increase OSHA fines by 350 per cent, felt the heat. Suddenly, "getting tough" and "cracking down" on employers who placed the lives of their employees in danger wasn't their major concern. At least not when state and local tax dollars were at risk.

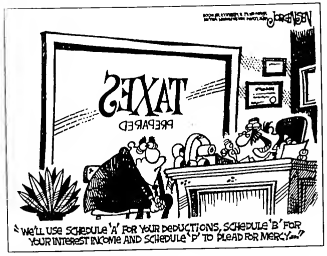
But instead of re-examining the entire penalty system as it applies to all employers, legislators are tempted to seek a quick fix. Maybe schools and other public employers with poor safety practices should receive special treatment. Under a bill moving through the legislature, public employers would be permitted to use the money that would have been spent on fines to "fix" the problem. Never mind that incentives for safe workplaces would be largely eliminated when the worst that could happen would be that public employers would have to do what they should have done anyway.

In the rush to save public dollars, the former urgent concern for worker safety is being forgotten. So, too, is the question of whether the recently enacted penalties are excessive for those not granted "special treatment."

I believe what's needed isn't a separate standard for government, but better-thought-out laws which make sense for all. OSHA fines must be high enough to provide real incentives for workplace safety, yet not so onerous that they unreasonably impede a basically good and concerned employer's ability to function and to provide quality jobs. In short, we need a system which is more pro-active, more instructional and more assisting than what we have now.

Around the world and across the country, people are clamoring for fairness in government. Soviet officials recently were ousted by citizens weary of a system in which some were more equal than others. And here in the United States, citizens are outraged by Congressional perks and bad checks that were written without penalties. I think it's time to heed this cry and reject separate standards for government and business.

Mostly, people want everyone to play by the same set of rules, and they want those rules to be fair. So let's be fair about safety fines. What's fair for Bob's Radiator Repair is probably fair for the government, too. And if it's so bad for government, why are we doing it to Bob?



"We'll use Schedule 'A' for your deductions, Schedule 'B' for your interest income and Schedule 'P' to plead for mercy..."

Korydon, Aaron and Helen Chervestad, Danny Nelson and Violet Joppru of Thief River Falls, and Mr. and Mrs. Art Gustafson were visitors at the Clara Knutsen home. Clara moved back to her home after spending a few months with her daughter, Violet and Sandy Joppru home. Clara's home had been broken into and it took several days to straighten the house up, from the attic to basement. Thank you guys for doing such a great job to upset her home and take her keepsakes. Clara is 83 years old. There were other vacant homes in the area also broken into. What are you guys looking for? Sympathy or pleasure?

Trip to Italy!

On the 24th of March, Milan Olson, Norman and Darlene Blackstad departed for Naples, Italy, to visit their daughter and son-in-law, Patti and Dale Gerdts, and their daughters, Danyelle and Ashley. They arrived at Rome International airport on the 25th of March, where their European vacation began. They started out at Garmich, Germany on the 26th, touring Florence and Vicenza, Italy on their way. They arrived in Garmich, Germany on the 27th, after passing through Innsbruck, Austria. During their four-day stay in Garmich, they toured two royal palaces that were built in the 18th century by King Ludwig II, and two churches from the 16th century. They also toured Munich, and saw a concentration camp in Daukau, Germany. Their last day was spent skiing in the Alps. After Garmich, they departed for Frankfurt, and spent a day touring that city. After Germany they headed back for Naples, but passed through Venice, Italy. After a day rest in Naples, they headed for Revello, a quaint town in the Almafi coastline, to the town on Sorrento. On Milan's last day, they took a hydrofoil to the island of Capri, for a relaxing day in the sun, overlooking the Mediterranean Sea.

Amanda Hogtvedt of Alexandria, Mrs. Clarence Johnson, Muriel Mandt and Shirley Lundeen visited with Ona Magnell of Mac Manor at McIntosh, and also attended Vi Disrud's open house of her new hair salon, "Great Cuts by Vi" in McIntosh, April 4. A good luck in your new business Vi!

Guests were her mother and dad, Mr. and Mrs. Clifford Johnsrud of Goodridge, Mr. and Mrs. Dennis Moen and Nicole, Mr. and Mrs. Merle Lundeen, Jeff Lundeen, Korydon Chervestad family, Greg Hahn, Danny Nelson, Robert Flaten, Johnnie Hanks, and Helen Chervestad.

On Thursday Brad and Lana Nelson hosted a birthday party for son Tylor who was 12 years old. Overnight guests were his schoolmates, Kyle Jenson, Trairs Larson, Tim Lambert, Eric Bjerklie, Adam Lee and Guinn Bishop.

Olaf and Clara Stelaas, Theodora Anderson, Amber Walker from Pongilly, motored to Rochester Mayo Clinic, where Clara and Theodora went to seek medical attention. Theadora is feeling very poorly.

Alfred Hansen of Thief River Falls is hospitalized in the Northwest Medical Center, and is being moved to a Fargo hospital Monday.

Howard Hanson is hospitalized at the Fosston hospital.

Mrs. Oliver (Olive Haugen) Berg is hospitalized, and not feeling too well.

Oscar Qualley is a resident at Valley Home in Thief River Falls, and feeling pretty good.

Many attended the musical event in Oklee Saturday, and enjoyed the supper and musical entertainers from far and near. Great Job! Outstanding entertainer I enjoyed was Harold Sorenson of Climax, and his eight string Hardanger fiddle, accompanied by his nephew, Truman on the guitar. Harold is Julie Faugstad's father, of rural Oklee.

"With a well organized salvage campaign scheduled to get under way in this community later next week, Carl Christofferson, chairman of the Pennington county salvage committee, today urged local residents to save from now on all paper, rubber articles, rags and tooth paste and shaving cream tubes. Detailed information on the plan for assembling the articles will be made public next week."

From the Editorial Page

"There are several parts of this civilian defense program that have definite merit. Gardens is one of them and the first aid instruction that is being given to millions of men and women is another. We can't think of a single thing wrong with the garden idea and certainly no harm is going to be done by learning how to take better care of ourselves and others in an emergency."

"'Any way to escape' said Jim Dainard the other evening as he took a 'header' through the kitchen window of one of the hotels. We have been trying to find out why he made the jump and the only thing we have learned yet is a rumor to the effect that one of the young ladies had been exercising her leap year privilege and Jim, considerably embarrassed, made a wild break for liberty."

Check Before Seeding

"It would be well for the farmers to look very carefully over the seed wheat they intend to sow this spring as those well informed are of the opinion that wheat that was damp last fall and was frozen during the winter was unfit for seed as the germ of the wheat is killed. It will take but a few days to find out if the wheat will sprout and farmers who intend to sow that kind of grain should test it before sowing."

Joel Johnson

Johnson in Lettering for Excellence

Joel Johnson, son of Rev. Mark and Beth Johnson of Thief River Falls and a senior at Lincoln high school, was selected as a member of the Minnesota Lettering for Excellence team.

The group included 100 students selected from throughout the state with about 340 students from 175 schools nominated to receive the award. Included were 50 "consistent achievers," of which Joel was one selected, and 50 "recent achievers."

Joel and his family were recognized at a Lettering for Excellence banquet and program held at the Minneapolis-St. Paul Hilton Hotel Saturday, April 11.

Students selected were nominated by teachers and counselors at high schools across the state. Each was entitled to nominate one consistent and one recent achiever. A committee of Minnesota educators evaluated the nominations and made selections based on academic records, school and community involvement and recommendations by teachers.

Also named to receive the award were Eric Kolstoe and Jeff Kvasager of Oklee public schools, Tou Xiong of Humboldt high school.

Meet April 27 will explain Blandin plan

To explain the Blandin Foundation Community Leadership program, a community meeting will be held Monday, April 27, at 7:30 p.m. in room D-60 of Northland Community college in Thief River Falls.

A team of eight people will be selected to represent Thief River Falls at a six-day leadership retreat October 4-9 in Grand Rapids. Other communities involved in this retreat will be Crookston and East Grand Forks.

All those who are interested in the future of the community and the area are invited to attend the April 27 meeting which will be the start of the delegate selection process.

Participants will be chosen by a local selection committee and will receive $2,500 scholarships which cover food, lodging and tuition. In addition, the Northwest Minnesota Initiative Fund provides money to cover transportation, child care and substitute wages if necessary.

Additional information is available by calling Don Stewart at 681-2500.

Sheila Wheeler honored for math, science

Sheila Wheeler, a student at Northland Community college in Thief River Falls, will receive the Minnesota Community Colleges' Chancellor's Award of Excellence during a luncheon Friday, April 24, at the St. Paul hotel.

Wheeler will be among 29 Minnesota community college women—all of them taking the toughest mathematics and science courses their college has to offer—being honored with the award.

Chancellor Gerald Christenson said he began the award three years ago "for the encouragement of women students in math, science and engineering—fields generally dominated by men." Many studies have shown that women and minorities drop out of math and science courses in far greater proportions than white males.

All of the students being honored have earned high grades—many of them straight A—in physics, calculus, chemistry and biology. All plan to transfer to four-year universities, many of them to schools of engineering.

"Our state and our country need the best minds and the greatest talents of all men and women of all races," Christenson said. "These talented women are examples of the success that comes from good family support, good teaching and the motivation to overcome obstacles. They will be our leaders in a few years."

Home Again!

Harold and Marian Vatthauer returned on Saturday afternoon after spending the winter visiting and helping their children, and getting acquainted with two new grandchildren. They spent Christmas in Lakeville with Ronalie and David Vigstol, Renate and Greg Schmidtke and their families. Then they journeyed on to Lakeview, TX, to the home of Edlyn and Sandy Vatthauer, stopping enroute at Branson, MO, which is a growing town with many theaters and music halls. They took in a concert by the Blackwood Singers, a favorite group for them. They spent a month in Texas with Edlyn's family. Little Matthew Ernest had arrived on January 2 to join two older sisters and his parents. While in Texas Edlyn's took them to Hot Springs, AK. Coming back to Minnesota they visited the Neildon Vatthauer family in Rochester, as well as in Lakeville again. They were on hand for the birth of Ruth Marian, to Renate and Greg on March 14. Baby Ruth has two older brothers. Before returning to Plummer they drove to Upland, IN, to visit Alvide and John Kastelein and other relatives close by. On the final trip north, they visited Marian's sister, Norma and Harvey Anderson at Cambridge, and were overnight guests of Dick and Clara Wichterman in Alexandria. Welcome home!

Adelaide Peterson of Appleton, WI, was a Sunday overnight guest of her sister-in-law, Hazel Ollie.

The Tri-Parish Catholic Youth group held a pancake feed on April 12, with the help of several fine adults, at the Plummer hall. A large crowd attended with Russell Gustafson winning the Easter basket and Lindsey Hemley the jar of jelly beans. Both items were raffled off. The young people also had a cake walk with many delicious cakes going to the lucky winners. The proceeds from the brunch will be used to send several youth to the Youth Leadership Camp, which will be held in South Dakota in July. Thanks to the many who attended and helped in any way.

Effie Vigstol visited at the home of Bob and Lorraine Miller on Sunday evening in Red Lake Falls.

Mr. and Mrs. Ellsworth Mulligan visited on Sunday with her sister Betty Overland at Fair Meadows Nursing Home in Fertile, and with Eleanor Leleski in Red Lake Falls.

Chrism Mass

The Chrism Mass at the Cathedral of Immanuel Conception in Crookston was held on Monday evening. Oils and Chrism used in the churches of the area were blessed and distributed to each church in the diocese. Receiving the oils for St. Vincent de Paul's church of Plummer were Stella and Dwight Howard, Judie Fallon for St. Joseph's church of Brooks, and Susan and Kevin Schindler for the Terrebonne church. Jan and Jerry Frietag also attended the Mass, and reported it was great to visit with Fr. Joe de Crans of Thief River Falls, and Larry Weisler of Stephen, at the coffee fellowship afterwards. Both are former priests of Plummer.

Art and Frances Schiefert spent Sunday with their daughter Sandy and Glen Ostenson of rural Oklee.

Idelle Rewertz took her brother, Allen Hanson of Thief River Falls, to Fargo on Tuesday where he had medical treatment.

Immanuel quilters worked on Tuesday at the church, tacking up another 24 quilts. Present were Clara Hesse, Hazel Ollie, Effie Vigstol, Charlotte Leining, Dorothy Roese, Dorothy Pedersen, Avis Froiland, Wilma Huotari and Amelia Eskeli.

School Plays

Plummer High School presented two one-act plays on Tuesday evening under the direction of Carol Kenkel. The first one was entitled "Next" with Aaron Rostan and Michelle LeFebvre in the star roles. Other players were Bryce Huotari, Terri Lorenson, Amy Arit and Shawn Hines. It was the story of one man's efforts to avoid the draft and was quite hilarious. The second was entitled "Quiet, please" with Dan Gagner, Darin Schmitz and Dixie Koskela playing leading roles. Amy Arit, Carrie Fallon, AnnMarie Haugen and Darci Delage also participated. This story centered on two feuding brothers in the Ozark Mountains, whose differences were resolved by a visit from a city girl with car trouble. Both plays were very well given. Thanks, students and director!

Senior Citizens Meet

Plummer Senior Citizens met on Wednesday with the noon meal furnished by members A-L. Birthdays honored were Nora Delage, Laina Eskeli, Wilma Huotari, Harvey Riendeau, Anne Schumacher, Alma Hanson and Bill Simpson. Darle LaJambe and Pat Sullivan were visitors. Pat, who is a county health director spoke to the group about Alzheimer's disease. The regular business meeting was called to order with the flag pledge led by Howard Greenwald. Reports of the secretary/treasurer and various committees were heard and a discussion on helping with the July Fourth celebration was held. It was decided to serve a noon meal at the hall, hold a craft sale and raffle off quilts, as well as have a float in the parade.

Names for the 1992 Red Lake county outstanding man and woman will be accepted. Anyone who is over 70 and has not won before is eligible. Door prizes went to Olga Konickson and Pearl Laniel and a special Easter basket going to Wilma Huotari. 12 members were given plastic Easter eggs awarded by tape on the bottom of plates at dinner, and each contained a riddle that was used as part of the program. Frances Schiefert had two readings, and the annual Spelling Bee was held with Hazel coming in first, Howard Greenwald second and Effie Vigstol third. They are eligible for further regional competition. The next meeting will be on May 20, with members M-Z serving. Entertainment committee is Hazel Ollie and Jean Carpenter.

Birthday for Heidi

Heidi Schiefert, whose birthday is on the 9th of April, celebrated on Friday the 10th with a pizza party at her home. Guests who enjoyed games and other entertainment were Jackie Christianson, Tiffany Malwitz, Ashley Konickson, Kelly Boucher and Brittany Berberich. Kelly and Brittany stayed overnight. Heidi is the daughter of Jim and Sherrie Schiefert, and has an older sister Heather.

The Faith circle met on Thursday afternoon at 1 p.m. at the church. Amelia Eskeli was in charge of the study and business.

Sheila Gerardy and Wavell Sorenson attended the 4-H "Share the Fun" program at Oklee on Sunday. Grandchildren, Tricia and Todd participated and were in a play entitled "God Bless the USA."

Discovery Place personnel

Members of the staff of Discovery Place and Discovery Place on Campus recently completed a year-long training program on integration of young children with disabilities. Training was sponsored by the University of Montana.

Goal of the project was to increase the number of options for child care for families who have a child with a disability. Training was completed through written materials, on-site demonstrations, workshops, training sessions and telephone consultation.

Included in the training were developing integrated programs for young children, meeting the individual needs of children, arranging the physical environment, managing health and safety, involving parents and families, encouraging community coordination and managing an integrated program.

Completing the training were Lucy Simpson, Elaine Gunderson, Dana Amiot, Barbara Forsberg, Kari Larson and Mary Ann Hodge.

Patricia Rawerts Dahl co-author of history book

Patricia Rawerts Dahl, a 1959 graduate of Lincoln high school in Thief River Falls, is co-author with Avis Nelson Fricker of a history book entitled *"United States Presidents—Leaders of the Free World Since 1789."*

Included in the book are famous sayings, important documents, speeches, slogans, songs and other historical memorabilia surrounding presidents from George Washington to George Bush.

Intended to pique the interest of students and encourage further reading and learning, the book can be used as a resource supplement in history, civics, reading and language arts classes for fifth grade an up, or as a main text in summer courses.

Avis Nelson Fricker graduated from Lake Bronson high school in 1950 and from Bemidji State University with a provisional elementary education degree. Later she received a Bachelor of Science degree from the University of Minnesota. She presently teaches in the Bloomington public schools and is considered an expert on presidential history and memorabilia, conducting classes for young people on the presidents.

Patricia Rawerts Dahl attended BSU for one year before transferring to the University of Minnesota in Minneapolis where she completed a Bachelor of Science degree in elementary education and Master of Arts and Ph.D. degrees in educational psychology.

Dahl has been active in educational research and has taught in the Bloomington schools for 25 years. Her husband, Marv Dahl, a buyer for Minntech Corporation in Plymouth, is formerly from Bemidji and did some of the illustrating for the book. It is available from Libraries Unlimited, P.O. Box 3988, Englewood, CO 80155. Cost of the 226-page book being published just this month is $19.50.

Monta Casavan, Red Lake county King Agassiz, and his wife Heidi recently visited the Minnesota State Capitol in St. Paul as part of the King Agassiz Emerging Leadership program. They are pictured with Rep. Wally Sparby (left) of Thief River Falls.

Formation of AARP unit to be aired

To discuss organizing an area chapter of the American Association of Retired Persons (AARP), an informative meeting will be held at the Heritage Community center in Thief River Falls Tuesday, May 5, at 1 p.m.

Ernest Jacobson, assistant director of the Minnesota AARP, will present information at the meeting which is open to the public and of particular interest to persons 50 years of age and older.

"AARP chapters offer members opportunities for community leadership and volunteer service as well as a chance to meet new people and attend social and cultural events," states Polly Reed, who can be contacted for further information at 681-4618.

"Chapters help promote and distribute information on issues such as health care, financial security, consumer protection, crime prevention, employment and retirement, long-term care and the special needs of older women and minorities," she added.

Johnson in Citizen Bee Sat., May 2

Joel Johnson, a senior at Lincoln high school in Thief River Falls, will be among approximately 35 high school students from across the state participating in the annual Minnesota Citizen Bee competition Saturday, May 2, in Minneapolis.

Participants in the state event were selected at regional competitions held earlier this spring. Sponsored by the Close Up Foundation in Washington, DC, the competition will place students in several rounds of written and oral questions with points awarded for correct answers. Students with the greatest number of points will be declared the winners.

Questions asked are based on American history, geography, economics, politics, culture and current events from a study guide prepared by the sponsoring organization. At stake are $1,000, $750 and $500 prizes and three trips to the national competition June 29 in Washington, DC.

Also competing from this area is Nicholas Kden of Greenbush.

Children attending the Super Asthma Saturday program at Northwest Medical Center in Thief River Falls April 25 were provided with a number of activities and testing. Chastity Erickson, four-year-old daughter of Dennis and Betty Erickson of Warroad, kept an eye on the Times photographer while preparing to blow into a peak flow meter to measure lung capacity. There were 75 adults and 40 children from age four through 13 in attendance at the event—the largest number that has attended a similar program since they were started by the Minnesota Lung Association in 1989. Deb Brauer, director of the medical center's respiratory therapy department, said that people attended from Thief River Falls, Roseau, East Grand Forks, Fosston, Oklee, Warroad, Warren, Stephen, Red Lake Falls, Grygla, Hallock, Newfolden, Mentor, Alvarado, Fertile, Middle River, Crookston, Brooks, Plummer, Badger and Greenbush. Plans are to start an area asthma support group.

Student housing project proceeds

Although it may seem that progress on the student housing proposal is moving along at a snails pace, progress is being made.

Representatives various organizations on a committee created to study the student housing problem met Tuesday (today) morning to discuss legislation that had been passed by the legislature this session and review the project.

One sign of progress at the meeting was the adoption of a resolution by the committee to instruct the attorney to draw up a lease agreement with School District 564 for property. The recommendation was the result of a discussion on recently adopted legislation that requires that student housing be located on land owned by the technical college, the school district, or the state board of technical colleges and that it is leased to a private or non-profit entity. One aspect of the agreement will be that if construction does not begin in two years it shall revert back to the owners.

The committee is under some pressure to move ahead with the project because of the transition of

Newfolden man critical after accident Saturday

A Newfolden man is listed in critical condition at United Hospital in Grand Forks.

Russell Elseth, 45, Newfolden, was injured when he was pinched between two cars when a third car collided with another vehicle at about midnight Saturday, April 25.

Minnesota state patrol received a report of an accident about 10 miles north of Thief River Falls on Highway 59 Saturday. According to the accident report, Russell Elseth and Brent Elseth were traveling in separate vehicles when the vehicle driven by Brent Elseth developed engine trouble and stopped. Russell Elseth turned his vehicle around and parked it with the front of his vehicle facing the vehicle driven by Brent Elseth. Brent's vehicle caught on fire and they had put it out with snow. Russell Elseth was then standing over the engine of Brent's vehicle when a car driven by Edward Gronewald, Newfolden, collided with the rear of Brent's vehicle trapping Russell between the vehicles. Gronewald's vehicle and Brent's vehicle then rolled into the ditch and caught fire.

Russell Elseth was taken to Northwest Medical Center in Thief River Falls and then transferred to United Hospital in Grand Forks. A United Hospital spokesperson said he was listed in critical condition as of Monday afternoon.

Brent Elseth, 18, Newfolden, was not injured but the 1979 Oldsmobile two-door was considered a total loss. Russell Elseth's vehicle, a 1977 Pontiac two-door sustained moderate damage to the front.

Edward Gronewald, 42, and Jerrita Gronewald, 39, were taken to Northwest Medical Center in Thief River Falls for treatment. They were treated and released. Their vehicle, a 1990 Ford two-door T-bird, was considered a total loss.

The accident is still under investigation by the patrol at this time.

Successful open house held at technical college

Open House activities at the Technical College in Thief River Falls Sunday was a success, according to Don Howe, enrollment management coordinator.

Howe said Sunday's turnout was the "best ever". He said about 450 people were fed at the pancake feed so he estimated that the minimum number of people to attend the open house was around 550.

It was amazing to see so many people from outside of the nearby area, Howe said. Many, he said, came from the Twin Cities but there were many who also came from southeast North Dakota. Obviously, he said, they didn't come for the pancakes alone.

Sunday's open house was held for prospective students, parents and anyone who wanted to see what the Technical College was all about. Many, Howe said, visited the college's campus at the airport. He said about 350 people toured the aviation campus. The 727, which the college received from Northwest Airlines, and the construction of a new hangar was a big attraction.

Other departments that were very busy, Howe said, included the broadcast department, which has a unique system, the nursing department and automotive department. "Really," Howe said, "all of the instructors were very delighted with the turnout."

In all, programs available at the Technical College include the following: accounting, general secretarial, legal secretary, medical secretary, word processing secretary, sales, marketing and management, practical nursing, cosmetology, architectural drafting, avionics technology, electronics technology, media communications, broadcasting, auto body repair, automotive service technology, aviation maintenance technology, aircraft systems specialist, ground service and support equipment, welding, farm

He was preceded in death by his parents.

Dear Readers,
Maxine Franz of New Berlin, Wis. volunteered to interview retirees in a local nursing home. She found exciting life accomplishments, which she creatively recorded in brief biographies. These are now offered to relatives, displayed in the home library, and are lovingly read at monthly memorial services at the nursing home. Don't be bored in retirement – find a useful community service.

Respectfully,

Belmont Funeral Home
Larry Belmont

Japanese student to visit FMS

Yukiko Yamazaki

Yukiko Yamazaki, a 17-year-old student from Osaka, Japan, will speak at Walter Redinger's classes at Franklin Middle school in Thief River Falls on April 30.

Though small in size, Japan's population is about 122 million. Yamazaki came to the United States to improve her English and to see how different American high schools are from Japanese high schools.

Yamazaki will speak to students at Franklin Middle school students on Thursday, April 30. She is the eighth in a series of Global Studies students to speak to students at Franklin Middle School in Thief River Falls.

Yamazaki has enjoyed her stay at the Northwestern Minnesota Global Studies Institute in Red Lake Falls. "I've learned how important friendships are," said Yamazaki. "The friends I've made here are friends I can have the rest of my life."

This is Yamazaki's first year at the Global Studies Institute. She is a junior at Lafayette high school, and plans to come back to the United States to graduate next year.

Mayor declares Tourism Week May 3-9 in TRF

Mayor Robert Reeve of Thief River Falls has declared the week of May 3-9 as National Tourism Week.

Mayor Reeve has signed a proclamation declaring the week of May 3-9 as Tourism Week. The proclamation states that tourism is extremely important to the city of Thief River Falls, contributing to the city's employment, economic understanding and goodwill. The benefits from the effects of tourism — personal growth, education, intercultural understanding, appreciation of the geography, history, and people — benefits all of the residents of the community.

The week was declared Tourism week in recognition of the significance of the tourism industry in the enhancement of trade, peace, understanding and goodwill to the city.

Temperance society sets annual meet

Ken Fraschheiser, Thief River Falls police chief, will be guest speaker when the Marshall County Temperance society conducts its annual meeting Sunday, May 3, at 2:30 p.m. at New Hope Lutheran church in Newfolden.

Three directors will be elected to the board with the terms of Frances Welin of Argyle, Arlene Hanson of Viking and Larry Bjorsness of Newfolden expiring.

Prizes will also be awarded to the 14 county young people who won in the poster and essay contests sponsored by the society.

Lunch will be served and all interested persons are invited to attend the meeting.

Arts council needs members

Arts council of the Northwest Regional Development commission has two openings for members from Pennington county for two-year terms, according to Linda Nelson of the NWRDC office.

The council meets monthly and advises the commission on arts policy. Recommendations on granting funds for arts activities are made by the council to the NWRDC. Arts programming such as the artist/mentor program for high school students is also provided by the council.

For more information, contact Linda Nelson at 681-2637 or 1-800-537-0601 or contact the Pennington county auditor's office.

INSURANCE Update

by Carol Nelson

Common street wisdom dictates that drivers involved in minor fender benders should keep news of their misfortunes to themselves, lest their insurance companies raise their premiums on hearing the news. However, this is usually not a good idea. Insurance companies prefer to hear about accidents within one business day after their occurence. This allows them plenty of time to investigate while facts and memories are fresh, in case the accident leads to a lawsuit. Insurance companies do not want to hear about an accident from the "other" driver who was "unharmed" at the time, but is now suing.

Accidents can happen at any time. Insurance is one way to provide peace of mind. NORTHERN STATE AGENCY is a full service agency that makes every attempt to meet your insurance needs. We offer our clients friendly, fair service. You will find our office conveniently located in the Northern State Bank building. To reach us, call 681-4042. Office hours are from 8:30-5:00 Mon.-Fri., 8:30-6:00 Thurs.

Hint: An insurer must always be told about an accident in which another person was injured, or a police report was filed.

Coast Guard fee applies to boats over 16 feet

An article in the Tuesday, April 21 issue of the Thief River Falls Times regarding the new Coast Guard vessel fee stated that it applied to owners of boats 16 feet in length or more who plan to use them on the United States waters of Lake of the Woods.

Several readers have called to advise us that in their contacts the Coast Guard says the rule applies to boats *over* 16 feet in length and that those boats which are 16 feet or less are exempt from the fee.

It would appear that those boats which are identified on the manufacturer's identification plate as 16 feet in length would not be subject to the $25 annual fee for boats longer than 16 but less than 20 feet.

To pay the fee by phone (credit cards accepted) or request an application to send the fee by mail, call 1-800-848-2100. Annual renewal is the responsibility of the boat owner; no notification of expiration will be sent. Fine for non-compliance could be up to $5,000.

TRF congregation has delegates at Bemidji assembly

Delegates from the Thief River Falls congregation of Jehovah's Witnesses were among 1,056 delegates attending the April 12 assembly at the Bemidji high school auditorium under the theme "Working Hard at Doing God's Will."

Speaker was John Williams, Watchtower Society representative from Brooklyn, NY. Larry Mogen, elder in the Thief River Falls congregation, said "all of our congregation members were enriched spiritually by the assembly."

27th Scout Exposition was held Sunday in Thief River Falls. "A Bridge to the Future", the theme of the exposition for Voyageur Trails District Boy Scouts, seemed to be exemplified by Scouts from Troop 199 in Thief River Falls who put together the platform pictured above. The exposition is designed to give Cub Scouts, Boy Scouts and Explorer Scouts an opportunity to demonstrate to the public some of the scout skills that they have learned. The event was held in the Huck Olson Memorial Center.

Spyhalski and Rokke play

Kris Rokke and Paul Spyhalski of Thief River Falls are among the 81 members of the Concordia college Cobber Concert Band recently participating in a two-day concert tour to Mahtomedi and Fergus Falls.

Scholar athlete awards were presented by the U.S. Army Reserve Monday evening at the Lincoln high school senior banquet to Joel Davis and Stephanie Vigen. The annual banquet was held at the Best Western Inn in Thief River Falls.

Student Senate scholarships were received by three Lincoln high school seniors Monday evening at the annual senior banquet in the Best Western Inn. Elaine Grovum, advisor, presented the scholarships to Kymberly Peters, Kelly Swanson and Stephanie Vigen.

River cleanup project set for Sat. in TRF

The Red/Thief Reservoir Association, the new organization formed to protect the reservoir in Thief River Falls, will hold a river cleanup project Saturday beginning at 10 a.m. at the Eighth street boat landing in Thief River Falls.

The newly formed organization is asking for the assistance of residents or individuals who like to use the river with the clean-up project. Anyone wishing to participate is asked to contact Gus Holmes at 681-7545 in the evenings.

Pennington county sheriff's department will participate in the cleanup project. Deadheads, logs and other material will be hauled to the Eighth street boat landing where they will be loaded into trucks with the use of a crane loaned by Bud Evans.

The cleanup project is also party of a national effort called "National River Cleanup Week" scheduled from May 2-10.

Warmer weather stirs hearts of gardeners

by Beattie Mickelson
Publicity Chairman
13th Dist. Horticultural Society

April has been horticulture awareness month, and it is an exciting month for gardeners. We wait with anticipation for the first tulips, daffodils and rhubarb to peek through the ground. For some reason, when we see those first shoots, they signal that we can start doing our spring gardening chores. As gardeners we become filled with all kinds of energy and love for life.

1992 is considered the year of the poppy. Poppies are a cool season plant, which means they grow their best during the cool days of early spring and in the fall. During the hot days of summer they go into a dormancy and die-back.

Poppies are among our spring blooming flowers, right along with iris and peonies. They are both annual and perennial and can be bought as started plants or grown from seed. Seeds can be planted several weeks before the last frost date. They need darkness to germinate so seeds need to be covered lightly. Seeds can also be planted in the fall.

Poppy plants like full sun. They need fertile loam or sandy soil and cool conditions to flower well. Aphids and root nematodes bother them. Control aphids with Dipel or Thuricide (organic methods) or Sevin or Malathion (chemical methods).

When looking through garden seed catalogs I found the following kinds of poppies: Iceland poppy, Shirley poppy, Oriental poppy (the most common perennial) and California poppy, each in a variety of colors and single and double blooms.

Perhaps the favorite garden vegetable is sweet corn. It is the one vegetable that people will go out and buy more often if they don't have their own. Sweet corn is best when served less than an hour after it is picked—covered with butter and a little salt.

Corn needs to be planted two or more inches deep and in short rows together, rather than one long row, as it needs to cross-pollinate. Different varieties of corn should not be planted side by side since they will cross-pollinate. One source says that different kinds of corn should be planted a football field (100 to 120 yards) apart.

Some corn stalks grow tall, others short. Ears may be slender or fat, long or short. Kernels may be white or of different shades of yellow, black, purple, red or mixed. Some varieties are early bearing, others late bearing, and many are in between. Kernels may be in orderly rows on the cob or a complete jumble.

Garden seed catalogs have up to 50 different varieties of corn. It is ready to eat when the kernels are milky. They are watery if immature or sticky if over-mature. A good gardener will be able to tell by the silk when the corn is ready.

Corn is bothered by corn borers and black smut. Control corn borers by putting Dipel or Sevin on the newly-formed silk. One source also suggests putting a squirt of mineral oil into the silk. Black smut needs to be removed from the garden and destroyed before it spreads its millions of spores all over.

Fertilize corn when two or three inches high and again when a foot tall. Make sure it has plenty of water when tasseling.

In addition to corn for the table and freezer, look at the other corn that is available. There is ornamental Indian corn in both the regular size cobs and the miniature cobs. There is popcorn in black, baby rice, white cloud and strawberry. There is broom corn that is grown for its tassel and pod corn whose kernels are covered by a husk or pod called a glume and comes in various colors, sizes and shapes. Blue corn is a small ornamental corn that has cobs all around the stalk.

And yes, you can hear corn growing at night!

A friend in a local garden supply store suggested writing about gladiolas and dahlias since people always have questions about them. Both are summer flowering bulbs that you plant in the spring and dig up in the fall.

Gladiolas are really corms. They are sold in various grades, depending on the size of the corm. The larger ones will have better blooms. Before planting, soak the bulbs for a minimum of one-half hour in a Hilex or Lysol water solution. Some gardeners will soak them for a whole day. This helps to kill thrips and other very tiny insects that live on the corms.

Gladiolas require good soil drainage, but otherwise will survive in a variety of soils. They require a great deal of water when they are developing their flower buds. One inch of water every five to seven days is recommended. They do not like competition from other plants, so plant them away from tree and shrub roots.

When planting the corms, do not put fertilizer under the corms as this will burn them and cause disease. It is best to fertilize glads with a 5-10-10 or 10-10-10 blend as side dressing when the plants are growing. It is better to underfertilize glads.

Larger corms should be planted six inches deep and six inches apart. Smaller corms can be planted two to three inches deep. As the plants grow, hill up soil around the plants to help develop a more stable root system and give the tall plants more stability in strong winds.

When cutting gladiolas, leave as much leaf on the plant as possible. When exhibiting glads, you need one or two leaves on the cut stem. The more leaf area left on the plant, the more leaf area there is to produce food to develop that healthy corm for the next year. It is a good idea to cut glads so that the plant can develop its corm for the next growing season.

Corms need to be dug in the fall before the first hard frost. They should be washed off and allowed to dry for a day or two, then treated with a bulb dust to control thrips and a fungicide while in storage.

After a few weeks the shriveled old corm will easily break off and can be discarded. It is probably best to try to twist the old corm off at the time the corm is dug in the fall. They need to be stored where it is cool but not freezing and have some air circulation. Store them in plastic mesh bags or discarded pantyhose.

Gladiola flowers range in color from white to deep brown. They can be found in shades of violet, lavender, pink, salmon, buff or cream and have various markings which combine colors. Gladiolas are divided into various groups based on the bloom size: Grade 1, miniature, with blooms up to 2 1/2 inches; Grade 2, small, 2 1/2 to 3 1/2 inches; Grade 3, medium, 3 1/2 to 4 1/2 inches; Grade 4, large, 4 1/2 to 5 1/2 inches; and Grade 5, giants, with blooms over 5 1/2 inches.

Each bloom along the stem is called a floret and is measured by holding a ruler behind the bloom to measure the greatest width. When exhibiting gladiolas only one-third of the florets should be open. If cut glads are laid down horizontally, the tips will start to turn upward in a vertical position—their natural growing position.

There are two types of dahlias, those grown from seed and those grown from a bulb, or really a tuberous root. Dahlias grown from seed are usually referred to as bed or border dahlias or landscape dahlias. They are usually 12 to 14 inches tall with 2 1/2 to three-inch blooms. The seeds need to be started indoors. Dahlias should be planted three inches deep (I plant them like potatoes) in any ordinary garden soil that is well-drained. They like sun but will do better on the east side of a building or other material that will provide shade during the hottest part of the day.

Work a complete fertilizer (5-10-10 or 10-10-10) into the soil to develop a strong root system and produce good blooms. As the plants grow, mount up dirt around them. Some gardeners only put one inch of dirt on the tuberous roots and gradually fill the hole as the shoots grow.

Plants need to be spaced six inches to 36 inches apart, depending on the size of the mature plant. Around the first of August the plants need a side dressing of fertilizer to help produce blooms, but do not add nitrogen. Water the fertilizer in well. Dahlias, like other garden plants, like one inch of water per week. Do not water newly planted tubers until the shoots are up as they will rot in the soil.

Dahlia roots are shallow so avoid cultivation around the plants. *If* you are interested in growing a big show dahlia, pinch off secondary buds and keep a main bud on the plant. When a plant has four sets of leaves, pinch out the crown or center of the plant. This will stimulate the development of many lateral shoots which will produce the flower buds.

Dahlias are bothered by insects that transmit disease. A regular spray program needs to be established every seven to 10 days to control aphids, leaf hopper red spider mites and others. If a dahlia plant is stunted, with extremely twisted and curly leaves, it probably has a virus and needs to be dug up and destroyed. Controlling insects will also control viruses.

Dahlias need to be dug before a hard frost, usually after a killing frost has killed the tops of the plants. Cut the stems off two to three inches above the soil. Using a spading fork, gently pry from the ground and lay crown side down in the sun to dry for a few hours. Clean off loose dirt and dust with a bulb dust. Store in a cool, not freezing, dry place.

Check monthly for rotting or withering. Rotted roots should be destroyed. If roots are withering, add a little water by sprinkling, or if stored in a vermiculite mixture, add water to the vermiculite. Dahlia tubers can be divided as long as there is a bud with each section.

When dahlias are cut for flowers, keep the top two pairs of leaves. Singe the cut stem over a candle or a match to help condition the flower. Put the cut flowers in cold to lukewarm water immediately after cutting, singe the stem and put in water again.

Sunshine is back in northern Minnesota. It's time for gardeners to stir the soil and get ready to enjoy the beauty and the fruits (or more properly the vegetables) of their labors.

Spring Raking

[illegible]

Well [illegible]

[illegible]

Some years I [illegible] myself and get my [illegible] children to do it by [illegible] them with large amounts of cash.

Most years, however, even the tempting offer of cash is not enough to get the kids out there by themselves. [illegible] wonderful. Could it be that I am not offering them a big enough bribe? It certainly looks like it, because, much as I dislike the job, it always seems like I have to get out there and start things off.

I pick up cans and change into my worst clothes for spring raking, the sweat pants and shirts with holes and paint splatters. I also wear the shoes that the dog chewed that don't stay on my feet very well, and then top it off with my filthy gardening gloves, the ones that are very large for me. Never mind that everybody in town chooses that day to joy ride slowly by my house just so they can see me out there looking like a bum. (Why does that always happen?)

And why is it that the day I choose to rake, or, shall we say, am forced to rake, is the most windy day we have all year? It never fails—rake a pile, turn around to check where to go next, turn back to the pile, and it has disappeared. Oh, the leaves never go far away, like where I wish they would, ending up in the neighbor's yard. They just scatter around over the places I have already raked.

Speaking of the neighbor's yard, what is it about their trees, anyway? It seems as if the trees never drop their leaves in their own yard. Instead, they all end up in my yard. It isn't fair at all! My leaves don't do that and go next door to their yard—much.

Spring raking entails raking up much more than just leaves. My yard is filled with strange trash that has accumulated over the winter. I don't want to touch any of it, even if it is not wet. If it is wet, I don't even want to go near it or look at it.

Yes, it is true we have a dog. Even though she is a very little dog, I plan to teach her to use a litter box this coming winter. I will have one for the dog right next to the one we have for the cat and spring raking will be much easier.

So far, I've had such good excuses for not raking this year. It snowed. It rained. It was too cold.

However, the way the weather looks so far this week, I have the feeling that I can't make up any more excuses and I'm going to have to get at it, like it or not. But I can't help but wonder just how much I would have to take out of my savings account to bribe the kids to do it all by themselves, though. I could give it a try.

May 6 named as Tourist Day

May 6 has been declared the first ever "National Tourist Appreciation Day". The travel industry is taking the opportunity to say "Thanks" to travelers across the county.

In Minnesota, visitors at the state's highway information centers will be asked to "Improve your view in '92". Volunteers will be providing free window washing and travelers will receive suckers saying "Thanks to you, Tourism Works for America." The day is part of National Tourism Week May 3-9.

In Thief River Falls, Mayor Bob Reeve has proclaimed May 3-9 as National Tourism Week. The community is asked to observe this special week by recognizing the importance of tourism to the overall economy of Thief River Falls as well as to the state of Minnesota.

Tourism, now the nation's number three service industry generated $327 billion dollars in sales in 1990. That's $897 million each day, $633,000 each minute and $10,400 each second. Nationally, the tourism industry employed nearly 6 million people in 1990. In Minnesota, gross travel and tourism receipts totalled $5 billion dollars in 1990, resulting in 97,498 jobs.

A 1990 study on economic impact of domestic travel in Minnesota counties showed Pennington county as employing 346 jobs, 5.92 million in wages, and $17.50 million in gross receipts.

Direct economic benefits of tourism include employment, income, business receipts, proprietors income and corporate profit dividends, interest and rent, and federal, state and local taxes.

Grandson of TRF couple featured in Wyoming paper

Torey Gilbertson, 14-year-old ninth grader at Laramie, WY, junior high school, was featured in the Sunday, March 15 issue of the Laramie Daily Boomerang in an advertisement sponsored by the Albany school district and a number of local businesses.

Torey is the son of Dr. and Mrs. Bruce Gilbertson of Laramie and grandson of Gib and Marlis Gilbertson of Thief River Falls. Dr. Gilbertson is a graduate of Lincoln high school and Moorhead State university and earned his PhD from the University of Oregon. He has been housing director at the University of Wyoming for a number of years.

Torey maintains a 4.0 grade point average, is on the yearbook staff and in the varsity band and plays ninth grade basketball. He previously was involved in a number of other school activities and out of school is a Boy Scout, co-president of his church youth group and plays Little League baseball.

He received a $100 savings bond from the newspaper for his selection as Student of the Week.

Dr. David Brown (right), Goodridge resident and past president of the Northwest Senior Federation, was presented with a service award at the annual convention of the federation recently in Thief River Falls. Making the presentation was George Colby, president of the Minnesota Senior Federation.

Thief River Linen in magazines

Items made or handled by Thief River Linen of Thief River Falls are pictured or scheduled to appear in several national magazines, according to owner Linda Bentson.

In the April issue of "Country Living" now on local newsstands, a photo on page 46 shows a bed cover and pillow sham made by the company from Mariposa fabric purchased in France.

The June issue of "Decorating and Remodeling" is scheduled to carry a photo of a chair slipcover made from Laurel fabric imported by Thief River Linen from Germany.

And the December issue of "Victoria" magazine will picture some small pillows made to order for Raymond Waites, design director for the internationally-known Gear design group, and used in a photo feature on the interior of his home.

Bentson said she is in the process of completing a contract with Gear for a number of sizes and styles of pillows which will be marketed under the Gear name but note they were manufactured by Thief River Linen for the Gear group. The Gear group lists its distribution area as North America.

Speaking Of . . .

Sharon LaCoursiere

Spring Raking

Our yard is the only one on our block that hasn't been raked. Actually it appears to be the only one on our whole, entire street that hasn't been raked.

Well.

I hate spring raking. There is nothing cheerful I can say about getting out in the cold and wet and raking up dirty leaves and other dirty things that have been mashed into the ground by the snow. Obviously, I avoid it as long as possible.

Some years I can actually avoid doing the rotten job myself and get my wonderful children to do it by bribing them with large amounts of cash.

Most years, however, even the tempting offer of cash is not enough to get the kids out there by themselves. Then they are not so wonderful. Could it be that I am not offering them a big enough bribe? It certainly looks like it because, much as I despise the job, it always seems like I have to get out there and start things off.

I also wear the shoes that the dog chewed that don't stay on my feet very well, and then top it off with my filthy gardening gloves, the ones that are very large for me. Never mind that everybody in town chooses that day to joy ride slowly by my house just so they can see me out there looking like a bum. (Why does that always happen?)

Grandson of TRF couple featured in Wyoming paper

Torey Gilbertson, 14-year-old ninth grader at Laramie, WY, junior high school, was featured in the Sunday, March 15 issue of the Laramie Daily Boomerang in an advertisement sponsored by the Albany school district and a number of local businesses.

Torey is the son of Dr. and Mrs. Bruce Gilbertson of Laramie and grandson of Gib and Marlis Gilbertson of Thief River Falls. Dr. Gilbertson is a graduate of Lincoln high school and Moorhead State university and earned his PhD from the University of Oregon. He has been housing director at the University of Wyoming for a number of years.

Torey maintains a 4.0 grade point average, is on the yearbook staff and in the varsity band and plays ninth grade basketball. He previously was involved in a number of other school activities and out of school is a Boy Scout, co-president of his church youth group and plays Little League baseball.

He received a $100 savings bond from the newspaper for his selection as Student of the Week.

Dr. David Brown (right), Goodridge resident and past president of the Northwest Senior Federation, was presented with a service award at the annual convention of the federation recently in Thief River Falls. Making the presentation was George Colby, president of the Minnesota Senior Federation.

Thief River Linen in magazines

Items made or handled by Thief River Linen of Thief River Falls are pictured or scheduled to appear in several national magazines, according to owner Linda Benson.

In the April issue of "Country Living" now on local newsstands, a photo on page 46 shows a bed cover and pillow sham made by the company from Mariposa fabric purchased in France.

The June issue of "Decorating and Remodeling" is scheduled to carry a photo of a chair slipcover made from Laurel fabric imported by Thief River Linen from Germany.

And the December issue of "Victoria" magazine will picture some small pillows made to order for Raymond Waites, design director for the internationally-known Gear design group, and used in a photo feature on the interior of his home.

Benson said she is in the process of completing a contract with Gear for a number of sizes and styles of pillows which will be marketed under the Gear name but note they were manufactured by Thief River Linen for the Gear group. The Gear group lists its distribution area as North America.

Howe said about 2,300 invitations were sent out. Anyone, he said, who has worked with an event such as this knows how frustrating it can be and how few will sometimes turnout for the event. A estimate of 550 is very respectable.

Howe said a critique session is held after such events. This year he said it was nice to see that none of the instructors had to ask "why did we hold that event?" All of the comments about the event were positive.

Impressions . . .

Earth Day has once again passed us by. What have we been doing since Earth Day's beginning some 20 years ago to help reduce the pollution in our world?

Looking around our world we see polluting factors everywhere. The big news items are obvious—tanker oil spills in pristine waters, nuclear reactor disasters, chemical spills. Also obvious polluters are autos and foundries and the mountains of waste we produce.

How on earth are we to help our earth survive? All of us know that we misuse the earth and its resources daily. All of us probably from time to time feel guilty about our misuse of natural resources and of our ability to pollute. But, what can we humans do to help our earth survive?

First of all, each one of us needs to develop a determination that we will try to help our bit of earth. Each one of us needs to decide to aid our earth.

Life is really too easy for us Americans. Because of our easy life styles, we are not forced to recycle. We don't need to use the feed sack to make dresses. We only need to go and buy a new dress when the old one is out grown or semi worn. And what do we do with the old dress? If we are lucky we sell it at a garage sale, or we give it to a worthy cause. But, many times old just gets thrown into the trash pile. Because of our easy life styles, we don't need to grow our own food. We need to simply go the the store to purchase what our daily food needs might be. Life is easy for us Americans. We need to make n conscious effort to become aware of our need to recycle what we use.

Recycling can take many forms. Probably what comes to mind, though, is recycling our trash. Separating the different kinds of trash, bringing certain types to recycling centers, is surely a way to help our earth. Curbside recycling would probably make even the lazy recyclers proud of their ability to recycle.

Other types of aiding our earth are just as fine, though not as easily brought to mind. Muscle powered lawn mowers—you know, the old fashioned kind that didn't have a motor—are a way to eliminate some fumes from our air. Better quality gasoline for our cars has eliminated a great deal of pollution. Mulching lawn mowers that recycle the grass into the lawn, not the landfill, aids in pollution control.

Composting yard waste and vegetable scraps creates a rich humus which can be recycled into gardens. Watering gardens with a trickle watering system of simple or elaborate construction eliminates wasting the water through evaporation.

Reusing what you already own is a sure way to aid our world. In our home we have two ways we have unconsciously recycled throughout the years. I have a certain box containing an assortment of curtains which have fit windows in the various houses in which we live. These curtains almost always get reused in some form in another house. My husband has a stock pile of wood of various shapes and sizes. Currently the wood from the train table is being recycled into a wall. Humble recycling, but recycling it is.

A few years ago we were being aggressively admonished to turn down the thermostats in our homes and to turn off lights when we were not in the room. We still need to hear the message these days as we still leave far too many lights on and we still wear too few sweaters each winter. Our resources need to be conserved. Daily we need to consciously practice conservation. Daily we need to consciously recycle.

Industries as well as individuals need to determine that they will recycle. Recently we purchased a wooden door. The box that surrounded the door had suggestions for ways that we could reuse it. The instructions in the box had an address for us to send our name and the UBC code from the box to the company so that the company could then have a tree planted in our honor in fire-ravaged Yellowstone. That individual industry was trying to recycle and instill in its customers the need for recycling.

I think I had better respond. Yellowstone needs a few good trees.

Student housing project proceeds at snail's pace

power from the school district to a Technical College board that will take place on July 1. As a result, questions were raised about who to make the agreement with. The current owner of the property is the school district.

City Attorney Paul Ihle indicated that few changes will be needed as a result of the legislation. The legislation provides that the housing project is exempt from ad valorem property taxation. And, before the authorization of the project, the state board of technical colleges must find that an adequate supply of appropriate housing is not available to students of the technical college, that there is significant demand for housing by students of the technical college, and that the private market is unable to satisfy this demand either at affordable prices or in a reasonable time. Ihle pointed out that the legislation does seem to allow the Technical College to have some say in the management of the project.

The recommendation by the committee will be taken to the school district board but it may not be adopted at its next meeting.

In the meantime, Don Stewart, community development director, explained that Frauenshu companies, a diversified properties group, has been completing some work on the project. Consulting work has been authorized to complete the economic feasibility and the independent need study for the project. The consultants, Maxfield Research Group and Kramer, Geisler and Strand, expect to complete their work in 60 days or by June 1.

Currently, the project schedule calls for construction to begin in November of 1992.

Viking Covenant missions meet continues Friday

Lori Ranum

Scott Gustafson

Byron Amundsen

Rev. Gary Carlson

Under the theme "Whosoever," the Viking Covenant church annual missions conference will continue Friday through Sunday at the church in Viking.

Each session will have a speaker and special music with a fellowship period following the service. Public attendance is invited. The conference opened last Sunday with Tim Smith, missionary to Zaire, as speaker.

This Friday, May 1, Lori Ranum will be the speaker at the 7:30 p.m. service. She has just returned from her first term as a career missionary in Japan, serving with the Evangelical Free Church mission. During her home assignment she will be pursuing a teaching degree which she plans to use upon her return to Japan in 1993.

Saturday morning the men of the church will serve a breakfast at 8 a.m. to all comers, followed by a presentation by Scott Gustafson on his trip to the Philippines last summer with Overseas Crusade International.

Gustafson grew up in Viking, attended the University of North Dakota and graduated from Northwestern college in Roseville. He and his wife Janelle are both teachers at Meadow Creek Christian school at Andover.

At 7:30 p.m. Saturday Covenant missionary Byron Amundsen from Thailand will be guest speaker. After about 10 years in mission work in Thailand and with Laotian refugees in the United States, he joined the Covenant Department of World Missions as assistant secretary to Asia/Missionary Service and Finance in 1989.

Amundsen serves as the official communications link between field representatives of Thailand, Taiwan, Japan and Laos, assists missionaries with practical needs and coordinates missionary orientation and workshops.

During a combined Sunday school and morning worship service Sunday at 10:30 a.m., Lori Ranum and Rev. Gary Carlson, also a missionary to Japan, will discuss their various aspects of mission work. Rev. Carlson and his wife Pauline are missionaries to Japan under the Department of World Missions of the Evangelical Covenant church.

A fellowship dinner will be served following the morning service.

Sunday at 7 p.m. James Deppa will share his plans for the upcoming summer Bible camp ministries and Lori Ranum will present the challenge to conclude the conference.

Dean Hjelle injured in roll over

Dean Hjelle, Newfolden, was injured in a one vehicle roll over early Sunday morning, according to the Marshall county sheriff's department.

Marshall county sheriff's department received a report that a man was being treated for injuries at the hospital in Karlstad. Upon investigation, the sheriff's department learned that the accident happened one mile east of Stephen on County road 6. Hjelle apparently lost control of his vehicle and it rolled into the ditch. He was then taken to the hospital in Karlstad by a passer-by. No condition report has been released on Hjelle.

The accident is under investigation by the Marshall county sheriff's department.

WWII veterans spent most of war in prisoner of war camps

Robert Rosendahl, formerly of St. Hilaire, was a member of the American troops which surrendered at Bataan and took part in the Bataan Death March in April 1942.

While serving in North Africa, Ted Gusa of Middle River, was captured by the Germans and spent the remainder of the war in East Germany in a POW camp.

by Donna Myhrer
Times Community Editor

April 1942: ...Fall of Bataan; Doolittle makes air raid on Tokyo. On April 8, 1942 the United States troops at Bataan in the Philippines surrendered to the Japanese forces, which had been laying siege to their position since just after the attack on Pearl Harbor. One of the soldiers present at the surrender was Robert Rosendahl, a native of St. Hilaire, who had joined the Army in July 1939. He received his training at Ft. Lincoln, ND, and was stationed at Luzon in the Philippine Islands in January 1941. This location, he explains, was the nearest U.S. base to the Japanese mainland, and was about 350 miles from Taiwan. When he joined the standing military force at Luzon, Rosendahl was assigned as a line chief in charge of six airplanes, to make sure they were ready for flight. He recalls that the army was not ready for a war, as they used helmets left over from World War I, hand grenades which had been in storage for 25 years and often didn't work and anti-aircraft guns which were designed in World War I and had a maximum firing altitude of 20,000 feet, not high enough to hit the World War II Japanese planes.

Robert Rosendahl

Early in the morning on December 7, 1941, about 3 a.m., Rosendahl remembers, the troops in the Philippines received word of the attack and believed they would be attacked later that day. A fog bank, however, kept the Japanese airplanes in Formosa, and the attack on the Philippines was delayed until 11:30 a.m. the next day. So many American troops were killed or wounded in the initial attack that the air strip they were stationed at was abandoned and the troops went further south, all the while believing that reinforcements were on the way.

For the next four months, the men held their position at Bataan, slowly running out of food and ammunition. Rations, recalls Rosendahl, were three or four tablespoons of moldy rice and salmon gravy, once a day. They hadn't brought enough food with them to Bataan and, by the time they surrendered, everyone was sick. Rosendahl says there were about 9,000 American troops at Bataan, which is located on the shore of bay. The entrance to the bay, which is about five miles across, is across the bay from Bataan and Corregidor is an island near the harbor. Corregidor was fortified during the Spanish-American War in the late 1890's and armed with large guns aimed toward the harbor to fight an enemy navy entering the mouth of the bay. The Japanese, however, came from the other direction, taking Bataan first and then shelling Corregidor until it too surrendered.

The men who were taken prisoner at Bataan were then rounded up and marched for about five days to San Fernando. They had no food and almost no water. There they were loaded on trains into boxcars which could have reasonably held about 40 men each. The Japanese soldiers forced 150 men into each. "With a sharp bayonette you can get more people in," Robert Rosendahl explains. They were taken to an old Philippine training camp, Camp O'Donnel. To keep busy, he volunteered to go on a detail back to Bataan to clean up the highways, which were littered with broken down trucks. He drove a truck for the Japanese. As the attack on Corregidor commensed at the end of April, however, he was sent back to Camp O'Donnel. There, he says, they "were burying about 150 guys a day." He volunteered for another detail, repairing a bridge in central Luzon. The bridge had been dynamited by the Americans. "We were mule power," he adds.

In October 1942 he was sent to a prisoner of war camp in Manchuria, China. The men were taken by train to Manila and, then after loading ships with 100-pound containers of cement for several days, put on the ships themselves into cramped holds and sent to Formosa. They didn't know where they were going and after about three weeks landed in Korea. They were brought out on deck and sprayed with a hose. They were then given patched uniforms and European shoes, which had been captured from the Russian Army in 1905. The shoes were all size 14 and had to be stuffed with rags or hay. As the Americans were then marched from the pier to the train, the Japanese population stood along the street and threw rocks and spit on them.

In three days, on Nov. 11, 1942 they arrived in Manchuria in an ice storm. The Japanese Army had contracted with a factory there to give them 2,000 men for slave labor for ten years. They had particularly asked for aircraft mechanics. From then until the war ended Robert Rosendahl was a prisoner at this factory in China. He tells that the factory was full of crates and boxes holding machines purchased from Germany or earlier from the United States. The factory building however had a dirt floor, so the first job was to pour a cement floor. There were crews of 50 men guarded by only two Japanese, so Rosendahl says they couldn't be watched all the time. The men would climb into the crates and strip the machines of all movable parts such as gears and twist drills and then throw the parts into the concrete as it hardened.

Of the 2,000 men sent to Manchuria, 426 died while they were there. On one horrible day, a group of 90 American planes flew over and, not knowing that there were prisoners there, hit the camp, killing 40 American prisoners as they lay on the ground spread out over the field outside the factory. It was 40 degrees below zero that day. The next day, according to Rosendahl, the Japanese allowed the prisoners to dig holes in the frozen dirt to protect themselves in a future attack. The location was listed by the Air Force as an aircraft factory, not a POW camp.

He also remembers that the men were made to learn a new Japanese word every day.

Suddenly on Aug. 16, 1945 a U.S. plane arrived with the news that the war was over and the camp was liberated. By Sept. 19, 1945 the former prisoners were taken to Okinawa in a typhoon. Unfortunately the boat Rosendahl was on ran into a floating mine and was damaged. They had to get into life boats and used them to get to land.

Robert Rosendahl arrived back in the states on Nov. 28, 1945 and went to Clinton, IA from medical examinations. He returned to his family in St. Hilaire for Christmas.

Surprisingly, after this experience, he chose to remain in the Army until 1958, fighting in the Korean conflict. He then accepted a job working for a large hospital run by the Federal Bureau of Prisons in Springfield, MO. He retired from that career in 1977 and has spent a lot of time as a volunteer for the American Legion and VFW since.

At the same time that Bataan was being surrendered to the Japanese, Ted Gusa of Middle River, was just entering military service at about age 30. He was sent to Northern Africa and, like Robert Rosendahl, was captured there a few months later. Gusa tells about how, after basic training in Wallace, TX and additional training at Ft. Sheridan, IL, he was stationed at an anti-aircraft site on the coast of North Africa. The men, he recalls were jumpy and would even shoot at their own planes. He doesn't remember that the unit was very successful, and adds that "the German planes were pretty fast and hard to hit." Later the Americans were moved inland and, during that move, were attacked and captured by Germans in November 1942. They were transported by plane from Tunesia to Italy and camped there for a while before being loaded into boxcars to be taken to East Germany.

Ted Gusa

Once there, the prisoners, he explains, were guarded by German civilians and, each day, were sent into the community to work for local businesses. He worked in a blacksmith shop, preparing wagon wheels and reseting tires. There was not enough food and he points out that even when the Red Cross sent food from Sweden and Switzerland, it wasn't delivered like it should have been.

Ted felt he was luckier than most because he spoke a little German and could understand the commands given to the prisoners. They stayed in wire stockades at night and had to line up each morning. He was in charge of one of the 20-men work groups during the three years he was a prisoner.

At the end of the war, he says, one day American tanks rolled down the road and the guards just walked away. The prisoners walked up to be tanks and identified themselves, and the tank commanders sent a truck to pick them up and take them to France.

He returned to the United States just after the war ended and spent many years farming near Middle River and, on reflection, says, "Mostly I remember that the war go too long. People tell me I've had a very exciting life, but I wouldn't want to have it over again."

Hibbing runner Gary Baumgardner managed to get back to the bag, under the sweeping tag attempt by Northland first baseman Nate Carlin, on a sixth inning pick-off attempt by the Pioneers' Dan Boushee in the first game of Monday's community college baseball doubleheader played in Thief River Falls. Boushee did pick off three Hibbing runners – including Baumgardner moments after this throw – but the Cardinals scored four times in the top of the seventh inning to win 4-2.

Northland, Hibbing split community college baseball doubleheader...

Seventh inning rallies produce wins

Both sides came up with a game-winning seventh-inning rally Monday for a Northland-Hibbing Minnesota Community College Conference baseball doubleheader split in Thief River Falls.

The Cardinals produced four runs in the top of the seventh to win the opener 4-2, while the Pioneers scored twice in the bottom of the seventh to take the nightcap 6-5.

"I guess we came out even," acknowledged Northland coach Terry Wiseth. "They shouldn't have won the first one; we shouldn't have won the second one."

Because of the wet, cold weather that has forced major disruptions in the 1992 spring sports schedules, it was just the third outing of the year for the Cardinals and only the fourth time out for the Pioneers, who were playing for the first time since April 18.

"You could see where we were a little rusty," admitted Wiseth. "Actually, defensively we didn't play all that bad, but we were a little slow – we were thinking instead of just reacting."

Hibbing went home with its third consecutive MCCC twinbill split and a 3-3 Northern Division record, while Northland went to 2-3 in league play, 3-4 overall.

A backlog of games for the Pioneers included a 1:30 p.m. make-up doubleheader at home against Fergus Falls today (Tuesday) and a 4:30 p.m. rescheduled second half of a twinbill at home vs. the University of Minnesota-Crookston Thursday, followed by regularly-scheduled doubleheaders Friday at Hibbing (1 p.m.) and Saturday vs. Itasca at Deer River (3 p.m.).

Hibbing	4
Northland	2

Northland's offense failed to provide support for an outstanding pitching performance by sophomore lefthander Dan Boushee, who worked six shutout innings, only to fall victim to a seventh inning Hibbing rally that resulted in a 4-2 first-game win for the Cardinals.

Boushee gave up just four singles through six innings, and he promptly picked three of those runners off first base in facing just one-over-the-minimum 19 batters.

However, the East Grand Forks product was working with just a 1-0 lead. The Pioneers had numerous scoring opportunities – leaving the bases loaded in the third; stranding a runner at third base in the third inning; losing a runner on a play at the plate in the fourth; and advancing a runner to second base in the fifth inning – but scored only in the third when Marv DeMers led off with a single to right, advanced on a wild pitch and came across the plate on a base hit by Mike Swanson that got past Hibbing third baseman Shane Carman.

Boushee nursed that lead into the seventh when he retired the first batter on a ball hit back to the mound before giving up back-to-back singles to Waylon Vitters and Cory Santelli – the Cardinals' No. 3 and 4 hitters – for a first-and-third situation. A wild pitch tied the game, a second wild pitch moved Santelli to third and Heath Rhodes drew the only walk off from Boushee, who was then replaced by Swanson.

Chad Belanger, the first batter Swanson faced, laid down a suicide squeeze bunt that not only gave Hibbing a 2-1 lead, but also wound up providing a 3-1 cushion when the throw to the plate allowed Rhodes to score from second on the play. Belanger advanced on the third Northland wild pitch of the inning and scored on a single up the middle by Gary Baumgardner.

Northland tried to come back in the bottom of the seventh when a walk, an error and a wild pitch put runners at second and third with one out. An infield ground-out by DeMers produced a run before Hibbing lefthander Mark Betros finished a complete-game pitching effort with an ground ball out.

Swanson, who was 2-for-4, was the only Northland batter with multiple hits.

Northland catcher Randy Burkel was still awaiting the throw as Hibbing runner Cory Santelli completed his slide across the plate on a tie-breaking seventh inning suicide squeeze bunt by teammate Chad Belanger in the first half of Monday's Minnesota Community College Conference baseball doubleheader played at Northland.

The situation was reversed in Game 2 when Hibbing saw a 5-4 seventh inning lead turn into a 6-5 defeat at the hands of Northland.

Dennis Carpenter drew a walk to open the bottom of the seventh, but the next two batters were retired, putting the Cardinals within one out of a sweep.

Northland stayed alive, however, when John Clark was issued a walk, and both runners moved up on a wild pitch. The Pioneers capitalized on the opportunity when Roger Bienusa, a freshman from Staples, doubled down the left field line to score the tying and winning runs.

"The kids hung in there and got the job done when we needed it," noted Northland coach Terry Wiseth.

Tim Spaeth was 2-for-3 as Northland out-hit Hibbing 7-6. Bienusa and Flint Gandrud both had a pair of RBI.

Ryan Bothum pitched the first two innings for the Pioneers, giving way to Carpenter, who reached the seventh before Mike Swanson was brought in to face a first-and-third, one-out situation. The Thief River Falls righthander got out of the jam and picked up the win when a strike-out on a squeeze play wound up as a double play.

Golf season finally underway for boys

A Lincoln High School boys golf team that was weathered out of meets at Fergus Falls Friday and Perham Saturday, finally opened its 1992 season Monday by participating in the rescheduled Fergus Falls Invitational.

The host Otters won the 20-team event by a 415-427 margin over runner-up Moorhead. Thief River Falls wound up 16th with a five-man 481.

Four golfers turned in a tournament-best 80 – Ben Noris, Moorhead; Jamie Pettie, Wadena; Brian Maloney, Detroit Lakes; and Brian McKenzie, Battle Lake.

Thief River Falls' efforts included senior Troy Bertram with an 89, junior Barry Rhineberger 92, sophomore Mark Tangquist 95, junior Jason Lambert 102, senior Russ Bollesen 103 and senior Joel Johnson 118.

Because of the weather, it was the first round of golf this spring for the Dick Tyler-coached Prowlers. They were scheduled to compete at the Bagley-Fosston Invitational today (Tuesday). The annual Thief River Falls Invitational is scheduled Friday and an appearance at the Roseau Invitational is planned Saturday. All three meets have 9:30 a.m. tee-off times.

Fergus Falls Invitational

Fergus Falls 415, Moorhead 427, Park Rapids 434, Bemidji JV 452, Fergus Falls JV 452, Wadena 452, Detroit Lakes 453, Pelican Rapids 454, East Grand Forks 456, Breckenridge 456, Perham 459, Staples 465, Crookston 472, Wahpeton JV 473, Bagley 478, Thief River Falls 481, Battle Lake 501, Hawley 502, Frazee 524, Barnesville 545

Softball doubleheader...

Bemidji sweeps TRF

Thief River Falls girls failed to pick up a hit in either game Monday as the Prowlers lost a 19-0, 10-1 high school softball doubleheader at Bemidji.

It was just the second outing of the weather-plagued spring season for the Prowlers, who lost a 10-0 decision at Detroit Lakes April 16. Five postponements included two previous scheduled trips to Bemidji.

While the Prowlers were hitless, the Lumberjacks were picking up seven hits in both games – off sophomore Odetta Blomker in the first game and off junior LuAnne Maslowski in the second game.

"Our pitching was okay," said Thief River Falls coach Ken Fletcher, "but our hitting is a problem. We've done quite a bit of hitting against a pitching machine this year, but it's a lot different facing live pitching."

Both sides had three errors in the opener. The Prowlers had five errors in the nightcap; the Lumberjacks wound up with three.

Thief River Falls was missing a number of players because of the senior banquet and job schedules that conflicted with the rescheduled twinbill.

Red Lake was scheduled to be in Thief River Falls today (Tuesday) for the Prowlers' 4:30 p.m. home-opening doubleheader at the fairgrounds fast pitch diamond. Thief River Falls returns to Section 8AA play Thursday with a 4:30 p.m. game at Moorhead.

Rebels lose 11-1 game

Middle River-Marshall County Central opened its 1992 high school baseball season April 16 with a 19-4 win over Tri-County at Karlstad. Three weather-forced postponements later, the Rebels and Wildcats were matched up again Monday in Middle River, where the roles were reversed in an 11-1 five-inning Tri-County victory.

Tri-County pitcher Jonathan Pearson struck out five of the first six batters he faced and limited Middle River-Marshall County Central to just four base hits in a route-going performance for the win.

"He pitched really well," pointed out Rebels coach Jerald Hagen.

The winners, meanwhile, came up with a seven-run first inning and a four-run second en route to the 10-run rule decision. Four of those first inning runs were unearned off Middle River starting and losing pitcher Shane Borg.

"They hit the ball hard, and the wind blew it around," explained Hagen. "We had some trouble making the plays."

Lone Middle River-Marshall County Central run was a fifth inning home run by Chad Bjorgaard.

Troy Myhrer pitched in relief for the Rebels, who were scheduled to host Roseau today (Tuesday) in a 3 p.m. make-up game before playing regularly-scheduled 4:30 p.m. games Thursday vs. Ada-Borup-Norman County West-Gary in Middle River, at Red Lake Falls Friday and vs. Lake of the Woods Monday in Middle River.

Rabbit Early Bird Softball

The 20th annual Rabbit Early Bird Invitational men's slow pitch softball tournament has been rescheduled for Sunday, May 3, at St. Hilaire.

Interested teams can contact tournament director Bob Philion at 253-4372.

Josh Bernhardson of Stillwater, 13-year-old son of Lincoln High School graduates Deb (Beeserud) and Mark Bernhardson, has been selected to participate in the East-West Ambassadors baseball team that will tour France, Belgium and Holland for a series of tournaments July 6-20. Players, ages 11-19, were chosen for the various age-group teams through nation-wide try-outs. Mark, grandson of John and Mevle Beeserud, Ray and Ruth Austed and Don Bernhardson of Thief River Falls, participated in a recent 3 1/2-hour try-out session at the Metrodome.

John Clark had to go high in the air to haul down a throw from first baseman Nate Carlin, but the Northland shortstop nevertheless still made the play, tagging out Hibbing base runner Shane Carman, who was caught in a third inning run-down after being picked off by pitcher Dan Boushee. A seventh inning rally produced a 4-2 come-from-behind Hibbing win in the first half of a Monday baseball doubleheader played in Thief River Falls.

RIM Report

The Reinvest in Minnesota program's 1992 annual report is now available to Minnesota citizens.

The good news, according to the Minnesota Department of Natural Resources (DNR), is that last year 498 RIM projects enhanced or improved 44,963 new acres of fish and wildlife habitat on public and private land. Jay Rendall, the DNR's RIM coordinator, said the list of projects is impressive. "It's amazing to see the multi-page list of projects that program completes each year to help improve fish, wildlife and water quality, and protect critical habitat."

The unfortunate news, according to the report, is that the DNR's Fish and Wildlife enhancement projects will be at a minimal level for the next year (Fiscal Year '93), since there will be no RIM funds remaining from previous years' appropriations.

Roger Holmes, director of the DNR Division of Fish and Wildlife, said the department has requested funding from the Environmental and Natural Resources Trust Fund for the basic RIM fish and wildlife programs in 1994 and '95.

Rendall and Dave Behm, the RIM Reserve coordinator for the Board of Water and Soil Resources, encourage Minnesotans concerned about the state's environment to request copies of the report. The 16-page publication lists projects completed during 1991-92 by the program, which was established to revitalize Minnesota's fish, wildlife, native plants, soil and water resources.

To receive a 1991 RIM annual report, call or write the DNR Information Center, Minnesota Department of Natural Resources, 500 Lafayette Road, St. Paul, MN 55155-4040; telephone toll free in Minnesota 1-800-766-6000.

Early-season fishing may present hazards

Every year, an estimated 2.3 million anglers take to Minnesota's lakes, rivers and streams; half of them go out opening weekend. For many, it will be their first time as watercraft owners, and many are unaware of the hazards awaiting unprepared boaters, according to

Early-season spring fishing outings produce hazards

(Continued from Page 15)

Tim Smalley, boat and water safety specialist for the Minnesota Department of Natural Resources.

"Contrary to popular belief, most boating deaths don't involve fiery high speed collisions," Smalley said. "The most common type of fatal boating accidents are capsizing and falls overboard into water less than 70 degrees from boats 16 feet long or less," he said. "Most often the victims are male anglers who do have swimming skills, but aren't wearing life jackets. In 30 to 50 percent of the cases, there is some alcohol involved."

Early season water temperatures are often in the low 40s, cold enough to cause hypothermia in a short time if you take an unexpected plunge, Smalley said. Hypothermia, a lowering of the body's internal temperature, is responsible for one half of all drownings.

"Sometimes an angler falling into cold water gasps, breathes in water, and drowns in seconds," Smalley said. "Even if the victim doesn't drown immediately, an individual who is not wearing a life jacket has difficulty staying afloat for more than a few minutes. Even an Olympic-class swimmer would have a difficult time swimming more than a few yards under such icy conditions."

Any person pulled from cold water should seek medical treatment for hypothermia, Smalley advised. "Symptoms include intense shivering, loss of coordination, mental confusion, cold and blue skin, weak pulse, irregular heartbeat, and enlarged pupils. "Once the body temperature drops to critical levels, shivering actually stops, and death may be minutes away," Smalley said.

However, if a person is wearing a personal flotation device (PFD or life jacket) there's no reason that a fall overboard or capsizing has to be fatal, according to Smalley. "A vest style PFD, as opposed to an old fashioned 'horse collar' device, can help hold in body heat and lengthen a survival time in cold water," Smalley said. "The newer float coat models offer even more comfort and hypothermia protection, and look like an ordinary coat. That makes them perfect for those who don't want their fishing buddies to know they're wearing a life jacket."

Alcohol is another major hazard to anglers, Smalley said. "The common misconception that a swallow or two of an alcoholic beverage warms you up has taken its share of lives. Actually, alcohol does not forestall hypothermia, and can result in a fatal error in judgement that can cause you to wind up in the drink."

Another reason to avoid drinking while operating a motorboat is the Boating While Intoxicating Law," Smalley noted. Last year, 206 people were arrested in Minnesota for operating a motorboat under the influence, and a good number of them were anglers. "Considering penalties of up to $700, 90 days in jail and loss of motorboat operating privileges, intoxication could make an opening day's outing fairly expensive, if not downright deadly," Smalley said.

Anglers should be aware of other legal requirements for boating, Smalley advised. There are a number of items that vary according to the type and size of watercraft, but some are especially important.

- Lifesaving devices: Every person on board a watercraft (except sailboards) must wear or have a U.S. Coast Guard approved personal flotation device (life preserver) readily accessible to them. "The requirements in other states and on federal waters differ, so check ahead," Smalley advised. "No smart angler will be caught dead without his PFD."
- Lights: Motorboats are required to have a red and green bow light and a white stern light if operating between sunset and sunrise. Even if the boat is anchored or drifting, a white light must be visible at all times. "Nighttime anglers sometimes find this requirement a nuisance, but several unlit anchored boats are involved in collisions every year because they weren't seen in time by an approaching craft," Smalley said. "Non-motorized boats need only a white light displayed in sufficient time to avoid a collision."
- Fire extinguishers: Even though inboard boats, inboard/outboard boats, and outboard powers craft with built-in fuel tanks are required to carry U.S. Coast Guard approved fire extinguishers, they're good insurance for any power boat, Smalley said. Approved fire extinguishers can often be purchased for under $100. The size needed varies according to the size of the boat."

First nation-wide bird count to use volunteer helpers

First annual North American Bird Count will take place May 9, 1992. Birders from all over North America will be taking part in the event, counting migrating birds for a single day to get a 'snapshot' of activity.

Data collected on the second Saturday in May each year will enable researchers to chart population trends, especially for neotropical migrants, whose numbers are declining. The information collected will be housed at the U.S. Fish and Wildlife Service's Patuxent Wildlife Research Center.

Volunteer birders are needed to assist with the Minnesota counts. It will be an opportunity for folks to enjoy a day's birding with the knowledge that the results of their findings will help to reveal the status of bird migration on a single date each year.

For more information on how you can assist with the project, contact Betsy Beneke at 207 E. Frazee St., Apt. 5, Detroit Lakes, MN 56501; telephone 847-6681.

Youth Conservation Corps

Applications are now being accepted for corps members of the Department of Natural Resources Minnesota Conservation Corps (MCC). Sixty corps member positions are open for youths between the ages of 15 to 18 to work on seven member conservation crews.

The work is labor intensive. Participants build trails, clear campsites, construct erosion control projects and do a variety of work projects in state parks, in forests and on trails.

MCC corps members work outdoors and learn environmental and conservation skills. In addition, MCC offers career development through classes on topics such as careers in natural resources, life skills, career education planning and job interviewing. On weekends, MCC members canoe, hike and enjoy other high-adventure activities, including a challenge ropes course.

"We expect a lot out of the youth who work in the MCC Summer Program," said Peter Hark, MCC Summer Program coordinator. "They will have a unique opportunity to experience the outdoors, be challenged, learn how to work, and do things that they never have a chance to do in their everyday lives."

Corps members work 35 hours a week and earn $4.25 per hour. Hark said applicants should enjoy working and living in a rustic outdoor setting. The camp will run from June 21 to Aug. 15. Youth applications are due in the St. Paul office no later than May 1.

MCC hires an equal number of female and male corps members, and encourages minority youth applicants. Eighteen hearing-impaired youths, who will work with hearing-impaired staff and sign language interpreters, will be hired to work at the St. Croix State Park Camp.

For more information, contact the Minnesota Conservation Corps, 500 Lafayette Road, St. Paul, MN 55155-4004, telephone toll free in Minnesota 1-800-657-3929.

Public Notices

MAILBOX BULLETIN
PENNINGTON COUNTY HIGHWAY DEPARTMENT

Wintertime is a very hard time for mailboxes. The County does have a policy regarding placement and support of mailboxes, which includes the recommendations of the U.S. Postmaster and the Minnesota Department of Transportation. County residents are encouraged to comply with the recommended supports. A copy of the policy and sketches are available at the County Highway Department office in the Courthouse, Thief River Falls, MN. A compliant support installed properly by the County cost $32.50. Whether or not your stand is of the recommended type, the height of the box should be 44" to 45" above the roadway, 48" or less out from the edge of the shoulder, the vertical support at or beyond the edge of the shoulder and of materials that will cause minimal damage to a misguided vehicle. The placement of any type of support that is massive enough to cause severe damage to a vehicle and/or its occupants constitutes a misdemeanor, since it is placed in the public right-of-way. Supports installed properly, if damaged during plowing and/or grading, will be repaired by the County at the County's expense, otherwise, non compliant supports are the Owner's responsibility to repair. The operators make every effort to not damage mailboxes, however, many times due to poor visibility and/or extremely heavy snow or driver error in some cases, boxes and/or supports do get damage. We apologize for the inconvenience and urge your forbearance in these instances.

IN LOVING MEMORY OF OLAF H. RYAN
who passed away 9-years ago on April 28th, 1983.

In our mind's eye
We see you yet
Smiling, joking
So hard to forget
We recall those happy days
Sharing and caring
In so many ways
You worked so hard
No matter what- you'd do it
To keep the family going
After hard years, things fell into place
Putting a smile on your face
Memories - happy and sad
Of you - our own dear Dad

Sadly missed by the family

CARD OF THANKS

Oh, holy St. Jude, apostle and martyr, great in virtue, rich in miracle, near kinsman of Jesus Christ, faithful intercessor, of all who invoke your special patronage in time of need. To you I have recourse from the depth of my heart and humbly beg to who God has given such great power to come to my assistance. Help me in my present and urgent petition. In return, I promise to make your name known and cause you to be invoked. Say three Our Fathers, three Hail Marys and three Glories for nine consecutive days. Publication must be promised. St. Jude pray for us all who invoke your aid. Amen.

This novena has never been known to fail.

Thank you, St. Jude, for previous favors granted.

GENERAL ADMINISTRATION
DIRECTOR'S REPORT

VICA winners at the State Competition on March 20-22, 1992, included the following in order of Student, Area of Competition and Place.

Lynn Berard - Mechanics Dexterity - 3rd
Lynn Berard - Collision Repair Technology - 3rd
Marc Donarski - Safety (Written) - 1st
Scott Panek - Precision Machining - 2nd
Steve Staveness - Precision Machining - 3rd
Adam Bugge - Air Cooled Gas Engine Repair - 3rd
Chris Larson - Safety - Honorable Mention
Darrel Scholin - Safety - Honorable Mention

On May 7, 1992 there will be an "Open House" at the Center School.

With only two classes at the Center School this fall it was felt that we could do without the 10th grade tours.

Plummer and now Middle River will not be sending students to Center School this fall. Middle River will maintain their membership in the Co-op, because the deadline has gone by to withdraw for the 1992-93 school year.

The Northwest Vocational Cooperative Center Director's position was cut from School District #564's Board Meeting on April 13, 1992. The process to close down the Center School with copies of the bylaws and equipment inventory to be sent to board members and superintendents will start to take place.

Update on Center School class offerings. Personal Services will be offered at the Technical College and not at Lincoln High School this fall. Wayne Johanson, Auto Mechanics Instructor will bump into K-12. Roger Rivers, Auto Body Instructor will transfer to the Technical College. Electronics will be a one hour Center School class and 2 hour Technical College class. Drafting will be cut from Center School. Medical Careers and Work Experience/Technical Tutor will be offered at Lincoln High School. Machine Shop and Small Engines will remain in the Center School facility.

Dr. Duncan felt our equipment should be appraised and the out-of-town schools should be the first to purchase what they might need.

The next Governing Board Meeting was scheduled for August 17th, at 8:00 PM, at the District Service Center.

Dr. Paul Kubic, pediatric pulmonologist at St. Paul Children's Hospital and on the staff of the University of Minnesota Hospital, spoke on "Asthma in Today's Society" at the Super Asthma Saturday program April 25 at Northwest Medical Center in Thief River Falls. He explained the complications of asthma, its diagnosis and treatment. About 75 adults attended the session in the medical center's C&NC chapel while about 40 children from age four through 13 were participating in activities in another area. Assisting with the event were director Deb Brauer and three staff members from the medical center's respiratory therapy department, six students from the RT technician program at the East Grand Forks Technical college, four students from the LPN class at the Thief River Falls Technical college and Linda Hemmisch from the Minnesota Lung association.

Residents warned about sweepstakes

Once again law enforcement officials are warning residents about sweepstakes offers.

On April 13 at 12:15 p.m. law enforcement officials received information from a resident of Marshall County about a sweepstakes offer he had accepted. According to the information provided by law enforcement in Thief River Falls, the Marshall county resident was contacted by phone and told he had won a car or $22,000 in cash. All he had to do was pay the taxes. The Marshall county resident mailed in $899 for the cash prize. Police were asked to investigate the incident.

Drugs and narcotics. On April 1 at about noon police received information in connection with possession of a controlled substance. Following an investigation into the incident James Richard Fremstad, 46, Thief River Falls, has been charged with possession of a controlled substance (marijuana).

Accidents. On April 23 at 9:25 a.m. the police department received a report of an accident at the intersection of Arnold and Highway 32 south. According to the report, a car driven by Orrin Johnson, route 1, Fisher was pulling out of Valley Home onto Arnold and then on Highway 32 when he pulled out in front of a school bus. The school bus driver, Norman Busse, Thief River Falls, slammed on the brakes and a passenger, Roger Erickson, 48, Thief River Falls, who was standing in the aisle hit the front windshield causing it to break. Johnson's vehicle did not collide with the bus, but he was cited for failure to yield the right of way.

On April 20 at 12:14 p.m. the sheriff's department received a report of an accident at the entrance of Highway 1 and Johnson Greenline. According to the report, a pickup driven by Corey Don Skjerven, Thief River Falls, was pulling out of the exit near Johnson Greenline and a car driven by Lloyd Arnold Hogenson, Thief River Falls, was turning into Johnson Greenline when the vehicles collided. Damages were estimated at $50 to the Skjerven vehicle and $800 to the Hogenson vehicle.

On April 24 at 11:50 a.m. police received a report of an accident at Greenwood and Highway 59. According to the accident report, a car driven by Annette Bruggeman, Thief River Falls, was going north on Highway 59, and a car driven by Obert Grovum, Goodridge, was going east on Greenwood, when the vehicles collided. Damages were estimated at $1,000 to the Bruggeman vehicle and $1,500 to the Grovum vehicle. Evelyn Grovum, 80, complained of a sore neck. Obert Grovum was cited for failure to yield the right of way.

Thefts. On April 20 the sheriff's office received a report of two missing snowmobiles from Hubert's. A 1976 Polaris Colt and a 1976 Polaris TX valued at $700 were taken.

On March 13 the police department received a report that a woman had attempted to return a word processor with no receipt at Kmart. Employees believed they had observed her take one from the store in a box and then returned with it in a garbage bag. A license number was obtained and the Roseau county sheriff's department was asked for assistance. On April 21 the police conducted an interview with the suspect and charges are now pending against Judy Renea Morlan, route 3, Badger, age 28, for attempted theft over $200 and under $500.

On April 24 Kimberly Karen Miller, 18, Lengby, was arrested on a charge of felony theft. The charge stems from writing $800 in checks on a closed account.

On April 25 at 2:08 p.m. Shane Noble, route 1, Roosevelt, reported the theft of a 1985 Honda 3-wheeler valued at $1,000. It was apparently taken from a residence in Countryside trailer court sometime after April 22. The license number of the vehicle is 063-CY (MN). The incident is under investigation.

On April 25 at 4:06 p.m. the sheriff's department received a report from Joseph Garry of St. Hilaire that his Ruger Mark II .22 calibre target pistol had been taken from his vehicle. The theft loss was estimated at $200.

The Pennington county sheriff's department has filed charges of issuance of worthless checks against the following individuals: Chester Oscar Hallof, 32, Minot, ND, for writing $30 in bad checks; Drew Norman Kolberg, 28, Roseau, for writing $110 in bad checks; Harlan Gerald Almen, 55, Red Lake Falls, for writing $384.94 in bad checks; Dale Wayne Comstock, 40, Thief River Falls, for writing $20 in bad checks; Eleanor Whittier Duerr, 59, Erskine, for writing $29.80 in bad checks.

Driving while intoxicated. On April 20 at 12:20 a.m. the sheriff's department arrested Mark Donovan Rindahl, 41, Goodridge, for aggravated and gross driving while intoxicated.

On April 27 at 3:37 a.m. police arrested Margaret Marie Asp, 22, Thief River Falls, for driving while intoxicated.

Consumption under age. On April 26 at 9:10 p.m. police on patrol observed an open door to a vacant building. Some individuals were found inside the building. The following were charged with consumption of alcohol under age: Jeffrey Edward Nelson, route 6, Thief River Falls, age 19; Cory Offerdahl, 18, route 3, Thief River Falls; and one juvenile girl age 17, Thief River Falls.

On April 27 at 2:50 p.m. police received information regarding the purchase of beer for a party. A vehicle was stopped and two females were found in possession of alcohol. Amy Eriksen, 18, Thief River Falls, and Ginger Eriksen, 18, Thief River Falls, were charged with possession of beer by under age individuals. William Edward Nelson, 22, Thief River Falls, was charged with furnishing beer to under age individuals, a gross misdemeanor.

On April 25 at 12:40 a.m. police answered a report of a loud party at an apartment building. The following were cited for consumpotion of alcohol by individuals under age: Tammie Sidschlag, Lengby, 20; Amber Ek, route 2, Gary, age 19; Wendy Jolene Johnson, route 1, Strandquist, age 19.

Vandalism. On April 22 at 2:22 p.m. the sheriff's department received a report that someone had broken into a farm in River Falls township. Damage to the building and property was estimated at over $600.

Youth Stabbed in fight Saturday

One youth was treated and released for a stab wound at Warren hospital following a fight in Marshall county Saturday.

According to a spokesperson for Marshall county sheriff's department, they received a report of a fight just before midnight on Saturday. Two area juveniles were fighting and one had been stabbed. A 17-year-old male from the Argyle area was taken to Warren hospital with a stab wound to his thigh. He was treated and released

A 16-year-old male from the Warren area has been taken into custody. According to the sheriff's department charges are pending.

WHAC needs input on Minnesota wetlands law

Now is the time for interested people to provide input into how wetlands legislation is carried out. Currently the Wetlands Heritage Advisory Committee (WHAC) and the Board of Water and Soil Resources (BWSR) are drafting rules that will govern how this law is to be carried out. If you think the law is going to affect you, this is the time to add your voice to the rule-making process.

The WHAC was created in the law and includes seven members appointed by the governor and the commissioners of the Departments of Agriculture and Natural Resources. The committee must recommend to the BWSR rules directing how the law is executed. The WHAC is assisted by a "working committee" which includes representatives of a wide variety of farm organizations, conservation and environmental groups, local governments and business.

The most effective way to add your voice to the process is through your organization's representative on the WHAC or the working committee. That information is available through your local organization, the Marshall-Beltrami Soil and Water Conservation District at 294-6144 or the BWSR at (612) 296-3767 or 1-800-652-9747.

The Minnesota Legislature approved the Wetland Conservation Act last spring. The act is divided into an interim program, which began January 1, 1992, and a permanent program, which begins July 1, 1993. The rules that are being developed govern the permanent program. Both programs regulate the draining and filling of wetlands.

Joan Miska, chair of the WHAC and a Redwood County commissioner, said that shed believes a key role of the committees as they develop draft rules is to keep local governments informed and listen to their concerns. Local government involvement will help lead to rules that are reasonable and meet the intent of the legislation, she said.

"Local governments have the closest contact with the general public," Miska said. "They're in the best position to receive feedback from citizens and relay that information to the committees," she said.

"I intend to let all the county commissioners in the state know that I am serving on the WHAC and they should feel free to contact me with comments," Miska said.

Gerald Van Amburg, WHAC member and manager of the Buffalo-Red River Watershed District, said that the wide variety of representation on the WHAC and working committee should lead to rules with widespread support.

"We need realistic and fair rules that will protect a very valuable resource and be fair to landowners," Van Amburg said. "If we don't have a broad base of support, they won't work" he said.

The WHAC began meeting monthly in February. The working committee's first meeting was Tuesday, March 31.

WHAC members are: Paul Brutlag of Elbow Lake; John Engfer of Minneapolis; Norma Henson of Goodridge; Joan Miska of Redwood Falls; David Moran of Prior Lake; Jerry Nordick of Rothsay; Van Amburg of Moorhead; the Department of Natural Resources Commissioner Rod Sando; and Department of Agriculture Commissioner Elton Redalen.

The draft rules should be completed by later summer and will be followed by public meetings. The final draft is scheduled for completion in October; formal public hearings will then be held. The BWSR anticipates that the rules will be in place by July 1, 1993.

Several students from Lincoln high school attended a Language Fair at Moorhead State University recently. Several won awards. Ingrid Morken placed in a three-way tie for top honors. Teachers to study Chinese education

Bemidji State University has received a $59,000 grant from the Fulbright-Hays Group Projects Program to support the introduction of China studies into kindergarten through grade 12 curriculum in northern Minnesota schools.

Supported by the U.S. Department of Education, the grant will fund workshops for area teachers that provide intensive study of China, travel to the world's most populous country for participating elementary as well as secondary teachers, and development of classroom instructional units.

Dr. Pete Smith, professor of geography, will direct the project with Jan Weiskopf-Smith, international programs coordinator, serving as administrative director. Drs. Terry and Kathy Smith of the professional education department will lead the curriculum development portion of the project.

Teachers selected to participate in the project include Judy Olson, special education instructor in Plummer; and Terry Soine, principal of Lincoln high school in Thief River Falls.

After participating in an intensive workshop this spring to learn about the country, the educators will spend five weeks this summer in China. Working out of Lianoning University in the People's Republic of China (PRC), they will study the rural and urban systems, arts, history, natural resources, science, technology, educational systems, health programs, culture, and people.

Learning excursions will also be taken to Beijing, the capital of the PRC on the North China Plain; Xian, the capital of Shannzi Province in north central China and the location of one of the greatest archaeological finds of the 20th century; gudin, a regional manufacturing center in subtropical southern China; and Hong Kong, a modern, commercial, Westernized city that will provide a comparison of the Chinese people under a Communist-system and under British

Others who were there were Eldon, Karen, and Karl Vigstol, Mr. and Mrs. Dilben Olson of Newfolden, Julia and Shannon Adolphson of Thief River Falls, Kyle, Marcy, Wendy and Whitney Adolphson of Bismarck. Kristyn Vigstol and Chelsey of Warroad were afternoon visitors.

FAITH CALLS A BABY THE CONTINUATION OF OUR OWN LIVES

Of all the miracles of God's creation, there is none more wonderful than a baby. It's a traffic stopper wherever it goes, and a great source of pride to its parents. It demands constant attention, and it's so noisy that we wonder how anything that tiny can produce so many decibels of sound. Moreover, that sound seems to be magnified at the House of Worship, where the baby should be baptized or christened, according to the custom of the creed, but otherwise should either sleep through the sermon or be exiled to the nursery. In any case, faith will remind the parents that this cute, noisy little morsel of humanity is the ultimate extension of their own lives, to be molded into one of tomorrow's good citizens in whose hands the future of our nation will one day lie.

A baby is God's opinion that the world should go on.

rule.

The curriculum development workshop will be held in late July and early August. Each teacher will design curriculum which includes Chinese studies, develop a student evaluation instrument to measure defined learning outcomes, and develop resources needed for instruction.

Teachers selected to participate in the venture have indicated their experiences will help in the development of instructional units for social studies, language arts, and gifted students both on the elementary and secondary levels.

Also planned are cooperative learning groups that incorporate the study of history, geography, industry, occupations and education on the elementary level as well as the designing of library-social studies cooperative units for grades 4-12.

The program might also lead to the development of a new high school course on Chinese-language and culture.

LHS language students receive several awards

Winter's not over.

Not for most of the trees and shrubs at Bergeson Nursery. We keep trees and shrubs bare root and dormant in a cool storage building at 35 degrees until the end of May. Why? They are easier to plant. They require less watering and no staking. And they cost much less. Call or write for a complete catalogue, or bring your jackets and browse.

Tax Facts, Tax Fairness And Tax Freedom Day

The only fair tax is the one someone else has to pay, according to the general feeling expressed by many of America's taxpayers. The extent to which taxes affect Americans is emphasized each year by the designation of Tax Freedom day—the day when Americans could begin keeping their income if they had previously paid everything they earn to government. In Minnesota that comes along about the middle to late May. We haven't seen the exact date designated for 1992.

Tax fairness along with the total amount of tax is another major consideration. Dan Witt, executive director of the Tax Foundation—a non-profit, non-partisan, research and public education organization that has been monitoring tax fiscal activities at all levels of government since 1937—wrote the following article for PM Editorial Services:

In the tax arena, "tax fairness" is the label put on a variety of acrimonious charges Republicans and Democrats exchange as they probe for weaknesses to exploit during this presidential election year.

The usual accusation is that the tax code is unfair because the percentage of taxes paid by different income classes has changed dramatically. After all, we have had so many major tax bills passed in the last decade, it does seem to make sense that the balance of the tax burden would shift. Some say the middle class has borne the brunt of higher taxes, and a glance at how sharply Social Security taxes have risen seems to bear this out.

Just as often, we hear that the poor got the worst of the 1980s—higher excise and sales taxes are usually the culprit here. And although the average person probably has little sympathy for the tax troubles of wealthier Americans, the 1980s saw the demise of hundreds of tax incentives, and the decade ended with the creation of a new, higher income tax rate for approximately the top two per cent of taxpayers.

Has the tax code been fair to anyone? The simplest answer is no—everyone is paying higher taxes. Total taxes nationwide were 35.1 per cent of national income in 1991, the largest portion of the economy to be commandeered by the government in U.S. history.

Of course, it's only human nature to see taxes that fall on someone else as more fair than the ones that hurt us personally. But to whom should taxes be "more fair?" Throughout the country, a growing concern about the plight of the American middle-class family has stimulated a number of studies to see how this demographic sector is faring taxwise.

The news is discouraging. Accelerating federal taxes combined with inflation to make a typical American family $362 poorer in 1991 than in 1990. *This $362 loss in real income* comes on the heels of a loss in purchasing power in two of the three prior years, for a total loss of $695 since 1988. The family made its biggest gains in the mid-1980s when real income rose an average of $768 per year between 1982 and 1987.

President Bush's recently released budget does contain several proposals to reduce taxes, including a higher personal exemption for dependent children, a tax preference for capital gains and a generous credit for first-time home purchases. But the federal budget's bottom line for the typical American family is that the tax burden will be higher than ever—$16,608 in federal taxes alone. That's more than 30 cents out of every dollar earned—and that doesn't count state or local taxes.

Some lawmakers regularly cite middle-class tax relief and the need for new programs when calling for higher taxes on top earners, but this "class welfare" tax policy that plays the rich against the middle class inevitably ends up with everyone losing. For example, imposing higher tax rates on just the top 10 per cent of taxpayers—the group that is already paying 54 per cent of our personal income taxes—would hit couples with an adjusted gross income of $61,780, an income level which hardly qualifies for "fat-cat" status.

Rather than raise taxes on "the other guy" to make taxes more fair, let's lower them for all income classes. The more disposable income that citizens have at all salary levels, the more freedom they will have to reach their personal goals. Of course, that means government will have to do with less, but if the American family can tighten its belt for several years running, government can give it a try as well.

Letters To The Editor and Corrections

Letters To The Editor: The Times encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in The Times exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. **Signatures must appear on letters published.** The Times believes that there is greater credibility in letters signed in print and will no longer withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by The Times for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, The Times encourages readers to call it to our immediate attention at 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Strandquist News

The Strandquist Junior Citizens have had another very busy week learning good social behavior and I wish them well on their I.B. Tests. This past week I read that in many places they no longer can have Easter egg hunts because there have been so many hurt by older ones shoving the little ones. The way they conducted their hunt at school really impressed me. The Strandquist school staff is to be commended for it. Here are their news items for this week.

The Tri-County-Strandquist students had a visit from the Easter bunny on Thursday, April 16. The Easter bunny hid 300 eggs on the playground. Our Easter hunt began at 1:30 with the first graders getting the first chance to find eggs. The second-graders followed and then the third graders were the last to find eggs. Each student was asked to find two eggs and then had to give them to the Easter bunny and she reimbursed them with a bag of candy and a can of pop of their choice. Following the Easter egg hunt the students viewed a video in the library. It was a fun afternoon and thanks to the Easter bunny for making it such a special day.

The Tri-County-Strandquist students are having their Iowa Basic Tests this week. The students are encouraged to get lots of rest the night before and eat a good breakfast.

Saturday evening dinner guests at Grace Boen's were Philip and Yvonne and Cory Boen, Chester and Angie Boen, Gerald, Patsy, Chad, Jenny and Monique and Bertha Turnwall.

Jim, Cindy and Christy Wetterlund of East Grand Forks were Sunday dinner guests at Morris and Hazel Anderson's. Christy brought gifts to her grandmother, Hazel, and her aunt, Myrtle on her return from Washington, DC, last week.

Eunice and John Lefstrom visited Thursday at the Calmer and Gladys Rud home, and with their guests Roland and Jeanette Johnson from Mountain Iron, and Mabel Gison of Kennedy. Saturday Lewis and Eunice Lofstrom visited with Milfred and Effie Johnson of Cedarsburg, WI, at Calmer Rud's.

Mr. and Mrs. Leonard Mastenbrook from Minnesota City, spent five days visiting Lorraine Setten. Sunday they visited Joyce Sjodin and Joan Swanson at Grafton, ND. Monday Estelle and Lorraine visited Ida Bruce.

Frank and Judy Kleinvachter, and Elmer and Anna Holmstrom had birthday supper with Ellen Stromberg and Frank Grochowski, for Frank's birthday Sunday evening. Alvin Holmstrom visited later in the evening.

Supper guests at Elsie Lefrooth's on Saturday were Donnie, Marlys, Greg and Melanie Lefrooth. Tracy and Kim Kraft of Minot, ND, also visited Elsie on Saturday.

Jennifer Anderson arrived home from Hamline University on Thursday evening for Easter. She returned to the Cities on Sunday with Wendy Moire, and spent Sunday night and Monday visiting Kevin and Beth Castleman, Russell, Bethany, Jessica, Matthew and Michael. Her classes resumed on Tuesday. Easter Sunday Paul, Jenny, Kristopher and Kenrick Anderson, and Eva Bernard had dinner at T.J.'s Pizza Plus.

June Kasprowicz took Frank and Judy Kleinvachter to Thief River Falls Monday for Medical appointments. Later they met Ellen Stromberg at Dee's Kitchen for coffee.

Dean and JoAnn Holmstrom, Walter Thompson, Donnie and Marlys Lefrooth had Easter Sunday dinner with Elsie Lefrooth. Pearl Thompson visited there a while Sunday afternoon.

Sherry, Scott and Steffanie Stewart from Bloomington were guests at Peter and Pearl Thompson's for the Easter holidays. They returned Sunday evening. On Friday they had dinner there together with LaVonne Johnson, and Jeremy Johnson. While here they visited at Becky Johnson's, Dave Thompson's and LaVonne Johnson's.

June Kasprowicz and Frank and Judy Kleinvachter visited at Bud and Marie Steffen's on Thursday. Ellen Stromberg and Frank Grochowski, and Alvin Holmstrom visited Frank Kleinvachter's Sunday evening.

Celebrating Kent Kleinwachter's 15th birthday at the home of Gene and Julie Kleinwachter, his sisters, Hope and Stacy, with a lovely Easter dinner were Lloyd and Harryet Larson of Thief River Falls, Art and Wally Kleinwachter, Trudy and Alan Carlson, and Mary and Donna Renstrom. Later they were joined by Clare, Greg and Carla Kleinwachter from Grand Forks, and Philip Havek.

On Thursday, Tracy, Kim and Kevin Kraft from Minot, ND, came to spend the Easter holidays with Elphie Adlie and families. On Saturday Mike and Betty Johnson of Warroad visited there. On Easter Sunday George Jr. and Joyce Wikstrom, Richard Johnson of Leno Lakes, Mr. and Mrs. Alan Rogalla and Alyssa and Loren of Thief River Falls, and Linda Adlie all had dinner with Elphie Adlie.

How Is Seeding Coming?

"Seeding has been progressing very slowly and it is beyond doubt a fact that not over fifty per cent of last year's acreage will be sown to wheat this spring. A very large amount of plowing is yet to be done and it is getting so late that few farmers will seed very much wheat on spring plowing. A large number of fields are still so wet that the farmers cannot get into them."

Jazz band and singers perform concert on tour

Franklin Middle School's jazz band Morning Darkness, and the Sunrise Singers will present their annual spring concert 7:30 p.m. Thursday, April 30, at the Northland Community College fine arts auditorium.

The jazz band Morning Darkness, under the direction of Mike Lehrer, and the Sunrise Singers, under the direction of Marcia Knutila will present their spring concert on Thursday. Admission to this performance is free. The groups will perform a number of tunes including some which they will perform on their spring tour which begins May 7.

The two groups will take their spring concert on tour May 7, 8 and 9. The groups will begin their tour at 6:15 a.m. and travel to Detroit Lakes Middle School. From there they will travel on to Eden Prairie. They will see a production of Hello Dolly at the Chanhassen Dinner Theatre. On Friday, the group will perform at Central Middle School in Eden Prairie, and in the afternoon at Chaska Middle School. After a pizza party hosted by Chaska Middle School, they will travel back to Eden Prairie for a 6 p.m. concert at the Eden Prairie Center Mall. On Saturday they will spend the day at Valley Fair and then return home at midnight Saturday.

Members of the Morning Darkness jazz band include: Angela Little, Pauline Cullen, Rebecca Kenner, Jerod Brandt, Stacy Nerlock, Reid Froiland, Kyla Skiple, Katie Kraemer, Elizabeth Odette, Jill Dekkers, Jennifer Olin, Kelly Newton, Myndy Olson, Robbie Stock, Billy Fogarty, Kiki Goddard, Angelene Gunsted, Peter Johnson, Kendra Dimich, Laura Williams, Angela Haugen, Trevor Knutson and Matthew Lawrence.

Members of the Sunrise Singers include: Paul Dehnert, Jordan Goldesberry, Danelle Goulet, Jacob Jacobson, Heidi Johnson, Andy Tri, Sam Adams, Ann Alget, Keith Anderson, Robb Farbo, Jenny Flynn, Adam Fulton, Kaine Martell, Becky Mattson, Josh Melby, Lisa Osthy, Anne Padilla, Amy Peterson, Carson Quesnell, Steve Rambeck, Carrie Rud, Den Schmitz, Cami Sorenson, Lisa Swanson, Stacy Tveiton, and Kamie Twomey.

Chuck Kimbrough donated a Compact Disc (CD) TV system and a 19-inch color stereo television to Washington elementary school in memory of his sister Ileen Kimbrough Smack who died in a car accident last December. She was a teacher. A remarkable feature of the system is the use of a Commodore CD player which plays interactive Compact Dics on a television just like a computer. It can be hooked up to a telvision at the same time a VCR is attached to the television. Along with the system, Kimbrough donated four compact discs: the Grolier 21-volume Encyclopedia, the World Vista Atlas, the American Heritage illustrated dictionary, and a Game called Lemmings. Washington elementary principal Glenn Espe said the system would be of tremedous benefit to the children.

Stanley Erickson and Marion Vraa left Thursday, April 9, for St. Paul where they met Jack Erickson, and all boarded the Amtrak to Chicago, IL, to visit at the Olga Hopkins home. They also attended the Diana Hopkins and Mark Wagner wedding on Saturday, April 11, at the Ebenezer Lutheran church. Rev. Thomas Basich of St. Paul performed his nieces wedding. The Ebenezer Lutheran church was where he gave his first sermon when he was 13 years old. The church is celebrating its 100th anniversary this year. Diana's brother, Bob, met Stanley, Marion and Jack at the Union station with his new Buick that he won recently on Wheel-of-Fortune. Enroute home Monday no one was allowed to come down town to the Union Station, a break in an underground tunnel had started flowing in from the big Chicago river, and there was 32 feet of water already in basements, and all power was being turned off at the Union Station, City Hall, the great Sears building, and for blocks around. This flood was the biggest disaster since the Chicago fire. Later in the day on Saturday, a family reunion was held at the hotel for the Lee family (Marion, Stanley and Jack's mother's family). Our Best Wishes to the newly weds, Diana and Mark!

Baa Hutchinson was among those who enjoyed Easter Sunday dinner at the Marvin Hutchinson home.

LeRoy and Jeanie Johnson hosted a dinner at their home on Easter Sunday. Guests included Mr. and Mrs. Kevin Tharaldson and family, Debbie Johnson and Adam, Tara Thorson and a friend, Mr. and Mrs. Vernon Wikstrom, Mr. and Mrs. Elmer Johnson, Mr. and Mrs. Selmer Holen, and Mr. and Mrs. Richard Holen, Angie and Jamie.

Mr. and Mrs. Elmer Johnson returned home last week after spending the winter months in Texas. Welcome home, Alice and Elmer!

Mr. and Mrs. Selmer Holen, Mrs. Dave Langseth of Anoka, Mr. and Mrs. Russell Johnson of Apple Valley, Mrs. Donnie Wikert, Kyle and Kelsi, Mrs. Kevin Tharaldson and family, and Mr. and Mrs. LeRoy Johnson visited during the week at the Elmer and Alice Johnson home welcoming them home!

The Reiner Ladies Aid held their Bible study on Tuesday, April 14, at the Reiner church. Those who attended were Karen Palmer, Judy Miller and granddaughter, Kacey, Iva Wells, Dorothy Miller, Virgie Wells, Hulda Sigerud and Helen Holen. Potluck lunch was served by Judy Miller, hostess of the month.

Mr. and Mrs. Otto Sigerud visited Carrie Hermanson at the Valley Home in Thief River Falls on Friday. Otto and Hulda Sigerud enjoyed Easter Sunday dinner at a cafe in Grygla.

Mr. and Mrs. James Wells visited with Anna Johnsrud at the Dakota Medical Center in Fargo, ND, on Easter Sunday. So happy to hear that Anna is doing very well!

Mr. and Mrs. Selmar Holen visited at the Lloyd Mosher home on Saturday afternoon.

Mr. and Mrs. Bernard Wells enjoyed Easter Sunday dinner at the Mark and Kathi Jenkins home in Thief River Falls.

Mr. and Mrs. Terry Wells and Charlie visited on Thursday evening at the Bernard and Virgie Wells home.

Jaclyn and Kari Miller spent from Wednesday until Sunday at the home of their grandparents, Edgar and Dorothy Miller and their uncle, Gary Miller. Friday, Mrs. Gary Anderson, Garren and Laura were supper guests at the Miller home and visited with Jaclyn and Kari. Thursday afternoon Andrea Johnsrud visited with Jaclyn Miller at the Edgar Miller home.

Easter Sunday Edgar and Dorothy Miller, Jaclyn and Kari joined Sandy Miller at the Wayne and Shirley Olson home in Grand Forks for dinner, following church services in Reiner along with other family and friends. Jaclyn and Kari's grandparents, Wayne and Shirley Olson recently moved to Grand Forks after spending the winter months in Phoenix, AZ.

Bob and Marilyn Miller hosted an Easter Sunday dinner at their home. Guests included Mr. and Mrs. Richard Miller, Lyle and Aaron Miller, Tami and Daryl Mikkelson, Zachary, Forrest and Ethan, Mr. and Mrs. Palmer Holte, and Signe Miller. Birthday cake was also served in honor of Judy Miller's birthday, which she celebrated Thursday, April 16. Thursday afternoon, Jack Miller, Eddie Sjulestad and Signe Miller brought Judy greetings. Thursday evening, Mr. and Mrs. Galen Dahlan, Mr. and Mrs. Palmer Holte, Mr. and Mrs. Edgar Miller, and granddaughters, Jaclyn and Kari Miller, Mr. and Mrs. Bob Miller, Jonathan and Kacey, and Mr. and Mrs. Otto Sigerud brought greetings to Judy at her home. Judy received greetings from many friends and family unable to help her celebrate, including a telephone call from her sister, Linda Efteland, of Knoxville, TN. Happy Birthday on your special day, Judy!

Mr. and Mrs. Harry Sigerud were among those who attended the Senior Citizen meeting in Goodridge on Thursday. Birthday cake and ice cream were served in honor of Alvin Kompen on his 80th birthday, along with a delicious lunch. Vernon Iverson and Anna Kriel provided music for the program. Happy Birthday to you, Alvin!

Mrs. Larry Sigerud, Janita Sigerud, and Aaron and Amanda Sigerud visited at the Harry and Mable Sigerud home on Saturday afternoon.

Susan and Butch Eck hosted a dinner on Easter Sunday at their home in Bemidji. Guests included, Marion Vraa, Shirley Eck, Mr. and Mrs. Tony Eck, Danniel, Andrew, Michael and Amanda, Lonnie English and Casey, Mr. and Mrs. Gary Vraa, Marissa and Konney of Brooklyn Center, Richard Vraa and Shane of Blaine, David Vraa, Karol and Janelle Kveton, Jonathon Miller, and Mr. and Mrs. Donnie Vraa, Courtney and Leslie.

Women of Honor selected recently by the Thief River Falls chapter of the American Association of University Women (AAUW) were (left to right) Jen Peterson, Patricia Johnson and Jean Heinrichs. The women were recognized for their contributions to the community at a recent meeting of the chapter at Franklin middle school.

AAUW selects three as Women of Honor

Jean Heinrichs, Patricia Johnson and Jan Peterson were selected by the Thief River Falls chapter of the Association of University Women as its Women of Honor for the 1992 club year. Announcement was made at a recent meeting of the association at Franklin middle school.

The winners of the recognition are selected by a committee of the AAUW on a local basis. There is no competition in the organization beyond the local chapter.

A review of some of the accomplishments of each of the recipients includes the following:

Jean Heinrichs

Jean earned a Bachelor of Arts degree in 1966 and Bachelor of Education degree in 1970 from the University of Manitoba and has earned five graduate credits in education from the University of North Dakota. She and her husband Richard (Rick) have two sons, Karl, 19 and Jason, 21.

Appointed as an alderman on the Thief River Falls city council in 1991, she was elected in November of that year and was appointed Vice Mayor by the council this year.

She has served on the education committee of the Thief River Falls chamber of commerce for 15 years and has chaired the committee for three years. A Little Brother/Little Sister program chair for 1991-92, she also serves as a Big Sister in the volunteer program.

Jean has been a coordinator for the "Community Awareness 1990-91" local leadership program and was one of six Thief River Falls areas persons selected to attend the Blandin Foundation leadership program three years ago.

Coordinator of the DARE drug abuse prevention program for sixth graders, she has also been president of the Zehlians club for two years, a member of the AAUW, member of the Northland Community College Foundation board, member of the Violence Intervention Project board, past member and chairman of the Discovery Place board, volunteer instructor in the Art Adventure program in the elementary schools, volunteer of the Walk Pennington County and Health Fair projects and a school facilities task force member.

Jean said she continues to have an interest in education at all levels. She enjoys working with children of all ages, including past work as children's librarian at the Thief River Falls public library. She also enjoyed her work as a high school teacher in Winnipeg, Man., Canada.

Her hobbies include reading, cross country skiing, ice skating and roller blading.

Patricia Johnson

A graduate of Lincoln high school in Thief River Falls, Pat went on to Bemidji State university where she received her bachelor's degree in education. She has done graduate work at both BSU and St. Cloud State university.

She considers her most reward-

Glen Follett chosen as Entrepreneur of Year

by David Hill
Associate Editor

Thief River Falls Small Business Selection committee recently announced that Glen Follett of Hi-Performance Engineering Inc. was recipient of the 1992 Thief River Falls Entrepreneur of the Year.

Product mix has been an important ingredient to the success of Hi-Performance Engineering, said Follett, owner of the company. Hi Performance Engineering, which opened for business in Thief River Falls in 1981, is a mail order company that specializes in performance parts, replacement parts, clothing and accessories for snowmobiles.

Follett explained that the company began when Arctic Enterprises closed in 1981. Follett, however, began his career in the snowmobile industry in 1970 and had worked in the engineering department in race engine development at Arctic. In 1981, Follett and a partner started Hi-Performance Engineering. Since Follett became the sole owner in 1987, the company has expanded its product line and currently has about 8,000 different part numbers. The company stocks after-market parts for Arctic Cat, Polaris, Yamaha and Ski-Doo snowmobiles. It is an authorized warehouse distributor for virtually every major brand name snowmobile parts or accessories manufacturer. Parts available range from a racing track that sells for over $500 to a small container of oil for under $2.

In a field where there is a lot of competition, success for the company has occurred as a result of paying attention to the needs of the customers and providing a product mix that sells. How he determined what would sell and what wouldn't was a result of research, and a little trial and error.

Along with product expansion, the number of employees needed to respond to the needs of his customers has also grown. The company has a staff of three full-time people who work all year. During the peak season, which lasts between five and six months, there are about 10 full-time seasonal employees.

Those employees are involved in receiving, packaging and answering the many orders that they receive during the year. Orders are taken by mail, FAX or phone. The orders are entered into a computer, picked, packed and sent out the same day.

In the past year the increased inventory has created some problems in storage. Follett said the company's building located near the Arctco plant and Digi-Key, gets awfully crowded during the fall. The expansion plans he has already developed call for a new addition to almost double the 6,000 square foot building.

When Arctic Enterprises closed, Follett said he completed some of his education. He grew up in Moorhead, but went to Northland Community College and Bemidji State University. He continues to do some engine development work and in 1990 received the "Best Engineered Award" from International Snowmobile Racing for continued development of Suzuki racing engines.

Follett still follows trends in the industry. He's always researching new parts and equipment. During the "quiet" time of the year, he's busy looking at what's new in the business and updating the company's catalogue. In the past, watching current trends has resulted in adding snowmobile clothing to his inventory. Currently, Follett said he's carefully watching the "wet-bike" industry to see if there are any applications to his business.

Hi-Performance Engineering is a member of the Thief River Falls Chamber of Commerce and Follett is a member of the USS Swim Club. Glen and his wife Mary have two children; Laura, age 11, and Charley, age 13.

Medical center offers many services to area

by John Braband
Associate Administrator
Northwest Medical Center

May 10-16, 1992, commemorates National Hospital Week and National Nursing Home Week, wherein we celebrate the contributions of many people who strive to bring quality health care to their neighbors in our community.

(A schedule of activities for the National Hospital Week observance in Thief River Falls is published in a special Hospital Week section included in today's issue of The Times. The section also includes advertising messages and additional information on local health programs.)

Northwest Medical Center is proud to continue its history of providing high quality, compassionate health care services and applauds its 400-plus employees, 200-plus Auxiliary members and volunteers and 30-plus members of its medical staff who strive to continue the heritage of "Your Health, Our Care."

Northwest Medical Center has the staff and facilities to provide an appropriate level of care to our community neighbors. The completion of our remodeling project in the past year has made available current facilities for our Intensive Care Unit (ICU), Inpatient and Outpatient Surgery, Physical Therapy, Newborn Nursery and renovated patient care areas and family waiting rooms.

The medical center has also made available a variety of current technologies in patient diagnosis and treatment. Many of these patient oriented technologies are not normally found in a community of our size.

Some of the technologies include Computed Tomography (CT or "CAT") scans, Magnetic Resonance Imaging (MRI) scanning, Color Doppler Ultrasound Imaging and Video Endoscopy. These state-of-the-art diagnostic imaging technologies enable physicians to diagnose and sometimes to treat conditions which otherwise may have required a more invasive procedure to obtain the same clinician information or effect the same cure.

Another growing field which is being pioneered at Northwest Medical Center is laparoscopic surgery. An article in this Hospital Week supplement more fully describes this novel type of surgery, which can result in less time spent in the hospital and substantially reduced post surgical recovery time.

Dr. Jerome Bray and Dr. Juho Krepp have been instrumental in bringing these techniques to the area, and have assisted in training other area surgeons in these techniques.

More important than our current facilities and state-of-the-art equipment is our quality staff members. Please take a few moments to review the list of employees and medical staff members found in advertisements in this section. As you recognize the names of your friends and neighbors, you may wish to consider thanking them for their ongoing dedication to our commitment of "Your Health, Our Care."

C of C business week speaker David Leckey

Events during Small Business Week in Thief River Falls include speaking engagements. Deputy Commissioner of the Business Development Analysis Division of the Minnesota Department of Trade and Economic Development, David Leckey, will speak at two Small Business Week events.

Leckey will speak at the Business Appreciation Social scheduled from 5 p.m. to 7:30 p.m. Monday, May 11, at the Best Western. The social is free to all businesses and their employees. Leckey will also address those attending the Small Business Week Breakfast which begins at 8 a.m. Tuesday, May 12, at the American Legion club. The cost of the breakfast is $6. Reservations should be made with the Chamber of Commerce by May 6. During the Breakfast, KTRF/KSNR will be recognized as the Thief River Falls Business of the Year, and Glen Follett of Hi-Performance Engineering will be honored as the Entrepreneur of the year.

Leckey is deputy commissioner of the Business Development and Analysis Division of the Minnesota Department of Trade and Economic Development. He was named to the post by E. Peter Gillette Jr., the commissioner of the Department of Trade and Economic Development, on January 17, 1991.

The division's 50 employees are responsible for the state's economic development efforts in the areas of marketing and development, information services, community environment, economic analysis, information analysis and evaluation, small business assistance and small business development. The department is responsible for Minnesota's overall economic development including international trade, tourism, community development and business development and analysis.

COLORED INK

Debbie Penner & Brian Steenerson wed Apr. 4

Debbie Gwen Penner and Brian Allen Steenerson were united in marriage April 4 at the Evangelical Free church in Thief River Falls. Rev. Curtis Anderson officiated at the 5 p.m. double ring ceremony.

The bride is the daughter of Walter and Doreen Penner of St. Hilaire. Parents of the groom are Phyllis Larson of Red Lake Falls and Gary Steenerson of Red Lake Falls.

Special music was provided by Lorie and Kristie Lundeen, friends of the couple, who sang "Enough for Me" and "Only God Could Love You More." They were accompanied by Audrey Hanson, friend of the couple, on the piano. Jan Lee, friend of the couple, served as organist playing "Jesu, Joy of Man's Desiring" and "the Bridal Chorus" as the processional and "Wedding March" as the recessional. The groom sang a solo, "Flesh of My Flesh," to the bride.

The church was decorated with two double heart candelabra, four pew candelabra, candles at the windows and purple pew bows.

The bride chose a white satin gown with a sweetheart neckline, hanging pearls gracing the bodice and Gibson sleeves, small beaded bows and pearl accented cutouts outlining the cascading satin ruffled cathedral train. The bride complemented her gown with a forehead band of glass flowers and pearls accented by a floral spray with fingertip veil and corded pouff. She carried an English oval bouquet of white, pink and purple roses, a purple orchid, a pink orchid and rose leaves.

Kim Peterson of Middle River, friend of the bride, served as matron of honor. Bridesmaids were Carolyn Gjovik of Grand Forks, ND, friend of the bride, Carol Penner of St. Hilaire, sister-in-law of the bride, Wendy Steenerson of Red Lake Falls, sister of the groom, Kelly Hoefer of St. Hilaire, friend of the bride, and Danyelle Gregor of St. Hilaire, friend of the bride. They wore tea length gowns with purple satin bodices featuring rounded necklines and open back with a white bow. The dresses had white satin skirts with chiffon overlay. They carried bouquets of white and purple lilies accented with purple and pink pearl sprigs and white roses and iridescent ribbon.

Flower girl was Katie Perreault of Red Lake Falls, cousin of the groom. She wore a white floor-length satin gown with ruffled neckline and short ruffled sleeves. The dress had a double row of ruffles at the bottom and cascading ruffles in back. She carried a basket accented with purple flowers around the rim and scattered purple heart tissue down the aisle.

Debbie Hanson, friend of the bride, served as the bride's personal attendants.

The groom was attired in a white tuxedo with tails and white cummerbund and bow tie. His boutonniere was a purple rose bud and pink mini-roses with babies' breath and pearl sprig.

Jeremy Gjovik of Grand Forks, ND, friend of the groom, served as best man. Groomsmen were Harlen Hockert of Thief River Falls, friend of the couple, Dale Penner of St. Hilaire, brother of the bride, Guy Steuart of Duluth, friend of the groom, Brett Hites of Bemidji, friend of the groom, and Bill Perreault of Red Lake Falls, cousin of the groom. They wore black tuxedos with purple bow ties and cummerbunds. Their boutonnieres were purple rose buds with pink mini-roses, babies breath and pearl sprigs.

Ring bearer was Trevor Peterson of Middle River, firend of the bride. he wore a white tuxedo with tails and white cummberbund and bow tie. His boutonniere was purple rose buds with pink mini-roses, babies breath and pearl sprigs.

Ushering the guests were Wayde Schultz, friend of the couple, and James Howard, cousin of the groom. They wore black tuxedos with black bow ties and cummerbunds. Their boutonnieres were purple rose buds with pink mini roses, babies breath and pearl sprigs. Programs were handed out by Sarah and Kathy Steenerson.

For her daughter's wedding, the mother of the bride chose an ivory satin dress with lace overlay. The groom's mother wore a white pleated skirt with a mauve floral jacket. Each wore a corsage of three pink roses and purple rosebuds with iridescent ribbon. The fathers of the couple wore black tuxedos with black vest and bow tie. Their boutonnieres were purple rose buds with pink mini roses, babies breath and pearl sprigs.

Honored guests at the ceremony were Annie Penner and Ben and Tina Penner, grandparents of the bride, Bernard and Audrey Columbus, Inge Krossen and Alma Larson, grandparents of the groom.

A reception was held for the couple following the ceremony in the church parlors. Host couple was Wes and Joyce Gjovik, friends of the couple. Ryan Steenerson, brother of the groom, and Amy Steenerson, sister of the groom, presided over the guest book.

Highlighting the serving table was a three-tiered wedding cake, iced in white and decorated with purple roses and a fountain. Stairways extended from each side accented with a miniature bridal party. The cake was cut by Glenna Olson, friend of the bride, and Alice Longtin, aunt of the groom. Coffee was served by Margaret Wiebe, aunt of the bride, and Rachel Tveiten, friend of the bride. Brian and Jenny Casavan, brother-in-law and sister of the groom, served punch.

Gift table attendant was Stephanie Perreault, friend of the couple. Flower hostess was Tina Columbus, cousin of the groom. Waitresses were Keri Perreault, Beckie Perreault, Angie Perreault, all cousins of the groom, and Stephanie Tveiten and Stacy Tveiten, both friends of the bride. Thank you scrolls and bridal kisses were handed out by Jill Gregor and Ash-Leigh Anderson, both friends of the bride. The wedding was videotaped by Mike Phillips and Ken Hockert.

Following a wedding trip to Orlando, FL, the couple is at home in Grand Forks, ND. The groom, a 1988 graduate of Lafayette high school, is employed by Toppers in Grand Forks, ND. The bride, a 1986 graduate of Lincoln high school a 1989 graduate of Northland community college and a 1992 graduate of Moorhead state university, is employed as a substitute teacher in area schools.

Cleaning day set for TRF Pioneer Village

A general cleaning day will be held Saturday, May 9 beginning at 9 a.m. for the Pioneer Village museum in Thief River Falls. Everyone is welcome to come and help dust and sweep to get the village ready for its opening day of June 1. Adults and children, men and women, are all invited to participate. Groups and individuals who would like to join the Adopt-A-Building program and have a free meeting at the Village this summer are also welcome to help on Cleaning Day. If you have a question, please call Donna Myhrer at 964-5245.

Mr. and Mrs. Donald Redinger (Susan Johnson) are at home in Oakdale following their March 21 wedding at Falcon Heights. The bride is the daughter of George and Patrice Johnson of Falcon Heights. Parents of the groom are Walter and Marilyn Redinger of Thief River Falls. The groom is employed by the Higher Education Assistance foundation in St. Paul in the collection department. The bride is an occupational therapist in the Stillwater school district in Stillwater.

Each year the Winslow chapter #182 of the Order of the Eastern Star donates toys to Northwest Medical center to be given to children seen in the emergency room or admitted to the hospital. Sunshine committee of the Eastern star members, Camille DuChamp and Eunice Flynn are shown here presenting the toys to Marilyn Wigness, retiring director of nurses, and Janelle Hudson, incoming director of nurses.

TRF senior citizen group sponsored spelling bee April 27

The nutrition program of the Heritage community center sponsored a spelling bee April 27 with six contestants taking part. Judges were Clark Henrickson as pronouncer, Audrey Brinkman, Yvonne Habedank and Edgar Naplin as judges and LaVonne Radniecki as time keeper. Winners for the event were Jan Honistead in first place and Payman Melin as runner up. The winner will take part in the Region 1 contest on May 22 at the Heritage center. Olive Lunke was the coordinator of the event.

She is survived by six daughters: Ethel Burge of Imperial Beach, CA, Mrs. Maurice (Geraldine) Bensen of Thief River Falls, Joyce Borgeson of Park River, ND, Mrs. Orvus (Aileen) Benitt of Holt, Mrs. Wayne (Mildred) Ford of Palmdale, CA and Mrs. Bernie (Lois) Drisel of Cache, OK; three sons: Joseph of Lima, WV, Kenneth of Palmdale, CA and Bernell of Herperia, CA; 36 grandchildren; 72 great-grandchildren; nine great-great-grandchildren; 10 sisters and one brother.

Dear Readers,
A mother who had lost her son tragically in an auto accident was torn between the advice of a well meaning friend and her own feelings. The friend suggested the mother remove all pictures of her deceased son from the house, implying that their presence was too painful. Keeping pictures in view is an affirmation of love. Those who would not allow you that privilege just haven't been there! —

Respectfully,

Belmont Funeral Home
Larry Belmont

Speaking Of . . .

by
Sharon LaCoursiere

. . . My Special Day

Sunday is Mother's Day. Don't forget.

How can anyone possible forget when every business is advertising Special Things for Mom on that Special Day?

I've heard some pretty outrageous items being touted as "perfect gifts for mother," but I really do not want some of them. Kids, be advised, do not get me the following items for Mother's Day:

—A vacuum. I really don't think that a vacuum is a suitable gift for "My Special Day," even though I may need a new one. Just the sight of a vacuum makes me think of all the dust under the bed and in the corners. I do not want to be reminded of these things on "My Special Day."

—Any of those fancy, new-fangled household appliances. All new household appliances give me headaches, first of all, because it is necessary that I learn how to use them by reading pages and pages of instructions, and second of all, because they never work for me the way they do in the ads. I do not want to have a headache on "My Special Day." If you give me one of those new-fangled appliances, you have to promise to show me how to use it so I don't have to read the directions.

—A rocking chair. I may very well sit around a lot, now that I am old, and maybe should be rocking just to get the exercise, but I do not want to be reminded of just how old I am getting on "My Special Day." Save it for Christmas, please.

—A new lawn mower. Forget it! I rarely mow the lawn because I still have children at home to do it, and when it comes time for me to take over the job when the last of you leaves home, I plan to either hire the youngster down the street to do it or move into an apartment. I'll only take a lawn mower for "My Special Day" if it is a riding one.

—A fishing pole. I bought a fishing pole for myself two years ago and haven't used it yet. You might consider taking me fishing for "My Special Day," though, so I can use my new pole. If you take me fishing, however, you must be very patient with me because I always get my line caught on something and need someone to get it loose. Don't plan on doing much fishing yourself.

—One of those new women's shavers that pulls the hairs out instead of cutting them off. If I am going to get rid of the hair on my legs by pulling it out, I will do it, hair by hair, with tweezers rather than all at once, thank you. I don't need scabby legs on "My Special Day."

—Perfume. I can't help it, perfume makes my nose stuff up. I don't want to spend "My Special Day" with a stuffed up nose that makes me sound like I have a terrible cold.

—Candy. You all know I have a problem with my weight, and I certainly don't need any extra calories around to tempt me. Anyway, the other kids always eat up all the good ones before I get to them.

—Breakfast in bed. Most of you would have trouble getting up early enough to catch me still in bed, Mother's Day or not, so feeding me breakfast there would be nearly impossible. However, if you want to, you could make my breakfast on "My Special Day," if I haven't already eaten it by the time you crawl out of bed. Just don't leave me the dishes.

Now, take heed, kids, here are some things I would really enjoy on "My Special Day":

—Flowers;

—Dinner cooked by someone else;

—All of my children at home;

—Funny cards, or nice cards, or any kind of cards from my children if they can't come home;

—A cute card from my grandchildren;

—A visit with my grandchildren;

—A clean house (done on Saturday, please);

—A picnic, fixed by someone else;

—A really good book and time to read it;

—A nap in and around the good book;

—Phone calls from my children who are not at home and a fully charged phone for talking to them (not like last year when the telephone kept running out of juice because SOMEONE else used it and left it off the charger);

—Phone calls from my children before midnight because I have to be at work on Monday—please, Christie;

—And, especially, sunshine all day long, outside, and inside the house, as well.

And the same to all you other mothers on "Your Special Day."

Sister Miller is pastoral administrator of Assumption parish in Florian and St. John's parish in Alma. To register ($25 donation suggested) call 281-3441. Advance registration is recommended.

Our Saviour's church to show Graham film

Our Saviour's Lutheran church in Thief River Falls will show the Billy Graham film "HOPE for the Lonely" Wednesday, May 13, at 8 p.m. at the church.

Based on the life of a woman trying to find the answers to life from childhood to becoming an adult, the film is one of four new Graham films in a series.

For more information call the church office at 681-4643.

Benefit for Hokenstad

To assist Intern Pastor Anne Hokenstad with medical and living expenses in connection with her eighth kidney surgery June 1, a pie and ice cream social with a free-will donation will be conducted Sunday, May 10, from 2 to 5 p.m. at the Goodridge community center.

Hokenstad has been an intern at Faith, Bethany and Ekelund Lutheran churches in Goodridge since late last July and is in her third year of study at Luther Northwestern seminary in St. Paul. Her last day of internship will be May 24 when she will deliver the sermon at the morning worship service.

Hokenstad said her rare chronic kidney stone disease was diagnosed in 1982 and prevents her body from utilizing protein amino acid, resulting in the formation of kidney stones in the tissue. This will be her eighth surgery, including one in 1989 to remove a stone three inches in diameter.

Never stone-free since 1982, Hokenstad will undergo surgery June 1 at the University of Minnesota hospital in Minneapolis for removal of a stone presently about the size of a walnut. She will also undergo drug therapy which will extend her treatment up to two weeks to a month. She has used three of the four available drug therapies previously.

The benefit is sponsored by Bethany Lutheran church and Branches 1695 and 7156 of Aid Association for Lutherans which are providing matching funds.

Persons who are unable to attend but would like to contribute may send checks payable to AAL Branch 1695 to Jodi Peters, Route 1, Box 116, Goodridge, MN 56725.

Training TOOLS slated May 19

Training and information session for a computer program called TOOLS will be held May 19 at 7 p.m. in the Northwest Regional Development commission offices in Thief River Falls.

The program may be used on personal computers and has information to assist a community or individual in examining potential of an industry and its possible benefits to the surrounding area.

Cost for the single evening session is $15 which includes copies of the program software and training manual. Training will be conducted by the NWRDC and the Minnesota trade and economic development department for persons actively involved in community development efforts throughout the region.

For additional information contact the NWRDC at 681-2637.

Flute recital at Methodist

Athletic Honor Society members were announced at the Lincoln high school senior banquet last Monday at the Best Western Inn. Among those named were (left to right), front row, Tarik Koivisto, Amy Eriksen, Jolena Gonsorowski, Jodi Krute, Lisa Dicken, Linnea Dimich and Erica Alberg; back row, Nathan Egge, Derek Howard, Jason Kainz, Joel Johnson, Matt Kaushagen, Troy Bertram and Joel Davis.

National Athletic Honor Society members from the Lincoln high school Class of 1992 included the students pictured above. Left to right are, seated, Lana Pittman, Stephanie Vigen, DeAnne Stenseth and Sara Tweet; standing, John Wellberg, Amy Padilla, Kyle Mehrkens and Kelly Swenson. Members of the society were announced at the senior banquet last Monday at the Best Western Inn.

Hanson dairy has DHIA's best average

Mark Hanson dairy herd of 55 cows averaged production of 68.4 pounds of milk and 2.02 pounds of butterfat per day during February to lead all herds which are members of the Pennington County Dairy Herd Improvement association. The herd had 85 per cent of its cows in milk during February.

Second place went to Walter Bros. Farm which had 88 per cent of its 101 cows in milk and averaged production of 66.8 pounds of milk and 2.28 pounds of butterfat.

In third place was the Mylo Carlson herd which had 85 per cent of its 66 cows in milk and averaged production of 61.1 pounds of milk and 2.18 pounds of butterfat.

Other herds in the top 10 among the 22 herds on official DHIA test with the Pennington association in February include the following with number of cows in the herd, percentage in milk, average pounds of milk and average pounds of butterfat listed respectively:

Lyle Swanson, 44, 75%, 60.9 and 2.05; Bob Schindler, 45, 80%, 56.7 and 2.14; Arden Lundeen, 40, 98%, 56.7 and 2.14; Steve and Gene Nelson, 52, 90%, 49.5 and 1.79; Andy and Karen Peterson, 31, 87%, 49.4 and 1.75; Dale and Sherri Rupprecht (Brown Swiss herd), 16, 88%, 49.2 and 2.03; and Dale and Sherri Rupprecht (Ayrshire herd), 10, 80%, 49.0 and 1.73.

Number of cows in production is listed because herd averages are established on all cows in the herd, whether in production or not. This gives the dairyman a record of the herd's earning power for the month.

In addition to the 22 herds on regular DHIA test there were three Owner Sampler herds on test with the association in February.

Impressions . . .

by
Beth Johnson

Headlines on Sunday said that L.A.'s riot had burned out. With a sigh of relief I read those words. Then, I turned to the story about the riot, and I viewed the pictures. Instead of being relieved that the riot was burning out, I was saddened.

Statistics stated the number of people who had died. Pictures showed the areas blackened by fire. Pictures showed jubilant persons bringing home items they had looted. Death, destruction, and injustice have saddened our nation.

I remember another time in my lifetime when our nation burned. Remember the 60's?? Remember the night after night we watched the news bring us pictures of our nation's cities burning? Remember the pictures of looting and mistreatment of persons? Remember the fear that raged in our nation? Remember the injustices that caused the fear? Remember the feeling of hopelessness? Remember the feeling that Something had to be done to stop the violence and burning and rage expressed?

The 1960's happened when I was a child. I remember the fear the adults around me expressed, even though trying to shield me from the outrages during those years. The end of the 60's saw me as a college student. The campus unrest was a result of the feelings many of us had of helplessness to better our nation and world. We were so idealistic during those years. Hope had been replaced by rage. Idealism could not better our nation but it did begin to replace that burning rage of the 60's with a kind of hope that just maybe there were answers to some of our nation's problems.

Now, 20 plus years later, our nation's cities have one more time been the places for rage-venting riots. But, we can only hope and pray that somewhere in these past 20 years we as a nation have learned that burning is not the answer to our nation's problems. So, with relief we can read that in L.A. the riot has burned out.

Rioting may be ended, yet we are still faced with the problems that caused our citizens to riot. We can not ignore the injustices done in this world. Ignorance will simply produce frustration which some day in the future will present us with more rioting. Somewhere injustice has to stop.

We here in the Thief River Falls, Minnesota, can probably do little to stop the injustices in Los Angeles. We can be appalled at the terrible pictures we see of rioting, but we can do little to stop it. Nevertheless we have the ability to stop injustice.

Each one of us has the responsibility to see that we treat ourselves and those around us justly. We need to treat ourselves with respect. We need to treat others with respect as well—even if others do not treat us well. As human beings, we need to respect the value of everyone's life, the lowly and the lovely.

In L.A., for instance, if respect for others and respect for selves was in operation, the causes for rioting would be eliminated. It's idealistic to believe that everyone will somehow miraculously develop respect for each other. But, idealistic dreams are the foundations for world-bettering changes.

To respect one another, we first have to respect ourselves. Living a life that does not cause us shame leads to a life we can proudly respect. Respect of others comes as a result of respecting ourselves.

I can only wonder, as will you, if just one of the persons involved in the beating incident that led to this past week's riots had bothered to respect himself and say, yes, what was done is wrong, I'm sorry, how different this nation of ours would be. There would have been no rioting, no death, no destruction. How sad that we once again had to learn the hard way to value human life.

Trail . . . .

Kathy Bakke of Gonvick, was a brief visitor with her mother, Rose Aaknes, after church services on Sunday forenoon.

Lillian Tanem and Adeline Provost all of Oklee, were dinner guests with Rose Aaknes on Sunday.

Supper guests Saturday evening at the Kurt Halvorson home were Roger Halvorson of Anderson, CA, Merrill Halvorson of Greenville, CA, Ronald Halvorson of Redding, CA, Raymond Halvorson of Placerville, CA, Bill and Val Fritz, Shelly and Jessica of McIntosh, Alvin and Gladyce Miller, Wayne and Judy Halvorson, David and Mike, Lorraine Erlandson, Bob and Bonnie Ejie and family, and Russell Dahlberg all of Fosston, Kelly and Brenda Dahlen, Kristen, Cody, Kasey and Cole of Goodridge, Denise Peterson, Angie and Dustin of Oklee, Almar Halvorson, Elmer and Mable Enerson, and Merlyn Halvorson of Trail.

UMC professor takes training on windbreaks

Phil Baird, assistant professor of natural resources at the University of Minnesota, Crookston (UMC), was invited to participate in a state-of-the-art windbreak training session held recently in Bismarck, ND. The workshop was presented by the Soil Conservation Service with assistance from the USDA Agricultural Research Service.

The 36 participants were from field offices of the Soil Conservation Service and Soil and Water Conservation Districts as well as personnel from the Canadian Department of Agriculture. The training program included 30 hours of field and classroom instruction devoted to tree species selection, windbreak planning, installation and maintenance.

Baird, who has been on the agriculture division faculty since 1979, teaches natural resources and horticulture classes at UMC. Both his bachelor of science and master of science degrees are from Iowa State University.

"These training sessions are essential to stay abreast of the latest developments in plant species and windbreak technology," Baird said.

"We are then in a position to pass this information on to students who can apply the information and techniques in their jobs."

Many UMC students are employed with the Soil Conservation Service or Soil and Water Conservation Districts where they assist with developing plantings for erosion control, wind protection and wildlife habitat.

For information about the training session or natural resource programs at UMC contact Phil Baird at 281-6510, Extension 311.

Brain injury survivors get area help

Survivors of traumatic brain injuries (TBI) and their families can find help close to home. The Department of Human Services has opened a regional office in Bemidji to bring administrative case management services to TBI survivors in the northwestern region of the State who are eligible for medical assistance.

The Bemidji office, which opened in November, is one of six in Minnesota. The creation of the regional branch offices was in response to action taken by the 1989 Legislature requiring administrative case management for persons with traumatic brain injury who are eligible for Medical Assistance. The legislation was amended in 1991 to include statewide administrative case management service.

It is estimated that annually more than 10,000 Minnesotans sustain a TBI. Nationwide, there are over 1 million incidents annually.

The most common causes of TBI are accidents involving motor vehicles, motorcycles or bicycles, sports, industrial/work related incidents, assaults, falls and gunshot wounds. The damage caused by a TBI can produce an altered state of consciousness which may result in emotional, cognitive or physical difficulties. These impairments may be temporary or permanent. It is estimated that 90 per cent of TBI survivors have some long-lasting impairment and 10 per cent are severely disabled.

The majority of survivors are male between the ages of 15 and 24 with a life expectancy of an additional 35 to 50 years.

"The TBI program is committed to assisting Minnesota survivors of TBI and their families," said Natalie Haas Steffen, Commissioner of the Department of Human Services. "Across the country, the TBI program in Minnesota is considered to be unique and a model program that provides quality services," she added.

The TBI program provides technical assistance, referrals and training to not only survivors but family members and human service providers as well. The goals of the program include assuring that health and human services are accessible, appropriate and cost-effective.

The Bemidji office has one staff person to serve individuals in the following counties: Becker, Beltrami, Cass, Clay, Clearwater, Crow Wing, Hubbard, Kittson, Lake of the Woods, Mahnomen, Marshall, Norman, Pennington, Polk, Red Lake, Roseau and Wadena. The office is open five days per week.

For more information, contact the Bemidji office or the administrative office at the Department of Human services, phone (612) 297-7511.

Thompson to accept BSU scholarship

Heidi Thompson of Thief River Falls has accepted a faculty and staff scholarship from Bemidji State University. Thompson received the $500 award from the faculty and staff scholarship program available to students who rank in the top 15 per cent of their high school class or to community college graduates who have achieved a cumulative 3.50 grade point average.

Thompson is attending Lincoln high school where she is a G.E.D. tutor, was named most valuable player on bass drum, and participates in band as well as drama. She is interested in the English major at BSU.

Class personality award winners were announced for the graduating class at Lincoln high school at the annual senior banquet last Monday evening. Among the recipients were (paired left to right) Pam Puppe and Jason Kainz, most school spirit; Samantha Langston and Dane Flescha, biggest smart-alec; Melanie Stewart and Matt Kaushagen, best giggle and laugh; Lisa Dicken and Chad Frazer, best sense of humor; Stephanie Vigen and Jayson Powers (not pictured), best actress and actor; and Heidi Berning and John Wellberg, most likely to succeed. Award winners were to wear their award ribbons at school the next day.

Among the winners of class personality awards at the Lincoln high school senior banquet last Monday evening were the students pictured above. Left to right are, front row, Janelle Homme, most artistic; Tarik Koivisto, best bod; Jana Vecure, life of the party; Jocelyn Goldesberry, most dependable; Julie Nelson, best personality; Jodi Krute, most athletic; and Erica Alberg, leadership; back row, Nathan Blomker, most artistic; Franco Trudeau, best physique; Darin Wald, most dependable; Brian Fredrickson, life of the party; Kelly Swanson, best personality; Joel Davis, most athletic; and Tony Gustafson, leadership.

In Loving Memory Of
Our Son & Brother
THOMAS RAYMOND

A cluster of precious memories sprinkled with love and tears, wishing you had been with us, if only for a few more years.

You left a precious memory, and sorrow too great to hold, and to all who loved and lost you, your memory will never grow old.

You were taken from us so suddenly, we never got to say good-bye. But we know you are watching over us from the heavens in the sky.

May 8th would have been Tom's 23 birthday. May God Bless you Tom! We love you and miss you so very, very much.

Wheat Growers give position on trade talks

U.S. wheat growers will oppose any international trade agreement which fails to restrict both the volume of subsidized wheat exports and the amount spent on export subsidies, according to the National Association of Wheat Growers.

Testifying before the House Agriculture committee about the current round of international trade talks, NAWG president Ron Rivinius said any final agreement to restrict subsidies must include the export schemes of all competing nations if it is to be acceptable to American growers.

Rivinius and others who testified were responding to a proposed agreement to the current round of trade negotiations that have continued for the past five years. The draft agreement was written and proposed by Arthur Dunkel, director general of the General Agreement on Tariffs and Trade (GATT).

"The Dunkel text appears to treat the United States and European Community as equal offenders in the export subsidy war, which is clearly not the case," said Rivinius.

He also questioned proposals to reduce export subsidies by a fixed percentage because "the country with the highest level of subsidies [in the beginning]—the European Community—would remain at the high end of the playing field at the end of the game."

These reservations notwithstanding, Rivinius said the NAWG recognizes that the proposal now before the 108-member GATT is probably the first that would restrict export subsidies. He said under such an agreement, "the gains for improved wheat exports are not insignificant."

"The make-or-break issues for wheat growers are the inclusion of a limit to the volume of wheat that can be subsidized and the equal application of subsidy disciplines to all nations," he said. "Failure of a agreement to adequately settle these principal issues would cause wheat organizations to oppose the new trade treaty."

Another area of concern for the NAWG is that the proposal does not provide adequate safeguards to assure price transparency—the ability to ascertain the actual price accepted for the sale of wheat by a state trading entity such as the Canadian Wheat Board. Rivinius said price transparency is vital to the establishment and preservation of a fair trading environment for grain. "The only valid reason for secret pricing is to provide the cover necessary to subsidize exports," he said.

Tim Lundeen gets seminary scholarship

Timothy Lundeen of Goodridge has been named a recipient of a 1992-93 Luther Northwestern Theological seminary presidential scholarship—a merit scholarship funded by Lutheran Brotherhood which covers full first-year tuition.

The scholarships are awarded to individuals planning to begin study toward either a master of divinity or a master of arts degree at the seminary. Candidates are nominated by a Lutheran campus minister or by the chair of the religion department of a college or university of the Evangelical Lutheran Church in America.

Lundeen earned his BA degree in history from Bemidji State university in 1992. He has been a farmer in the Goodridge area or 14 years and his wife, Candace, works at Kory's Warehouse Salvage of rural Oklee. The family holds membership in Ekelund Lutheran church of the Goodridge parish.

"These scholarships are provided to encourage excellent students to do what they believe they are being called to do," stated Lou Flessner, director of admissions, "study theology and lead the church in mission."

36-inch parsnip is first garden oddity of year

Virginia Beiswenger of 113 Jerome street in Thief River Falls was doing some spring harvesting of parsnips left in the ground over winter when she retrieved one of the vegetables with a 36-inch root.

The parsnip was about an inch and a half in diameter at the crown, tapered nicely to about nine inches and then continued in a long, sinewy root for the remainder of its length. Mrs. Beiswenger said she was using a spade to dig the parsnips and was surprised when the fragile-looking root was extracted without breaking.

Virginia said she plants a number of her garden seeds in the late fall just before freeze-up so they are ready for spring germination. The parsnips were planted in the fall of 1990 and some were harvested last fall. The remainder were left in the ground over winter and harvested a few days ago.

Local radio station TRF Business of Year

by David Hill
Associate Editor

"A community is its people. A radio station is its people," said Joel Swanson, general manager KTRF and KSNR radio station in Thief River Falls.

Swanson believes employees at the radio station deserve much of the credit for the Thief River Falls station being named Business of the Year by the Thief River Falls Small Business Selection committee. Swanson said he cannot say enough about the people at the station, from Big Red who has been at the station for 22 years to Peggy Mehrkens, who recently returned to the station where she got her start after graduating from the Technical College program in Thief River Falls.

The station recently had reason to research its history because it celebrated its 45th anniversary. KTRF went "on air" officially on January 30, 1947. Swanson said the station was built and put on the air by Bud Ameson. It was later sold to Don Olson, Orion Beich, and Bob Wurst who kept it on the air for 25 years. It was bought by Ted Storck in 1982 and sold to the current owner, Steve Glesmann who bought it in January 1989. Glesmann also owns an AM/FM station in Montrose, CO. He lives in Witchita, KS.

KSNR, KTRF's FM companion station in Thief River Falls went on air in 1976 and went by the call letters "KOSN". It became KSNR in 1983 and went from 3,000 watts to 100,000 watts in September of 1987, substantially boosting its broadcast coverage area.

Despite a somewhat competitive market, KTRF and KSNR have a secure position. (According to studies, the average rural American can find 10.5 radio stations on the radio dial. In big cities, the average is 100 radio stations.) Swanson said that at small town radio stations, the employees are the community. "We have to actively participate in the community," he said. Nearly everyone at the station belongs to at least one organization in the community.

Swanson admits there is more to running a station than what most people see. A lot goes on behind the scenes. It was technically complicated when the station began broadcasting 45 years ago; now, if employees don't have a computer or know how to operate one they're almost lost. Swanson also added that as a general rule, for every person on the air, there are two behind the scene.

According to Arbitron, the company that determines how many people listen to the station and thus provides a basis for setting advertising rates, KTRF is the most listened to station in Pennington county and all five Northwest Minnesota counties if added together. In the three counties of Pennington, Marshall and Red Lake, at least 44 per cent of the people listen to the station sometime during the week. By adding Kittson and Roseau counties, the figures indicate that 33 per cent of the people listen to the station sometime during the week. Figures for KSNR indicate that the station is listened to by 22 per cent of the people in the three county area sometime during the week, and 19 per cent in all five of the counties.

Being the first radio station in the county has had something to do with the station's success. Once people find a station they like they generally stick with it. But the station has also made a conscientious effort to provide information and entertainment.

Determining what programs run when and why is a compilation of many factors. Swanson said most decisions at the radio station are made by more than one person. He said he is a great believer in delegating. He said he learned long ago that he can't do everything. He has learned to rely on people he hired to run a department so he relies on them to help him make decisions that affect the entire station.

"Sometimes we will just give a program a try," Swanson said. If the program develops a good following, it stays. "One thing, we realize," he said, "is that we can't be all things to all people. We wish we could but we can't."

Expansion and growth at the radio station has been steady, Swanson said, and the station is off to its best start ever for the first four months of 1992. Part of that is due to the fact that employees at the station worked hard through the "recession". There is also a lot of optimism out there, he added. The fact that there are several good new businesses and advertisers in the community or planning to move to the community, he said, is very encouraging.

Success has also come with steady improvements and innovations, including new television cameras for Cable 3. It's amazing, Swanson said, to see how many people watch the radio station's television broadcasts on Cable 3. Speaking of Cable 3, Swanson said, KTRF was the first radio station to have an agreement with a cable company in Minnesota. Now there are several. Swanson said the station is continually updating equipment. Such improvements, however, are very expensive.

The radio station has 15 full-time employees and five part-time employees. It operates 24 hours a day, seven days a week, so those employees are the backbone of the station.

It's very important to have the right people, Swanson said. They have to be dedicated to the profession, enjoy it and get along. Radio people and many media people, he said, tend to have above average egos. For all those egos to survive, they have to work at it, he said.

"We have some great people", Swanson said. There is some turnover but it is to be expected with the pressures of this job.

Swanson said he can't stress enough the importance of employees of the station. They are what has made this radio station Business of the Year in Thief River Falls.

Joel Swanson, general manager at KTRF/KSNR, and Mark Allan, program director, look over some program listings at the radio station. The Thief River Falls Small Business Selection Committee chose the radio station as recipient of this year's Business of the Year. The station will be honored at a Small Business breakfast on May 12.

INSURANCE Update

STUDENT POLICY

College students in need of funds are likely to call home with a request. When items are lost or stolen out of the dormitory, fraternity or apartment, the same course of action is likely to be followed. Fortunately, parents' homeowners insurance covers such losses with some limits and exceptions. Some companies cover a student's possessions up to the parents' full personal property limit. Others, however, limit coverage of student property stored away from home to 10 percent of the parents' personal property coverage. In some cases, insurance companies consider a student's move to an off campus apartment to be proof of independence, which renders the student ineligible for coverage under the parents' insurance.

NORTHERN STATE AGENCY writes most types of personal insurance. Our staff is available to answer your questions concerning a current policy, or new needs that require attention. To reach us, call 681-4042. We are conveniently located in the Northern State Bank building. Office hours are 8:30-4:30 Mon.-Fri., 8:30-6 Thurs.

Hint: Students living in off-campus apartments should look into a renter's insurance policy.

Melvin and Rosemary Eskell spent Easter weekend with their son Master Sgt. Lonnie Eskell, and his wife, and two sons in Great Falls, MT, where he is stationed in the army.

Ellsworth and Ethel Milligan were Easter Sunday dinner guests of Mr. and Mrs. DeWayne Rarick of Climax.

Bernard and Renee Fallon and family journeyed to Bemidji for Easter, where they were guests of Martin and Shirley Fallon. Lawrence Carpenter was also a guest.

Florida Trip

Bunny DuChamp returned home on April 20, after spending about seven weeks visiting with her daughters, Candy and her friend, Dan Stanley of Bradenton, FL, and Jana and Mark Granum and boys of Miami, and Stuart, FL. While there she saw the Passion Play and Bok Tower Gardens in Lake Wales, FL. On the way home they toured Chattanooga, TN, and visited the Chickamauga Battle ground, went to Lookout Mountain on the Incline Railway, which is considered the steepest railway in the world, going up one mile at a 72.7% incline, and in Rock City. Bunny had flown to Florida, but the Granum family brought her home, stopping in Minneapolis, where they visited Loretta Granum over Easter. Jana and Mark spent a week here visiting friends and relatives, and left for Minneapolis again on Monday.

Birthday for Bill

Dinner guests at the home of Bill and Helen Simpson in observance of Bill's birthday on the 22nd, were Chuck and Jolayne Simpson, Diana, Bill Jr. and Scott Simpson of Thief River Falls. The boys also spent from Friday to Sunday with their grandparents.

Olga Kenickson, Selma Waldal and Annie Ervin attended the Pennington County Homemakers Brunch, held at the Best Western on Friday morning.

Art and Frances Schloiert visited their granddaughter, Nancy Osbjornson of rural Oklee, who has been in United Hospital of Grand Forks, recovering from knee surgery.

Bernard and Renee Fallon entertained on Friday evening with a supper honoring her father on his birthday. Present were the honored guest, Harry Huseth, his wife, Darlene Wiseth and her children, Stephanie, Steven, Stacy, Sally and Spencer all of Thief River Falls.

Jerry and Carol Gerardy left last Thursday for the Cities, and visited their daughter, Nancy and Scott Wallber and boys in Apple Valley, son David, and daughter Barbie, and Mike Konickson, all of Minnetonka. They also spent one night at Jerry's sister Noreen, and Merle Johnson in Eden Prairie, and on Saturday they all attended the wedding of Noreen's son, Rick Johnson, to Jodi Franz, which was held in St. Gerald's Catholic church in Golden Valley. Jerry and Carol returned home on Monday.

Weekend visitors of Bertha Hughes were her daughter, Priscilla Stark of Rothsay, and four of her children, Joshua, Rachel, Jerry and Ben.

George and Hazel Ollie accompanied by Elma Ollie of Thief River Falls attended the wedding of their grand nephew, Steve Schroeder, and Patty Tisher on Saturday at Hecla, SD, returning home on Sunday.

Hazel Ollie, Gerda Koskela and Amelia Eskell visited Hillcrest on Thursday afternoon with a devotional program and enjoyed visiting and sharing goodies with the residents.

Florida Trip

Edna Hyde returned on Saturday from a trip to Florida. Here is her story.

Annie Blair of Altona, Manitoba, had come to Edna's on April 13, and on Tuesday had accompanied Edna to an Avon President's dinner in Bemidji. Later they had visited at the Denny Hyde home in Bad Medicine Lake, and at the Roger Hyde home. On Wednesday Roger took Annie and Edna to Grand Forks, and they flew to Tampa, FL, where they were met by Jean and Jake Friesen, who took them to their winter home in Clearwater. They spent Friday enjoying the beaches of the Gulf of Mexico. On Saturday they drove to Titusville, where they spent the weekend with Claudette St. John's and Lorraine Karel. Also visiting with them there were Edna's great-grandson, Brian Cunningham, and his girlfriend, Mandy Williams. On Easter Sunday they attended services at the Methodist church in Minns, where Lorraine was soloist in the choir. After Easter dinner at the Duane Madden home, they went out to Claudette and Larry's home on the St. John's river, and from there returned to Clearwater. There they also visited with George and Myrna McLellan of Emerson, Manitoba, who also have a winter home in sunny Florida. The temperature was a delightful 86°. On Wednesday they drove to Gainesville and enjoyed a happy evening and supper with Edna's granddaughter, Kay, and Tommy Karel, and Kim Coleman. On Thursday they left for home, arriving 2000 miles later in Plummer on Saturday. Jake, Jean and Annie left that evening for their homes, "north of the border" at Altona, Manitoba. We're glad you could make such a nice trip and see many family members, Edna!

Amelia Eskell, Eddy Eskell and Donna Kvasager attended a birthday party for Octavia Brekke's 85th year on Sunday afternoon at the Gully town hall. Octavia is the mother of Lowell Johnson, who is married to Karen, daughter of Leo and Amelia. Lowell served as Emcee for a program honoring his mother, and his son, Nick, served punch. Karen participated in it too, and was in the program.

Belated Birthdays

A host of family and friends from Plummer, Red Lake Falls, Thief River Falls, and Trail gathered on Saturday evening at the Plummer hall to surprise Jim DuChamp and his cousin, Charlene Myhre, who had both turned 40 a few weeks back. Guests brought food for the lunch and a great time was had by all.

Mr. and Mrs. Percy Johnson of Fosston, visited Aunt Idella Peterson on Sunday afternoon.

Effie Vigstol visited at the Northwest Medical Center on Sunday evening with Ella Mae Aker, who is a patient there, and later with Shirley Vigstol of rural Thief River Falls.

Jana, Mark, Tim and Sam Granum, Jim, Deb and Merci DuChamp, Eileen Roleison, Cathy DuChamp, and Luella DuChamp of Thief River Falls, all visited Sunday afternoon at the home of Camille DuChamp of Thief River Falls.

Mr. and Mrs. Ellsworth Milligan visited at the Lawrence Waldal home on Sunday evening.

This group of Washington and Northrop elementary school fifth graders was participating in a bog walk at the Deep Portage conservation reserve when this photo was taken earlier this year. Attending in two separate three-day encampments of three days each, all 150 students in the fifth grade at Thief River Falls public schools participated in the activity.

David Halvorson, under the watchful eye of ranger Hugo, tries his hand at the hatchet throw at Deep Portage conservation reserve during the fifth grade class trip. All fifth graders in the Thief River Falls public schools made the three-day trip—the second year for the project.

To attempt to identify the species of a mystery tree, Derek Berg is led by Joe Pribula (left) and Greg Homma during an exercise at Deep Portage conservation reserve. Fifth graders raised some $8,000 through a fund-raiser and were assisted by the Lowell and Marge Swenson Foundation to permit the approximately 150 fifth graders in Thief River Falls public schools to attend the camp.

Fifth graders attend Deep Portage camp

For the second year fifth graders in the Thief River Falls public schools have had an opportunity to attend two full days of environmental study at Deep Portage conservation reserve located 10 miles east of Hackensack.

Attending April 6-8 were the Knox fifth graders and one section of fifth grade from Washington elementary school. Taking part April 8-10 were fifth graders from Northrop elementary and the other section of fifth grade from Washington elementary. Each group involved approximately 75 students.

Fifth grade instructors and their students from the three schools conducted a fund-raiser which produced about $8,000—approximately three-fourths of the total needed for all fifth graders to attend the camp. Remaining funds were provided by Lowell and Marge Swenson Foundation.

Accompanying the students as chaperones were fifth grade teachers Dick Tyler, Barry Liimatainen, Tom Schafer, Peter Tri, Dione Peterson and Carol Tranby and volunteers Glenna Wefald, Sue LeMoine, Ruth Wilkinson, Rick Woodruff, Nancy Harbott, Richard Neitz, Glenn Espe, Jan Melvie, Pat Dicken, Rachel Tveiten, Frances Olson, Barbara Etienne, Diane Danielson, Myron Peterson and Randy Roder.

Deep Portage conservation reserve includes 6,100 acres of memorial forest and is operated by the non-profit Deep Portage Conservation Foundation. It has a mission of environmental education and resources management demonstration and each year serves thousands of school children in three-day learning adventures.

First day activities started with a noon lunch after arrival and included an orientation and assignment of duties plus afternoon and evening learning activities.

Second day began with breakfast at 8 a.m. and included two learning activities before lunch, three in the afternoon and evening classes after supper, followed by a campfire and snacks.

Third day schedule included breakfast, clean-up of dining and sleeping rooms and packing for the return trip plus the last two activities. Students boarded the bus after lunch for the return trip.

Among the activities were a bog walk, plant study, tomahawk throw, archery, fire building using flint and steel, map and compass training, tree identification and a number of others.

According to elementary principal Glen Espe the activity was an excellent educational experience for the students and teachers and that the group was cooperative and well-behaved which added to the enjoyment of the experience.

Community Education compliance hearing May 19

Compliance hearing for the community education department of School District 564 will be held Tuesday, May 19, at 8 a.m. in the board room of the school district service center.

Agenda for the meeting includes a review of community needs and resources, school facility use policy, discussion of how governing boards can promote cooperation, mutual benefits of cooperation and need for new programs.

By-laws of the community education advisory council will be reviewed along with what community education can do for other agencies and what other agencies can do for community education. Budget for community education will be presented and other issues discussed at the direction of those attending.

"The goal of community education is to play a vital role in building a support system between school and community," states Jane Mattson, community education director. "It provides a bridge between community members and the educational system. Everybody is a teacher and everybody is also a learner. We never stop learning and the more we learn the better teachers we will be."

She said community education attempts to carry several important messages to the community:

- The school belong to the people and are for the use of all the people;
- The schools care about the needs and interests of everyone in the community;
- Education involves everyone—all ages, groups and interests;
- Education means more than spoon-fed learning and includes all those things that enrich, expand and excite;
- The public consists of much more than parents or taxpayers—the public includes all formal and informal groups from business and industry, government and social services to religious, political and fraternal groups.

Any interested members of the general public are encouraged to attend the compliance hearing to learn more about community education or to present their ideas and suggestions.

WHEN WILL THEY FINISH?

Roger Reuter, President

"A 60-day project to remodel the entire downtown bank facility began April 24, 1992. While planning the project which includes the main teller area and all banker offices, these important items were addressed: customer convenience, customer privacy, disabled person access, customer communication, renewed commitment to a better and growing Thief River Falls. We think you'll be pleased with the final results!"

Joni Bjerklie receives child care award

Joni Bjerklie of Trail has been awarded a Child Development Associate (CDA) credential in recognition of outstanding work with young children.

Mrs. Bjerklie has been associated with the Head Start program for five years, first serving as a center base assistant. For the past year and a half she has been a home visitor, calling at 12 homes in the Goodridge, Trail and Gully areas each week to work individually with Head Start students. She also directs the center base bi-monthly program at Goodridge and Clearbrook.

She started work on the credentialing process last fall and was tested in mid-February. The credential, which qualifies her to begin work oo credits toward a child care degree, was awarded by the Council for Early Childhood Professional Recognition in Washington, DC, which represents the early childhood profession.

CDA credentialing is the only major national effort to improve child care by evaluating and recognizing the stills of individuals providing care. The first credential was awarded just over 15 years ago and 49 states plus the District of Columbia include CDA in child care licensing regulations.

All candidates for the CDA credential are observed working with children and evaluated by a team which includes early childhood experts and a parent. The candidate must demonstrate ability to work with families to develop children's physical and intellectual capabilities to a safe and healthy learning environment.

-ing experience in educatioo was being made an honorary member of the Lincoln high school chapter of the National Honor society—a chapter that she worked hard to help establish.

For a number of years she directed plays at Lincoln and was an actress in plays presented by the Thief River Falls community theatre.

A widow since 1960, she raised three children who have gone on to professional careers. Anna Marie is a managing attorney with Mid-Minnesota Legal Services. Her oldest son, Brad, is a civil engineer and her youngest son Milton is an electrical engineer—and a parent with his wife Cheryl of what Pat refers to as "my absolutely perfect one-year-old grandson."

A past member of the Thief River Falls Community Arts council, Pat is presently a member of the Winslow chapter of the Order of the Eastern Star and vice president of the Pennington county unit of the American Cancer society.

From its beginning until last year she was reader of the Christmas Story during lighting of the community Christmas tree in Thief River Falls. She has narrated or read for countless programs throughout the community and served for two years on the chamber of commerce education committee.

A past president of the Thief River Falls Education association, she also was a representative on the Kraemer-Brown governing board and member for three years of the Minnesota Education association's instruction and professional development state committee.

For hobbies Pat lists reading, travel, attending plays and concerts, knitting and other needlework.

Jan Peterson

A 1960 graduate of Moorhead high school and 1962 graduate of Lutheran Bible Institute in Minneapolis, Jan worked as a parish secretary for Grace Lutheran church in Dawson for a year and secretary to the president of Augustana Academy in Canton, SD for a year. After a year as personnel secretary at Sioux Valley hospital in Sioux Falls, SD, she worked from 1967 to 1970 as administrative secretary to the chief of staff at St. Mary's hospital in Minneapolis.

She was married to Gordon Peterson in September of 1968 and they moved to Thief River Falls in 1973. They have two daughters, Mrs. Corey (Hillary) Teie, 23 and Kim, 22, who will be married August 8 to Corey Huson; and two granddaughters, Cassandra and Haley Teie, ages 3 1/2 years and about one year.

Birthday

Annie Gustafson noted a birthday April 23. Coming to help her celebrate on Wednesday were their daughter, and son-in-law, Bill and Ione Brinkman of Crookston, who brought her a birthday cake. Thursday evening supper guests at the Clarence and Annie Gustafson home to celebrate Annie's birthday were Larry and Carmen Gustafson, Susan and Tony of Thief River Falls, Stacy Hjelle and Justin of Newfolden, Mrs. Jon Hanson and Jordon, Wallace and Arlene Hanson, John and Leona Gustafson, and Leonard Larson. A birthday cake was baked by Arlene Hanson.

Sunday Harvey and Lucy Swenson were dinner guests at the Louis Houg home at Grafton, ND.

PRAIRIE RAMBLING

by Gretchen Beito

David Thompson was the first to draw an accurate map of what is now northwestern Minnesota. Thompson was an employee of the North West Company who charted much of the American and Canadian West 200 years ago. All subsequent maps were based on his map.

Thompson's map shows the Red Lake River watershed. A small portion of his map will be on view later this summer on a pictogram on the Thief River Falls riverwalk. Thompson drew it in 1798.

On his map Thompson identified the Thief River as a rivulet, which was probably an accurate description in the years before the Red Lake River was dammed.

Thompson was born in London in 1770 and was slightly educated in a large charity school. He was a self-taught master of sextant, compass and telescope, a meticulous recorder of travels and a map maker extraordinaire. At age 14 he was apprenticed from England to the Hudsons Bay Company, which he served for 13 years, learning trading techniques and perfecting his knowledge of instruments and skill as an observer in uncharted regions.

Indians named him the "Star Man" before he offered his services to the rival of the Hudsons Bay Company.

In 1797 Alexander McKenzie and other North West Company officials appointed Thompson as surveyor and astronomer for the North West Company. They commissioned Thompson to join a brigade of traders heading west in August of 1797. His assignment was to survey the forty-ninth parallel and a route to the headwaters of the Missouri, and also to map the fur trading posts of the North West Company.

He traveled to Lake of the Woods, northwest to Lake Winnipeg, then southwest across the Dakota plains to the Mandan villages on the Missouri. He faced peril from storm and Sioux attack with self-reliance and courage. He recorded carefully the culture of the Mandans and then trekked eastward. He followed the Red River Valley to the Red Lake River.

In the winter of 1798 Thompson, 28, traveled along the Red Lake River from west to east. In his field journal he noted that the snow was three to three and one-half feet deep and that a cubic foot of snow would yield four to five inches of water when melted. He said that the great warmth of the thaw would cause this river to overflow from the quantity of water contained in the snow.

On March 25th, 1898, he arrived by dog sled at the trading house of North West Company located at the site of what is now Red Lake Falls. Thompson noted that the weather was fine, and at night the frost made the snow firm for several hours of the day.

He found Baptiste Cadotte, 35, in charge of the post at the junction of the Clearwater and Red Lake River. Cadotte was the son of a Frenchman by a native woman, and married to a very handsome woman, also the daughter of a Frenchman and a native woman.

Cadotte had been well educated in Lower Canada, spoke fluently his native language and knew Latin, French and English. Thompson had long wished to meet a well-educated native because of difficulty in conversing in Indian languages.

Because the season of river breakup was advancing, Thompson inquired of Cadotte if he would advise him to proceed any farther with dogs and sleds. Cadotte said the season was too far advanced, and his further advance must be in canoes.

Thompson followed the Red Lake River to Red Lake, surveying as he went. After that he traveled the Upper Mississippi, Sandy Lake, and the St. Louis River. He canoed on into Lake Superior, followed the south shore to the Sault, and went back to Grand Portage along the north shore. When he arrived he had been gone 10 months and had surveyed 4 thousand miles of wilderness.

Thompson was known as not only a careful scientist but also a fair-minded man who would not cheat Indian customers, sell them spiritous liquors, or allow voyageurs to mistreat them. Every Sunday he assembled his men and read to them from the Bible in a French that would have elicited smiles, if not jeers, had the voyageurs not held him in great respect.

In the early years of the century Thompson completed an enormous map which hung for years in the great salon of the North West Co.'s fort at Fort William. He had spent 20 years in the field and had spent two years drawing the map.

Thompson was not recognized as a geographer until after his death in 1857. Today he is considered one of the greatest cartographers that ever lived. Thompson also crossed the Rockies and explored the Columbia River from its source to the sea. He headed a British commission that surveyed the border between the U.S. and Canada 1822-1824 under the Treaty of Ghent. He, like Sir MacKenzie, wanted to place the Canadian border south to include Grand Portage and the Upper Mississippi. But this scheme had been thwarted by the purchase of Louisiana and by the astuteness of Secretary of State James Madison.

Thompson died at Longeuil, near Montreal, in 1857. Today documents he compiled are in print, and he is looked on as one of the most brilliant stars in Canadian exploration.

Note: Sources include writings by Grace Lee Nute, David Thompson, and an interview with Patrick Shiperdecker, fur trade historian for Minnesota Historical Society.

Peoples Natural Gas requests rate increase

Peoples Natural Gas division of UtiliCorp United has filed for a rate increase totaling $7.2 million or 7.8 per cent, in annual revenue. It is the first increase requested by the company in Minnesota since 1986.

The increase would affect the 101 communities served by the utility and mean an average increase of $3 to $4 per month for the typical residential customer.

Although the price of natural gas has declined since the last rate increase in 1986, the costs for delivery have increased, according to James McClymond, president of Peoples. Inflation has totaled about 24 per cent since 1986.

Because of the lower cost of gas, however, the typical residential customer's bill will be 18 per cent less than it was in 1986, McClymond added.

The company will begin charging the new rates 60 days after the filing, subject to refund if the full request is not granted, in accordance with the Minnesota Public Utilities commission. If the final rates adopted are lower than the interim rates, the company will refund the difference plus interest to the customers.

ADULTS NEED IMMUNIZATION BOOSTERS

Booster doses of Diphtheria and Tetanus are necessary for all adults to maintain immunity. One dose for Td vaccine should be given every 10 years.

Living in an agricultural area where cuts and scrapes are common for most adults, particularly adult males, a booster vaccine of Tetanus/Diphtheria is a wise preventative measure.

The Marshall County Nursing Service will be giving vaccines throughout the county on May 12th, 13th, 14th, 19th, and 20th. All adults are encouraged to receive a Tetanus/Diphtheria booster if it has been over 10 years since previously vaccinated. Second doses of the measles vaccine will be available to 6th & 11th grade students, and 12th grade students requiring it for college entrance.

Joni Bjerklie receives child care award

Joni Bjerklie of Trail has been awarded a Child Development Associate (CDA) credential in recognition of outstanding work with young children.

Mrs. Bjerklie has been associated with the Head Start program for five years, first serving as a center base assistant. For the past year and a half she has been a home visitor, calling at 12 homes in the Goodridge, Trail and Gully areas each week to work individually with Head Start students. She also directs the center base bi-monthly program at Goodridge and Clearbrook.

She started work on the credentialing process last fall and was tested in mid-February. The credential, which qualifies her to begin work on credits toward a child care degree, was awarded by the Council for Early Childhood Professional Recognition in Washington, DC, which represents the early childhood profession.

CDA credentialing is the only major national effort to improve child care by evaluating and recognizing the stills of individuals providing care. The first credential was awarded just over 15 years ago and 49 states plus the District of Columbia include CDA in child care licensing regulations.

All candidates for the CDA credential are observed working with children and evaluated by a team which includes early childhood experts and a parent. The candidate must demonstrate ability to work with families to develop children's physical and intellectual capabilities in a safe and healthy learning environment.

PRAIRIE RAMBLING

by Gretchen Reito

David Thompson was the first to draw an accurate map of what is now northwestern Minnesota. Thompson was an employee of the North West Company who charted much of the American and Canadian West 200 years ago. All subsequent maps were based on his map.

Thompson's map shows the Red Lake River watershed. A small portion of his map will be on view later this summer on a pictogram on the Thief River Falls riverwalk. Thompson drew it in 1798.

On his map Thompson identified the Thief River as a rivulet, which was probably an accurate description in the years before the Red Lake River was dammed.

Thompson was born in London in 1770 and was slightly educated in a large charity school. He was a self-taught master of sextant, compass and telescope, a meticulous recorder of travels and a map maker extraordinaire. At age 14 he was apprenticed from England to the Hudsons Bay Company which he served for 13 years, learning trading techniques and perfecting his knowledge of instruments and skill as an observer in uncharted regions.

Indians named him the "Star Man" before he offered his services to the rival of the Hudsons Bay Company.

In 1797 Alexander McKenzie and other North West Company officials appointed Thompson as surveyor and astronomer for the North West Company. They commissioned Thompson to join a brigade of traders heading west in August of 1797. His assignment was to survey the forty-ninth parallel and a route to the headwaters of the Missouri, and also to map the fur trading posts of the North West Company.

He traveled to Lake of the Woods, northwest to Lake Winnipeg, then southwest across the Dakota plains to the Mandan villages on the Missouri. He faced peril from storm and Sioux attack with self-reliance and courage. He recorded carefully the culture of the Mandans and then trekked eastward. He followed the Red River Valley to the Red Lake River.

In the winter of 1798 Thompson, 28, traveled along the Red Lake River from west to east. In his field journal he noted that the snow was three to three and one-half feet deep and that a cubic foot of snow would yield four to five inches of water when melted. He said that the great warmth of the thaw would cause this river to overflow from the quantity of water contained in the snow.

On March 25th, 1898, he arrived by dog sled at the trading house of North West Company located at the site of what is now Red Lake Falls. Thompson noted that the weather was fine, and at night the frost made the snow firm for several hours of the day.

He found Baptiste Cadotte, 35, in charge of the post at the junction of the Clearwater and Red Lake [illegible]. Cadotte was the son of a Frenchman by a native woman and [illegible] had one woman, [illegible] the daughter of a Frenchman and a native woman.

Cadotte had been well educated in Lower Canada, spoke fluently his native language and knew Latin, French and English. Thompson had [illegible] to meet a well-educated [illegible] because of difficulty in conversing in Indian languages.

Because the season of river breakup was advancing, Thompson inquired of Cadotte if he would advise him to proceed any farther with dogs and sleds. Cadotte said the season was too far advanced and his further advance must be in canoes.

Thompson followed the Red Lake River to Red Lake, surveying as he went. After that he traveled the Upper Mississippi, Sandy Lake, and the St. Louis River. He canoed on into Lake Superior, followed the south shore to the Sault and went back to Grand Portage along the north shore. When he arrived he had been gone 10 months and had surveyed 4 thousand miles of wilderness.

Thompson was known as not only a careful scientist but also a fair-minded man who would not cheat Indian customers, sell them spiritous liquors, or allow voyageurs to mistreat them. Every Sunday he assembled his men and read to them from the Bible in a French that would have elicited smiles, if not jeers, had the voyageurs not held him in great respect.

In the early years of the century Thompson completed an enormous map which hung for years in the great salon of the North West Co.'s fort at Fort William. He had spent 20 years in the field and had spent two years drawing the map.

Thompson was not recognized as a geographer until after his death in 1857. Today he is considered one of the greatest cartographers that ever lived. Thompson also crossed the Rockies and explored the Columbia River from its source to the sea. He headed a British commission that surveyed the border between the U.S. and Canada 1822-1824 under the Treaty of Ghent. He, like Sir MacKenzie, wanted to place the Canadian border south to include Grand Portage and the Upper Mississippi. But this scheme had been thwarted by the purchase of Louisiana and by the astuteness of Secretary of State James Madison.

Thompson died at Longueuil, near Montreal, in 1857. Today documents he compiled are in print, and he is looked on as one of the most brilliant stars in Canadian exploration.

Note: Sources include writings by Grace Lee Nute, David Thompson, and an interview with Patrick Shiperdecker, fur trade historian for Minnesota Historical Society.

Peoples Natural Gas requests rate increase

Peoples Natural Gas division of UtiliCorp United has filed for a rate increase totaling $7.2 million or 7.8 per cent, in annual revenue. It is the first increase requested by the company in Minnesota since 1986.

The increase would affect the 101 communities served by the utility and mean an average increase of $3 to $4 per month for the typical residential customer.

Although the price of natural gas has declined since the last rate increase in 1986, the costs for delivery have increased, according to James McClymond, president of Peoples. Inflation has totaled about 24 per cent since 1986.

Because of the lower cost of gas, however, the typical residential customer's bill will be 18 per cent less than it was in 1986, McClymond added.

The company will begin charging the new rates 60 days after the filing, subject to refund if the full request is not granted, in accordance with the Minnesota Public Utilities commission. If the final rates adopted are lower than the interim rates, the company will refund the difference plus interest to the customers.

ADULTS NEED IMMUNIZATION BOOSTERS

Booster doses of Diphtheria and Tetanus are necessary for all adults to maintain immunity. One dose for Td vaccine should be given every 10 years.

Living in an agricultural area where cuts and scrapes are common for most adults, particularly adult males, a booster vaccine of Tetanus/Diphtheria is a wise preventative measure.

The Marshall County Nursing Service will be giving vaccines throughout the county on May 12th, 13th, 14th, 19th, and 20th. All adults are encouraged to receive a Tetanus/Diphtheria booster if it has been over 10 years since previously vaccinated. Second doses of the measles vaccine will be available to 6th & 11th grade students, and 12th grade students requiring it for college entrance.

OFFICIAL PROCEEDINGS BOARD OF COMMISSIONERS, PENNINGTON COUNTY JANUARY 28, 1992 - 5:00 P.M.

Pursuant to adjournment the Pennington County Board of Commissioners met in the Commissioners room in the courthouse in Thief River Falls on Tuesday, January 28, 1992 at 5:00 p.m. Members present: Koop, Jensen, Murphy, Penning and Swanson. Members absent: none.

Commissioner Murphy moved, seconded by Commissioner Jensen to approve the minutes of December 30th, 1991 and January 7th, 1992 as written. Motion carried.

Kim Chapman representing The Meadowbrook Insurance administrators of the Minnesota Counties Insurance Trust gave the Annual State of the County Insurance update. The update included the review of Pennington County's coverages and how the County's claims compared to claims from other counties.

District Judge, Dennis Murphy then appeared to discuss the position of Court Administrator. Ardith Johnson has submitted her letter of resignation effective 2-29-92. Barbara Beito has been appointed Acting Court Administrator at this time. The County Board will need to set a salary range for filling the position. The District Court Judges and District Court Administrator will be advertising to fill the position. Judge Murphy also asked the County Board to consider keeping Ardith Johnson on as a consultant to the office until 12-31-92. No action was taken at this time on this request. The County Board asked the District Judge Dennis Murphy to check into moving the vital statistic records to the County Recorders office as the County Recorder has indicated he could accept these records with no additional office help.

Howard Person, Solid Waste Officer and Richard Nordhagen from Future Fuel, Inc met with the County Board. Howard Person noted that Washington school was ready to move ahead with the pilot project to collect and recycle materials at the school. Howard noted that John and Gloria Erickson are ready to move ahead on siting a demolition site for the County and have contacted a private engineering company to work with them on getting permitted if the County Board is still interested in them developing a demolition pit. The County Board stated that they are very interested in getting a demolition site and approves of their efforts.

Howard noted that the Office of Waste Management had approved Pennington County's Capital Assistance Grant and that the paperwork should be here by the next County Board meeting. The permit application to allow repermitting of the Solid Waste Facility has been resubmitted to the MN Pollution Control Agency and we should hear from them shortly.

Other discussion was held on the cost of composting compared to landfilling the compostable material.

Commissioner Murphy moved, seconded by Commissioner Koop to ask the County Attorney to draft a Solid Waste Ordinance including establishment of possible user fees. Motion unanimously carried.

Jeff Nelson and County Assessor Gerry DeHaan met with the County Board concerning a request for settlement of Delinquent Tax, Penalty, Interest and cost on property described as Original Town of St. Hilaire, Lots 8 & 9, Block 50. Total delinquent taxes, penalty, interest and cost is $2,617.24 for years 1986 to 1991. Commissioner Jensen moved, seconded by Commissioner Koop to approve settlement of delinquent taxes for the property described as Original Town of St. Hilaire, Lots 8 & 9, Block 50 for the amount of $1,044.88 on condition it is paid in the next 30 days. Motion carried.

Gary Lane representing the Soil and Water Conservation District met with the Board presenting a Critical Area Erosion Control Policy. This agreement was made to outline the duties of the Soil & Water Conservation District and Pennington County to prevent sediment from plugging County ditches. Commissioner Murphy moved, seconded by Commissioner Koop to approve the Critical Area Erosion Control Policy as written. Motion unanimously carried.

The County Board then reviewed correspondence from Maggie Leach from the Pennington County Soil and Water Conservation District. Maggie Leach is writing a grant application to study the Mud, Moose, Red Lake and Thief Rivers including the Thief River, Agassiz and Thief Lake reservoir areas. The study would include sedimentation, Eutrophication, Accumulation of agricultural chemicals, Accumulation of bacteria and Loss of habitat. Commissioner Koop moved, seconded by Commissioner Murphy to send a letter of support to Maggie Leach. Motion unanimously carried.

Moved by Commissioner Jensen, seconded by Commissioner Penning to authorize payment of the Transportation Alliance dues of $460.00 for 1992. Motion unanimously carried.

The following resolution was introduced by Commissioner Jensen, seconded by Commissioner Penning and upon vote was unanimously carried:

WHEREAS, the State of Minnesota is in the process of considering building a new Transportation complex in Thief River Falls, and

WHEREAS, this action would cause the presently existing facility on Zeh Avenue to be vacated and available for sale.

NOW, THEREFORE, BE IT RESOLVED, that the County Board of Pennington county, go on record as expressing an interest in pursuing a purchase of the Zeh Avenue Transportation Department's entire facility if it should become available for purchase.

The County Engineer gave an overview of the State of Minnesota Occupation Safety and Health Division citations. He also reviewed these items that had been corrected. Commissioner Murphy moved, seconded by Commissioner Penning to authorize the County Auditor to pay by Auditor's warrant $1,680.00 to the Department of Labor and Industry for the OSHA citations.

The County Engineer also presented the County Board with Pennington County Bridge posting and information on area safety shoe and eyewear programs.

The County Board then reviewed information on doing a Financial Feasibility study on Student Housing in Thief River Falls. Commissioner Penning moved, seconded by Commissioner Murphy that the County contribute up to $3,000 to do a Financial Feasibility Study of Student Housing if the School Administration agrees to be the Administrators of the facility if built. Motion unanimously carried.

Commissioner Koop moved to amend the above motion from $3,000 to $2,000. This died for a lack of a second.

Commissioner Penning moved, seconded by Commissioner Jensen to approve the 1991 County Veterinarian report and have it filed in the County Auditors Office. Motion unanimously carried.

Commissioner Jensen moved, seconded by Commissioner Koop to approve issuing a duplicate warrant #98655 in the amount of $1,136.58 to Farm Plan Corporation without an Indemnifying Bond for the lost warrant dated 11-14-91 in the same amount. Motion unanimously carried.

Commissioner Penning moved, seconded by Commissioner Murphy to approve issuing a duplicate warrant #96065 in the amount of $2,451.25 to the City of Thief River Falls without Indemnifying Bond for the lost warrant dated 9-10-91 in the same amount. Motion unanimously carried.

Commissioner Murphy moved, seconded by Commissioner Koop to approve the final payment of $6,252.07 to ECT, Inc. for completion of their contract with Pennington County. Motion unanimously approved.

The County Board then reviewed the request for making the County Courthouse smoke-free. Commissioner Penning moved, seconded by Commissioner Jensen to make the Pennington County courthouse a No-Smoking facility excluding private, enclosed offices occupied exclusively by a smoker as defined in Minnesota Statutes 144.413 subd. 2. This policy is in effect April 1st, 1992. Motion unanimously carried.

Commissioner Jensen moved, seconded by Commissioner Koop to approve the County Ag Inspector 1991 annual report and authorize the Chairman to sign the same. Motion unanimously carried.

The following resolution was introduced by Commissioner Penning, seconded by Commissioner Koop and upon vote was unanimously carried:

WHEREAS, there is a need among low income households for assistance in helping these households achieve a greater degree of self sufficiency and

WHEREAS, the U.S. Department of Housing and Urban Development is soliciting proposals from units of local government to participate in Family Self Sufficiency

THEREFORE BE IT RESOLVED, that Pennington County does hereby express its intent to participate in Family Self Sufficiency through the Multi-County application being submitted.

The following resolution was introduced by Commissioner Penning, seconded by Commissioner Murphy and upon vote was unanimously carried:

WHEREAS, effective July 1, 1991, eligibility for the Work Readiness program, a program which has served as the last safety net for those in need, is now limited to a period of 5 months within any 12 month period for most individuals, and

WHEREAS, Work Readiness clients, many with minimal job skills and little prospect of employment, are being terminated from eligibility for the limited General Assistance benefits of $203.00 per month during the harshest winter months, and

WHEREAS, immediate action is needed to help alleviate the plight of this vulnerable population by providing sufficient benefits to meet the basic needs for food and shelters; and

WHEREAS, Pennington County has acted to assume responsibility to insure survival of those persons effected most severely by this action, resulting in an unfair shift of the State of Minnesota's responsibility to the County

NOW, THEREFORE BE IT RESOLVED by the Pennington County Board of Commissioners that the board request Governor, Arne Carlson and the Minnesota State Legislature to reconsider their position on the Work Readiness program and address the needs of those individuals no longer eligible to receive General Assistance benefits through the Work Readiness program as it now stands.

Commissioner Koop moved, seconded by Commissioner Penning to authorize payment, by Auditors warrant, of one-half of the Pennington County Soil & Water Conservation District appropriation now and the other one-half in June, 1992. Motion unanimously carried.

Commissioner Jensen moved, seconded by Commissioner Koop to appoint Susan Olson and Cecil Anderson to the Pennington County Extension Committee for three year terms. Motion unanimously carried.

The following correspondence was reviewed:

Cass County - resolution regarding spread of Eurasian Water Milfoil and Zebra Mussels.

Ag Information Center, Inc. regarding funding of the Center.

RSVP - thanking the County for their appropriation.

Commissioner Koop moved, seconded by Commissioner Penning to adjourn to February 11th, 10:00 A.M.. Motion carried.

ATTEST: Kenneth Olson, Ex-Officio Clerk, Board of Commissioners
Oliver Swanson, Chairman, Board of Commissioners.

Pioneers split pair of games

Northland won a low-scoring opener, but Vermilion came back to take the high scoring nightcap Friday in a rescheduled Minnesota Community College Conference baseball doubleheader at Ely.

The Pioneers won 4-2, the Ironmen won 9-8. The two teams will meet again in the 1992 season finale in Thief River Falls May 16.

Northland 4
Vermilion 2

Dan Boushee turned in a strong seven innings of pitching to lead Northland past Vermilion 4-2 in the first half of the doubleheader.

Boushee gave up seven hits, but struck out seven and walked just one.

The six Northland hits included solo home runs by Tim Spaeth and Marv DeMers. Spaeth wound up 2-for-3 and DeMers finished with two RBI.

A six-run Vermilion fourth inning tipped the scales in favor of the Ironmen, who salvaged a twinbill split with a 9-8 second-game decision.

Northland tried to make up a 9-5 deficit by scoring three times in the top of the seventh, but the Pioneers left runners on first-and-third as the game ended.

Kevin Hanson was the starting the losing pitcher, giving way to Dan Boushee during the Vermilion fifth inning outburst that featured five hits and two Northland errors.

Nate Carlin who was 2-for-4 with a home run, Pete Steichen homered and drove in three runs and Flint Gandrud went 2-for-3 in the Pioneers' nine-hit attack. But the visitors were also guilty of six errors.

Fergus Falls sweeps Northland in softball

Fergus Falls out-scored Northland 54-12 Friday in a one-sided Minnesota Community College Conference softball doubleheader sweep.

The host Spartans rolled to a 30-7 first-game victory and added a 24-5 second-game decision to complete a four-game regular season home-and-home sweep over the Pioneers this spring.

Fergus Falls 30
Northland 7

An 11-run Fergus Falls first inning kicked off what would be a long afternoon for Northland as the Pioneers lost a 30-7 five-inning opener.

Northland starting pitcher Kelly Magner failed to get an out before giving way to Shirley Wilebski in the midst of that first-inning Fergus Falls outburst.

Jessica Brayton was 2-for-3 for the Pioneers, who were out-hit 21-5.

Bullheads can't 'sting' you, but they do have three hard, sharp spines – one on either side and one on top.

Prowlers lose lead, game at Ada

Thief River Falls watched a five-run lead disappear in the bottom of the seventh inning Monday as the Prowlers lost a 9-8 high school baseball game to Ada Borup-Norman County West-Gary.

The make-up game was played at Ada, where the host team overcame an 8-3 deficit by scoring six times with two out in the final half inning.

"We did not finish," offered disappointed Thief River Falls coach Tracey Wensloff. "I'm having a tough time swallowing this one. You should be able to win a game with a five-run lead and two out in the bottom of the seventh."

Thief River Falls started with a 3-0 first inning lead off an RBI single by Rick Oshy and a couple of run-producing errors.

After a mid-game lull in which the Prowlers' lead was cut to 4-3, Thief River Falls came alive offensively in the top of the seventh on a lead-off double by Mitch Bernstein, an RBI single by Nathan Knutson, a two-run single by Marc Haugen and a run-scoring fielder's choice ball off the bat of Carter Rogalla.

But the winners came up with a hit-baseman, three hits, a walk and an error in the final inning rally.

Haugen was the starting and losing pitcher, getting those two outs in the seventh before being replaced by Bernstein.

Only multiple hit game for the Prowlers came from Bernstein, who went 2-for-4.

The 3-4 Prowlers were scheduled to host Crookston today (Tuesday) at 5 p.m. They will also be at home Thursday with a 4:30 p.m. game against Warroad.

Bemidji boys win TRF golf title

Six players shared medal honors Friday at the end of regulation play in the annual Thief River Falls Invitational boys high school golf tournament at the Thief River Golf Club.

The six-way, 18-hole tie at 76 was broken by a playoff that gave the medal to Jeff Noren of Bemidji. Brent Toft of Roseau wound up in the runner-up spot, followed Tony Burlingame, Bemidji; Dave Lund, East Grand Forks; Bob Brink, Bemidji; and Kent Hoeglund, Detroit Lakes.

Team-wise, four time defending state champion Bemidji was a 15-stroke winner with a four-man 305. Roseau and Moorhead both shot 320 in a tie for second. Thief River Falls shared ninth place with Crookston in the 12-team field.

Thief River Falls scores included Troy Bertram with an 81, Mark Sullivan 88, Mark Tangquist 90, Russ Bollesen 90, Barry Rhineberger 90 and Jason Lambert 92.

The Thief River Falls JV was the 12th place team as Josh Harris shot a 90, Chris Bjerken 91, Tim Barry 97, Guy Gustafson 100 and Lee Nieland 106.

TRF Invitational
Bemidji 305, Roseau 320, Moorhead 320, East Grand Forks 322, Fergus Falls 332, Detroit Lakes 335, Red Lake Falls 342, Fosston 342, Thief River Falls 349, Crookston 349, Warren-Alvarado 376, Thief River Falls JV 378.

TRF boys/girls high school track...

Prowlers run at Crookston

Marshall County South boys and East Grand Forks girls won team titles Monday at the Crookston VFW Invitational high school track meet.

Thief River Falls girls were third in a 15-team field, while the Thief River Falls boys shared seventh place in a field of 14.

Marshall County South boys collected 116 points, followed by Stephen with 75, Park Rapids 62, Roseau 55, Crookston 53.5, Mahnomen 33, Tri-County 30, Thief River Falls 30, East Grand Forks 29, Fertile-Beltrami 15, Fosston 13, Fisher 12, Halllock-Kennedy 8 and Climax-Norman County West 5.

East Grand Forks girls produced 86.8 points, followed by Park Rapids with 80, Thief River Falls 50, Marshall County South 45.4, Tri-County 41.4, Crookston 35, East Grand Forks Sacred Heart 31, Climax 27, Roseau 26, Fosston 16, Mahnomen 16, Blackduck 14, Middle River-Marshall County Central 13, Fertile-Beltrami 8.4 and Stephen 4.

Top finish for the Thief River Falls girls came in the 3200-meter relay, where Lisa Swanson, Leah Helgenset, Stephanie Vigen and Senna Torgerson turned in a first place 10:36.23. The Prowlers' Jodi Kruta was a second place finisher in the 100-meter hurdles and in the long jump.

"Obviously we have to be pleased with the way things are going," said Glenn Chiodo, coach of the Thief River Falls girls. "They've been very consistent. Even the kids who are not placing are doing well."

Chiodo gave special credit to assistant coach Tom Ronchetti, who handles the Prowlers' distance runners. "Our strength is in the distance events, and Tom deserves some credit for that," he said.

It's the field events that has been producing smiles for Tim Olson, coach of the Thief River Falls boys. Tuesday's highlights included a second place by John Wallberg in the shot put, a 2-3 showing by Shane Skeim and Wallberg in the discus and a fourth by Nathan Egge in the high jump.

"We're doing better that we ever expected in the field events," said Olson. "We're still throwing a lot of young kids in the running events, and it'll take some time. But our times were much better today than they were Friday (at the Detroit Lakes Invitational)."

Both Thief River Falls teams will compete in the True Team Section 8AA meet Thursday beginning at 1:30 p.m. at Park Rapids. They will compete in the Grand Forks Last Chance Invitational Monday starting at 3:30 p.m.

Meetings set for women's, men's squads

Organizational meetings for the Thief River Falls men's and women's slow pitch softball teams will be held next week in Room 101 at the Thief River Falls Technical College.

Both meetings are scheduled for 7 p.m. – the women on Monday, May 11, and the men on Tuesday, May 12.

A representative from each team must attend the meeting, designed to finalize the divisions for scheduling, and to discuss any changes that have been made to the league rules.

Health In The Long Run will be held on Saturday

Records in the 2.1 mile and 10 kilometer races will be on the line when the ninth annual Thief River Falls Health In The Long Run is conducted Saturday, beginning at 9:30 a.m.

The running/jogging/walking event is sponsored by the Falls clinic division of Dakota Clinic Ltd. and Northwest Medical Center.

Start and finish lines will be at the medical center. A water stop will be located on the course and refreshments will be provided at the finish by Pepsi-Cola Bottling Co. of Thief River Falls. All finishers will receive a race T-shirt.

Trophies will be given to the first place male and female finisher in various age groups. Anyone breaking an age group record will receive a $10 Hugo's gift certificate. Anyone breaking a course record for male or female divisions will receive a $25 Hugo's gift certificate.

Keith Oteri and Lonnie Olson share the men's 2.1 mile course record with a 12:52, while Lynn Mueller set the women's mark with a 14:09.

Record holders for the 10 kilometer course include Joel Arneson (men) with a 34:49 and Lori Ulferts (women) 40:24.

Entry fee is $8 through May 8. Entry fee on the day of the race will be $10. To enter, specify whether you will compete in the the 2.1 mile or the 10 kilometer portion of the event, and send name, age on race day, sex and complete address, along with the entry fee, to Gail Holland, Public Relations Coordinator, Northwest Medical Center, 120 South LaBree, Thief River Falls, MN 56701; telephone 681-4240, extension 210.

Health In The Long Run is held to encourage greater interest in physical fitness and exercise. Regular exercise has many health benefits, including lower cholesterol, blood pressure and heart attack, according to Health In The Long Run officials, who stress the importance of exercising throughout life to achieve maximum health benefits.

Lincoln girls compete at Detroit Lakes event

Five second place finishes were the top efforts for the Thief River Falls girls Friday as they participated in the Detroit Lakes Eagles Invitational high school track meet.

The host Lakers won the nine-team event with 128 points. The Prowlers finished fourth with 70 points.

Strong wind and some rain made it a less-than-ideal day for a track meet. "The conditions were terrible," pointed out Thief River Falls coach Glenn Chiodo, "but I thought, as a team, we did a good job. Our kids turned in some nice performances."

Jodi Kruta had three of the five Thief River Falls second place finishes – in the 100-meter dash, long jump and 300-meter hurdles. Leah Helgenset was second in the 2-mile run, and was part of the second place a 2-mile relay unit that also included Lisa Swanson, Stephanie Vigen and Sana Torgerson.

Rogalla home runs spark 12-3 TRF win

Carter Rogalla was 3-for-4 with two home runs and four RBI Saturday afternoon as Thief River Falls defeated Minot, ND 12-3 in a high school baseball game at Detroit Lakes.

Nathan Knutson had an RBI single and Rogalla came up with a two-run home run as Thief River Falls grabbed a 4-0 first inning lead.

Only runs off Thief River Falls pitcher Mitch Bernstein came on a three-run third inning home run to make it a 4-3 game, but the Prowlers made it 6-3 in the bottom of the inning and opened up a 9-3 fourth inning cushion as Rogalla homered for the second time.

"I thought we played very, very well," reported Thief River Falls coach Tracey Wensloff. "We played aggressive baseball."

Bernstein turned in a solid route-going performance, scattering eight hits while striking out six and walking only one.

Knutson joined Rogalla in the multiple-hit column with a 2-for-4 game.

Middle River-MCC bats lead to 13-4 win at RLF

Five games into the 1992 high school baseball season, Middle River-Marshall County Central finally played a game that wasn't shortened by the 10-run rule. But Friday's contest at Red Lake Falls still wasn't all that close – a 13-4 win for the Rebels, who scored ten runs over the final three innings.

John Sparby was 4-for-5 and David Blazek went 3-for-3 with a home run to lead the Rebels' 19-hit offensive assault.

Troy Myhrer was 3-for-5 for the winners, while Jeremy Tallum and Jamie Lorenson both contributed two hits.

"We're getting good outings out of a number of different people," explained Middle River-Marshall County Central coach Jerald Hagen.

Myhrer started a little slow on the mound, spotting Red Lake Falls an early 3-1 lead, but he finished strong by retiring the side in order over the final three innings.

EGF wins second tennis tournament

A familiar cast of characters was on hand Thursday for the annual Northwest Invitational boys high school tennis tournament in Crookston just two days after many of the same teams took part in the rescheduled East Grand Forks Invitational.

Thief River Falls, Crookston, Detroit Lakes and East Grand Forks were on hand for both events. The only line-up change found Bemidji replacing Mahnomen for the Thursday field.

East Grand Forks won both titles Thursday. the Green Wave finished with 24 points, followed by Crookston with 16, Bemidji 13, Thief River Falls 10 and Detroit Lakes 7.

The Green Wave swept all four singles titles with Tom Gee, Pete McDonald, Dan Harvey and Judd Wadholm, and had doubles winners in Derek Birznieks-Jared Kovar at No. 1 and Judd Stauss-Gabe Valtierra at No. 3.

Only title not going to East Grand Forks was No. 2 doubles – won by Crookston's Dan Montague-Marco Schisano.

Thief River Falls sophomores Kyle Jordet and Derek Dahlstrom matched the 3-1 record by Birznieks-Kovar at No. 1 doubles, but had to settle for second place through the tie-breaking procedure.

The Prowlers also received a second place performance from sophomore David Johnson and eighth grader Keith Anderson at No. 3 doubles.

"Our kids played well," reported Thief River Falls coach Jay Forney. "Overall, the results were encouraging."

Thief River Falls was scheduled to host Mahnomen today (Friday) in a 4 p.m. make-up match. They head to Detroit Lakes Saturday to meet the Lakers and Alexandria starting at 10 a.m.

A Thief River Falls homestand next week includes duals Monday vs. Park Rapids at 3:30 p.m. and Tuesday vs. Bemidji at 4 p.m., followed by the annual Thief River Falls Sports Boosters Invitational Thursday beginning at 10 a.m.

Pioneers lose three tournament outings

Anoka-Ramsey, Brainerd and Hibbing handed the Northland Community College softball team three more losses Saturday at the Anoka-Ramsey Invitational.

The Sue Bamd-coached Pioneers are 0-11 for the year after losing to the Rams 18-0, the Raiders 18-7 and the Cardinals 15-12.

Northland was scheduled to host Itasca today (Tuesday) in a 3 p.m. make-up doubleheader. The Pioneers will be at the Hibbing Invitational Saturday and will close out the year Monday at home against Mesabi in a 3 p.m. twinbill.

Anoka-Ramsey 18
Northland 0

A late-arriving Northland squad got in just two innings before running into a one-hour time limit in the Pioneers' 18-0 first-round tournament loss to host Anoka-Ramsey.

The Rams scored 12 times in the first inning and did not surrender a hit in two Northland at-bats.

Northland was looking to pick up its first win before Hibbing scored 10 times in the third inning for a come-from-behind 15-12 win in another shortened time-limit game.

Denise Gajeski was 2-for-3 with a triple and Julie Carlson went 2-for-4 as the Pioneers built a 12-5 lead before six Hibbing hits and two Northland errors produced the Cardinals' double-digit third inning scoring.

The pitching loss went to Kelly Magner.

LHS softball team beaten by Moorhead

Moorhead beat visiting Thief River Falls 17-7 Thursday in late-reported high school softball.

The Spuds combined seven base hits with six Thief River Falls errors as the Prowlers dropped to 0-4 against North Sub-Section 8AA teams. They are 2-4 overall.

LuAnne Maslowski was the losing pitcher.

Senior Lana Pittman was 2-for-3 in the Prowlers' eight-hit offense.

Moorhead won the junior varsity match-up 15-5.

Thief River Falls' lone outing this week is a 4:30 p.m. doubleheader at Red Lake Thursday.

Steve Seglem (right) was named Archer of the Year during the recent Thief River Falls Archery Club awards banquet. He received the award from 1991 Archer of the Year Jon Klos.

Seglem named top archer

Steve Seglem was named Archer of the Year at the recent Thief River Falls Archery Club awards banquet.

Regular season indoor league champion Bullseye Bowmen picking up awards were Greg Ose, Dave Hanson, Shayne Anderson and Trevor Irlbeck.

The Nocksplitters finished second during the regular season, but won the post-season league tournament. Team members were Donovan Erlandson, Verla Erlandson, Al Hugg and Alisa Hugg.

ALL placed third in the regular season standings and second in tournament competition. Team members included Dave Hanson, Wayne Johaneson, Jack Johaneson and Jim Weckwerth.

Third place tournament finisher Renegade Archers included Tim Irlbeck, Eric Melcher, Kevin Adolfs and Brent Johnson.

Recognition for high-point averages went to Jake Johaneson, Scott Danielson and Alisa Hugg (female), young adult bow hunter unlimited; Mike Anderson, freestyle limited; Hank Hallstrom, bare bow compound, Dave Muggas, bare bow traditional; Verla Erlandson, female freestyle unlimited; Dave Hanson and Greg Ose, freestyle unlimited; Steve Boe, Jay Kayser and Terry Van Hof, bow hunter limited; Marv Carlson, Al Hugg and Bill Wightman, bow hunter unlimited.

Most improved archers, based upon raw score improvement from handicap week to the final week of regular season shooting, were Jake Johaneson, with an 88-point improvement; Mike Gilbertson, 86; and Al Newton, 83.

Seglem (big buck) and Scott Danielson (big doe) earned bow hunting awards, while Dale Narlock earned the Robin Hood Award.

Other special 'awards' went to Narlock, buck fever; Scott Danielson, Chocker of the Year; and Diane Danielson, Sandbagger of the Year.

Regular season champions in the Thief River Falls Indoor Archery League, the Bullseye Bowmen, received their trophies during the recent Thief River Falls Archery Club awards banquet. The team included, left to right, Greg Ose, Trevor Irlbeck and Sheyne Anderson, along with Dave Henson, who was not present at the time of the picture.

Post-season tournament champion Nocksplitters received their trophies at the 1992 Thief River Falls Archery Club awards banquet held recently. The team included, left to right, Donovan Erlendson, Verla Erlandson, Alise Hugg and Al Hugg.

Rebels beat Bears 11-1

Jamie Lorenson turned in his catching equipment for his first pitching assignment Monday and wound up with a two-hitter as Middle River-Marshall County Central beat Lake of the Woods 11-1 in a high school baseball game played at Middle River.

Lorenson did not give up an earned run and did not walk a batter. He struck out six.

Rick Wappula and David Blazek were both 2-for-2 in the Rebels' nine-hit offense as they improved their record to 4-2.

Middle River-Marshall County Central will take part in the Ada Invitational Friday, meeting Red Lake at 5 p.m. and Ada at 7 in the round-robin format.

Split squad 1-2 at Warroad

A full Thief River Falls varsity squad beat International Falls 6-2 Friday in the first round of the Warroad Invitational high school baseball tournament. But the Prowlers lost a 10-2 decision to Fertile-Beltrami and dropped an 11-10 contest to Warroad when they returned for Saturday's portion of the four-team, round-robin event with a line-up staffed primarily by junior varsity or non-starting varsity players.

The Prowlers split their squad Saturday to finish their commitment at Warroad while also getting in a game against Minot, ND at Detroit Lakes Lakes. Most of the varsity regulars were part of the 12-3 win over the Magicians that day.

Thief River Falls 6
International Falls 2

Darin Wald limited International Falls to just two base hits, striking out eight while walking four, to lead Thief River Falls past International Falls 6-2.

It was a 1-1 tie until the Prowlers scored four times in the bottom of the fourth, beginning with an RBI double by Carter Rogalla. Barry Dowers singled home the second run of the inning, a single by Shane Zutz had an error tacked on the end of the play for a run and a bases-loaded fielder's choice off the bat of Jason Svir made it 5-1.

"I thought we played pretty well," said Thief River Falls coach Tracey Wensloff. "We had a couple of mental lapses, but overall we did a pretty nice job. Darin looked really strong for the first five innings."

Despite the setback at the hands of Fertile-Beltrami earlier in the day, the results in the round-robin format still gave Thief River Falls had a shot at winning the tournament title heading into a Round 3 match-up with Warroad Saturday afternoon.

And with a 7-0 second inning lead, the Prowlers' trophy-winning chances were enhanced even further.

Warroad came back, however, and won an 11-10 eight-inning game played in strong wind and, at times, sleet.

Thief River Falls was self-destructive with seven errors – after committing six in the loss to Fertile-Beltrami.

"Errors just killed us," said Thief River Falls assistant coach Wayne Rahlf, who handled the Warroad edition of the Prowlers' split squad arrangement. "You're going to have trouble winning baseball games when you commit 13 errors in two games."

Steve Burslie was 4-for-5 as Thief River Falls out-hit Warroad 14-13 and Joby Looker hit two home runs in four at-bats – a three-run shot in a seven-run second inning and a two-run job in the sixth when the Prowlers rebuilt a 10-8 lead.

Prowlers win 6-1 tennis match

Thief River Falls opened the 1992 boys high school tennis season with a 4-3 win over Crookston, but the Prowlers had to wait until Friday to collect win No. 2 – a 6-1 dual meet decision over Mahnomen that snapped a five-match losing streak for the Prowlers.

"It was nice to win," acknowledged Thief River Falls coach Jay Forney.

Sophomores Marc Seaverson, Jeff Twomey and Tony Miramontes were Thief River Falls winners at 2-3-4 singles, and the Prowlers swept the doubles competition with wins from sophomores Kyle Jordet-Derek Dahlstrom at No. 1, sophomore David Johnson and eighth grader Keith Anderson at No. 2, and eighth graders Nick Chiodo-Robbie Stock at No. 3.

TRF 6, Mahnomen 1

Singles - 1. Corey Hendrickson (Mahnomen) def. Trevor Haugen 4-6, 6-2, 7-6 (7-5). 2. Marc Seaverson (TRF) def. Shawn Pederson 6-2, 6-1. 3. Jeff Twomey (TRF) def. Jeremy Gunderson 4-6, 6-1, 6-3. 4. Tony Miramontes (TRF) def. Shawn Malmo 6-0, 6-0.

Doubles - 1. Kyle Jordet-Derek Dahlstrom (TRF) def. Greg Bjerk-Kenny Domogalla 6-0, 6-0; 2. David Johnson-Keith Anderson (TRF) def. Keith Clark-Jeff Erickson 6-0, 6-0. 3. Nick Chiodo-Robbie Stock (TRF) def. Tom Hjelle-Fred Specht 6-0, 6-0.

Pioneers, Vikings split

First-game Northland pitching problems were rectified in Game 2 Saturday, enabling the Pioneers to come up with a Minnesota Community College Conference baseball doubleheader split with Itasca – at Deer River.

Itasca rolled to a 16-6 six-inning 10-run rule win in Game 1, but Northland came back to take the nightcap 5-2.

The split put the Pioneers at 7-9 for the year, 6-8 in the MCCC. Northland will be on the road for two Northern Division doubleheaders this week – Wednesday at Fergus Falls starting at 1:15 p.m. and Saturday at the University of Minnesota-Crookston beginning at 12-noon.

Itasca 16
Northland 6

Five Northland pitchers issued 15 walks in the doubleheader opener, and Itasca, not surprisingly, won 16-6.

Despite the control trouble on the mound, the Pioneers were still within 10-6 heading into the bottom of the sixth inning before surrendering six game-ending runs.

Ryan Bothum was the starting and losing pitcher. John Clark, Wade Burns, Jason Carlson and Nate Carlin pitched in relief.

A three-run fifth inning home run by Roger Bienusa was the lone highlight in the Pioneers' four-hit offense.

Swanson scattered six hits. He struck out just two, but walked only three.

"The difference was, Mike got that first pitch in for a strike and stayed ahead of the hitters," pointed out Northland coach Terry Wiseth. "He did a nice job."

Swanson also got some help on defense, with right fielder Ryan Bothum and left fielder Tim Spaeth both turning in strong games.

Offensively, Swanson helped his own cause with a 2-for-4 game. Swanson and Dennis Carpenter drove in two runs apiece.

Keeping Eye On Burning Barrels

Backyard burning barrel will be the focus of attention among state and local fire prevention authorities during the spring fire season in Minnesota this year, according to John Rodewald, a regional forestry supervisor with the Department of Natural Resources.

"Burn barrels and debris burning are the leading cause of wildfires in populated rural areas," Rodewald said. "Where refuse collection has been available, the burning of household refuse in a burn barrel or home incinerator has been prohibited by the Minnesota Pollution Control Agency. These regulations have existed for several years, but have not been enforced in most communities."

That will begin to change this spring, according to Rodewald. "Because of the potential for wildfires, fire officials all across the state will be on the lookout for burning barrel hazards this spring," said Rodewald. "DNR foresters and conservation officers, along with local fire and law enforcement authorities, will be warning homeowners of unsafe conditions and issuing citations for violations of state or local fire ordinances.

"If a wildfire starts as a result of a burning barrel, the property owner can also be held liable for property damage and firefighting costs," warned Rodewald. "Even with a burning permit, if your fire gets out of control, you are liable."

For years, homemade or commercially-built home incinerators were legal for burning household refuse. A barrel is still legal for burning vegetive matter such as leaves or grass if the barrel is placed on mineral soil or a non-combustible base, away from buildings, and has openings no larger than one-half inch in the cover and sides.

Burning barrels have always been a hazard, Rodewald said. "They are never 100 percent safe. They rust and deteriorate over time, and fall out of compliance.

"Even more critical, their use has not been restricted by the time of day, or weather conditions," rodewald continued. "Burning at mid-day, with high winds and low humidly during a bad fire season increases the risk of a wildfire dramatically."

"When fires do escape, burning barrels are usually very close to homes and outbuildings, posing an immediate threat to life and property," Rodewald said. "Some of our most destructive fires have started from burning barrels."

For information about open fire burning permits or the use of burning barrels, contact the local DNR forestry office. For more information on recycling and proper waste disposal methods, contact the solid waste authorities within the county, city or township.

Safety Instructor Honored

Ronald Norenberg of Park Rapids has been named the 1991 Firearms Safety Volunteer Instructor of the Year by the Minnesota Department of Natural Resources (DNR). He received his award March 21 at the Northwest Sportshow in the Minneapolis Convention Center.

The award program drew 58 nominations from among approximately 4,200 volunteer instructors statewide, according to Col. Leo Haseman, director of the DNR Division of Enforcement.

The Firearms Safety Program certifies more than 20,000 Minnesota students annually who have completed the training program conducted by volunteer instructors, under the guidance of the DNR.

Work for which Norenberg was honored includes teaching two firearms safety classes each year for 11 years, teaching to scouts and 4-H groups and teaching home firearms safety for women. He has served as a facilitator for Project Learning Tree, Project Wild and Project Aquatic, which are environmental education programs. He has also provided firearms safety information at county fairs and firing ranges. In addition, he has set up field obstacle courses, put on skits for students and used other innovative ways to promote firearms safety.

Norenberg initiated an effort to construct a 'learning center' in Park Rapids for firearms safety training and other classes and seminars. He spearheaded a $16,000 fund drive for the building, which is now under construction at the Hubbard County Fairgrounds. Donated labor, including work by Norenberg, is expected to raise the value of the building to over $20,000.

Campground Hosts Sought

Volunteers to work as campground hosts at selected Minnesota state forest campgrounds this summer are being sought by the Department of Natural Resources Forestry Division.

Campground hosts are unpaid volunteers who are given a primitive campground campsite, free of charge, in exchange for assisting other campers and visitors.

The program has been used successfully at state forest campgrounds, state parks and U.S. Forest Service campgrounds in Minnesota and around the nation.

Foresters say the ideal campground hosts is a mature, experienced camper who loves the outdoors, has a genuine interest in protecting natural resources and is willing to assist other campers.

Officials said they would like to employ hosts who can stay all summer, but will consider those who will stay a minimum of four weeks.

Hosts will stay at their own camping unit at one of the larger primitive campgrounds managed by the DNR Division of Forestry. Campground facilities include fire grates, pit toilets and drinking water.

Hosts will work part of each day, four to seven days a week, answering questions, giving out information and performing minor campground maintenance such as liter pick-up.

Persons interested in further information and an application form should contact John Hellquist, Forestry Recreation Program coordinator, Department of Natural Resources, 500 Lafayette Road, St. Paul, MN 55155-4044; or call (612) 297-3508.

DNR Tree Planting

It's spring and tree planting has already commenced in the southern part of the state, according to Department of Natural Resources Division of Forestry officials.

This year, over 7,000 acres of forest lands administered by the DNR will be planted or seeded. This is equivalent to an area one quarter mile wide by over 50 miles long.

Bob Wennerstrand, Area Forest Supervisor at Warroad, reports that over 1,300 acres will be planted in the Beltrami Island and the Lost River state forests this year.

Minnesota, with one of the largest state forest systems in the United States, also has one of the largest state forest tree planting programs in the nation. "In the last ten years," said state forester Jerry Rose, "The DNR has planted or seeded an area of forest land equivalent to a one-quarter mile wide strip stretching from Minneapolis to Memphis, Tennessee."

The Warroad area has planted over 10 million trees in the Beltrami Island and Lost River state forests in the last ten years, pointed out Wennerstrand.

Pines (particularly Norway Pine - the state tree) are the major species planted, mentioned Rose. This includes the planting of 150,000 White Pine on state land. Many other native tree species are used as well. Oak and other hardwoods, for instance, are widely planted in the state forests of southeastern Minnesota.

Locally the DNR foresters are planting 520,000 Jack Pine; 63,000 Norway Pine; 390,000 Spurce; 32,000 Cedar; 10,000 Tamarack; 9,000 White Pine; and 6,000 Oak and Plum.

Planting will take place in late April through June in northern Minnesota. The seedlings are hand-planted by crews that work on contract with the State of Minnesota. Most of the sites are prepared the previous fall and early this spring by local contractors.

If you are interested in contracting with the state for site preparation or tree planting, you should get in touch with John Stanton, Area Forest Management Specialist at Warroad, telephone 386-1304.

Duck Stamp Sell Out

Minnesota Department of Natural Resources (DNR) sale of out-of-date Minnesota duck stamps is over. The sale, which began Oct. 15, 1991, was slated to run through April 15, but ended two weeks early when the last of 3,000 sets of stamps was sold. Proceeds from the sale will be used for waterfowl habitat development.

The stamp sets in the sale consisted of waterfowl stamps dating from 1977 (the first year Minnesota issued waterfowl stamps) through 1990.

According to Stephen Seefeldt, marketing specialist with the DNR License Bureau, orders for the stamps are still arriving in each day's mail.

"Collectors responded to our sale with a great deal of enthusiasm," Seefeldt said. "As a matter of fact, they're still responding. Unfortunately, we don't have any more sets to sell."

Stamp orders received by the DNR after the sale of the last set are being returned to senders.

Public Notices

MAILBOX BULLETIN
PENNINGTON COUNTY HIGHWAY DEPARTMENT

Wintertime is a very hard time for mailboxes. The County does have a policy regarding placement and support of mailboxes, which includes the recommendations of the U.S. Postmaster and the Minnesota Department of Transportation. County residents are encouraged to comply with the recommended supports. A copy of the policy and sketches are available at the County Highway Department office in the Courthouse, Thief River Falls, MN. A compliant support installed properly by the County cost $32.50. Whether or not your stand is of the recommended type, the height of the box should be 44" to 45" above the roadway, 48" or less out from the edge of the shoulder, the vertical support at or beyond the edge of the shoulder and of materials that will cause minimal damage to a misguided vehicle. The placement of any type of support that is massive enough to cause severe damage to a vehicle and/or its occupants constitutes a misdemeanor, since it is placed in the public right-of-way. Supports installed properly, if damaged during plowing and/or grading, will be repaired by the County at the County's expense, otherwise, non compliant supports are the Owner's responsibility to repair. The operators make every effort to not damage mailboxes, however, many times due to poor visibility and/or extremely heavy snow or driver error in some cases, boxes and/or supports do get damage. We apologize for the inconvenience and urge your forbearance in these instances.

Arthur J. Desrosiers
County Engineer

School District #441 Proceedings

Newfolden school board minutes
(March 30, 1992)

■ School board officials toured the high school building and an update was presented by Steve Johnson, project superintendent.

■ The board discussed the need to bring the elementary building up to fire code requirements.

SCHOOL DISTRICT NO. 441
SCHOOL BOARD MINUTES
MARCH 30, 1992

The Board of Education of Ind. School District No. 441 met in special session on March 30, 1992, in the Newfolden Elementary cafeteria in Newfolden, MN. Members present: Doreen Amundson, Roger Anderson, Eldon Augustine, Mark Carlson, Donna Fosholm, Doyle Harstad, Supt. Gene Busch, Principals Ron Paggen and Jim Hodny. Visitors present: Jim Pederson, George Liapis, Julie Magnusson, Steve Johnson, Jim Larson. Absent: David Bakke.

The agenda was presented with Roger Anderson presiding.

The School Board toured the high school building.

Building Update was presented by Steve Johnson, Project Supt.

1) Concrete floors will be completed by Friday with the exception of the Science room.

2) Most of the masonary work is completed with the exception of the canopy area.

3) Interior block wall work has begun.

4) A crew is working to replace interior doorframes to bring them up to handicap accessible codes.

5) Canopy area will be decked this week.

6) Most of the roofing on the building has been completed.

7) Installation of the gym floor will be completed this week. Sanding and sealing of the floor will begin next week.

8) Sheetrock work has started.

Vice Chairman Roger Anderson wished to commend Kraus Anderson for the high percentage (approximately 75%) of local people employed on site. The Board is extremely pleased with the progress being made on the building.

The Board reviewed the letter received from Middle River School Board concerning the Football Pairing Agreement. Discussion followed.

Principal Paggen reported on the survey taken of 7-11 grade students interested in football. There were about 32 students interested. The vote was unanimous to go alone and go with the 9 Man League. Coaches also wished to go 9 Man.

Supt. Busch discussed the following:

1) Elementary building needs which included fire marshall's report concerning Newfolden's Elementary building being brought up to fire code and handicap accessible. To bring 1913 addition up to fire codes would cost approximately $100,000.00 - $150,000.00 and $300,000.00 - $400,000.00 for new addition. The Fire Marshall did give us three years to comply.

2) The Board has to consider these costs when discussing the restructuring of the two elementary schools.

The Board discussed the Open Enrollment laws.

The Board acknowledged the letter received by Lee Plumbing & Heating of Thief River Falls.

Motion by Mark Carlson seconded by Donna Fosholm to approve application to the High School League to be assigned 9-Man Football for the 1992 Fall season as an Independent (Non Coop). Motion carried.

Motion by Eldon Augustine to approve application to the 9-Man League and to approve the withdrawal from 11 Man (Class C League). Motion carried.

Motion by Donna Fosholm seconded by Mark Carlson to approve the dissolving of the Speech Coop Agreement for the 1992-93 school year with Middle River due to the K-12 pairing agreement between Middle River and Greenbush.

Motion by Donna Fosholm to adjourn, seconded by Eldon Augustine.

Goodridge 561 school board minutes
(April 21, 1992)

■ The consensus of the board was to support the pairing committee recommendations. The board rejected the recommendation to adhere strictly and only to the MSHSL regulations regarding violations and to stay with current language which includes the association rule and more strict suspension enforcement.

■ The board discussed what it would take to bring the school building into compliance with fire inspection recommendations. Estimates for options discussed ranged from $400,000 to $550,000.

■ Several positions were discussed and at least one leave of absence was granted.

■ The board entered into a closed session to evaluate the performance of Gordon Henrickson and to give preliminary consideration to allegations or charges against him.

May 5, 1992
School District #561
Goodridge, MN

The following minutes are not official until approved by the board at the next regularly scheduled meeting.

Proceedings: Regular meeting, April 21, 1992, 3:30 p.m.

Members Present: Larry Vigen, Marlin Kotrba, Aldon Hyland, Norma Hanson, Joe Philipp, John Gallagher.

Members Absent: none.

Also Present: Superintendent Holtert, Principal Henrickson.

The meeting was called to order at 3:30 p.m. by Chairman Vigen. Pledge of Allegiance was given.

Hanson moved, Hyland seconded, to approve the April meeting agenda as amended. Motion carried.

Henson moved, Kotrba seconded, to approve the minutes of the March 17, 1992, regular meeting. Motion carried.

Audit of monthly bills was given by Gallagher and Philipp. Philipp moved, Gallagher seconded, to approve for payment the April computer checks $30,037.82, March handpayables $30,402.14, March extra payroll $9,079.04, for a total of $70,199.00. Motion carried. (See reports #3.11-#3.13 attached to the official board minutes.)

Superintendent Holtert presented the revised 1991-1992 and tentative 1992-1993 revenue budgets, 1991-1992 expenditure budget report, and the cash flow investment reports. The District showed an investment of $100,347.04 on March 31, 1992. (See reports #3.21-#3.23 attached to the official board minutes.)

No patron concerns, student council reports, or O.E.A. reports were given.

Principal Henrickson showed changes made in the 1992-1993 tentative master schedule.

The April 1, 1992, pairing minutes were reviewed. The consensus of the board was to support the pairing committee recommendations to: Raise athletic student passes to $10.00 non mandatory, with students who participate in band or a sport to get one free. Raise individual student athletic event tickets to $2.00. Offer a season pass to senior citizens at $10.00. Raise individual athletic tickets for adults and senior citizens to $3.00 per event. Charge a $15.00 participation fee for volleyball, girls and boys basketball, and cheerleading, and a $25.00 participation fee for football, with a limit of $100 per family per year. Reduce the number of coaches in fall sports based upon the number of participants, and put into policy new language concerning lettering and awards.

The consensus of the Board was to reject the pairing committee recommendation to adhere strictly and only to the MSHSL regulations regarding violations and to stay with current language which includes the association rule and more strict suspension enforcement. The Board also directed the pairing committee to work on formulating mutual policy language for the Goodridge and Grygla Districts which would clarify the association rule.

Cal Manjamaa and Morris Sprenger, representing EAPC Architects Engineers, gave reports on the building structural inspection and commented on the fire marshall exit report. Mr. Manjamaa reported that three agencies would need to be worked with to bring the building into overall compliance. These agencies include the State Dept. of Education, The Dept. of Public Safety Fire Marshall Division, and the State Building Code Division. Two preliminary options were given with rough estimates ranging from $400,000 to $550,000. The consensus of the Board was to discuss this further at the May regular meeting.

The classified staff requested that the office next to the industrial arts classroom be made available for three classified staff to share. The consensus of the Board was to approve the request.

The classified staff requested summer insurance coverage for an aide who is considering retirement at the end of this school year. The consensus of the Board was to table the request until the May regular meeting.

Hanson moved, Gallagher seconded, to purchase a floor scrubber if the Area Development Corporation will agree to pay $800 towards the cost since it will be used in the Community Center also. Motion carried.

Hanson moved, Kotrba seconded, to approve the receipt of For Substitute Collateral #2232 in the amount of $100,000 as requested by the Northern State Bank. Motion carried. (See report #8.1 attached in the official board minutes.)

Philipp moved, Henson seconded, to apply for funds and participate in the Chapter 1, Title 1 (P.L. 90-10) for the 92-93 school year within the guidelines specified within its assurances. Motion carried.

Gallagher moved, Hyland seconded, to apply for Title 2, Block Grant Funds for the 1992-1993 school year, for projects within the guidelines specified within its assurances. Motion carried.

Kotrba moved, Philipp seconded, to approve participation in the Minnesota State High School League for the 1992-1993 school year. Motion carried.

Gallagher moved, Kotrba seconded, to approve participation through the N.W. ECSU in Title 2, Dwight D. Eisenhower Math and Science program for the 1992-1993 school year and to comply with necessary assurances. Motion carried.

Gallagher moved, Philipp seconded, to approve participation through the N.W. ECSU in the Federal Drug Abuse Prevention program for the 1992-1993 school year and to comply with necessary assurances. Motion carried.

Kotrba moved, Hanson seconded, to approve the contract for May 2, 1992 prom music between the class of 1993 and the band entitled Bottom Line. Motion carried. (See report #8.7 attached to the official board minutes.)

Principal Henrickson reported that three people have expressed interest in applying for the summer recreation director position. The consensus of the Board was to advertise the position. It was recommended that a committee be appointed to draw up a job description and program guidelines.

A request by Duane Howard for a two-year leave of absence was discussed. Hanson moved, Kotrba seconded, to grant Duane Howard a two year leave of absence waiving the February deadline for leave application according to Board Policy #533.0. Motion carried 4-2, Nay votes Gallagher and Philipp. (See report #9.2 attached to the official board minutes.)

Principal Henrickson recommended Valerie Laidlay be offered a tenure contract. Gallagher moved, Kotrba seconded, to offer Valerie Laidlay a tenure contract for the 1992-1993 school year. Motion carried.

A request by Elva Fiedler for early retirement incentive funds and group insurance coverage was discussed. The consensus of the Board was to have superintendent Holtert, Kotrba and Hanson meet with both Ruth Sackett and with Elva Fiedler regarding their early retirement requests prior to the May regular board meeting.

Hanson reported on the upcoming N.W. ECSU election and staff appreciation supper.

Superintendent Holtert reported that at the N.W. Vocational Center School Board meeting the director was put on unrequested leave due to the declining enrollments and loss of programs.

Principal Henrickson reported on teacher make-up day, spring field trips, playground equipment balance, milk billing for milk breaks, and Sheriff Dick Ross Assembly program.

Superintendent Holtert reported on the upcoming Region I ESV and Minnesota Rural Education Board elections.

The next regular meeting was set for 8:15 p.m. on May 19, 1992, following the school board election.

It was moved by Hyland and seconded by Hanson that the school board go into closed session to evaluate the performance of Gordon Henrickson and to give preliminary consideration to allegations or charges against him. The meeting was closed to the public pursuant to Minn. Stat. 471.705, Subd. 1D (C) and (D). Motion carried.

Meeting adjourned to closed session at 6:20 p.m.

The consensus of the Board was to set a Special Board meeting for Thursday, April 30, 1992, at 9:45 a.m. in the Community Center.

Court File No. J0-92-50071

In the Matter of the Welfare of
Justin Micheal Bilie
Child

NOTICE
TO: EDDIE GENE BILIE

PLEASE TAKE NOTICE: That a petition was filed with this Court on April 10, 1992, petitioning for termination of your parental rights.

A copy of that Petition is on file at the Court Administrator's office, Pennington County Courthouse, Thief River Falls, MN 56701.

The Court has set 1:30 PM as the time and June 17, 1992 as the date, and the Pennington County Courthouse, Courtroom "B", Thief River Falls, MN, as the place of the hearing to be held in the above entitled matter.

YOU ARE HEREBY SUMMONED AND REQUIRED TO APPEAR BEFORE THIS COURT AT THE HEARING.

THE PURPOSE OF THE HEARING WILL BE:

1. To advise those persons entitled to participate of these legal rights.

2. To advise those persons entitled to participate of the nature of the petition and of its legal consequences, if granted.

3. To consider the appointment of counsel and a guardian ad litem for the child in this case.

4. To provide you with an opportunity to admit or deny the allegations set forth in the petition.

THE POSSIBLE CONSEQUENCES OF THE HEARING ARE:

1. That all of your rights, powers, privileges, immunities, duties, and obligations, including any rights to custody, control, visitation, or support existing between yourself and Justin Micheal Bilie, be severed and terminated and that you would have no further standing to appear in any further legal proceedings concerning Justin Micheal Bilie.

2. That you may be found that you are to remain liable for any unpaid balance of any support obligation owed by yourself to Lynda Ann Bilie under Court order up to the effective date of any potential order terminating parental rights.

YOU ARE CAUTIONED AND ADVISED THAT:

1. Failure to appear in response to the Summons may cause a warrant to be issued.

2. Failure to appear in response to the Notice or Summons may result in a hearing being conducted without your presence and the appropriate relief may be granted on the petition.

3. Further information concerning the date and consequences of subsequent hearings, if any, may be obtained from the Court by request in writing.

AT THE HEARING YOU HAVE THE FOLLOWING RIGHTS:

1. The child has a right to:

a. Be represented by an attorney. If neither the child nor the child's parents can retain an attorney, the Court will appoint counsel for the child at public expense. If the child's parent(s) can afford to retain counsel (in whole or in part) and have not retained counsel, the child is entitled to counsel at public expense, however, in such case and after opportunity for hearing, the court may order the parent(s) to pay part or all of such attorney's fees depending upon their ability to pay.

b. Be present at all hearings.

c. Introduce evidence at a trial or hearing on this matter.

d. Cross-examine witnesses testifying against the child or for the relief requested in the petition.

e. Inspect any reports filed with the court, and if it is admitted into evidence, cross-examination the preparer of such report.

f. Obtain a transcript of the proceedings.

g. Appeal any decision of the Court in this matter.

h. Have subpoenas issued by the court requiring the attendance and testimony of witnesses or the production of papers.

i. Remain silent. If the child waives these rights anything the child says can and will be used against the child in a court of law.

j. An attorney before and during any questioning. If the child cannot afford an attorney, one will be appointed for the child by the Court prior to any questioning.

THE CHILD'S PARENT(S) HAVE THE FOLLOWING RIGHTS:

The child's parent(s) or guardian who participate as guardian ad litem or who participate separately concerning the allegations of the petition have the right to be represented by an attorney. If such parent or guardian who participates separately cannot afford to retain counsel, the court will appoint an attorney at public expense. However, the Court may order, after an opportunity to be heard, that the parent or guardian may be required to pay the attorney's fees (in whole or in part) depending on their ability to pay.

NOTICE OF RESPONSIBILITY FOR CHILD CARE COSTS

The parents or other custodian of the above child are hereby notified pursuant to Minnesota Statute §260.251, that you may be required to reimburse Pennington County for costs of care, examinations, or treatment of the above child incurred by Pennington County. Such reimbursement, if any, shall only be ordered by the Court after a hearing to review your financial ability to provide such reimbursement. You are further notified that such reimbursement would include any income and resources attributable to the above child during the term of any care, examination, or treatment.
